As soon as you begin using a Primrose cream separator it will start a whole train of better conditions for you—

1. You will get one-fourth to one-third more cream from the same amount of milk.
 2. You will have cleaner, sweeter cream in better condition for butter making.
 3. You will have an ample supply of warm, sweet, pure skimmilk for feeding calves and pigs.
 4. You will raise your heifer calves at smaller cost and thus build up a better herd.
 5. You will eliminate one of the commonest sources of cattle diseases—factory skimmed milk.
 6. You will retain on the farm the fertility that is in the grain you feed.
 7. You will have an all-the-year-round cash income from the sale of cream.
 8. You can raise more and better hogs and make a better profit on them.
 9. You can have better chickens and more eggs.
 10. You will have more sources of income than you have had, more comforts and conveniences, and something laid away for old age.
- Come in and ask us about it.
