27.27 ACRES

with excellent improvements, dwelling and outbuildings. TRACT No. 2 contains 25 ACRES, no improvements practically all tobacco land.

Property will be offered separately and then as a whole. Terms made nown on day of sale.

Irvine Davis Heir

STATE SPEEDING UP SUNDAY SCHOOL WORK

(By Associated Press) Louisville, Ky., Aug. 19—Sunday School workers all over Kentucky have begun to speed up their work in their respective sections in anticipation of the state convention, to be held in Winchester in October, in the opinion of Dr. George A. Joplin, Sr., secretary of the Kentucky Sunday School Association.

Districts and county conventions were matters of leading importance for the month of August and reports received from those already held indicate large attendance and appreciative interest.

The following schedule was arranged by Dr. Joplin for visits to county and district meetings for conferences with workers:

Harlan county convention, Harlan, August 11.

Benham district convention at Poor Fork, Saturday, August 12.

Pineville, August 15.

Middlesboro, Wednesday and Thursday, August 16 and 17.

Jackson county convention, Bond, Friday and Saturday, August 18 and 19.

District meeting, Jackson, Sunday, August 20.

Franklin county convention, Frankfort, Tuesday, August 22.

Estill county convention, West Irvine, Wednesday, August 23.

Leslie county convention, Wood en, Saturday and Sunday, August 26 and 27.

In addition, Mrs. Joplin attended the following meetings as a representative of the state association:

Bath county convention, Olympia, Tuesday, August 8.

Clark county convention, Winchester, August 10.

Casey county convention, Liberty, Saturday, August 12.

Pulaski county convention, Somerset, Sunday, August 13.

E. Farley was the 16th treasurer of Kentucky. He served from 1908 to 1912.

John J. Crittenden was the 18th governor of Kentucky. He served from June 1, 1848, to June 1, 1850.

MEMORIAL AT LONDON FOR MISS BENNETT

The London Sentinel had the following about memorial services there for the late Miss Belle H. Bennett, which will be read with interest here:

So many notices have been written about this good woman, so many glowing virtues that another one seems superfluous; but the shock of her recent death in Richmond, Ky., her old home, was so felt by our own London people, that there was a spontaneous demand for a memorial service. She had so endeared herself to this community, that a goodly crowd gathered in the M. E. Church, South, on Sabbath afternoon at 2:30, July 30th.

Rev. H. S. Pollitt, pastor of the church, presided over the meeting; after stating its objects, he introduced the principal speaker, Dr. Katherine Jackson French, who was her warm personal friend and very closely associated with her in her work. She related many incidents, showing the purity and unselfishness of her private life and her abundant labors in the world field of educational and missionary endeavor. Her influence was far-reaching and her reputation nation wide.

She was the moving spirit in the Woman's Missionary Society of the M. E. Church, South, and had been its president since its organization. Such a vision did she have of the church's mission and opportunity, that many foreign fields had felt the touch of her hand and were by her efforts to spread the knowledge of God over the earth. She established schools and missions, both in home and foreign fields, yet the institution which was perhaps nearest her heart and in which London people are most interested is the Sue Bennett Memorial School, London, Ky.

This school, named in honor of her sister, she established more than twenty years ago, and is constantly growing in numbers and influence and has a well earned character for thoroughness and Christlikeness.

Hon. D. C. Edwards was the next speaker, and while not so well acquainted with Miss Belle personally, yet he is familiar with that part of her work, that has been of so great moral and material value to our people—the Sue Bennett Memorial School. He pronounced this as one of London's greatest assets, and insisted that we should never forget the good woman, who prophetic foresight, chose London as the place to locate the Sue Bennett. Other speeches were made, of the same general import, so that the entire congregation seemed resolved, that as far as London is concerned, the memory of Miss Belle "shall forever flourish in immortal green." —J. C. McKEE.

Dr. Telford in Cincinnati Dr. R. L. Telford left Saturday for Cincinnati, where he will fill the pulpit of Mt. Auburn Presbyterian church Sunday, the 20th and 27th. There will be no services at the Presbyterian church here during his absence.

The tobacco yield last year from 4,487 acres in Montgomery county was 4,487,000 pounds as compared with 6,410,000 pounds off 6,410 acres in 1920 and 6,187,835 pounds off 6,411 acres in 1919.

EXPLAINS HOW TO GET COAL

Louisville, Aug. 19—Steps to be taken in the application for empty cars for the distribution of coal in the state were explained here today by H. M. Priest, agent of the Interstate Commerce Commission, who, with Lieut H. G. Patrick, U. S. N., representative of the Secretary of Commerce, has opened offices here.

Mr. Priest has the final word in the allocation of empties. First, application is made by the mine owner to the state committee, stating the priority class in which the buyer belongs. The state committee forwards the request to Washington, from which place it is sent to the district committee and then to Mr. Priest, who either grants or refuses the request.

Under Service Order No. 23 of the Interstate Commerce Commission, the present distribution of cars on priority order is carried out as follows: In the absence of any instructions to the contrary, coal is to be moved in its regular channels. If an operator has order for coal under Class 2, operators will not have to fill orders from the district committee unless it is for a higher class. Nothing in Service Order No. 23 is to be construed as to abrogate any contracts, it was stated.

In order to obtain cars, operators must order them in the usual way, based on their ability to load, and advise the railroad agent on what class number the coal is to be shipped. The agent is not supposed to question the operators good faith. However when the car is shipped he will notice whether it is shipped in the class for which it was ordered.

In the event the operator ships the cars in an inferior class, the agent will accept the billing, but will notify his superior officer, who in turn, will notify the district committee, and the operators car supply will be cut off. In making shipments the bill lading must read that the coal is being shipped to a certain priority class number, giving the class in which it belongs.

After the railroads receive their requests for cars, they will allocate cars first on priority order No. 1, then on priority order No. 2, etc.

WILL YOU HELP THE DEMOCRATIC PARTY TO WIN THIS CAMPAIGN?

If so the most helpful thing you can do now is to contribute to the Democratic Educational Campaign Fund so that the Educational work of the Democratic National Committee can be carried out as planned.

The Democratic National Committee Needs Money and Needs It NOW

For the purpose of getting the record of failure of this Republican Do-Nothing Congress and Do-Nothing Administration before the people, and to show them again the road to Democratic Prosperity, which they traveled for eight years of Democratic rule.

Send Your Contribution Today to the DAILY REGISTER.

The Democratic National Committee has arranged with the publisher of the Daily Register to receive and receipt for contributions. A duplicate receipt will be mailed from Democratic National Headquarters.

Give What You Can Afford—Much or Little—But Give It Now

The Democratic Party has no privileged classes, no protected profiteers, no trusts or moneybunds to appeal to. It represents only the people; therefore it appeals only to them. This is a Democratic year. Do your share to help win the victory.

Democratic Prosperity vs. Republican Disaster

The estimated wealth of the United States when President Wilson went into office in 1913 was \$185,000,000,000; it increased to \$300,000,000,000 in eight years of Democratic rule—a gain of \$115,000,000,000. The present wealth of the United States is \$225,000,000,000—a loss of \$75,000,000,000 in fifteen months under Republican rule.

Since the Republican party was voted into power in November, 1920, the American farmers alone have suffered a loss of nearly \$30,000,000,000.

Some Republican Broken Promises

The Republicans promised the country PROSPERITY; they have given it ADVERSITY.

They promised to stimulate agriculture and business; they have given an industrial panic and destroyed our foreign markets. Foreign trade declined from \$13,500,000,000 in 1920, to near \$6,000,000,000 in 1922.

They promised to reduce taxes; they have shifted taxes of the multi-millionaire and profiteering class to the smaller taxpayers without lifting taxes or reducing them. Repeal of the Excess Profits tax relieved the Big Interests of paying \$450,000,000 in taxes; reduction of the higher surtax relieved them of paying \$61,500,000.

They promised to reduce the high cost of living; they have given a Profiteers' tariff bill which increases the high cost of living, and makes the farmer pay \$5 on everything he buys for each \$1 of "protection" he gets.

They promised to reduce the expenses of the government; they have increased the expenses of running the various departments of the government (1923 budget), three years after the war \$536,000,000 compared to 1915, three years before the war, with an estimated deficit of \$500,000,000 in addition—or \$1,000,000,000 increase.

GOLD! GOLD!

Back in the '40's it took months for the thrilling news of California's gold strike to cross the continent. Today, a few hours after so important a discovery, the entire story would be known to newspaper readers throughout the country.

In the early days, news spread by word of mouth. Today, the telegraph and telephone speed the message into the newspaper office it is rushed into type, the paper is printed and shortly the news becomes public property.

There are two kinds of news in the paper. One consists of the affairs of other people; their sayings, doings, and what they're going to do; things that have happened, may happen, and didn't happen.

The other kind of news is about your affairs. That's the part you'll find in the advertisements. There's a lot of valuable news there about things you want or will want; things that have to do with your own personal comfort, convenience, everyday efficiency. Every advertisement carries a personal message to some one. Many advertisements carry messages of vital interest or value to you. That's why you can't afford to miss the advertisements. Read them. The advertisements are decidedly valuable to you.
