LOCAL ELEVENS HAVE SCRIMMAGE

The Richmond football fans who were out at the Normal field Wednesday afternoon got their first view of the game when Eastern and Madison Hi held a spirited scrimmage which was marked by some corking good plays. Eastern kicked off to Madison and the high school boys were held for downs while Eastern, with the ball in their possession, carried it down the field for a touchdown. This was the last that they made and the only score of the day. The Madison boys at this point seemed uncertain, and played rather an erratic game, and seemed to be a little unsteady at the task of stopping the big Eastern men. The Maroon and White warriors outweighed their Madison opponents many pounds and tore great holes in the line.

Here Coach Hembree inserted one or two substitutes which seemed to put new life in the Purples. They took advantage of Eastern's fumbles and held them on the defensive for quite a while. Ralph Gentry prevented trouble with a tackle which spilled Harris that was a dandy. He made a nice dive in bringing Harris to the ground. Toward the latter part of the contest Hembree had his entire line composed of inexperienced men who gave good accounts of themselves. With them in the line, Madison had a little the upper hand. Previous to this the Purple had become more steady and were playing consistent football.

Both squads were put through a light workout before the scrimmage which consisted principally of signal work. The football curtain raises here Friday when Madison locks horns with Stanford Hi. Eastern is putting in her work in preparation for a trip to Winchester, Saturday where she meets Kentucky Wesleyan College.

HERE'S THE BOY

EARL COMBS

HISLE TO CAPTAIN COMBS DAY TEAM

"Pete" Hisle, well known local boy, will be the manager of the Richmond baseball nine which will meet the Louisville Colonels with Earle Combs in the line-up in the Eastern diamond October 12. He also will play second base. "Pete" is a finished player in the infield as well as a dangerous man with the willow. He first attracted notice at Washington-Lee University where he was the star third sacker for three years, being captain of that nine his last year there which was 1921. His last two years on the W. & L. nine were his best. He led the team in batting in '20 and '21 with averages over .350. It is said that he was the best infielder ever produced at the university. Hisle spent two summers with the Salisbury, North Carolina club in the Old Hickory League

where he gave a good account of himself. Last year he finished the season with the Lexington Reos who were considered one of the best semi-pro outfits in the state. At present he is playing with the Winchester club in the Blue Grass circuit where he has been throughout the season. He received two flattering offers from Rochester, of the International league, and Augusta, of the Southern league this year but preferred to play nearer home. Ty Cobb is the principal stockholder in the last named club.

Manager Hisle has announced a tentative line-up for the Louisville game which is as follows: Jim Park, first; Hisle, second; Ginter, short; Mainous, third; Troy Harris, Irvine, left; Hogan, champion batsman of the Blue Grass league, Winchester, center; Muth, Lexington, right; Barker, catcher; and Titum and Reid, pitchers. This nine seems to please all of the fans and will give the Solonels a hard battle.

KENTUCKY SYNOD AT BOWLING GREEN

Dr. R. L. Telford is in Bowling Green attending the annual meeting of the synod of Kentucky of the Southern Presbyterian church which convened in the First Presbyterian church, at Bowling Green, Tuesday, at 8 o'clock, with a sermon by Rev. Cary R. Blain, Moderator and pastor of the First Presbyterian church Paducah.

The synod of Kentucky now has on its roll 101 ministers, 157 churches and 20,705 members. Special interest is attached to certain important matters appearing on the program for consideration and discussion: (1) Inasmuch as the synod is now engaged in a special campaign for Christian education, it is expected that an interesting report will be filed by the joint commission in charge of the educational movement in which \$100,000,000 will be raised for the educational institutions of Kentucky. When the proposition was first submitted, suggesting that a definite and comprehensive plan be devised for the benefit of the schools and colleges, the Southern synod at once adopted the suggestion and communicated it to the Northern synod. As soon as the idea was accepted by the Northern synod, the joint commission was created and preliminary steps in the campaign arranged.
