WORLD'S LIVESTOCK SHOW OPENS TODAY

10,000 Prize Winning Animals at Chicago and Agricultural Clubs Meet, Too.

(By Associated Press)
Chicago, Dec. 2—The International Live Stock Exposition and Grain and Hay Show to open here today and continue for one week, will exceed all previous sessions in numbers, quality and representation of livestock, and the grain and hay displays will be the largest ever attempted. B. H. Heide, secretary-manager, says.

More than 30 of the leading agricultural organizations of the country will hold their annual conventions in connection with the show, together with the first national Boys' and Girls' club exposition, which meets this year as an offspring of the parent organization.

Prize winning animals, numbering approximately 10,000 are entered from virtually every state in the United States, and sections of Canada. Mr. Heide said. These represent all breeds of cattle and sheep, many of them fresh from other shows in which they had taken first awards. More than eighty percent of the first prize winners in the cattle and sheep classes of last year's show are on hand to defend their honors.

"The eastern states will be well represented especially in the draft horse classes—a feature of the 1922 show—and will emphasize the fact that the motor driven vehicles have not superseded the original motive power," Mr. Heide declared.

"Corn classes in the grain show include 2,200 samples and the wheat exhibits indicate an exciting contest for the honor of 'Wheat King,'" stated Mr. Heide.

Six hundred boys and girls who were successful competitors in contests staged by farm club leaders, are eligible to attend the meeting, Mr. Heide said. The program of speakers includes some of the prominent agricultural authorities of the nation, to be interspersed with a variety of entertainment. Pure bred live stock sales will be conducted by the various breed associations.

EDUCATION WEEK BEGINS SUNDAY

(By Associated Press)

Frankfort, Ky., Dec. 2—Kentucky will join with the nation in the observance of Education Week which begins tomorrow and continues through December 9, according to George Colvin, State Superintendent of Public Instruction. The week will be known as American Education Week and public school children throughout the country will take part in various entertainments.

The slogan of the week in this state, according to Mr. Colvin, will be "A Greater and Better Kentucky Educationally." Ministers of the state have been asked to call attention to the week in their sermons tomorrow.

"How can the observance of the week be begun in a better way than by the united prayers of the people for guidance in the education of our children?" Mr. Colvin stated in a letter sent to the ministers of Kentucky.

"We are in a world crisis. No man can foresee the outcome. We can hope, pray and work, but the solution of many of our greatest problems will be left to our children. The kind and amount of education we shall give them will help or hinder. God grant that they may have the knowledge, the understanding, the courage and the conscience to acquire themselves like men."

STAMP PLEADS UNWRITTEN LAW

Louisville, Ky., Dec. 2—W. Smith Russell was branded as a home-wrecker and Mrs. Eva Stamp as a woman who was seduced from her husband by the man he later killed by witnesses introduced yesterday in Criminal Court in support of Walter P. Stamp's double-barreled defense of self-defense and the unwritten law.

Witness after witness repeated neighborhood gossip, rumors and interviews with the slayer, man linking the defendants former wife with Russell. The strongest of all this testimony offered by the defense in stressing the unwritten law feature of the structure fashioned to aid Stamp was given by the Rev. Robert Lee Payne, pastor of the Victory Memorial Baptist church, former pastor of the murdered man. He quoted, as coming from Russell's lips, a statement of intimacy with Mrs. Stamp, and repeated references made at Russell's funeral to the passive role played by the widow.

Stamp is being defended by Attorneys Glen Huggins, R. C. Oldham and Merit O'Neal.

The street corner talk and interviews related by the witnesses had been told to Stamp before the killing, each of them said. Judge A. T. Burgevin held that, regardless of the truth or falsity of the testimony that Russell and Mrs. Stamp were intimate, the fact that the stories had been told to Stamp was to be considered by the jury in support of the unwritten law defense.

PINEVILLE SUN PRAISES GLOUSE

The Pineville Sun in its article about the Madison Hi-Pineville game praised Shirley Glose, Madison fullback, for his work in the game there. It has the following: Glose, fullback for the visitors, had a toe also which future opponents must watch, he barely missing goals from the 36 and 44-yard lines, and in practice before the game kicking six straight from the 30-yard line.

Later the Sun says this: Glose, a big rangy fullback, a deceptive runner, good kicker and long forward passer, a triple threat man, was the big works for Richmond, closely pressed by Hugely in general all-around work.

ELK'S DANCE ON FRIDAY, DECEMBER 8

The Elks' club room will be the scene of one of the most attractive social affairs of the winter season when on next Friday evening, December 8th, their first annual dance given under the auspices of the club will be held. The committee in charge of the affair has made extensive arrangements for this gala event and all indications point to a record attendance. Cards are now being mailed to other cities and quite a large number have signed their intentions of being on hand. The large and commodious club rooms will be attractively decorated by the decorating committee for the occasion having as its effect the spirit of Xmas and this committee has never yet failed to put on something that is interesting. Chairman Preston Smith, who is actively in charge of the dance, would like for all those who have not secured cards to see him as it will be necessary for those who are not members of the club to have a card before being admitted. A number of local hostesses will act as patronesses and this dance is expected to be one of the most orderly as well as enjoyable ever given in Richmond. The ladies will, of course, be admitted on card free of charge, but the gentlemen will be asked to pay \$2.00 and the club only hopes to defray the expense of the dance through this charge.

"Man to Man," Harry Carey's New Picture a Thriller

A very spectacular punch is promised in the Western photography coming to the local theaters next Monday, "Man to Man."

It is a Universal-Jewel production with the best type setting, elaborately staged and for a fairly if they used five thousand head of cattle in one stampede scene it must be.

Stuart Paton directed the picture. He also handled the megaphone in the making of "Conflict," the recent Universal-Jewel success which has gained a new army of fans for Priscilla Dean.

Jackson Gregory's novel of the West and the South Seas was adapted to the needs of Harry Carey by George C. Hull. It embodies the elements of masculine characterization for the star, who impersonates a derelict from human in the dives of Tivoli, called home by the death of his father consequent to a series of thrilling adventures and his inheritance of a large Arizona ranch.

Lillian Rich has the leading feminine role, while Harold Goodwine, Alfred Allen, Charles LeMoyns, Willis Robards, May Girard and others enact important parts.

SAYS U. S. SHOULD PREPARE FOR WAR

Secretary Weeks Says Army Hasn't Enough Officers To Handle Its Men

(By Associated Press)

Washington, Dec. 2—The present authorized regular army strength of 120,000 officers and 125,000 men is "inadequate" for national safety, and further cuts would be "inexcusable" Secretary Weeks declared today in his annual report to Congress.

"We should seize the first opportunity to bring the regular army back to the proportion which are required," he wrote. "We can not ever again make the mistake of expecting good soldiers to rise overnight and good officers to be turned out in quantities in three months' periods."

Declaring the officer corps is "really the backbone of the military system" Mr. Weeks said that security for the future must rest "upon the foundation of our leadership."

"I do not belittle the enlisted men—ours is the best in the world," he continued. "It is because I appreciate him that I emphasize the need for officers to give the soldier his best opportunity to fight for his country and for his life."

"We must have officers sufficient to handle the great army of the United States. We have not these officers now."

Mr. Weeks said he was confronted, like most of his predecessors, with the necessity of appearing before a peace loving people to urge bluntly and earnestly the continued attention to their needs for defensive preparedness.

"My conclusions are not entirely welcome at this time when people have been hoping that nations had learned to avoid conflicts of force," he continued. "My conclusions are, nevertheless, that we should continue to prepare for such conflicts."

BASKET TOURNEY HERE NEXT WEEK

A county basketball tournament will be held in the Madison High School gymnasium in the evenings of December 7th, 8th and 9th, in which both boys and girls teams will compete. Basketball teams will be sent in from Waco, Union City, White Hall, Paint Lick and Kirksville in both divisions. Coach A. L. Lassiter, of Madison, has offered a silver cup to the winner in each division. Madison III will not be represented in the tourney but it is planned for the winners to meet Madison on the Monday evening following the closing date of the tourney.

The county teams because of having to play on outdoor courts are bringing their seasons to a close. They have been playing all fall, however. It is understood that some real fast teams have been developed in both divisions. Some of the county high schools claim that they have teams that will give Madison a run for their money. This will give the Richmond fans a chance to see the talent which has been developed in the county. Large crowds are expected to turn out each night.

HEARD ABOUT TOWN

Dr. D. J. Williams installed this week at Boonesboro ferry a new steel motor boat which can easily take over 8 large cars each trip. It is said to be the best boat on the Kentucky river and will be a great improvement during the summer season when throngs of vehicles are waiting to get to the popular resort. Dr. Williams bought the boat of parties in Indiana at a cost of \$1,000.

Mrs. George Weber, of College Hill, narrowly escaped serious injury Thursday morning when driving to Waco to spend the day with her sister, Miss Nannie Lykins. Her horse became frightened, upset the buggy and Mrs. Weber was thrown against a telephone pole. She sustained severe bruises about the face and head and one or two ribs were broken, but physicians say her condition is not serious.
