The Cake Walk.

A big crowd attended the colored cake walk at the Court House and the lodge cleared a little money on their venture. The first prize was awarded to Milton Sneed, the polite painter and musician, who bids fair to win a Frog Eye reputation.

Pleanty of Heat.

The new furnaces put in the Presbyterian church worked so well Sunday that several windows had to be lowered to cool the perspiring crowd. If they could only warm up the heart and religion of some as well as they do the body, what a blessing they would prove.

New Undertaker.

Mr. Jas. A. Beazley, the furniture dealer, tells THE RECORD he has purchased a handsome and expensive new hearse and complete line of undertakers' goods. He will run the business in connection with his furniture store. His hearse will arrive in a few days.

Clayton.

Mrs. Ida Clayton died in this city last Thursday, after a protracted illness of consumption. She was widely related in Garrard county. She was the widow of William Best and was married to J. M. Clayton, of Lexington, who with one child survives her. The remains were interred in the Lancaster cemetery.

Elopement.

Mr. J. N. Onstott and Miss Ellen Littrell, of the Buckeye neighborhood, eloped to Indiana Monday night and were married. The groom is 19 years of age and the bride only 15. On account of her tender years, the parents of the bride objected to the match. Both are prominent young people and of the best families in the county.

Maj Jim Burnside, who enjoys a national reputation as authority on such matters, says the ground hog saw his shadow Wednesday morning. His porcupine will remain in his hole six weeks longer, as we will sure have that much more cold weather.

Bayonets still in Boyle.

Soldiers still guard the toll gate near Danville, and it appears to be a game of freeze out. The court has taken no further steps and owners of the roads refuse to budge, so it seems the present state of affairs will last indefinitely.

No Tollgate News.

Nothing new has developed in the turnpike situation in Garrard for several weeks. The three roads, Stanford, Crab Orchard and Richmond, continue to collect toll without the assistance of guards. The court offered the committee's valuation, as it did all other roads, the companies refused it and thus the matter stands.

How's This?

For unduly-traded galls this takes the bakery: A fellow, who does not even subscribe for THE RECORD, sent in a windy puff of himself, written on a letter-head printed in Cincinnati, and asked that we publish it. How some people manage to lug around such immense quantities of cheek is hard to conceive.

The Concert.

The Old Folks concert is given in honor of our older citizens. All persons over sixty-five receive a complimentary ticket. If you did not receive one, it is because you do not seem so old. Report at this office and you will have one. All young people are asked to come and enjoy the evening with us. Admission 25c. Reserved seats 35c.

Saddle Horse Association.

Members of the national Saddle Horse Breeders' Association from Kentucky, Missouri, and Illinois assembled at Louisville Tuesday in annual session. A Louisville daily says every man of them reported the best trade in years at rapidly advancing prices. All agreed that good gaited horses are very scarce. This means a notable return to breeding this coming season. Saddle horses have held their values steadily through all the decline in speed horses, but improved commercial conditions have resulted in stimulating the demand very materially, and the trade thus far this winter has been unprecedented. Hence this pleasing condition was duly celebrated by the members at the Pendennis club. Col. Jno. B. Castleman was re-elected president and A. E. Hundley, of Danville, is director.

The Merry Mardi Gras.

Mardi Gras festivities of the most elaborate character took place at New Orleans and at Mobile. The Royal Road in the Queen & Crescent. Vestibule trains Cincinnati to New Orleans in 24 hours. Excellent through service. Only line running Cafe, Parlor and Observation cars. One fare round trip for the occasion, from all points. The Queen & Crescent. W. C. RINEARSON, G. P. A., Cincinnati.

Great Improvement.

The electric lights in the Court House make the grandest improvement yet put on the handsome building. It is now neat, comfortable and safe, and does not cost as much as the dirty, smoking, dangerous coal oil lamps. How anyone, with a thimbleful of sense, can kick on this improvement is difficult to understand, but there will be a few who will comment. Such drawbacks and stumbling blocks to civilization should be chased back to the brush and briars where they so justly belong.

More Raids in Boyle.

Raiders have chopped down every toll-gate in the extreme western section of Boyle county, leaving only one gate standing west of Danville. Six gates in all were visited. No violence was attempted beyond the use of the axes on the poles and no threatening language was employed toward the gate keepers. The gates destroyed guarded the town of Perryville. Guards were asked for for all of the gates destroyed and the gates will resume business under either the protection of the county or the State. As the raids were on the opposite side of Boyle, we presume the usual cry, "the raiders came from toward Garrard" will not be raised this time.

Obituary.

Mrs. S. B. Mitchell died at the home of T. S. Elkin on Monday night at 11 o'clock, after a lingering illness, in the 73rd year of her age. Funeral services were conducted by Eld. Geo. Gowen, at the residence on Tuesday afternoon, and the body was laid to rest in Lancaster Cemetery. Deceased was a native of Montgomery but she had lived the greater part of her life in Indiana, where her husband died. She came here some time ago to spend her last days with her niece, Mrs. Elkin, who ministered to all her wants until the hour of dissolution arrived. She was a devoted member of the Christian church, a noble type of pure womanhood, and died with an abiding faith in the fulfillment of the rich promise to those who have lived the life of the righteous.

H. W. Fletcher in Court.

The trial of Pro' R. W. Fletcher, on the charge of adultery was called before Judge Burnside Monday morning. The circuit court room was well filled by men, both black and white, who crowd in and sit for hours listening to every detail of the trial of such cases. There were five or six lawyers in the case and every inch of ground was hotly contested. The jury after deliberating, returned a verdict of no liability. The case created much interest among the colored people, owing to the prominence of the parties.

The old Masonic lodge had made and framed likenesses of prominent members. These pictures are in handsome walnut frames, about 18 x 24 inches, and when the lodge broke up several years ago, they were taken by relatives to care for 'til the lodge was reorganized. As they are still the property of the lodge; and are now badly needed, those having them should return them at once. Out of probably eighteen or twenty of the likenesses only four have been returned. Those having these pictures should not delay in sending them back to the room, as they are the lodge's private property. It is known where several are and if they are not returned, they will be sent for.

Old Maid's Convention.

A new, novel and attractive entertainment will be given at the Court House on Monday night Feb. 14, by home talent in which old maids join the Convention and, by passing through a rejuvenating machine and conforming to certain requirements, are made young again and the bloom of youth is fully restored. No more gray locks, furrowed brows or hollow cheeks are to be seen and they at once become successful matrimonial candidates. Miss George McMillen, a prominent educationist of Richmond, will also give a reading. As a mirth producer and a fun provoker the play is very popular, and has drawn large crowds wherever it has been rendered. The affair is under the management of Miss Amanda Anderson, which will insure a success.

Miss May Hughes will preside at the piano. Reserved seat 35 cents, on sale at McRoberts Drug Store. General admission 25 cents. Begins at 7:30.

Death of Joseph Aldridge.

Mr. Joseph Aldridge died at his home, near Marksburg, Wednesday morning. He had been in poor health for some time, though his death was not expected so soon. Mr. Aldridge was one of the most widely-known and highly respected citizens in Garrard county and had many friends. He was an honest, upright citizen and enjoyed the respect and esteem of everybody who knew him. His family is a large one and all are among our foremost people. He was in his 65th year and was a remarkably healthy man all through life. Mr. Aldridge was a good friend of THE RECORD and was a frequent and welcome visitor to our office. The funeral will be preached this (Friday) morning at 11 o'clock at the Christian church, by Eld. J. L. Allen. Interment in Lancaster Cemetery.

Death of Mrs. Fox.

Mrs. Eliza Hunton Fox, aged eighty-seven, died Sunday morning at Danville, of heart failure. The funeral took place Tuesday afternoon; burial in the Danville cemetery. The deceased was the widow of Judge Fontaine F. Fox, one of the most celebrated of Kentucky's great lawyers, who died ten years ago. She was a woman of remarkable physical and mental vigor, and one of wide acquaintance and relationship. Hundreds of old students of Centre College who came within her motherly influence during their school days and who are now scattered throughout the South and West, will learn of her death with deep sorrow, for many men now in public life repeatedly told her that they traced their right living to her good counsels. Seven children survive her. Mrs. Fox was born in Accomack county, Va., in 1803, came to Stanford, Ky., in 1816 and moved to Danville in 1831, having for twenty-seven years lived in the room in which she died.

Cheaper Freight.

THE RECORD learns, from good authority, that an enterprising young man, of Jessamine county, has undertaken a plan which will be a great blessing to the merchants and citizens of Lancaster. It is this: He has purchased all of Curley's large wagons and mules, will erect a large coal yard at the big Kentucky river bridge and haul No. 1 Kentucky river coal to Lancaster, delivering it to our dealer's for several cents less per bushel than is now charged. Merchants can have their goods shipped from either Cincinnati or Louisville by boat to Hickman, and the hustling young man will pay them right at the Lancaster man's door for one-third less than the railroad now charges. This, at first thought, sounds unreasonable, but it must be remembered that boat rates are the cheapest in the world and, as there are no toll gates, all the expense would be for team and driver. The Curley wagons are about twice or three times as large as the ordinary farm wagon, and the large mules have been used in pulling these full of whiskey to Nicholasville depot. The hill on other side of river is much steeper than the one on this side, and if four mules could draw a load of whiskey up it, they can, of course, draw a load of merchandise up this side. At present the freight on a car of coal is much more than cost of the coal, and a dealer tells us it takes right at \$30 to get a car here from the nearest mine, and then you have to wait the rail road's pleasure in bringing it.

The new lock at High Bridge throws side water to the Hickman bridge the year around and a Louisville boat will begin making the trip twice a week in a short time. We are informed that another line of boats will be put on from Cincinnati to Hickman and this will make the boat rates still lower.

We are not at liberty to give the name of the young gentleman at the helm of this venture, but he has the money, the push and enterprise to make it a success.

The following program will be rendered at the Baptist church this (Friday) evening:

1. Chorus, a. Old Folks at Home, b. Mary, Mary.....Children.

Cheaper Freight.

THE RECORD learns, from good authority, that an enterprising young man, of Jessamine county, has undertaken a plan which will be a great blessing to the merchants and citizens of Lancaster. It is this: He has purchased all of Curley's large wagons and mules, will erect a large coal yard at the big Kentucky river bridge and haul No. 1 Kentucky river coal to Lancaster, delivering it to our dealer's for several cents less per bushel than is now charged. Merchants can have their goods shipped from either Cincinnati or Louisville by boat to Hickman, and the hustling young man will pay them right at the Lancaster man's door for one-third less than the railroad now charges. This, at first thought, sounds unreasonable, but it must be remembered that boat rates are the cheapest in the world and, as there are no toll gates, all the expense would be for team and driver. The Curley wagons are about twice or three times as large as the ordinary farm wagon, and the large mules have been used in pulling these full of whiskey to Nicholasville depot. The hill on other side of river is much steeper than the one on this side, and if four mules could draw a load of whiskey up it, they can, of course, draw a load of merchandise up this side. At present the freight on a car of coal is much more than cost of the coal, and a dealer tells us it takes right at \$30 to get a car here from the nearest mine, and then you have to wait the rail road's pleasure in bringing it.

The new lock at High Bridge throws side water to the Hickman bridge the year around and a Louisville boat will begin making the trip twice a week in a short time. We are informed that another line of boats will be put on from Cincinnati to Hickman and this will make the boat rates still lower.

We are not at liberty to give the name of the young gentleman at the helm of this venture, but he has the money, the push and enterprise to make it a success.

H. W. Fletcher in Court.

The trial of Pro' R. W. Fletcher, on the charge of adultery was called before Judge Burnside Monday morning. The circuit court room was well filled by men, both black and white, who crowd in and sit for hours listening to every detail of the trial of such cases. There were five or six lawyers in the case and every inch of ground was hotly contested. The jury after deliberating, returned a verdict of no liability. The case created much interest among the colored people, owing to the prominence of the parties.

The old Masonic lodge had made and framed likenesses of prominent members. These pictures are in handsome walnut frames, about 18 x 24 inches, and when the lodge broke up several years ago, they were taken by relatives to care for 'til the lodge was reorganized. As they are still the property of the lodge; and are now badly needed, those having them should return them at once. Out of probably eighteen or twenty of the likenesses only four have been returned. Those having these pictures should not delay in sending them back to the room, as they are the lodge's private property. It is known where several are and if they are not returned, they will be sent for.

A new, novel and attractive entertainment will be given at the Court House on Monday night Feb. 14, by home talent in which old maids join the Convention and, by passing through a rejuvenating machine and conforming to certain requirements, are made young again and the bloom of youth is fully restored. Miss George McMillen, a prominent educationist of Richmond, will also give a reading. As a mirth producer and a fun provoker the play is very popular, and has drawn large crowds wherever it has been rendered. The affair is under the management of Miss Amanda Anderson, which will insure a success.

Death of Joseph Aldridge.

Mr. Joseph Aldridge died at his home, near Marksburg, Wednesday morning. He had been in poor health for some time, though his death was not expected so soon. Mr. Aldridge was one of the most widely-known and highly respected citizens in Garrard county and had many friends. He was an honest, upright citizen and enjoyed the respect and esteem of everybody who knew him. His family is a large one and all are among our foremost people. He was in his 65th year and was a remarkably healthy man all through life. Mr. Aldridge was a good friend of THE RECORD and was a frequent and welcome visitor to our office. The funeral will be preached this (Friday) morning at 11 o'clock at the Christian church, by Eld. J. L. Allen. Interment in Lancaster Cemetery.

Death of Mrs. Fox.

Mrs. Eliza Hunton Fox, aged eighty-seven, died Sunday morning at Danville, of heart failure. The funeral took place Tuesday afternoon; burial in the Danville cemetery. The deceased was the widow of Judge Fontaine F. Fox, one of the most celebrated of Kentucky's great lawyers, who died ten years ago. She was a woman of remarkable physical and mental vigor, and one of wide acquaintance and relationship. Hundreds of old students of Centre College who came within her motherly influence during their school days and who are now scattered throughout the South and West, will learn of her death with deep sorrow, for many men now in public life repeatedly told her that they traced their right living to her good counsels. Seven children survive her. Mrs. Fox was born in Accomack county, Va., in 1803, came to Stanford, Ky., in 1816 and moved to Danville in 1831, having for twenty-seven years lived in the room in which she died.
