ONE DOLLAR A YEAR

WHAT'S GOING ON AT HOME.

Lexington Convention.

A special telegram to THE RECORD at 8:30 A. M., 13th, states that there is nothing in the story that Taylor has a slate, and that he will be nominated, by 1,200, on first ballot, and Ramsey will be nominated for Attorney General.

Born, to the wife of Silas Moss, on the 9th, a 9-pound girl. Silas is stepping as high as Robinson did.

Building Lots.
If you want to buy a nice Building Lot I can sell you one from 1 to 4 acres cheap.
T. CURRY.

Apology.
Owing to the rush of local items, early this week, we were forced to cut some of our excellent letters, for want of space. We hope that this will not occur again.

Wheat-Wheat-Wheat.
We are in the market for 100,000 bushels of wheat, and will pay top prices for it, cash on delivery. Call and see us before selling.
H. A. B. MARKSBURY & SON.

Examinations.
There will be an examination, for White teachers, held at the County Superintendent's office Friday and Saturday, July 21st and 22d, and, at the same place, for colored teachers, Friday and Saturday, July 25th and 26th.
ELISA LUSK, SUPT.

Cave Party.
Mrs. Tom Wherritt gives a Cave party to her Sunday school class, to-day, at the Cave Spring, near Dix river. This will be an appropriate entertainment and the day will be remembered by the small girls and boys.

Stock Sales.
A. C. Robinson and sons sold 76 fine export cattle to Jake Yerkes, at 5 cts. At W. M. Gooch's sale, Wednesday, Yearling steers brought \$27; feeders, \$4.30; cows and calves \$30 to \$50; work mules \$50 to \$80; corn \$1.85 per barrel, and hogs \$3.45 per hundred pounds.

A Good Enterprise.
Messrs J. I. Hamilton, Rice Benge and Siler Bros. have built stock pens, near the depot, to be used by traders on public days. They deserve much credit for this work, as it will remove the stock from the public square and streets, where they have been a great nuisance.

High Bridge Excursions.
Excursions are run from Cincinnati and all points south every other Sunday, to High Bridge. There isn't a more beautiful place to visit than this entrancing spot. You can't afford to miss it. The rate is remarkably low. One Dollar from Cincinnati, Fifty cents from Lexington, and like low rates from other points. Ask your ticket agent about it. You cannot afford to miss this pleasant day on the river. Your ticket agent will give you rates, dates and schedules for these excursions.

Teachers' Institute.
The Garrard County Institute for white teachers will be held in the Court House, at Lancaster, on Monday, July 24, continuing five days, with Prof. J. H. Patterson, of Lancaster Graded School as conductor. On Tuesday evening (the 25th) an entertainment entitled "The Heart of Cuba," will be given, conducted by Prof. H. K. Taylor, principal of Louisville Training School. He will be assisted by Senor Jose Andonegui, a violinist of wide reputation.

The Colored Teachers' Institute will convene at the Court House, July 17, and continue five days, to be conducted by Prof. C. C. Monroe, of Owensboro. On Tuesday evening (the 18th), Prof. Sneed's band will give an entertainment.

All teachers failing to attend the institute will forfeit their certificates. Both Institutes will be held in the Court House.

Farmers Read.
We are needing all of our Sacks, and many of our friends have neglected to return the Sacks we have accommodated them with. We lost by fire about 6,000 Sacks, consequently we need every Sack that is due us. We bought 6,000 Second-hand cotton Sacks, branded "Schwartz & Bros. St. Louis, Mo.," these Sacks are in the hands of our farmer friends, and they are using them for milking purposes. A visit to Lancaster Flouring Mills will convince any one of the fact.

We also have several thousand macks branded "Ballard & Ballard Co." or "Ballard Mills" and we have also thousands of other sacks, and we need them for other purposes. We are willing to buy them in any quantity, and we will pay the highest market price for them. Your friends,
H. A. B. MARKSBURY & SON.

Lovely Taffetas, Capons, Gloves and Dimitties at Joseph's.
The Ladies Aid Society will meet at Mrs. H. C. Jennings next Saturday at 2:30, P. M.

Notice to Voters.
You will see the Democratic roster and ticket on the Second page. Read carefully.

Notice to Creditors.
Any persons having claims against the estate of T. H. West will present them to me, properly proven, on or before August 1, 1899. W. T. West.

Danville Fair.
This popular association will give an old fashion stock fair on August 30, 31 and September 1. The elimination of races is a move in the right direction, and the attendance will be much larger.

Dr. R. Goldstein, the celebrated specialist who has made a lifelong study of the eye, its dangers and needs, will be in our city at the Hotel Hamilton Monday July 17, and it behooves those who have trouble with their eyes to visit him at once. Remember he makes no charges for examination and his charges for glasses are very reasonable.

New Rule.
One of our young lawyers had a number of witnesses summoned to try a hopeless case before one of our magistrates. He made a motion to throw the case out of court. The Squire asked for a Second to the motion, when a witness supported it. He put the question and the motion was carried, whereupon he opened the window and threw the papers out of court. This is a new rule in court but it is strictly parliamentary.

Fire Works.
Cleanliness Next to Godliness.
The good people of the town should unite with the City Council and see that all filth nearest to them is cleaned away. Quite a number of our citizens are complaining about the numerous hog pens scattered in their vicinity. Take nearly all of our adjoining towns and you will not find one single hog sty in the city limits. There should be an ordinance passed prohibiting hogs being kept within the limits of the city. This matter should be taken up at once by the Council, and all hogs and other filth taken from the town immediately. Remember the summer of 1873.

The pyrotechnic display, at the mouth of pistols, last Saturday night, was beautiful, and those who gave the performance should give their names, in order that the public may express its appreciation of their gallantry, in entertaining women and children, by the music of shots, during midnight's holy hour. They are certainly heroes, but their modesty is such that they decline to seek notoriety, by giving their names to the public. The names of those who shot, as they ran up Richmond street, and two of our city boys will likely be made known. It has been suggested that the public square be moved into the town limits.

Beaumont College.
The advertisement of Beaumont College, at Harrodsburg, Ky., appears in our paper this week. This famous old college is, undoubtedly, one of the finest Girls' Schools in the land. It has drawn its patronage from a wide area of more than thirty states, reaching from the Atlantic to the Pacific, and from the Lakes to the Gulf. Among its faculty there are teachers of national reputation. Its equipment in the departments of Literature, Music, Art and Education is simply superb. Its methods in Music are similar to those adopted in the best Conservatories of America and Europe. There, the girls are said to have a most lovely and refined home, with spacious grounds of 33 acres, unsurpassed in America, for beauty. 11-

Improvements.
A spirit of enterprise, hitherto unknown has taken possession of our people. Six Store rooms, a hotel, an opera house and ten new residences are being built. All indications point to the fact that the shrill whistle of the emblem of civilization will soon be heard running over the new route which is being surveyed for the great Southern Railway. When this is completed our people will not only enjoy better freight rates on all articles of export and import, which will soon repay the cost of the right-of-way, but the chances will be good for the location of work shops, for the end of a division, at this point. With this end in view, the majority of our citizens are favorable to water-works and the committee appointed by the city council, are working to get the best figures for the erection of a plant. Besides the prospects for a railroad division, the protection to property, and the comfort and health of the people should be considered in reference to the advisability of having water-works.

Farmers, Attention.
Storage furnished for wheat. See R. G. Ward for particulars. Lancaster Mills & Elevator Co.

Elopement.
Mr. Burnside, son of Bean Burnside, and Miss Lafone Humber, age 16, eloped and were married, in Jeffersonville, Indiana.

Blind.
Mrs. Cynthia Bland, age 81, mother of Jerry Bland, died on Monday, and a long procession followed the remains to Lancaster Cemetery, on Tuesday afternoon, where they were laid to rest.

Good walls.
The walls of the old Opera House block are rapidly going up, and, from their appearance, contractor Ryan is putting up a building that will stand against fire and storm. The ram's horn will have to be blown seven times before the fall thereof.

C. W. B. M.
The ladies of the Christian church met, Monday afternoon, and organized a Woman's Mission Auxiliary. Mrs. Walter Beazley was elected president, Miss May Z. Hughes, vice-president, Miss Sallie Elkin, Secretary, and Miss Fannie Collier, Treasurer. This is the noblest cause in which poor mortals can engage, and we hope that much good will be done.

Excursion to Old Point Comfort Va.
The Chesapeake & Ohio Ry. has arranged a series of Excursions to Old Point Comfort Va., during the month of July, August and September. These Excursions will be run on the Second and Fourth Tuesdays in each month. The tickets will be good on the regular trains, and will be limited to 21 days. The rate will be \$15.00 for the round trip. Persons desiring to go should send in their names for sleeping car space, and state on which train they will want to go. Any information cheerfully furnished on application to any Agent, or to G. W. Barney, Div. Pass. Agent, Lexington, Ky.

More Recruits Wanted in Philippines.
The Recruiting officer in Lexington has just received instruction from the War Department to enlist a number of white men for Infantry, Cavalry and Artillery services in the Philippines. These men will be sent to San Francisco at once to connect with Steam ship sailing the latter part of this month. Now is the chance for you to make a trip around the world. This opportunity will only last a few days and men wanting to join should apply at the Recruiting offices in Lexington Ky. or in Ashland Ky. or in Somerset Ky. at once.

Lawn Reception.
The eight railroad surveyors, whose names were given in another issue, received a number of our people on the college grounds, on Monday night. They had arranged with the ladies of the Presbyterian church to serve refreshments, which was done to a king's taste, and everybody was delighted with the reception. They left this place on Tuesday and our best wishes go with them. Our citizens had shown them courtesies because they discovered that they were accomplished, cultured and honorable gentlemen. They entertained us as an exchange of courtesy, and their polite and affable attention, on that occasion, will always be kindly remembered.

Resolutions of Respect.
Lancaster Ky., July, 10th 1899.
Whereas: It has pleased our esteemed cashier W. H. Kinnaird in view of his advanced age and a laudable desire to pass the remaining years of his life in the enjoyment of a well earned rest, after over 40 years of labor in the Deposit and National Banks of Lancaster, both of which by his business capacity and energy he advanced to the front rank among the Banking Institutions of the state, to resign.
Resolved 1st. That while we approve the motive which prompts his resignation, yet we accept it with sincere regret, fully realizing the great loss which this Bank sustains in severing his connection with it.

Resolved 2nd, that we tender to him on behalf of this Board the use of the banks offices for the transaction of his private business when his presence and advice will always be pleasant and acceptable.

Resolved 3rd. That our best wishes follow him into his voluntary retirement hoping that his life may be long spared to his family, his church, the town and the community, of whom he has been so long a valued member, and we pray God that when life with its labors and cares are ended, he may enter upon that rest that remains for all God's faithful children.

Resolved 4th. That this minute be spread upon the books of the bank and published in the Record, the Danville Advocate, the Interior Journal and a copy tendered to W. H. Kinnaird by our secretary, on behalf of the Board.

J. E. Stormes,
Committee.

SHOULD THE COUNTRY WEEKLY BE NON-PARTISAN?
(Louis Landram, Lancaster Record.)

I found a copy of the paper which Capt. Louis Landram will read at the Editor's Convention, at Henderson. It is a splendid production, and, believing that his patrons are entitled to all his brilliant effusions, I submit it to the public:

"The weekly press of today has a far more circumscribed field of labor than it did a quarter of a century ago. In 'Ye Olden Tyme' the destiny of the Nation, its public policy, and all questions of grave import were suggested by the weekly press. The country newspapers all over the land kept even track with the public pulse and, in many instances, the wielders of the editorial pen were men of marked ability, whose close touch with their constituency enabled them to blaze the way with an almost absolute accuracy, and to give our public men a clear insight into what our people expected of them. The rural districts seldom got a daily newspaper, and had to depend upon the weekly press for all news of the great outside world, Railroads were few and far between. The old-fashioned, lumbering stage coach, with its two, four or six horses, carried the mails to the interior towns, and the city papers were always as much as twenty-four hours old and it was usually the weekly editions of those papers that reached the firesides of the favored few. A daily paper was such a rarity that it was handed round from household to household, and it was not an unusual occurrence upon the arrival of the stage coach, to see a knot of leading citizens listening to the town reader as he read the news of the day, political and general, from some sheet at that time probably forty-eight hours old. The annihilators of space, known as the fast mail trains have changed all this. There is scarcely a town in Kentucky that does not receive bundles of Louisville, Cincinnati, Chattanooga or other dailies within twenty-four hours of their date of issue. This has, of necessity, curtailed, to a great degree, and has practically transformed the weekly. Its field of usefulness has been narrowed, and, according to my way of thinking, it now fills its proper place. The people of a county are but a large family. Their interests as such, are the same: the movements of their neighbors and friends, the price of hogs, cattle, butter, eggs and farm products are matters of far more moment to them than the question whether Leatherlug Dollittle or Ananias Wind Jabber shall be made Ambassador to the Fiji Islands. I believe that the weekly press should be absolutely non-partisan in politics. I do not think that the personal opinion of the editor of a crossroads weekly would have a feather's weight in deciding either state or national politics. I believe the columns of the weekly paper should be filled with the coming and goings of the neighbors and friends in fact should be a cozy corner in which we can find in detail what our home people are doing in a social and business way. I believe that the editorial column should be taken up with articles for the general welfare and progress of our home people. When we do this conscientiously and fill our columns with all the news of our county, however trivial it may sound to strangers, I believe the result will be a large circle of interested home readers, and I further believe that we shall safely leave the discussion of national affairs to those who hold down the tripod of the great daily papers.

Southern Railway.
The route for the proposed railway is, through Beeler Town, Preachersville, near White's mill, running about half a mile East of Crab Orchard. The Surveyors have moved from this place and gone into camp at Green Briar Springs.
