I want your butter and eggs also dressed fowls, for which will pay the highest price in cash or groceries.

T. Currey.

If you need letter heads, envelopes, statements or any other printing, give THE RECORD office a show at it. If you are not perfectly satisfied, it will cost you nothing.

She's Waiting, Gentle Annie.

Spring has been due for a month, remarks an exchange, but the indications (natural, not scientific), are that her arrival has been postponed until next summer.

We don't claim that Ward's Flour is the best made, but many of our customers say so. We do claim it is just as good as any, try it and see what you say. Insist on having White Swan and Gilt Edge.

Bates, the Miller.

Good Fits Guaranteed

I will have an experienced man to take measures for suits this season. Fits and quality guaranteed. Prices as low as the lowest. Several hundred samples from three of the best tailoring houses in America. See me before buying.

M. D. Hughes.

Shirt-Waists for Men.

The Delineator for May shows a number of Shirt-Waists for Men that are practical and tasteful and that will not prove too conspicuous if worn without a coat. The shirt-waist for men began to get its hold on public favor last season, and will undoubtedly be seen much more widely this season.

About Crops.

The weather conditions for the last few days has been very unfavorable for farmers, in fact work is wholly suspended on account of incessant rains, snow and freezing. Stock not sheltered, has suffered and we are told that many cattle, sheep and lambs, have died from the effects of the sudden drop in the mercury, with hemp that has been sown and up, that it will be badly damaged or killed. We talked with farmers who told us they had sown seven or eight days ago and examined, and find the seed in appearance white, and no sign of sprouting, but indications of decay.

Causes of Bad Manners.

The good fortune of the American girl doubtless leads her to want of polite manners. Accustomed to having her "own way," devoid of deference and respect for her parents, or for any one else, not sensitive to the feelings of others, because she has not been trained to observe them, the American girl goes on her way rejoicing, and does not realize the careless selfishness of her attitude until she finds herself perhaps, with very few friends and no admirers. There are two characteristics which contribute largely to the development of bad manners. The first is just plain common, every-day selfishness, a vice shared in by the whole human race. The other finds in our country its peculiar and especially home. I mean irreverence.—Ada C. Sweet in the May Woman's Home Companion.

Fine Tailoring.

As Lancaster is without a regular tailor, we have taken the agency for W. P. Woodcock, of Danville, who keeps from sixteen to twenty tailors employed in that place. We have a full line of samples and are prepared to make you a suit at any price. Our clothing is strictly hand-sewed and will not get out of shape in a short time like machine sewed goods. We guarantee a perfect fit. As we have just opened up we have cut our profits down in order to get trial orders. The regular cutter of Mr. Woodcock will come over once or twice each week to take measures. If you want a good fit and something that will give you good wear, and hold its shape, then give us a trial,—we can please you. Office over Police Court room. Come up and have your measure taken.

Seed Corn.

Pure white and yellow seed corn for sale. Apply to H A B Marksbury and Son.

When in town don't forget to take a sack of our flour home with you. All grocers sell it, and thousands are using it.

Miner & Son.

Wheat Wanted.

H. A. B. Marksbury & Son are in the market for several thousand bushels of wheat, and will pay the highest market price for same.

Local gardeners are considerably put out over the backyard given their truck by the recent snow and freeze. When people learn to wait 'til spring to plant truck patches, this trouble will be avoided.

Ladies, we defy all competitors to show you a nicer or better selected stock of parasols, gloves, hosiery, collars, ties or laces than we now have at our shelves and counters. A call at our store will convince you of the truth of this claim.

J. Joseph.

First Class Workmen.

I am prepared to make contracts for all kinds of outside painting, having a number of practical painters to do the work. Long experience enables us to guarantee every job turned out. Special attention to paper hanging.

Cincinnati Excursion Sunday.

The L. & N. will begin its series of cheap excursions to Cincinnati next Sunday. The train leaves Lancaster 2:52 a. m., reaching Cincinnati at 7:30 in the morning. Returning, it leaves Cincinnati at 7:30 p. m., and reaches Lancaster at 12:28, midnight. The fare will be only \$1.50 for the round trip, and you have the entire day in the city.

W. C. T. U. Meeting.

The Eighth District Kentucky W. C. T. U. will hold its Annual Convention at Livingston, April 20th, May 1 2nd, beginning Tuesday night April 30th. Rev. C. H. Palmer, Mrs. Francis E. Beauchamp, and Dr. G. W. Young will be present to deliver addresses. Delegates and visitors expecting to attend should send their names to Mrs. Frank Jones, Livingston, that entertainment may be provided. On purchasing tickets, parties should secure from the railroad agent a certificate, showing that full fare has been paid one way; thus possibly entitling the holder a reduction on the return trip.

Mrs. May R. Patterson, District President.

A Sure Sign.

In the Chicago Record-Herald is the story of the old veteran who died, or the physician pronounced him dead, in the Kansas Soldiers' Home. Dead in his faded suit of blue he was placed in a contract coffin and carried to the chapel where services were to be held next day. He awoke, overturned the coffin and started for the demitory scaring all whom he met as they thought it was his ghost. Next day the Governor of the Home asked him about it. The erstwhile corpse said that when he recovered consciousness in the coffin he knew he was not dead because he was not hungry and his feet were cold. When asked to explain, he said: "Why, don't you know if I had been in heaven I would not be hungry, and if I had been in hell my feet would not be cold."

Court Day.

Monday was by far the most disagreeable court day of the winter. A cold, drizzling rain came down, the mud was waist deep, more or less, and the atmosphere of the kind that injects a case of pneumonia into a fellow in less time than it takes to tell it. A small crowd was in town, and trading was backward, most of those wanting stock feeling that we would yet have several months more of winter. There were 150 head of cattle at the pens. Cows and calves sold from \$25. to \$35, heifers 34 to 44cts, short yearlings \$20 per head, butcher stuff 3 to 34. The plug horse grows scarcer each court day, though of course "Jockey Row" still furnishes the same lot, some of which have been sold there every court day for the last forty years. There was no attempt at a horse show, as there were only one or two in town.

Announcement.

I wish to announce to the public that I am now able to do all kinds of sewing, either at my home or for families. I have a nice unfurnished room for rent. Lena Bright.

Take Notice.

As I have sold my livery stable, it is important that you call at once and pay your account with me, as all this business must be closed without delay. This notice is intended for all who are on my books. W. B. Burton.

Bank Stock for Sale.

I will sell privately for cash, fourteen shares of stock in the Citizens National Bank of Lancaster. If not sold will offer same to the highest bidder before Court House door at 2 o'clock p. m., on April 29th, 1901. Address P. O. Box 199, Lancaster, Ky.

Rates Reduced to California, Q. & C.

Special reduced rates to California, Q & C, great opportunity to visit the Pacific Coast. Quick schedules and excellent train service. Ask Queen & Crescent ticket agents or address W. C. Rinearson, G. P. A., Cincinnati, for particulars. 'til-ap-30.

A Card.

The Big Four Minstrels gave a highly enjoyable show at the Opera House on Friday night. Everybody was delighted, and by request, they have consented to appear again, with a change of program, on Monday night, April 29th. The performance produces mirth and laughter from start to finish. Good music, dancing and a side splitting farce. Everybody should attend. J. M. Logan, Ed Bishop, H. T. Logan, M. D. Hughes, Jacob Joseph, J. B. Jennings, Jno E Stormes.

Hough on Stock.

Live stock suffered greatly during the past ten days from the severe weather. The animals would get soaking wet from the rain and snow, this would freeze on them and they would fall to death. The loss was great all over the county, as the following partial list will show: C. S. Sanders lost twenty sheep and three cattle, Robt. Hamilton five cattle, Lem Teater, a cow and calf, Noar Marsee, fourteen sheep, Jas Littrell, a cow and a yearling colt, Jno W. King, cow and two mules, Mr. Tewmeyer, three yearling steers, Ben Metcalf, twenty-five shots. There are many other losses, but we could not get them accurately. The animals died during the night.

Rev. Faulconer Installed.

A special from Hillsboro, Ohio, says: One of the most brilliant events in the history of the First Presbyterian Church of Hillsboro occurred last night, when a large audience witnessed the installation of Rev. H. N. Faulconer as pastor. A few of the oldest members of the church remember when Dr. Steele was installed in Mar, 1834. Many of them are familiar with the incidents attending the installation of Dr. McSurely; but the vast majority of the membership have never witnessed a service of the kind that occurred in the handsome new church last night, the third of its character in a space of time covering sixty-seven years. Promptly at 7:30 o'clock the impressive ceremonies commenced, Rev. J. L. McWilliams, of Wilmington, acting as Moderator. In choice and impressive language Rev. John L. Reamer, of the First Presbyterian Church of Chillicothe, delivered the charge to the pastor. This was followed by the charge to the congregation, by Rev. Samuel S. Aikman, of the Greenfield Church, whose earnest, Christian words deeply impressed the large assemblage. Then came the sermon by Dr. John M. Worrell, of Danville, Ky., one of the most powerful and eloquent discourses that has been heard here in years. The entire service was replete with interest, and will long be remembered.

One on Poor Editor.

An exchange says an editor lay dying. The doctor bent over him and said: "Poor man, circulation almost gone." The dying man summoned all his remaining energy and shouted: "You're a liar; we have the largest circulation in the county."

Fruit Prospects.

Fruit raisers differ in their opinions as to the effect of the recent severe weather upon the peaches, pears and other delicate fruits. The general opinion is, however, that while it has been greatly damaged yet there will be a fair crop if no more freezes work upon it.

Administrator's Sale.

As administrator of O. B. Perkins, I will at his late residence, on Crab Orchard pike, on Wednesday, May 1st, sell his personal property, consisting of household and kitchen furniture, stock and about 250 barrels of corn. Stock includes about 15 large fat hogs, 70 head stock cattle, cows, calves and about 300 ewes with as many lambs. All to be sold in quantities to suit purchasers. Will also at same time rent 800 acres of meadow and grass land. Emma Perkins, Admr.

A Good Show.

The minstrel show, given by local talent at the opera house Friday night, was slimly attended, owing to the disagreeable weather. The boys put on a fine show, which was enjoyed from start to finish by those who braved the storm to attend. THE RECORD will recommend the show as being full "worth the money," and if you attend the next performance and say you are not satisfied, you will certainly be hard to please. The principal feature of the entertainment was the mandolin and guitar playing of Mr. Dan Jones, who kindly consented to come and take part. Mr. Jones is one of the best performers in the south, and his work alone is worth double the price of admission.

Harry Sizes It Up.

Harry Giovanni, recent local of the Danville Advocate, has been writing some interesting letters to that paper from Washington City. The following exactly covers the case in all "local option" towns:

"The crime, however, was no surprise. Quinn is not the only blind liquor operator in Danville who is equal to this sort of a job, and if the people of Danville continue to use switches where clubs should be employed, poor Crum will not be the last victim. Time and again, through these columns, have the people of Danville been warned against the blind tiger gentry. They have been prosecuted, it is true, have paid their fines, and worked out their sentences, only to return to their outlawry. Every man in Danville acquainted with the ordinary run of affairs there knows the names of the men engaged in this business, and if a determined body of citizens should go to them and say they simply had to shut up or get out, accompanying their remarks with an exhibition of about ten yards of good stout rope, it wouldn't take long to put a stop to this sort of business. This would not be according to the forms of law, but where is the law which should respect the feelings of a disreputable scoundrel who sells mean whisky in brazen defiance of order and decency and stands ready to murder in cold blood any one who seeks to interfere with his castardly work?"

Think About This.

We are here to stay. All we have is located in Lancaster. With this being the case, can we afford to give a man a rough shave or bunglesome hair-cut? Certainly not. Come to our shop and get the best work to be had. Henry Duncan, the old reliable barber.

Danville Murderer to Hang.

As predicted in last issue of THE RECORD, the negro, Quinn, who murdered a Danville policeman, was found guilty and the death penalty prescribed. If the usual time-killing appeals, and other red-tape methods are not resorted to, the negro will be jerked to another world in short time. The prospects of another murderer getting the same dose at the present term of the Danville court are exceedingly good, and if they can be dangled from the scaffold at the same time, it will have a good effect.

Odd Fellows Celebration.

All arrangements for the I. O. O. F. celebration tomorrow, Friday night, have been completed, and the affair promises to be one of the most elaborate given in Lancaster recently. The brothers will meet at the lodge room promptly at seven o'clock and go in a body to the Christian church, where addresses will be made by Eld. Allen R Moore and Rev. Leonidas Robinson. The members will then repair to the Garrard Hotel, where an elegant banquet will be served, during which the Lancaster Symphony Orchestra will play. Toasts will be responded to by R. H. Tomlinson, K. F. Postle, W. B. Mason, O. W. Shugars, T. W. Reid, Leonidas Robinson and A. R. Moore. G. Bright Swinebroad will act as toast-master. Each brother is entitled to be accompanied by a lady at the banquet.

Old Soldiers Organize.

A number of old soldiers, who wore the grey, met Monday and organized a camp in Garrard county. Capt. Alex Doty was chosen commander, and Mr. J. H. Arnold adjutant. There are about fifteen charter members, but the membership will soon be greatly

increased.

The camp was named for Capt. Dave Logan, who organized most of his company in this county. The accompanying half-tone is a good likeness of Capt. Logan, a man beloved and respected by all who knew him and whose memory will always be cherished.

GOOD PROSPECT FOR TRAINS

Committee of Lancaster Citizens

Meet L. and N. Officials and Discuss Matters.

Messrs Jno. M. Farra and Louis Landram secured an appointment with the officials of the L. and N., at Louisville Monday to discuss the proposition of putting day passenger trains on this branch of the road. They were accompanied by Gov. Bradley, Mayor R. Kinnaird and Judge J. C. Hemphill. The party met at the general offices of the road at ten o'clock, and for three hours the matter was discussed. The committee had a six-page "brief," we will call it, outlining the proposition, together with two regularly-arranged time cards printed by THE RECORD office. The latter were of inestimable value, as they showed in black and white the running time of all passenger trains on the K. C., and two trains on the K. D.

The first matter presented was the increase of business on this line since the putting on of the present night trains, and a schedule showing the increased receipts of the Lancaster office. Then it was explained how the change now wanted will bring additional travel to the L. & N., which is now given other roads, save the company one train and crew, and give all L. & N. towns in this section a through-car line to both Louisville and Cincinnati. It was also necessary to show that the change will not in any wise conflict with the Northern and Eastern connections at Cincinnati or at Louisville with trains for the South and West. This matter had been carefully prepared and two-written copies were given the officials. The officers were exceedingly courteous to the Lancaster gentlemen, and displayed a deep interest in the matter. Of course they would say nothing of their intentions, but from the questions asked and the lengthy discussion they wanted is good evidence of their intention to take favorable action.

While we do not feel disposed to make public just now all the facts in the case, yet we will say that the people may confidently expect a change for the better. The present night trains will not be disturbed, a fact which will be appreciated by those needing a good mail and express service. If our suggestions and requests are granted, a passenger train, running every day, will reach here from Cincinnati at 12:15 noon, and from Louisville at 1:30 p. m. These trains will carry a chair car from Louisville, through Lancaster, to Cincinnati, and from Cincinnati to Louisville, through Lancaster, every day, so that the people living along both K. C. and Knoxville divisions can go to either city on first-class passenger trains without change of cars or delay. The railroad officials were greatly pleased with the idea, but, as stated above, would say nothing definite. They said, however, that a change for the better would be made soon, and they proposed to do something for the people living on the Rowland branch. We don't think it out of place to say here that the gentlemen above mentioned have done this work wholly without assistance or remuneration, and if the scheme fails to work out, it will be no skin off anybody's back save their's.
