TWENTY-THIRD YEAR.

## WE MANUFACTURE

all kinds of Galvanized

Water Troughs,

Tanks,

Etc.

Let us make you prices.

Roofing, Guttering

and all kinds of

TIN WORK,

Heating and Plumbing.

CONN BROTHERS

Rev. C. C. Brown has returned from the mountains and will fill his pulpit here Sunday.

Eld. F. M. Tinder will preach at Paint Lick Sunday, and Eld. George, of Paint Lick, will preach at the Lancaster Christian church.

Eld. Walker, of Stanford, is holding a series of meetings at the Christian church at Hubble, that will continue through this week. There were five confessions up to Monday night.

### Phillips-Robinson.

Miss Annie Phillips and Mr. Porter Robinson of Lincoln county, were united in marriage Wednesday morning by Eld. F. M. Tinder, at the latter's home.

### London Fair.

Special trains to the London fair will leave Lancaster Wednesday and Thursday mornings at 7:15 a. m., arriving at fair grounds at 9:50 a. m. Returning leaves fair grounds at 4:45 p. m.

Make arrangements to join the crowd that is going.

### Lecture Sunday Night.

Rev. Wm. Lee Popham, of Louisville, is a guest at the Simpson House. On Sunday night he will lecture at the park, on "Mother's Love." He comes highly recommended as a minister, orator, writer and poet and should have a large audience to greet him.

### Some Land Trading.

J. I. Hamilton bought Robert Smith's farm of 100 acres, near Marksbury, for \$70 per acre; traded it to Wm. Blanks on Danville pike for his 45 acre farm; then sold the 45 acre farm to Jord House for \$100 per acre.

To show how land has advanced in last few years, this 45 acres of land was sold 15 years ago for \$25 per acre.

### Severe Storm.

The electrical and rain storm of last Thursday night was the most severe one in this section for several years. After mid-night the flashes of lightning were almost continuous, followed by a heavy rain. Much damage was done in different parts of the county, lightning having struck several trees, straw stacks and houses, among them being Robert Rout's residence near Marksbury, but little damage was done. It also struck the Christian church at Hubble, in several places. The current entered and came out of the building in a dozen or more places, tearing off the weather boarding and plastering and damaging the roof to some extent. The building was insured with Jesse D. Wearren, who adjusted the matter satisfactorily, and the repair work will begin at once.

### A Few More Words About The West.

Seattle 8-2-1909.

Dear Record:

In order to prevent worrying your readers with details of events so far from home, I mention only a few more items. Whitman county, in this state will produce one sixtieth of the entire wheat crop of the United States, Russian wheat growing 64 feet high, yielding 90 bushels to the acre. Land one mile from city limits is worth \$1,500 per acre, and is in great demand. Eighteen millions will be used in building, in this city, this year, and the bank clearing for July amounted to 54 millions of dollars. I saw a California Redwood stump, at the Exposition, ten feet in diameter and twenty feet long, which was hauled out and furnished room for the sale of articles of the curious kind.

A log 74 feet long that squared 44 feet, and a piece of hard wood 13 inches in diameter and 111 years old, are among the many things of interest at the Forestry building. A trip across Puget Sound to Bremerton where a U. S. Navy yard is located, and a look at McNeil Island, where a Government prison is kept, were of deep interest to me, and show the system, order and power of Uncle Sam.

Lieut. Gov. Cox and a car-load of Kentuckians are attending the fair today. Cousin Charley Hughes, Governor of New York, is also here. Other States and cities send large delegations to the exposition. Fraternal orders have separate days and draw large crowds, 43,000 attending on Elks' Day.

Tell James Royston to bring a hundred rebels here and drive out Japs, Chinamen and Indians.

M. D. H.

### Kentucky Crop Report.

In this report it seems that nearly every county in the state is represented except ours. We certainly should have a report that would show up with the best of them, especially on hemp, corn and tobacco. Hasn't some one been asked to send in a report from this county?—We hope this will be attended to, so the people in the state will know what thriving farmers we have in Garrard county. Below we give the items of most interest to our farmers, taken from the July report:

Hemp is doing well, price good selling at 6 to 7 cents per pound.  
Corn: There seems to have been one of the largest corn crops planted that we have had in many years, with conditions fairly good, some fields not being ploughed more than once, but with rain at the right time they will make a fair yield but of poor quality, being light and chaffy. Corn is now selling higher than was ever known before, prices ranging from 80 to \$1 per bushel.  
Burley Tobacco: The largest crop was planted in the district than ever before. Reports of this month show that the crop will be cut far below the average on account of so much rain, causing many acres to be abandoned entirely, and others not to make more than half crop or less, and what is saved will be light and not yield more than 700 or 800 pounds per acre.

### Colored Fair.

The Colored Fair which was pulled off last week was a credit to the officers. They had a splendid show of stock, some of the rings having ten to twelve entries. The ribbons were tied fairly and no complaints were heard from the crowd. Saturday was the largest day, when they had about 2,000 in attendance. The officers regretted the unavoidable absence of the "Flying Dutchman." They contracted with a man, who put up the first payment on his contract, then at the last moment notified them that he could not come. This would have been a good drawing card, and would have made more money for the association, but as it was, it paid a nice dividend to the hustling stockholders.

Hamilton's Military Band furnished music for the colored fair last week. Thursday evening this band gave an open air concert which was appreciated by both white and colored. The feature of the program was the cornet solo by S. C. Elliott and the directing of Jas. H. Wilson. Mr. Wilson has the band under good control which is demonstrated by the way they follow the baton during the rendition of the Star Spangled Banner. Saturday morning this band gave another concert composed of popular numbers. The feature of this concert was the trumpet solo by the conductor Mr. Wilson. The cadenza made by Mr. Wilson is the Salute Polka cadenza and is made only by two other negroes. He is an artist on his instrument. This is one of the best bands that has visited Lancaster, and during their stay in our city they conducted themselves as gentlemen. We hear that the colored fair association of Lexington has engaged this band to furnish music for their fair in September. They acted wisely in selecting this body of musicians. We trust that this organization will visit our city again. Success to the Hamilton Military Band.

### Teacher's Institute.

The Joint Institute, of Boyle and Garrard counties will meet in Lancaster the week beginning Aug. 30.  
Supt. Crabbe requests that no teacher be paid for institute week unless their certificate of attendance shows they have been present every day.  
County Superintendent.

### D. W. C. ARMSTRONG

Commits Suicide in His Room.

The tragic death of Judge D. W. C. Armstrong came as a shock to his friends and relatives, Saturday morning.

When the call for breakfast was made Saturday morning without response from his room, Mrs. Wm. Ward with whom he was boarding, sent a servant to his room who found him lying in a pool of blood caused from a bullet hole through his head.

Coroner H. C. Simpson was quickly notified and a jury was summoned to make inquires into the case. They found in his pocket a note written to J. A. Beazley, dated August the 9th originally but this date was erased and August 13th was interlined, which showed his intentions of committing the deed on that day. The verdict of the jury was that his death was caused by a pistol shot through the head, fired by his own hand. Friday night.

The reason, given in the note, for taking his life was that his health was failing and rather than be dependent on anyone, he preferred death. Complying with his request, he was buried beside his mother and father Sunday morning. Eld. F. M. Tinder assisted by Dr. Pearce, conducting the services at the grave.

About ten years ago, while a popular traveling salesman, he was stricken with paralysis, since which time he has been in a critical condition. He was about fifty six years of age and a member of Grove church, near Camp Dick Robinson in which section he had many friends and close relatives.

His sister, Mrs. Jennie C. Taylor, of Millersburg, was the one he requested to be notified of his death, and whom, we are told is the only member of his family that survives him.

Judge Armstrong, as he was called since elected Police Judge here a few years ago, was a gentleman with a high sense of honor, and one who never ceased in his efforts to do what he believed to be the best thing for the most people.

### Federal Quarantine Because of Sheep Scab in Kentucky.

The disease of sheep known as scab or scabies has become so prevalent in Kentucky that the Secretary of Agriculture has considered it necessary to declare a quarantine. This action comes after a thorough examination into conditions. The fact that the disease is contagious, being spread by parasites known as scab mites, makes necessary a measure of protection sufficient to prevent its spread into other States. Infection is known to exist to a slight extent in two adjoining States, but conditions there are not serious enough to require Federal quarantine.

The order for the quarantine, which is effective August 16, provides that sheep shall be moved interstate from Kentucky only under the following conditions: Sheep that are diseased with scabies and that have been dipped once in an approved dip under the supervision of an inspector of the Bureau of Animal Industry within ten days before shipment may be shipped interstate to a recognized slaughtering center for immediate slaughter. If diseased sheep are to be shipped interstate for stocking or feeding purposes they shall be dipped twice with an interval of ten days. Other sheep may be moved interstate for feeding or stocking purposes after one dipping under Government supervision, or they may be shipped interstate under quarantine restrictions for immediate slaughter without dipping.

Inspection and dipping under the regulations will be performed only at points where Federal inspectors are stationed. Louisville is at present the only place in the State having dipping facilities, but if proper yarding and dipping facilities should be installed at other points the Department of Agriculture would consider the advisability of establishing inspection at such places for the convenience of shippers.

For many years sheep scab has been quite prevalent in the West, but as a result of the combined efforts of the Federal and State authorities much territory has been entirely freed and the infection in other sections has been greatly reduced, and it is hoped that within a few years more the disease will be entirely stamped out. This is the first time that the disease has obtained a sufficient foothold east of the Mississippi River no require a Federal quarantine.

Information regarding the conditions of the quarantine and details of treatment and handling may be obtained free by addressing a request to the Bureau of Animal Industry, Washington D. C.

### Unfermented Wine For Church.

The following formula for making wine for churches was handed us by Mrs. Rebecca West:

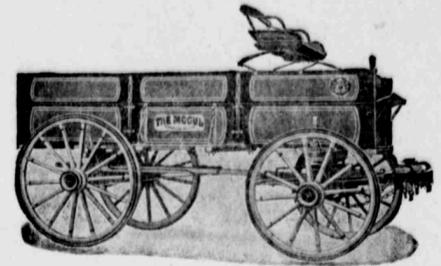

Pick your grapes and wash them; boil them until seeds begin to come out; then put them in a sack and strain. To every quart of juice, add one large teaspoon of sugar, then boil and skim. Put it in tightly corked bottles or jars and keep in cool place.

As executor, of the will of Mrs. Emma Gregory, deceased, W. F. Champ offered for sale Tuesday the farm on Fall Lick pike. Not having sufficient bids it was taken down without a sale.

## MR. FARMER

Look over our line of

## MOGUL FARM WAGONS

You will see something new in FARM WAGONS.

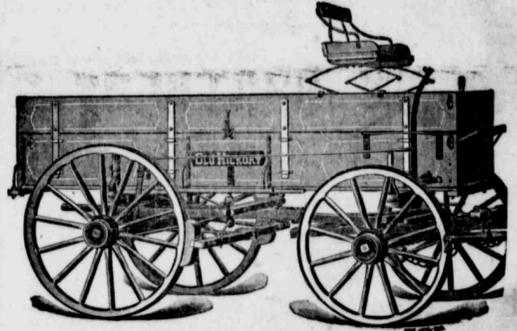

## HASELDEN BROS

Wholesale and Retail HARDWARE

Lancaster, - - Kentucky.

Don't buy a Wagon until you get my prices on

## Old Hickory

## WAGONS.

With new improvements makes them the strongest and lightest running WAGON on the market.

## W. J. Romans.

Lancaster, Kentucky.

### Jury Money.

Those who served during the June term of circuit court can get their money by calling on R. E. McRoberts.

### To My Patrons.

I am glad that you sympathize with me in the loss of my horses by fire, Tuesday night, however if those of you, who owe me will come and pay me, I will buy a horse and forget the fire.

W. M. Elliott.

### Base Ball Notes.

On last Thursday afternoon our boys defeated Junction city in a score of 1 to 3.

On Friday the Lancaster boys went to Harrodsburg and played their team which is one of the strongest in the Central League. The result of the game was 9 to 8 in our favor. We understand that they want to play us here after strengthening their team. Let 'em come.

### Todd.

After declining health for several months, Mrs. Rucker Todd, of Richmond, died Monday at the home of her mother, Mrs. James Comley, at Hackley. The burial took place in the Lancaster cemetery Tuesday morning, services conducted at the grave by Eld. F. M. Tinder.

Mrs. Todd before her marriage was Miss Ollie Hackley, and will be remembered here as a niece of Mrs. Jas. I. Hamilton. She left a husband, their bright little boy, whose weeping touched the hearts of so many sympathizing friends, mother and father to mourn the loss.

### Communion Services.

On Friday night there will be services held at the Presbyterian church, preparatory to communion next Sunday, August 22nd.

Automobiles have killed 51 persons and injured 1,018 within the limits of Chicago during the first seven months of the year, according to figures given out at the Bureau of Police Records.

The Cretan situation is a delicate one, and it bids fair during this week to give the Powers of Europe much concern, particularly as it carries a threat of war between Turkey and Greece.

### Card of Thanks.

We, with Rucker Todd, take this method of expressing our heart-felt thanks to our friends and neighbors who were so kind to us during the sickness and death of his wife and our daughter.

Mr. and Mrs. James Comley.

President Taft, in addition to appointing a big batch of census supervisors wrote a letter to Secretary of Commerce and Labor Nagel instructing him to immediately dismiss from the service any one engaged in taking the thirteenth census that mixes in politics, national, state or local.

The first Children's Fair ever held in Kentucky, by colored children will be held at Lancaster, September 24th and 25th, 1909. For information address Milton Sneed, Box 65, Lancaster, Ky.
