### Splendid Opportunities.

Advertisements for the sale of several fine farms are now running in the Record and persons desiring a location will do well to give them their attention. Such opportunities to buy farms of this class are seldom offered and they will attract large crowds and spirited bidding.

### Judge Carroll Here.

Judge John D. Carroll, on Associate Judge of the Kentucky Court of Appeals, and who is a candidate for reelection, and we are glad to say without opposition, is in Lancaster on Tuesday. Judge Carroll is one of the ablest jurists that ever graced the supreme bench of Kentucky; he is an aggressive democrat and has assisted in many hard fought battles in his party's behalf, and is very popular throughout the entire commonwealth.

### Sauley Appointed.

Mr. Shelton M. Sauley, editor of the Standard Interior Journal was in the city last Monday and as usual was feeling good. He has just been named as democratic committeeman from the eighth district and this is an honor bestowed in the right place for Shelton has always been a worker for the party. He will begin active service at once and in a short time hopes to have the entire district well organized. During the late campaign, Sauley did a great deal to help Harvey Helm get the nomination for Congress, and when Sauley and his Frankfort friends go after the Collectors place, it will be hard to turn him down.

### Will Champ Cashier Citizens National Bank Stricken With Appendicitis And Undergoes Operation.

Will F. Champ, the popular cashier of the Citizens National Bank who has been in rather poor health for the last few months, went to Louisville on last Saturday to consult a specialist as to his malady. He was informed that he was suffering with appendicitis and also with a dislocated kidney, and on Monday morning at the Jewish hospital in Louisville operations were performed for both ailments. Mrs. Champ was with him, as also was Mr. Henry Moore, a life long friend and business associate. Mr. Moore has returned bringing with him the cheering news that Mr. Champ is doing well and that the physicians offer every hope for his speedy recovery, and prophesy that barring the unforeseen, he will be home in the course of three or four weeks.

### Miss Elizabeth Gibbs Victim Of Appendicitis.

Miss Elizabeth, the fourteen year old daughter of Mr. and Mrs. S. L. Gibbs was taken to St. Joseph's Hospital in Lexington on last Friday afternoon, where on Saturday morning she was operated upon for appendicitis. She stood the operation and the resulting shock well and is improving nicely, and it is to be hoped will soon be out. Her mother is at her bedside.

### Surveying Government Building Site.

Mr. Homer Tinsley, County Surveyor, is surveying and making a plan of the Grant property and a part of the Presbyterian church yard, the prospective site for the new Government Building. Capt. Wm. Herndon has prepared an abstract to the title to the property and when the survey and plat is completed, they will be submitted to the Government, and if found satisfactory, the transfer will be made.

### Notice.

Notice of the dissolution of the Pilgrimage Tobacco Company is hereby given. By consent in writing of the owners of all the shares of stock in said Company its business is closed and its affairs wound up. If any one has a claim against said Company they will present it at once. And this notice is published in the Central Record, a newspaper in Lancaster, Ky., as requested by Section 561 of the Kentucky Statutes.

Banks Hudson, President.

### A Happy Re-union.

On the 22nd inst Mr. and Mrs. S. B. Henry had gathered around their hospitable board for the first time during their entire married life the complete family, the oldest child having left home to reside in Arkansas before the youngest was born, and all of them never since having been at home at the same time. Twenty-six, including children and grand children partook of the meal, and it was indeed a source of much gratification to Mr. and Mrs. Henry to have all of their loved ones thus gathered about them. A liberal purse was made up by the assembled children and presented to the old folks.

### Clean Up The Alleys.

Some of the alleys of the city are in a deplorable condition, both from a sanitary point and as far as travel is concerned. Some of the alleys are so badly blocked with old vehicles and such plunder as to make travel difficult in day time and dangerous at night. Others are in a sad condition from a sanitary point. It would be a good idea for the city council to look into this matter and thereby save a possible suit against the city from someone who is liable to be injured by these obstructions, and also during the prevalence of so much sickness every precaution should be taken, by the city as well as by individuals, to preserve the very best sanitary condition possible.

### Goes To Pen.

In the Circuit Court Tuesday a jury found Leslie Burton colored guilty of manslaughter and he was given an indeterminate sentence of from 2 to 21 years in the penitentiary. Burton shot and killed Herbert Hutchinson, another negro, at a colored frolic at White Oak below Bryantsville in November 1911. At a previous term of court a jury disagreed as to Burton's guilt, and his final conviction was doubtless due to the vigorous prosecution by County Attorney J. E. Robinson, who is determined to break up the crime prevalent among the colored people who frequent these gatherings and promote trouble.

The trial of Thomas Ralston for the killing of George Finley at Paint Lick was postponed until next Monday.

### The Corn Outlook.

On every side we hear a prediction for a bountiful corn crop and the dealers are already taking down the price, however there is slight chance for low priced corn as long as hogs remain around the \$9. mark. Perhaps it would be as well for the farmers if corn were not so high; last year, tempted by the exceedingly high price offered, the farmers sold off every possible barrel of corn, in many instances more than they could possibly spare, the consequence was that stock emerged from a long hard winter in poorer condition than ever was known. In many instances they were fed on inferior corn and hay, and sometimes fodder, which caused disease and many horses died. With corn bringing around \$2. the farmer would not be so tempted to curtail his winter supply and his stock would winter better in consequence.

### Growing Provident.

Prompted by the high prices of hay and feed stuff, farmers are baling their straw and probably 25 baling outfits are at work in the county at present, and with the abundant hay crop supplemented by the straw, they will all be kept busy for many weeks to come.

Having taken rooms at Mrs. H.A.B. Marksbury's, I will resume my business of dress making, and will be glad to meet my old customers and to welcome new ones.

Phone 76. Miss Julia Reed.

Dr. Byrne the Oculist will only remain here for the remaining days of this week, so if you wish to get glasses from him this will be your last opportunity.

### Worth Yancey Dies In Lexington After A Protracted Illness.

Worth Bryan Yancey died at the home of his mother in Lexington Monday afternoon after an illness extending over a period of nearly two years, most of which time he was confined to his room. The funeral was held at the home Wednesday afternoon, Rev. Mark Collins of the Broadway Christian Church officiating. The deceased was 33 years of age. Besides his mother Mrs. Sarah K. Yancey he is survived by one brother, Hogan L. Yancey, City Attorney of Lexington and one sister Miss Leila Yancey. Worth Yancey is well remembered as a lad by many Lancaster people; he is a son of the late Rev. J. L. Yancey who with his family resided here at one time, Rev. Yancey being in charge of the local Christian Church.

### Efforts Of Boys Corn Club In Garrard County Calculated To Teach Valuable Lesson In Practical Farming.

The friendly rivalry among the boys of the county in competing for the offered prizes and to see who can raise the best acre of corn is calculated to be of twofold value; it will not only offer valuable lessons to the boys and prove an incentive to them, but it will teach a valuable lesson to their elders in practical farming. Take for instance an acre of corn being grown by one of the contestants, a son of "Squire R. F. Parsons in the Flatwood section of the county. This acre of land is on thin ground and the young man used 2800 pounds of fertilizer when putting in his corn, he planted his corn eleven inches apart, two stalks to the hill, cultivated it well, and the result is that conservative farmers who have seen his crop say that it will yield 25 barrels to the acre. This shows clearly what, under proper conditions and proper usages may be done with this class of soil.

Other contestants have equally as good crops and the contest for the championship and the coveted premiums promises to be a lively one.

### Another Appendicitis Victim.

Talton Wheeler, aged 18, son of Mrs. Talton E. Wheeler of Nina, and a brother of Dr. Will Wheeler, the Lancaster dentist, was operated on at the Good Samaritan Hospital in Lexington, Tuesday for Appendicitis. The young man is reported as doing well and his condition is considered hopeful.
