The Lancaster friends of Capt. and Mrs. H. M. Sapp were deeply grieved to learn of Mrs. Sapp's sudden death in Atlanta Monday. Mrs. Sapp had often visited the home of Capt. T. A. Elkin but being of a retiring disposition she saw but little of the outside world and so to many who was only known as Goodwin Elkin's grandmother. But to the intimate friends and relatives she was known as an elegant, refined, christian woman. To only a few persons, from among the multitudes that come into the world, is it ever granted the privilege of finishing out a well rounded life. Too often it seems that the term of life is cut short, but not so with Mrs. Sapp, when the conflict was ended that dissolved the union between the pure soul and its earthly tenement hers was a finished work, her life was well rounded out. As wife, mother, grandmother she had been in every sense all that every one of these could possibly embrace. The many friends of Goodwin Elkin join the Record in extending to him sympathy in this great loss.

Whose Fault Is It?

Sheep killing dogs are said to be playing havoc with sheep in Lincoln county, which, if permitted to continue will result in another big sheep claim. The sheep claim for Lincoln county last year was \$2,000 while the dog tax collected was \$205. Lincoln must not have as many dogs as Garrard as we could count 905 dogs on the "chute" to say nothing of those in the park.

Our Merchants And Milliners Ready With The Goods.

Easter this year will fall upon March 23, one day later than the earliest possible date Easter can fall on, March 22. The custom established by the churches decrees that Easter shall fall on the first Sunday after the first full moon, after the 21st of March. An old saying is that an early Easter means an early Spring, at any rate it means the milliners and modistes will have to be up and doing to get the bonnets and gowns ready this year. The Lancaster ladies need have no fear for our energetic milliners and merchants have all been to the city and secured a stock of goods second to no town in the state so give them a call and be convinced.

Councilman On The Job For The People.

Paris seems to have a councilman who is on the job for the people. The Paris Democrat describes a recent council meeting as one that will long be remembered in that city. It speaks of one Frank Walker who stood up for what he believed to be right when there was no one voting for his side of the question but himself, this paper also states that he seems determined to give the people of Paris the best government that is within his power to give and that the people would do well to keep their eyes on him and his efforts in the future. We would advise the people of Paris that while keeping their eyes on Mr. Walker, they would do well to also keep their eyes on the other councilmen, the men who are not standing for what the people want are the ones to keep your eyes on.
