at the Mt. Hebron church next Sunday
morning at 11 o'clock and at 2:30 in
the afternoon. Everybody cordially
invited.

"Mother's Day" at Sunday schools
and churches was appropriately ob-
served here Sunday, all the churches ar-
ranging special programs and music
and paid a fitting tribute to Mother.

There will be preaching at the Syn-
more church next Sunday afternoon.
At which time a regular Sunday school
will be organized. Everybody invited
and urged to attend. Time, 3 o'clock.

These be the days when the soul of
the school boy and the city office-
worker alike are tried. Tantalizing
weather and all nature responding to
the soft, warm touch of the early sum-
mer sun, beckon them both out from
their dreary prisons of wood and stone
"Spring fever" now gets in its dead-
liest work.

p. m. a home talent play, entitled,
"Valley Farm" will be given at the
Godwin church for the benefit of the
church. All are cordially invited to
attend. Admission 25 cents.

LOSES HOME BY FIRE

Last Sunday afternoon the home of
Mr. James Hamilton, Jr. at Hamilton
Valley, was burned, with no insurance.
Mr. and Mrs. Hamilton had just left
the house for a little walk out on the
farm and were unable to save any of
the household effects, the loss being a
total one.

CONGRATULATIONS, JOHN!

His numerous friends in Garrard will
be glad to read this from "Rich's"
Washington notes.

"Mr. John L. Anderson, formerly of
Lancaster, Kentucky, has just received
a handsome promotion in the Treasury
Department. This is the second pro-
motion he has had in the past few
months. He is one of the most expert
men in that branch of the government.
He was endorsed by Senator Ollie M.
James. Mr. Anderson is a graduate of
Centre College, having been a member
of the class of 1888. He married one
of Lancaster's beautiful daughters,
Miss Carrie Currey, who, by the way,
is a sister of Mrs. Fisher D. Gaines, of
Danville. His many friends in Central
Kentucky, will be pleased to read of
his rapid advancement in Washington."

ELKIN NAMED BY COHEN

R. L. Elkin, of Lancaster, will suc-
ceed Guthrie Wilson, of Bardonia, as
superintendent of the Department of
Horses at the State Fair this year.
Private business reasons caused Mr.
Wilson to decide to retire.

Commissioner of Agriculture Mat S.
Cohen said Mr. Elkin was induced to
accept the position because he has had
experience of the same sort in man-
aging the Garrard County Fair, and is
known and highly respected by all the
exhibitors in that department.—Courier
Journal.

This honor came as a surprise, wholly
unthought of and is there for all the
more appreciated. While the remunera-
tion is not great the responsibility is
and we hope our services may prove
a credit to ourselves and a satisfac-
tion to the Commissioner, and the
exhibitors.

REAL ESTATE

Anyone interested in buying a farm
or a piece of real estate should read the
advertisement of Huggins & Swine
broad which appears in this issue of
the Record. They are offering some
choice blue grass farms for sale and
will be glad to answer any inquiries
about same, either in person or by
letter.

BIG CATTLE DEAL

One of the largest cattle deals made
in this county recently was made last
week when J. E. Ruble of lower Gar-
rard sold to Monte Fox, of Danville,
one hundred and fifty-seven head of
slop cattle, to be delivered June 2nd,
at \$8 15 a hundred pounds. Mr. Ruble
tells us that this is one of the best
bunches he has ever handled and that
the price is fifteen cents higher on the
pound than any he ever sold before.
The cattle are well fattened and will
weigh about 1100 pounds, and at the
price given above will bring a total of
\$14,000.

EDITORS SUMMER MEETING

The Kentucky Press Association will
meet in Ashland the week of July 10th.
R. L. Elkin was in Louisville Saturday
attending a meeting of the Executive
Committee at which time the above
dates were selected.

A program committee composed of
B. F. Forgey, Col. Woodson May and
R. L. Elkin, was appointed and they
will meet in Lexington on May 25th at
which time the work will be completed.
Ashland is promising everyone a good
time and the "boys" are looking for-
ward to the meeting with happy antici-
pations.

A GOOD TIME TO ADVERTISE

The hackneyed old phrase, "Now is
the time to advertise," has special
pertinence just now. It is in times of
prosperity that money is made. As
the result of big crops, demand for
war munition, etc., the country has
reached a high stage of prosperity.
There is plenty of money in circula-
tion and people are in a mood to buy
liberally.

In such times as these advertising
pays more generously than ever. The
people are hopeful and confident, dis-
posed to anticipate their wants, to
buy the best qualities, and to purchase
things they would not have felt they
could afford a year ago.

Merchants ought to be able to dou-
ble their trade under these conditions.
But they can't get it by waiting for it.
They must attract more attention, take
a little more newspaper space describe
their goods a little more fully. A great
deal of money will be spent in the next
six months—the bulk of it with those
dealers, who secure the most publicity.

HOUSEFLY NESTS IN FILTH—HELP TO KILL HIM

The housefly is a foul and dangerous
little pest. The female lays her eggs
in manure, in human excrement or in
the flesh of dead and rotting animals,
never anywhere else. The eggs hatch
into maggots and the maggots feed on
the filth until they sprout wings and
become flies. The flies swarm into
our homes, bringing with them the
germs of many diseases—especially
typhoid, consumption and dysentery
—which they deposit on our food.

Many of our homes were saddened
last year by death resulting from dis-
eases spread by flies. Therefore the
housefly is our deadly enemy and we
ought to kill him off as far as possible
before warm weather comes. To do
this effectually will require the co-op-
eration of the whole community.
Cleanliness, generally speaking, is the
fly's greatest enemy, but if one man
cleans up his place—removing all
barnyard filth, keeping garbage cans
covered, etc.—and his neighbors on
either side do not follow suit, the one
man will not be protected from flies
and disease.

This war on flies is a job for the
whole town, and it is a big one. It is
suggested that our local authorities or
some of our active citizens call a meet-
ing and make plans at once to start
the campaign for fly extermination.
Let us enlist the aid of the health of-
ficers, the physicians, the mechanics, the
lawyers, the mechanics, the women
and the boys and girls.

It will be necessary to have a num-
ber of committees to look after the
many angles of the work and see that
proper preventive measures are taken
to remove the opportunities for flies
to lay eggs and hatch them. Swatting
the fly is ineffective—you only kill
one fly at a swat. But if you begin
earlier by spraying manure piles and
the contents of outhouse vaults with
kerosene or with chloride of lime, so
that fly eggs will not hatch in these
masses, you prevent the birth of mil-
lions of flies.

The state board of health will be
glad to send us all kinds of informa-
tion helpful in carrying on a fly war,
if our local doctors have none on hand.
After the campaign organization is
formed, about the first thing to do is
to get reliable information and put it
in the hands of our people.

Who will make the first move to
start the campaign?

by Sanford and a home run by Clay
Miller. The battery for the home team
was Kinnaird and Grant.

CALL FOR MASS

CONVENTION.

To the Democrats of Garrard County:
In obedience to the call of the Ken-
tucky State Democratic Executive
Committee, I hereby call you to meet
in mass convention at the court house
in Lancaster Saturday, May 20th, at 2
P. M. to elect delegates and alternates
to the State Convention to be held in
Lexington, Ky., on May 24th 1916, to
select delegates and alternates to the
National Democratic Convention to be
held in St. Louis, Mo., June 14th 1916.

MILLERSBURG MILITARY IN- STITUTE COMMENCEMENT

The Senior class of M. M. I. has sent
out handsome invitations for their ex-
ercises which take place May 24th.
There are thirteen graduates this year,
among them Joe Harris West, of this
place, who has made a creditable record
at this splendid institution of learning
and training.

KENTUCKIAN WHO AIDED IN FIGHTING TYPHUS RETURNS.

Dr. Albert F. Cornelius, of Berea,
Ky., who, as a member of the Ameri-
can Sanitary Commission, volunteered
his services to fight the dreaded typhus
scourge in Serbia, sailing from New
York last May and who has had many
trying experiences in the war zone, has
returned to his Kentucky home. He
not only aided in stamping out typhus
in Serbia, but with other physicians
from this country did much to improve
sanitary conditions in the army camps
and to care for the wounded as they
came from the battlefields. He also
served on an English hospital corps.

"THE REGISTER" OF THE HISTORICAL SOCIETY OF KENTUCKY

The May number of "The Register",
of the State Historical Society of Ken-
tucky, has come to our desk replete with
valuable information and interesting
facts as it always is. This magazine
is now sought in exchange or purchase
throughout the United States and Europe.
Every library should have this magazine
for its shelves. Kentuckians every-
where should assist Mrs. Jennie C.
Morton, the editor, in the great work she
is doing in preserving Kentucky's his-
tory, traditions and relics.

We congratulate Mrs. Morton on the
May number containing the biographi-
cal sketch of Major Henry T. Stanton,
poet laureate of Kentucky, with some
of his best poems, "The Census of
Woodford County Ky., of 1810", a sketch
of the life and times of General Ben
Logan and other interesting data.
Every one interested in Kentucky and
Kentucky's history should subscribe
for this magazine.

Two Household Hints.

When washing, if the stopper in set
tubs keep loosening and letting the wa-
ter down the pipe, try putting a thin
piece of cotton cloth down, completely
covering the hole; then insert stopper,
pressing down firmly. You will have
no more trouble losing all your hot,
soapy water.

When putting out rope portieres to
dry on the line run a string through the
loops as you remove from the pole;
then tie the two ends together. When
putting back on the pole untie them,
and they will slip back on the pole
easily instead of being tangled.

Oyster Stuffing.

This is for turkey or goose. Take
one pint of oysters, melt one-quarter
cupful of butter and mix with one and
one-half cupfuls of cracker crumbs,
two teaspoonfuls of lemon juice, one
tablespoonful of chopped parsley and
season with salt and pepper. Roll
each oyster in the buttered crumbs,
and then fill the turkey or goose. The
oysters may be chopped up coarsely
and mixed with the crumbs if desired.
For a large fowl it will be necessary
to increase the proportions of this
recipe to obtain a sufficient amount of
stuffing.
