Brace Up!

Do you feel old before your time? Is your back bent and stiff? Do you suffer urinary disorders? Don't despair—profit by Lancaster experience. Lancaster people recommend Doan's Kidney Pills. Here's a Lancaster resident's statement. Mrs. J. W. Pumphrey, Danville Street, says: "I suffered with my back and couldn't sleep well at night on account of the terrible aching. My back was so painful and weak, I couldn't get up and do any housework at all. I was told of Doan's Kidney Pills and got a box. They gave me great relief from the very first." (Statement given March 20, 1908.)

STILL PRAISES DOAN'S
On November 18, 1916, Mrs. Pumphrey said: "I still recommend Doan's Kidney Pills, for they are the best kidney medicine I have ever used. I have had little kidney trouble for some time, but when I have needed a kidney medicine, I have used Doan's Kidney Pills and have been relieved".

The Sleepless Wheels

Thinking in millions (of men) costs us no effort now. When the administration gave notice that a million men had crossed the Atlantic we experienced a variety of thrills. Then we got used to the idea, and the news of 2,000,000 left us tranquil.

When we learned that a large part of our contingent were non-combatants certain oversensitive people felt a degree of mortification. The star-spangled feeling was cooling off.

These oversensitive ones would feel more cheery if they could see the non-combatants at work. Less than a year ago there was an unreclaimed swamp near a French port. Your Uncle Sam has drained it, covered it with a series of workshops bigger than the Capitol at Washington, and out of it he throws high caliber guns like sausages out of Chicago. He stacks machine-guns on freight-cars like an elevator vomiting grain, and away they go to the front. And many of his larger guns contain about 8,000 parts.

In another he found workmen quarrelling by hand to prepare concrete roads to the trenches. He installed mechanical excavators, and on the fourth day was loading cars as fast as they could be hauled.

Up and down France he is building Pittsburgs and Bethlehems from which Pershing draws his supplies in a ceaseless flood. And in the Krupp works at Essen, where exhausted serfs toil vainly to keep up the pace, they are learning from him what a real war is like.

Quit Laxatives, Purges; Try NR

NR Tonight—Tomorrow Feel Right

It is a mistake to continually dose yourself with so-called laxative pills, calomel, oil, purges and cathartics and force bowel action. It weakens the bowels and liver and makes constant dosing necessary.

Why don't you begin right today to overcome your constipation and get your system in such shape that daily purging will be unnecessary? You can do so if you get a 25c box of Nature's Remedy (NR Tablets) and take one each night for a week or so. NR Tablets do much more than merely cause pleasant easy bowel action. This medicine acts upon the digestive as well as eliminative organs—promotes good digestion, causes the body to get the nourishment from all the food you eat, gives you a good, hearty appetite, strengthens the liver, overcomes biliousness, regulates kidney and bowel action and gives the whole body a thorough cleaning out. This accomplished you will not have to take medicine every day. An occasional NR tablet will keep your body in condition and you can always feel your best.

Try Nature's Remedy (NR Tablets) and prove this. It is the best bowel medicine that you can use and costs only 25c per box, containing enough to last twenty-five days. Nature's Remedy (NR Tablets) is sold, guaranteed and recommended by your druggist.

At the Peace Table.

Who shall sit at the table, then, when the terms of peace are made—The wisest men of the troubled lands in their silver and gold brocade? Yes, they shall gather in solemn state to speak for each living race. But who shall speak for the unseen dead that shall come to the council place?

Though you see them not and you hear them not, they shall sit at the table, too;

They shall throng the room where the peace is made and know what it is you do;

The innocent dead from the sea shall rise to stand at the wise man's side

And over his shoulder a boy shall look—a boy that they crucified.

You may guard the doors of that council hall with barriers strong and stout.

But the dead unbidden shall enter there and never you'll shut them out.

And the man that died in the open boat, and the babes that suffered worse.

Shall sit at the table when peace is made by the side of a martyred nurse.

You may see them not, but they'll all be there, when they speak you may fail to hear.

You may think that you're making your pact alone, but their spirits will hover near.

And whatever the terms of the peace you make with the tyrant whose hands are red.

You must please not only the living here, but must satisfy your dead. (Copyright 1918 by Edgar A. Guest.)

"PERSHING DAY" ON COUNTY COURT DAY

Speakers Will Talk of United War Work Campaign Drive in Rural Sections of Kentucky.

County Court Day in 30 counties in Kentucky falls on Monday, November 14, the first day of the United War Work Campaign drive, the day which will be called "Pershing Day," because the great American general has so heartily endorsed each and all of the seven organizations united in the campaign—the Y. M. C. A., the Y. W. C. A., the National Catholic War Council, the Jewish Welfare Board, the War Camp Community Service, the American Library Association and the Salvation Army.

County Court Day, even in times of peace, is an occasion for much activity in the gathering together of the farmers of the district, but on "Pershing Day," with the word of the war on the lips of everybody, great zeal and patriotism will be added to the usual buzz and hum of Court Day by hundreds of speakers who will lift their voices in the interest of the United War Work Campaign while the rural residents are gathered together around the county court houses or in other sections of the towns.

It is a mighty opportunity to bring the importance of the work of the seven agencies before the farmers, to pass the endorsement of Gen. Pershing right along, and to bring home the imperative necessity for not only continuing the war welfare work, but of extending the scope of the activities of the seven organizations.

Speakers will be supplied for each of the thirty counties which hold court on "Pershing Day," no less than six speakers being assigned to each town.

No farmer who comes to town to trade will escape hearing the wonderful story of the good being wrought by the war work agencies and so enthused that he will carry the word back to his own fireside to share it with his family.

It is a marvelous story, growing in greatness all the time, and it bears the stamp of the white seal of truth and high ideals, splendidly carried out in the United States and Overseas.

"ALL FAITHS" DAY IN BIG WAR WORK DRIVE

On Sunday, November 10, Churches of Every Denomination in Kentucky Will Hold Special Services.

"All Faiths Day" will be observed in Kentucky Sunday, November 10, when Protestant and Catholic, Jew and Gentile will join in setting forth the aims and ideals of the United War Work Campaign, the week of November 11 to 15.

The Y. M. C. A., the Y. W. C. A., the National Catholic War Council, the Jewish Welfare Board, the War Camp Community Service, the American Library Association and the Salvation Army, have at the request of President Wilson, united for one great drive. The appeal of these seven organizations is not to one element alone for they collectively represent all religious creeds and faiths united in a mighty work for the welfare of our soldiers at home and overseas.

There is no narrow dividing line in the great work, no religious differences but all are bound together in one sublime faith, one great belief that in unity there is strength and in unity there is also the real spirit of Christianity.

Just what each of the seven organizations is doing for the morale not only of the soldiers, but the several millions of women and girls who are working in munition plants in this country and in France and for other women workers in the industrial centers, will be set forth.

Ministers, priests, pastors, prelates, rabbis and other religious leaders of every sect and denomination will be represented on the platform on that day. The "Victory Boys" and "Victory Girls" will be reached through the Sunday Schools.

On the afternoon of the same day, Sunday, November 10, a rally will be held in every precinct in Kentucky at which the activities of the seven great organizations of the United War Work Campaign will be set forth by speakers who are qualified to tell the story of the work.

At night on the same day United War Work Campaign rallies will be held in every county in the state with two speakers at each rally who will tell of the far reaching effect of the work of the seven agencies.

These county rallies will be held in each county seat and in counties where there are towns of good size a rally will be held in each town.

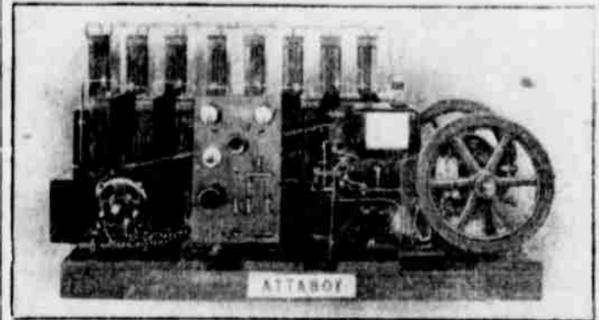

Every man, woman and child in Kentucky will be made familiar with the wonderful story of the work of the seven organizations on "All Faiths Day."

In camps and cantonments in the United States and overseas there are 842 libraries and 1,547 branches containing more than 3,000,000 books and 5,000,000 copies of periodicals. There are 250 additional libraries on the ships of our fighting fleets and merchant marine, and the number should be vastly increased. The American Library Association is one of the seven organizations in the United War Work Campaign, and its quota will be devoted to supplying our soldier boys and munition workers with books and periodicals. A great work.

BASTIN BROTHERS, LANCASTER, KY.

Cassocks And Khaki.

There are over twenty-five thousand Catholic priests in the French battle front.

The regimental chaplains are there, of course, and as France is a Catholic country there are two priests in every Protestant chaplain and Jewish Rabbi. But thousands of the priests serve in the ranks.

There is a strategic advantage in this. When it is necessary to send a soldier on a dangerous mission unmarried men are at a premium, and the priest offers himself without feeling any of the compunction that might daunt the family man. There will be no orphans left destitute if he does not return.

Often a brother priest starts on the same mission an hour or two later, to guarantee its execution. While not a foregone conclusion, an accident to the first volunteer is more than a probability. And by virtue of their profession it is taken for granted that both these gamblers have an outlook on life—and eternity—which invests them with a certain aloofness. They have cooler heads and steadier nerves than any gambler at the roulette board could show. To them death is a trivial incident; it neither begins nor ends the progress of experience. It merely marks a change.

Incidents of this kind became common during the defence of Verdun that they went unnoticed. Even we, had we been there, would hardly have remarked it in days so crowded with thrills. But as we take the questionnaire and read the section that deals with the study and profession of divinity we realize more fully the degree to which French man-power has been strained. We could hardly find such a section in a French document of the kind.

But the French write no epic on this feature of the war. When a regiment is changing ground it is common to see a priest invite a Rabbi to precede him. "After you, sir," he says: "The Old Testament before the New". When Protestants, Catholics and Rabbin stand before the face of death and select such a time to kid each other about questions of doctrine that separate them, we who have not yet faced the music would do well to take stock of ourselves.

We should at least pause before claiming exemption in a questionnaire.

The Yank private has often seen his Holy Joe (regimental chaplain) steal over the top to drag in a wounded rifleman. But there are many of us who claim, on the slenderest justification, to be engaged in "essential occupations" who could hardly expect the above mentioned Yank to class us with Holy Joe.

The Only Time,
"Some people" advised Colonel Barnum, "never stay at home except on election day, and then they overdo the thing."—St. Louis Globe-Democrat.

A FAMILY MEDICINE

In Her Mother's Home, Says This Georgia Lady, Regarding Black-Draught. Relief From Headache, Malaria, Chills, Etc.

Ringgold, Ga.—Mrs. Chan. Gaston, of this place, writes: "I am a user of Theford's Black-Draught. In fact, it was one of our family medicines. Also in my mother's home, when I was a child. When any of us children complained of headache, usually caused by constipation, she gave us a dose of Black-Draught, which would rectify the trouble. Often in the Spring, we would have malaria and chills, or troubles of this kind, we would take Black-Draught pretty regular until the liver acted well, and we would soon be up and around again. We would not be without it, for it certainly has saved us lots of doctor bills. Just a dose of Black-Draught when not so well saves a lot of days in bed."

Theford's Black-Draught has been in use for many years in the treatment of stomach, liver and bowel troubles, and the popularity which it now enjoys is proof of its merit. If your liver is not doing its duty, you will suffer from such disagreeable symptoms as headache, biliousness, constipation, indigestion, etc., and unless something is done, serious trouble may result.

Theford's Black-Draught has been found a valuable remedy for these troubles. It is purely vegetable, and acts in a prompt and natural way, regulating the liver to its proper functions and cleansing the bowels of impurities. Try it, insist on Theford's the original and genuine. E 72
