

THIRTIETH YEAR

LANCASTER, KY., THURSDAY AFTERNOON, MAY 1, 1919.

NUMBER 5.

GO To Sunday - School Next Sunday

Maxwell Cars Sell.

The Central Garage sold this week, a Maxwell runabout to the Garrard Milling Co., and a touring car of the same make to Jones L. Anderson, of Preachersville.

Mat Cohen Sick.

Confined to his bed with a severe attack of tonsillitis, Mr. Mat Cohen was unable to fill his engagement to speak here last Monday. He hopes to be able to address the farmers of Garrard County later.

Pie Supper.

There will be a pie supper at Herrings School house on the evening of May 9th. The proceeds of this supper goes to the benefit of this school and everybody is cordially invited. Don't forget the date, Friday evening May 9th.

Giltz Go To Brazil.

An export firm will ship to Brazil, a carload of Defender giltz bought in the Bluegrass of Kentucky. It is expected that this initial shipment will pave the way for many more red hogs to go to South America from the "dark and bloody ground".

Fine Farm Sells.

Mr. W. R. Cook sold his farm on the new Danville road last Friday to Mr. J. I. Hamilton of this place. The farm is one of the best in the county, well improved and contains about 116 acres. The price paid was \$300.00 and an acre and possession will be given next January.

District Convention.

The C. W. B. M. Auxiliaries and the Sabbath schools of the Fifth district, will hold their district convention in the Christian church at Lancaster, beginning on the evening of May the 12th and closing on the evening of the 13th.

A hearty welcome is extended to those who will come.

Big Hog Sale.

Mr. J. L. Hutchins, of Danville, came over last Monday and purchased 104 head of hogs of G. B. Swinebroad that averaged 220 pounds each, for which he paid \$19.49 a hundred or a total of \$4,258.70. Mr. Hutchins tells us that in his twenty-five years as a dealer, this is the highest price he ever paid for one car load of hogs.

Buys New Car.

A local agency sold yesterday to Arthur Beazley, one of our leading and worthy colored citizens, a handsome 4 passenger Overland automobile.

In every drive for war bonds he has subscribed liberally, and he enjoys the respect of the community in which he lives.

Jewish Relief Fund.

Those who have not contributed to the Jewish Relief Fund are asked to leave their contributions with Mr. Adolph Joseph, who will see that it is forwarded to the proper authorities.

This is one of the most worthy causes which the people of Garrard county have been asked to contribute to and it is hoped that they will do their duty in this noble work.

Clay Bought Purebreds.

Henry Clay did much to bring purebred live stock into Kentucky when he farmed at his home, Ashland, just outside of Lexington. The following extract from a letter written to Adam Bonty, June 18, 1827, explains itself:

"I have lately purchased in Washington County, Penn., fifty fat blooded Merino ewes, the choice out of 500, part of one of the finest flocks in the county. There are about 10 or 18 lambs with them and I suppose an equal portion of rams."

Death Claims Infant.

On the evening of April 21st, the gates of Heaven opened wide to receive the soul of little Georgia May Centers, aged 9 months, daughter and the only child of Mr. and Mrs. Forest Centers. She was the light of her home, and the center of attraction of her fond grand-parents, Mr. and Mrs. George Conn. "God has gathered one of the fairest flowers out of the garden of our hearts" to bloom more perfect in heaven.

Funeral service was held at the Presbyterian church, conducted by Rev. Eldridge, and the little body tenderly laid to rest in the Old Paint Lick cemetery.

COURT DAY CROWD

Small and Little Business Done.

What used to be known as "horse show day" in Garrard county is the fourth Monday in April, but few horses were on display here last Monday. Robert Fox showed his fast stallion, Auto Zombro and he attracted much attention. He is the fastest horse that ever made a season south of the Kentucky river. B. H. Haircomb's horse "High Cloud" made a good show as did Black Pat shown by Virgil Gaston. Claude Conn showed his saddle stallion Rex, by Alex Arbuckle and had many admirers. The handsome Percheron stallion, Sampson, owned by P. E. Foley, was a handsome specimen of this type and was the center of attraction for some time.

About 100 cattle were on the market and all sold at good prices. A few saddle horses changed hands. Vermont and Litton buying a fine walking mare of J. M. Craig for \$400.

Baptist Church.

Sunday is "Go to Sunday School Day". We urge all Baptist in our community to be with us on that day, and invite all others who may wish to come. A welcome awaits you at the Baptist Church.

Sunday School at 10 o'clock, Preaching at 11 o'clock, on the subject "A Place Better Than Heaven". B. Y. P. U. at 7:15 P. M. Miss Laverne Dickerson has charge of the program.

Evening Worship, 8 o'clock, subject "The Democracy of God".

Eight Banks Boost.

Jefferson County, Ky., has eight banks and the Board of Trade boosting and financing the Boys' and Girls' Club work. For two years, six banks at various points in the county have been furnishing money for the purchase of pure-bred pigs.

The Louisville Board of Trade has also been loaning money without interest for several years. This year two of the big banks in Louisville have followed suit. This makes eight banks and a great commercial body all interested in pushing the Extension Division of the College of Agriculture in its huge work of educating boys and girls in the feeding and care of purebred live stock.

Grange Sells Stock.

Church Hill Grange in Christian County, Kentucky, has lately held one of its very successful cooperative live stock sales. The members disposed of almost \$100,000 worth of stock in one day.

This grange has been in active operation since 1873 and is probably the best example of community organization to be found in Kentucky. Its social days, when men, women and children come for all day, with a picnic dinner in baskets, are noted. The women of the grange sell their eggs, chickens and turkeys cooperatively. Last season the women marketed 5,000 turkeys through this strong organization at 3 cents over the regular market price.

Antique Shop.

It may interest those who have heretofore sent their antique pieces to other towns to be restored that Mr. J. A. Tucker is devoting much of his time to refinishing old furniture, and will be very glad to have visitors to his shop on Danville Street, just below the post office to look at his work. This spring he has returned to his patrons from his shop a number of interesting restored pieces, but now has on exhibit other pieces of his own handwork; one which has especially interested callers is a kitchen cupboard which has been transformed into a cabinet, or book case, with glass doors of grill work. This piece especially shows Mr. Tucker's skill being both quaint and dignified. Mr. Tucker has in him the blood of old craftsmen, having at his shop a piece of Gobony with inlay done by his great great grand-father, one Mallory, of Lincoln county, and those who have seen the old furniture and interior wood-work that embellish the pioneer houses of Lincoln know how skillful were the joiners and cabinet makers of those days.

Our philosopher says: You can sometimes cheat folks an' get by with it; but you can't rob the land you farm an' not pay the bill sooner or later.

SENATOR-ELECT

STANLEY To Serve Out Term As Governor.

A Washington telegram says: It is reported here that Senator-elect A. O. Stanley, of Kentucky, and Senator-elect Walter E. Edge, of New Jersey, are arranging a senatorial pair under the terms of which both will continue to serve as governors of their respective states until their gubernatorial terms expire. Stanley's term as governor of Kentucky will expire next December and Edge's term as governor of New Jersey will end next January. Stanley is a Democrat and Edge is a Republican. The alleged agreement simply would mean that Kentucky and New Jersey would be represented in the Senate by one senator each until next January. The political control of the Senate would not be in any way changed, however, owing to the fact that they are of opposite political faiths. It is said the reasons why the two desire to serve out their terms as governors are very much the same and are founded on a desire to prevent control of their states going to antagonistic factions.

SOFT DRINK TAX ON TO-DAY.

Only Bottled Beverages Exempt. Restaurants Not Affected.

Washington, April 29. (Associated Press)—Soda water, ice cream, sodas, root beer and all other soda fountain drinks become taxable Thursday under the revenue act. Five and ten-cent drinks or dishes will be taxed one cent, while fifteen or twenty-cent drinks will be taxed two cents, and the tax will be collected from the purchaser, unless the soda fountain keeper chooses to reduce his prices to include the extra tax item. The question of when drinks are taxable and when they may not be taxable and the precise methods of collecting the tax were discussed at length in a statement issued to-day by the Internal Revenue Bureau for guidance of proprietors and patrons of soda fountains.

Bottled Beverages Exempt. These examples were given of taxable drinks when mixed and sold at the fountain for consumption on the premises.

Orangeade, lemonade, pineapple juice, coca-cola, root beer, moxie, phosphates, fruit and flavoring syrups mixed with carbonated water or plain water, milk shakes, malted milk shakes, cream and egg shakes, ice cream, ice cream sodas, sodas, ice cream sandwiches, flavored ices.

These drinks are not taxable: Hot beef tea, coffee, tea, buttermilk, milk, hot chocolate, hot clam broth, tomato bouillon and bottled drinks sold direct from the container. Separate manufacturers' taxes are imposed on drinks of the latter class.

No Tax On Cafe Drinks. Ice cream is not taxable when sold in containers to be carried away from selling place to be eaten. Ice cream cones are taxable. Brono seltzer, Rochelle salts, seditiz powders, castor oil, epsom salts and similar medicines often served at soda fountains are not subject to the tax.

Soft drink stands or push cart enterprises are subject to the tax, but restaurants or other places serving ice cream or soft drinks as an incidental feature of the business are not required to collect or to pay the tax. Church "sociables" and clubs are exempt, but booths at country fairs, circuses or ball games must collect the tax.

A Scheme For Raising Revenue To Build Roads.

Mr. James M. Weathers, Cashier of the Farmers and Merchants Bank at Elkton, Kentucky, has mapped out a system of roads for Todd County and he proposes to get one thousand men of the County to agree to donate \$100.00 per year for a sufficient of years to build the proposed system. \$100,000.00 would be available each year from his plan in addition to the regular county road fund.

He states that he has laid the matter before three hundred men and every one has agreed to it and the success of the scheme seems assured.

ENORMOUS

WAS THE THROG IN LANCASTER LAST THURSDAY.

AEROPLANE, ARMY TANK AND MUSIC THRILL THE SPECTATORS.

SOLDIER BOYS GIVEN HEARTY WELCOME.

The oldest inhabitant could not recall as having seen a larger crowd than was in Lancaster last Thursday, to welcome home the soldier boys of Garrard county and to witness the opening of the Victory Liberty Loan. Although the program was late in getting started, it was carried out to the letter, as stated it would be in last week's issue of the Record. Owing to a little misunderstanding the aeroplane did not arrive until two o'clock, but its tardiness was more than overlooked by the splendid exhibition of Lieutenant Charles T. Skow, who thrilled the vast throng with his stunts, dives, loops and loops-the-loops for more than an hour, directly over the public square and in plain view of the thousands that packed the streets.

When he passed over the town he went directly to the landing field which had already been prepared and marked out for him or the farm of Mr. A. E. Brown, two miles south of the town on the Stanford road.

The field was easily located, he told a representative of the Record, and was very complimentary of the arrangements of the signals, which had been prepared previously by a committee named for this purpose.

Several thousand people flocked to the field to see the landing and to view the machine at close range and these were also given the opportunity of a close inspection, by the kindness of Lieut. Skow and his mechanic, Mr. C. O. Bates. It was a revelation to some of them for many had never seen an aeroplane before.

After replenishing with gasoline and oil, which had previously been provided, Lieutenant Skow flew over the city for nearly an hour.

The United States Army Tank and crew pulled into the city from Nicholasville a few minutes before twelve. To many this was the most interesting exhibit and but for the enormous crowd it could have shown to better advantage. It was expected to have it exhibited on Lexington Street, but that thoroughfare was so crowded with autos out past the school building, it could only be shown on the public square.

The exhibition in charge showed every courtesy to the gazing and inquisitive public and all were impressed with a very sense of the word. The in charge were Capt. W. C. Owens, president of the Owen Tire and Rubber Company, of Cleveland, Ohio, L. S. Clements, Lieut. Givan, Sergeant Goodrich and Private Townsley.

They all remained over night and left for Stanford early Friday morning, leaving behind them the best wishes and thanks of a well pleased public.

The Kentucky University Band, containing twenty men, furnished some delightful music, heading the parade of several hundred soldiers and added materially to the pleasure of the day.

The pleasure of feeding the soldiers was carried out generously by the local members of the Red Cross, ample provisions being served, both sumptuously and methodically. The address of welcome was made by Judge L. L. Walker, who did it in his own eloquent way, his address being made from the steps of the park, as the court horse would not begin to hold the crowd that listened to his splendid remarks.

Dr. W. A. Griefeld also addressed the people, but unfortunately, when about half through his talk, the aeroplane passed over and of course the crowd's attention was immediately diverted.

Taking it all in all it was a great day for Lancaster and Garrard county and one that will be long remembered.

Appreciated.

We wish hereby to express our appreciation and cordial thanks to the local chapter of the Red Cross for the courtesies extended to the colored soldiers who participated in the exercises of the Victory Loan parade of last Thursday.

Mattie Beazley, Mollie Perkins.

QUOTA NOT REACHED.

Garrard County Must Not Fail. \$130,000 Subscribed.

The Victory Liberty Loan which opened here last Thursday has not reached its quota in Garrard county and up to last night only \$130,000 had been subscribed. The quota for the county is \$198,050 and those who know say that Garrard county must not and will not fail to go "over the top". These notes are the most attractive form of investment that the Government has ever offered. The interest rate of 4 3/4 per cent is the highest yet offered; the term of four years and perhaps only three years to run, means that these notes are going to remain around par or perhaps go higher.

We created this war debt so let us pay it off. You paid the transportation across the sea for these boys who fought for the safety of your home and family, now its up to us to pay their way back home.

If you have been solicited or have not yet subscribed for some of these bonds, go to the headquarters in the office of the Chairman in the Court House or call at your bank and make your subscriptions.

The patriotism of Garrard county must and shall not die. Let's finish the job this week and keep GARRARD'S name on the ROLL OF HONOR.

REVIVAL CLOSES

After Successful Meeting.

The Methodist revival which has been in progress for the past two weeks closed Tuesday night, which showed increased interest up to the last service. Rev. Bridgers made many friends while here and will always receive a hearty welcome should he ever return to Lancaster. The Union services last Sunday morning were especially interesting, all of the churches of the city, uniting in this service which was especially devoted to the older people of the city and county. Rev. Palmeter has worked faithfully throughout the series of the meetings and to him is due much credit for the good that will surely result from such a meeting.

These meetings have done a great deal of good in bringing the community together in religious cooperation. While not primarily planned as a union meeting, yet it soon became such in spirit at least. All denominations took part in it.

Mr. Bridgers preached to large crowds in the school auditorium each night. The day services at the Methodist Church were deeply spiritual and inspiring.

Thanks are due every one who assisted in any way in the meeting. The following are due worthy mention: the pastors of all the churches, Prof. Hopkins and the school board, the men who served as ushers during the whole meeting, the ladies who acted as ushers at the Old Folks' service, the ladies who furnished flowers, those who helped decorate the auditorium, those who played the piano, those who helped with the singing, those in charge of the finances, and those who contributed of their means. Special thanks are due the Christian and Presbyterian churches for the offer of the use of their buildings during the meeting. Doubtless, the same offer would have been made by the Baptist church, had their building been larger.

Quite a number came forward and gave their hands to Mr. Bridgers in token of the fact that they were determined to lead better and more consecrated lives. Seven gave their names for church membership. Others may follow. Many had their spiritual life quickened.

Mr. Bridgers went from here to North Carolina, to deliver an address May 1, on the Victory Liberty Loan. He expects to return to Kentucky next week and engage in union revival services at Jackson.

Special Prices on Disc Smoothing Harrows and corn planters and cultivators. J. R. Mount and Co.

FOR SALE:—Some nice registered Poland China gilts, weight about 100 pounds, also a couple of sows with pigs. Will sell cheap.

S. D. Cochran.

CRAB ORCHARD SPRINGS.

Electrical Baths Being Installed. Other Improvements Under Way.

It will be very gratifying to friends and patrons of the famous Crab Orchard Springs to learn that many improvements are being made there this spring. In fact they are now installing first class baths and will cater to the ills of nervous and rheumatic troubles, in fact any troubles that can be cured by heat, baths and electricity. The system will probably be completed by the middle of May, at which time patients will be cared for just as they would be at French Lick or Martinsville.

Dr. F. E. Peck, who has had a number of years of practical experience, with treatments of this character, will be in charge and under his supervision will be trained men and women for nurses.

We understand that about \$5,000 is being expended in these improvements. A card to "Ma" Willis will get an immediate reply, giving you all the information desired.

ABERDEEN-ANGUS SALE.

Attracting Interest over Whole Country.

The Bradshaw Aberdeen-Angus cattle sale which is billed for May 16th, is attracting notice throughout Kentucky and Messrs Bradshaw tell us they are receiving letters every day asking for catalogues.

An analysis of this herd from an individual and collective standpoint reveals that it is a great consignment, where merit and quality is seen at its best, where blood of the most fashionable character is to be found in the pedigrees. A state record sale in Iowa of this character, averaged \$1625.00 on 56 head.

The first day of F. J. Roberts dispersion sale of Aberdeen-Angus at Atlantic, Iowa, featured the sale of Epistos, grand champion Angus bull at the 1916 International, to L. B. Canam, of Aledo, Ill., for \$15,200, the highest price ever paid for an Angus in this country, and equaling or beating the Scotch record of 2,800 guineas, depending on how the exchange rate is figured.

Epistos was bred by C. D. and E. F. Caldwell, Burlington Junction, Mo., and was dropped in 1915. He was shown as a junior yearling at the 1916 International, where he was made grand champion bull of the breed. He is an Enthantress Trojan-Angus, sired by Undulata Black Ito 2d. After the show he topped the International Angus sale.

Environ the Enthantress Trojan-Angus bull that is the sire of most of the calves in the Bradshaw sale, is a full brother in blood to Epistos. Environ was bred by E. D. and E. F. Caldwell, Burlington Junction, Mo. Environ dam was out of the same cow as Epistos.

There is no breed of beef cattle that has such a record all over the world as the Aberdeen-Angus. Here is what they have done at the International Stock Exposition, the greatest live stock show in the world; Single steer amaris at 17 shows, eleven grand Championships have been won by the Aberdeen-Angus. Car load Aberdeen-Angus have won 13 Grand Championships; Shorthorns, once, lots of fat cattle, out of 17 shows Herefords, 5 times. In the carcass, and that is the final test, Aberdeen-Angus have won Grand Championships 16 times out of 17. Other breeds scarcely got to first base. The public is earnestly asked to attend this sale and bring your neighbors and see these market toppers sell.

Write for catalog.
