**Fiscal Court Goes On Record Favoring Federal Highway.**

STATE COMMISSIONER ASKED TO SUBMIT PLANS AND ESTIMATES FOR MADISON'S PART.

Madison county went on record by official action of her Fiscal Court at its meeting Tuesday, as heartily in favor of co-operating with her neighboring counties of Boyle and Garrard in the construction of the federal highway, which will connect the western branch of the Dixie Highway with the eastern branch at Richmond.

The Fiscal Court by appropriate resolution requested the Commissioner of Highways of the State to have a survey made and to furnish plans and estimates of cost for Madison county's portion of the highway, which begins at the Garrard county line at Paint Lick and extends on to Richmond. Both Boyle and Garrard counties have already pledged their co-operation in building this highway and have been waiting on action by the Madison court. The formal order entered by the Madison Fiscal Court is as follows:

It appearing to the court that it is proposed to construct, reconstruct and otherwise improve a road from Richmond, Madison county, through the counties of Madison, Garrard, Boyle, Marion, Taylor, Green and Hart, thereby connecting the eastern section of the Dixie Highway with the western section of said highway, and it further appearing that the Commissioner of Public Roads of the State of Kentucky, has, under the authority granted him by law designated said route as a Federal Aid Road, and therefore, entitled to receive aid from the federal government for its construction and improvement, and whereas, about 12 miles of said road is located in Madison county, same being the Richmond and Lancaster road from Richmond Ky., to Paint Lick, Ky.

Resolved, that it is the sense of the court that said road should be improved and constructed and that the Commissioner of Public Roads be and is hereby requested to have survey, plans and estimates of cost prepared in order that the cost of said improvement and construction may be approximately known, and it is further resolved that the court contribute from the revenues of Madison county such a per cent of the cost of said construction and improvement as may be determined by this court, to be fair and equitable.

It is further resolved that it is the sense of this court that this order and resolution be given proper publicity, and that the citizens of Madison county living on or adjacent to said road in Madison county be given an opportunity to assist in the construction of said road.

**Hoover Picked**

**By Haldeman.**

Tampa, Fla.—That Herbert Hoover will be selected as the standard bearer for Democracy at the San Francisco convention is the opinion of Gen. W. B. Haldeman, Democratic National Committeeman from Kentucky. This was expressed in an interview here while on his way from Washington, where he attended the Jackson Day dinner, to his winter home in Naples.

"My notion is that if it can be found that Herbert Hoover has at least a fortieth cousin who is a Democrat, he will be the man who will be selected to be the Democratic nominee for President by the members of the party when they meet in national convention in San Francisco in June", General Haldeman said.

"Every well-informed person knows that Mr. Hoover is a man of very great executive ability. He proved that fact to the satisfaction of all. It is true that none seems to know at this time just how much Democratic blood courses through his veins, but the test soon will be made, according to my opinion, and if it is found that he measures up to sufficient degree, it is pretty certain that he will be the one selected to be standard bearer of the Democrats in the coming national campaign."

The General sees in Attorney General Palmer another prominent figure at the convention.

**Some Fur Everywhere.**

"There is hardly a farm," says one authority, "that will not produce at least fifty dollars worth of fur each season, especially at present prices. Trapping is a pleasant occupation for the farmer and his boys in the fall after the rush of work is ended and aside from the time used in setting and tending the traps the money derived from it is all clear profit!"
