DEMOCRATIC TICKET. For County Judge, Thos. Addison. For County Attorney, Judge Milton Board. For County Clerk, J. E. Monarch.

A Commercial Club has been organized at Brandenburg.

The Kentucky Legislature will probably take another jaunt, to Cincinnati.

LATEST advices from Washington are that there is no hope for Mr. Taubee. His death is only a question of a very few hours.

JOHN Reel, a Tennessee negro, while plowing in a field eight miles below Nashville, turned up a jug containing \$16,000 in gold.

WILLIAM Jenkins, the thirteen-year-old Laurel county boy, who was recently sent to the penitentiary under sentence of one year for stealing a jar of candy, has been pardoned by Governor Buckner.

MR. C. C. GIVENS, of the Owensboro Inquirer, has announced himself as a full fledged candidate for congress in the Second district. His hustling qualities count for anything. Mr. Givens will surely get there.

The severe cold weather of the past few days, has doubtless killed most of the fruit. The peaches are about all killed and probably all of the plums and pears of the early variety. The apple crop will not be damaged much, as it is not so early as the other fruits.

KEEP your shirt on, Mr. Pate, and keep your prisoners in jail. As long as you continue to let them out the News will continue to publish the fact. Judges before you have kept them in and had no better facilities for doing it than you have. Do your duty as jailer, and the News will have nothing to say about you.

SOME years ago the Legislature passed a law that in all towns and cities of over 5,000 population only registered pharmacists should dispense drugs. A few years later the act was extended to include all towns of 1,000 or more inhabitants. A bill is now pending to extend the provisions of the act to all incorporated towns in the State.

THE News has it from reliable authority that Mr. Slaton did assist in the capture and return of the prisoners that escaped from the Hardinsburg jail last week, notwithstanding Mr. Pate denies it. But it doesn't matter if he did not assist in the capture, they got out and Mr. Pate is responsible. Whether it was through his carelessness or some of his subordinates we know not, but we do know that he was not entirely blameless in some other instances.

OVER D. T. Bligh, the famous old detective of Louisville, is dead. It will doubtless be many years before this State will claim another man who will be so much feared by the law breakers as was Captain Bligh. He made a grand record as a detective and was always a terror to the crooks in and out of this State. It is said of him that from a little child he hardly knew what fear meant.

THE editor of the Grayson Gazette is fearful indeed, that the Democracy of this county will be snuffed under next summer by Mr. Cunningham the Republican candidate for County Court Clerk. There is no occasion for alarm. We don't know how the Democrats are in the habit of voting in Grayson, but here, the popularity of a Republican don't count for much among Democrats, at an election. They vote for the nominee right along.

THE Grand Gift distribution which the News will make among its subscribers some time during the year will probably take place in Fisher's Hall. All the arrangements have not been made yet, but we propose for one day that things shall be lively in this town. We invite everybody to come, old and young to see the thing go off. All the prizes mentioned will be given away, and we want everybody to come and see how it is done. Remember, every new subscriber gets a ticket.

WE fear John Monarch will have a hard man to beat in the race for County Court Clerk of Breckenridge county. Owen Cunningham is no doubt the strongest man the Republicans could have put up; we have known him for many years and know him to be a hustler. The Democrats over there should do their duty and see that John Monarch gets every Democratic vote in the county.

YOU need not be uneasy. Mr. Cunningham, it is true, is quite popular with his party, but on the other hand, he is no more popular with the Republicans than John Monarch is among the Democrats. In his race for the nomination, Mr. Monarch won over some three or four as strong competitors as could have been found in the county, thus demonstrating clearly his popularity and strength among Democrats. He will poll the full Democratic vote of the county, which insures his election in August.

SEVERAL thousand people of Indiana, irrespective of party met in Indianapolis last week, for the purpose of listening to arguments on the tariff question. The meeting was called by the State Tariff Reform Club of Indiana, and some of the best speakers of the country were present. It would seem from this that this important question is to be kept before the people until they are again given an opportunity to vote it down at the polls. It is well that it should begin in Indiana, because she is a Democratic state and believes in the principles of Democracy. That the state went against us in 1888, signifies nothing, from the fact that Republicans' boodle and Republican bribery did it. Moreover the people of Indiana were told by the Republicans that a high tariff made high wages, and would give them constant employment. By this deception many of them were allured into voting that ticket. But such will hardly be the case again. In late years, the people not alone in Indiana, but all over the country are beginning to understand more distinctly the inequities of a high tariff. They are aware too that those Republican promises made in the last campaign, were made simply to catch votes. If they do not they will be forcibly reminded of it before another national election rolls around. The Democracy is getting into working order. She is preparing for the fray. In every hamlet and quarter section, these Tariff Reform Clubs will appear and organize, and the doctrine will be expounded by the best talent of the country.

THERE must be a check put to our thieves going to Canada. They will get all of our money over there after awhile.

Perhaps the following extract from the Farragut (Iowa) Itemizer will be interesting to some of the friends of the bride: "The marriage ceremony of Andrew Cox and Lousa E. Robbins was performed at the residence of the bride's parents, Feb. 11th at 2 p. m., in the presence of a large and happy company. Rev. G. W. Wright officiating. The bride was born and raised here, and many friends will wish her happiness in her wedded life.

Confirmed. The favorable impression produced on the first appearance of the agreeable liquid fruit remedy, Syrup of Figs, a few years ago has been more than confirmed by the pleasant experience of all who have used it, and the success of the proprietors and manufacturers, the California Fig Syrup Company.

Herndon's station on the L. H. & W. promises to be a lively business point on the road in a short time. Mr. Withers is putting up a store house there and Mr. Charley Durham a tobacco warehouse. Other buildings are going up, and the good country surrounding it will make it an important point on the road.

As the L. H. & W. road nears completion, its business status assumes quite an interesting phase. President Beard has just published a call for a meeting of the original board of directors, who were not long since ousted by a judgment of Judge Toney's court, and as there is another set of directors claiming to have an existence, by virtue of that judgment, the situation seems to be somewhat phenomenal to say the least of it. Just which of them is a legally constituted body is the question, and there are \$60,000 worth of bonds undisposed of also. Verily its got into a devil of a twist somehow.

When Baby was sick, we gave her Castoria. When she became a Child, she cried for Castoria. When she became a Woman, she clung to Castoria. When she had Children, she gave them Castoria.

This county has a broad field from which to select a delegate, and will be well represented by any one of them that it chooses to elect. It is a non-political office, and I don't think there will be any claims put before the primary election.

Everybody who attended the marriage of Miss Julia E. Ditto to Mr. Ned Rees last Tuesday, expresses themselves as having spent a delightful evening. Miss Julia made a charming bride, and her many friends hated to give her up, but such is life, and many good wishes attend her and her husband, who was well known here. Mr. Rees' parents were present and made many warm friends. It was the pleasure of your correspondent to entertain them, and it was also his pleasure last fall to spend a few delightful days at their hospitable home, while on a visit to the State fair at Columbus, Ohio.

People understand the doctrine of averages much better than they used, and see that the principle is perfectly sound upon which life insurance companies are based. The only thing which is to be considered is the soundness of the Company in which you place your insurance. Every man who is able, and most men are if they would only think so, should carry a policy upon his life. It is a duty he owes to his family. Besides it is of the cheapest and safest plan of making provisions for them it is possible to find. He who fails to provide for his wife and family is not a prudent man, and there is no investment that is more certain than a policy of life insurance in a first-class company. Those of our readers who have not given this subject a thought and who are not carrying a policy cannot find a more liberal life insurance company or one that is more liberal in its rates than the United States Life Insurance Company of New York City. This company is represented in this county by Mr. S. R. Dent, of Leitchfield, a man well known to everybody and it will be a pleasure to him to take your application and secure for you a good policy. Drury says, his young boys were thumping at a high rate, he gave them a dose of the Condition Powders one day and the next day they were all clear of it but one, he fed them another dose and the third all were well and hearty. Mr. Chas. Blanders is sure it cured his chickens of cholera. Another party says he fed it to an aged horse whose appetite had failed, in one week the appetite was restored and now the horse is in better condition than he has been for years. Believe and be profited, disbelieve at your cost. Call at F. N. D'Hay's jewelry store and see the handsome gold watch to be given to all our cash in advance and paid up subscribers.
