SODA ASH. A Cordial Welcome and Banquet Tendered the Officers and Stockholders of the Company By The Enterprising Citizens of Our Neighboring Town of Brandenburg.

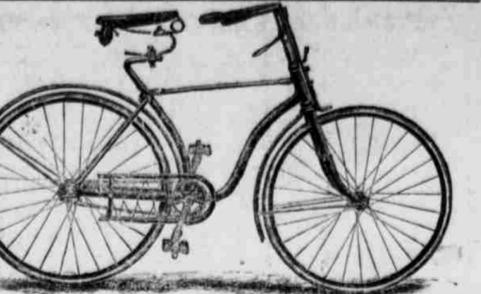

BRANDENBURG, KY., Dec. 17, 1894.—Last Saturday the business and professional citizens of our town tendered a reception and banquet to the officers and stockholders of the Soda Ash plant. A committee consisting of Messrs. Dr. Pusey, Henry Woodson, G. H. Casperke, R. H. Nevitt, John Mahar, D. W. Lewis, L. L. Lewis, A. W. Moreman, J. W. Lewis, Wm. Ditto, Alonzo Mor-men and Morgan Richardson met them at the depot in conveyances, conducted to the Plant, thence to the Court-house, where they were met by other citizens. Mr. J. W. Lewis in an affable, dignified manner introduced, most gracefully, by the following remarks: Fr D. C. Pusey, the mayor of the city. "Gentlemen, officers and stockholders of the Kentucky Soda Ash Company, I made my most profound bow to you, who by your indomitable will, superb financial courage and clear judgment, overcome the doubts of friends and the opposition of enemies, and have brought to a successful competition one of the most magnificent manufacturing enterprises to be found in the South and West. What your works are now turning out, ten tons per day, of the purest and best Soda Ash, marks an epoch in the manufacturing history of Kentucky second to none that has preceded it. The honor was reserved for you, gentlemen, to build and equip in Meade county, Kentucky, the second successful soda ash manufactory in the United States. Gentlemen, we congratulate you on your success and we are as proud of your work as you can possibly be. It is not within the compass of the human mind to calculate or even approximate the great benefits that will result to the future growth and prosperity of our county and State from the successful completion and operation of your manufactory and I now ask for the officers and members of this county from every citizen of Meade county and particularly the citizens of Brandenburg a fair, liberal and generous support in all their future efforts to improve their plant and increase their capacity. Gentlemen I now have the honor and pleasure of introducing to you as the representative of the people of Brandenburg, one of our most liberal-minded, energetic and progressive citizens, chairman of our Board of Trustees, Dr. D. C. Pusey, who will welcome you as our guests. Dr. Pusey arose and in a brief, concise and fitting manner welcomed to our little city those enterprising gentlemen after which they all proceeded to the St. Cloud Hotel where Col John Frakes and his most estimable wife served an elegant dinner in courses. Oyster soup and celery; roast turkey and cranberry sauce, beef and potato salad garnished with parsley and every vegetable in season; mince pie with bourbon sauce; pink gelatine with whipped cream; white lily and coconut cakes; apples and grapes; coffee, tea and milk, but no wine at table. Covers were laid for thirty. All Louisville men and Dr. Pusey composed the first sitting. Ten of the committee formed the last. The stockholders are as follows: P. B. Reed, President, and who responded to the welcome address by Dr. Pusey; Frank Gray, Vice-President; J. M. Clark, General manager; S. L. Jefferson, Secretary and Treasurer; Dr. F. Furicks, St. Louis, Chemist; George C. Norton, J. J. Hautison, C. L. Robinson, J. A. Vandiver, John Keller, Joseph McWilliams, E. C. Warren, John W. Lucas, J. E. Wright, C. A. Warren, E. H. Conor, Theodore Ahrens, James O'Connor, Henry Ott, G. M. Cusop, H. C. Warren, C. L. Baird, Henry Jefferson, Edward Stutcliffe, W. C. Gorland, Gilmore Adams, Charles Hegewald. They were perfectly satisfied with the workings of the factory and have expended \$140,000 already and a large sum of money was raised among the stockholders at the Court-house in the afternoon to finish their work. The day was a memorable one for this people and we confidently hope and believe this enterprise now in its infancy may go on to maturity to enrich our county, our State and her people. Everybody knows that the conditions for health are not favorable when the stomach, liver, and bowels are disordered. In such cases, headache, indigestion and constipation are the result; for all which ailments the proper remedy is Ayer's Cathartic Pills. To Handle Their Cash. The enterprising firm of Wm. Vest & Sons have just added a new and novel feature to their already good facilities for handling their business. It is the cash carrier system. In this day and time when everybody's on the rush, and all want to be waited on at the same time, it is absolutely necessary to have some kind of a quick and convenient device by which you can accommodate all and do it quickly and at the same time correctly. The growing trade of the Vest's demanded something of this kind. You can step into their store, make your purchase, hand over your money and if change is coming back to you, you get it in less time than it takes to write this. The money is placed in a little cup, sent whirling over the wires to the counter in the rear of the store and in a minute's time it comes whizzing back. It does away with all the trouble of waiting and running around after a salesman for you change. Drop in and buy something and let them show you how it works.

BRANDENBURG. To-day (19) Pros Richardson and Miss Myrtle Brown, both well and kindly known here, take matrimonial vows.

That is What the Good People of This Town Are After Now. Preliminary Meeting Held at the Baptist Church Monday Night. A GOOD CROWD PRESENT. According to previous announcement a goodly number of men and women, old and young met at the Baptist church Monday night to take steps to secure a vote on prohibition in this city and magisterial district. The Hon. Jonas D. Wilson, chairman of a former meeting, being absent, Rev. S. G. Shelley was called to the chair. Rev. Rutledge led in prayer. Brother Shelley then stated the object of the meeting. He said it was a work in which he had felt a very deep interest since he first became a citizen of the town. That he was glad to see it taking some tangible form and he hoped success would crown the efforts being made. He said that it was not that he had any ill feeling to those who were engaged in the business but it was the business, the sin and sorrow that it brought on others, was why he so much opposed it and was anxious to see it wiped out. Following Bro. Shelly's remarks a committee was appointed to secure the requisite number of names to call the election. Bro. Rutledge suggested the appointment of a committee to communicate with other districts in the county and ask their aid and cooperation in their work. The chair appointed Prof. Logan, H. C. Murray, R. F. Heyser and W. O. Allen. Prof. Logan was in favor of taking a poll of the district before any further action was taken. He said he thought it best to see how the voters stood, there were cries of "No! No! go right on with it—We can carry it." The Professor saw he was very much in the minority and yielded the floor. A finance committee was then appointed consisting of J. H. Moorman, Chas. Smith and Chintz Royalty. After a few remarks by Prof. Logan in which he said some good words for the cause, and heartily endorsing the movement, the meeting adjourned to meet again Friday night December 28.
