Advice to Consumptives
There are three great remedies that every person with weak lungs, or with consumption itself, should understand. These remedies will cure about every case in its first stages; and many of those more advanced. It is only the most advanced that are hopeless. Even these are wonderfully relieved and life itself greatly prolonged.
What are these remedies? Fresh air, proper food and **Scott's Emulsion** of Cod-Liver Oil with Hypophosphites. Be afraid of draughts but not of fresh air. Eat nutritious food and drink plenty of milk. Do not forget that Scott's Emulsion is the oldest, the most thoroughly tested and the highest endorsed of all remedies for weak throats, weak lungs and consumption in all its stages.

DEATH OF HENRY O'BRIEN.
The End Came Suddenly and Was a Shock to Friends.

His Demise Was Caused By Acute Bright's Disease.
On Friday the whole community was shocked by learning of the sudden death of Henry M. O'Brien. He was a fireman on the Henderson Road and was exceedingly popular with all who knew him.
He was taken sick Monday, but as his illness was not considered alarming, very few were aware of the fact that he was off duty. On Thursday he developed symptoms of an alarming nature and it was found that he was suffering from an attack of bright's disease. His death took place at 4 o'clock Friday afternoon.
Henry M. O'Brien was born near Hodgenville, La Rue county, August 11, 1875. He moved with his family to this city in 1884 and attended the common schools here and at Hite Run. He has been working for the L., H. & St. L. railroad company for several years and at the time of his death was a fireman on engine 7.
He had many fine qualities and his unflinching good nature and loyalty to his friends made him very popular with everybody. He possessed a fine physique and disposition and had he lived longer would undoubtedly have risen to a responsible position in his trade.
He was a member of the A. O. U. W., and carried an insurance policy for \$1,000 with that order.
The funeral took place Sunday, the interment being in S. Romuald's cemetery at Hardinsburg. The A. O. U. W. attended in a body and over 50 persons went from here to Hardinsburg to assist at the last sad rites that were performed over the remains of the deceased.
The floral offerings were numerous and beautiful. Wreaths, shields, crosses and anchors, composed of cut flowers and immortelles were sent by friends from this city and Louisville.
The deceased leaves a father, mother and five brothers, all of whom have the sincere sympathy of the whole community.
The following resolutions were adopted by the A. O. U. W., of which lodge he was a member:

RESOLUTIONS ON THE DEATH OF BRO. HENRY O'BRIEN.
WHEREAS—Almighty God in His own appointed time hath taken our beloved brother from our midst, be it therefore Resolved,—That in our brother's death this lodge has lost a true and faithful workman, one who had the true spirit of a fellow workman and one who was ever ready to lend a helping hand in time of need. He no longer answers the roll call here, his spirit has gone to join the celestial lodge above. His voice will no longer be heard among us but we cherish his memory as a shining light in our beloved order, therefore be it Resolved,—That a copy of these resolutions be spread on the minutes of the lodge and a copy to be sent to the family of our deceased brother.

Public Statement From A Public Man

Hon. W. H. Obley, Ex-Secretary of State of West Virginia, writes an open letter.
CHARLESTON, W. Va., Mar. 9, 1898.
To whom it may concern:
"I most heartily recommend Pe-ru-na as of great benefit in cases of catarrh. It is especially beneficial wherever the mucous membranes are affected. As a tonic it certainly has no superior."
W. H. OBLEY, Ex-Secretary of State.

Pe-ru-na has cured thousands of obstinate cases of catarrh, and is perhaps the only efficient remedy in existence for catarrhal diseases; but there are countless multitudes of people who are still struggling with catarrh and need help. To such as these the unqualified recommendation of Pe-ru-na by Ex-Secretary Obley is directed. Pe-ru-na is scientific and purely vegetable. All druggists sell it.
