CRITICAL PERIODS In Woman's Life Are Made Dangerous by Pelvic Catarrh. Mrs. Mathilde Richter. Mrs. Richter says: "I suffered from catarrh for many years, but since I have been taking PERUNA I feel strong and well. I would advise all people to try Peruna. As I used Peruna and Man-a-lin while I was passing through the change of life, I am positively convinced your beneficial remedies have relieved me from all my ills." PERUNA has raised more women from beds of sickness and set them to work again than any other remedy. Pelvic catarrh is the bane of womankind. PERUNA is the base of catarrh in all forms and stages. Mrs. Col. Hamilton, Columbus, O., says: "I recommend Peruna to women, believing it to be especially beneficial to them." Sent for a free book written by Dr. Hartman, entitled "Health and Beauty." Address Dr. Hartman, Columbus, O.

She resembles her mother, who was a very pretty girl indeed. Misses Eva Hensley, Hardinsburg, and Georgia Moorman, Glendene, are visitors of Miss Mary Lewis. Miss Eva is a favorite in social circles here and a charming girl. Miss Moorman is quite handsome. I am sure no one in all of Brandenburg enjoys the contests, commencement and recitals more than Mrs. Dr. Hardin, who in her young days was a natural elocutionist and a dramatic impersonator of character. She keeps alive her interest. John T. Ditto and Miss Emily Starr Hamshur, of Decatur, Ill., will be married June 28th at her residence in that city. The young lady is said to be quite handsome and accomplished. She is a graduate of the Chicago and Boston Conservatories of music. They will take a trip on the lakes until after July 4th when they will make their home in Illinois for the present. John T. Ditto is a handsome young bachelor with the well known tall concern Kahn, Fellowship & Co., of Cincinnati, O. This place is his home or near here on the Franklin Ditto farm, where he was reared to young manhood and where he numbers a host of friends. John T. was always one of my particular favorites from his childhood. He's one who appreciates and values a true woman and pure friendship (not that I do not think there are many) and such a man invariably makes a good husband. All the Ditto boys are good husbands. Mothers who would keep their children in good health should watch for the first symptoms of worms and remove them with WHITE'S CREAM VERMIFUGE. Price 25 cents. Married At Cannelton. D. F. Goodman and Miss Lawrence, of Glendene, were married at Cannelton Monday, June 18th, returning to their home in the afternoon. The News man met this happy couple at Irvington and joins with their many friends in wishing them all happiness and good luck.

FARM NOTES. Wheat harvest has begun in Henderson county. WHEAT IN KENTUCKY. The June report of the State Commissioner of Agriculture makes the following estimate: The condition of the wheat has declined from 100 on May 1st to 89 June 1st. The decline is due mainly to ravages of the Hessian fly, although some damage is attributed to the dry weather prevailing during May. Some complaint is made of short heading, and where growth was rank it is badly lodged and tangled. It is estimated that 17 per cent of the acreage has been injured by Hessian fly. MEADE COUNTY. Wheat will be about half a crop; it is heading out very low. Oats will also be short. Corn is a good stand and growing finely. The canker worm has destroyed many orchards this season, so the crop will be very short; there will be a fair crop of peaches and a good crop of cherries; all kinds of small fruit promise splendid crops. It would be far from the truth to say that rice growing in the south is overdone, even with periods of depression in the markets and continued low prices. So long as we import annually this cereal to the extent of 200 million pounds, it would seem there is room for extending the rice area of Texas, Louisiana and the Carolinas. The law makes it obligatory upon every person owning or leasing land on which Canada thistles grow, to cut the same, so as to prevent such thistles from going to seed.
