BABY'S ECZEMA

Top of Head Covered with Scales Which Peeled off Taking Hair with Them.

CURED BY CUTICURA

Now Six Years Old with Thick Hair and Clean Scalp. Cure Permanent.

"My baby was six weeks old when the top of her head became covered with thick scales, which would peel and come off, taking the hair with it. It would soon form again and be as bad as before. My doctor said it was Eczema, and prescribed an ointment, which did no good. I then tried Cuticura Soap and Ointment. I washed her head in warm water and Cuticura Soap and gently combed the scales off. They did not come back and her hair grew out fine and thick. She is now a year and a half old, and has no trace of Eczema."

Trying to Sell Brick Plant.

After standing idle for many years the Patton brick plant at Cloverport will resume operation as soon as the building can be overhauled and new machinery can be installed. Mr. W. F. Keates, of this city, closed a deal between the Columbia Finance and Trust Company, of Louisville, receiver of the plant, and Mr. E. A. Glocksen, of Chicago, whereby the concern has been turned over to Mr. Glocksen, an experienced brick manufacturer. The plant will begin operation about the first of July and will have a capacity of 60,000 brick a day, employing a large force of workmen.—Owensboro Inquirer.

R. N. Hudson, of this city, who has been interested in the Patton brick plant, was questioned in regard to the truth of the above item by a representative of the News. He said that Mr. Keates, who is a promoter, is trying to sell the plant, but that if such a deal had been made he is not aware of it.

By Land to Mammoth Cave.

In covered wagons, drawn by four horses and with the sturdy voice of the driver yelling "haw" in a manner that would credit to an overland teamster, a jolly bunch of Whitesville folks came to a halt at Falls of Rough Monday for a short rest. At first sight you would think this company to be a party of immigrants headed for the west but as you bring your focus a little closer and ask a question or so you find them to be a party of really civilized people making an overland trip to the mammoth Cave. There are thirty in the party. Mr. and Mrs. John Kittinger, of Whitesville, are the chaperons. Kittinger is the cashier of the bank at Whitesville and the party is, of course, financially all right as well as every other way. The company is building its own camp fires and providing their rations on the journey.

MANY PEOPLE HAVE CATARRH OF KIDNEYS AND DON'T KNOW IT.

Backache, the First Symptom of Kidney Trouble.

Pe-ru-na Is Invaluable in Such Cases.

Prominent Persons Who Have Been Cured.

Daniel D. Bidwell, Supervisor, Notary Public and a member of I. O. O. F., 160 Pearl street, Buffalo, N. Y., writes: "Having used Peruna for a short time, I desire to write you as to my present condition. 'When I obtained Peruna I was suffering from chronic indigestion and kidney and bladder trouble. It seemed to help the circulation at once. My digestion is now perfect and my kidneys and bladder do not trouble me in any way. In fact, I give Peruna the entire credit. 'Hoping that your remedy will reach all sufferers in a similar case, and thanking you, I remain,'—Daniel D. Bidwell, N. P.

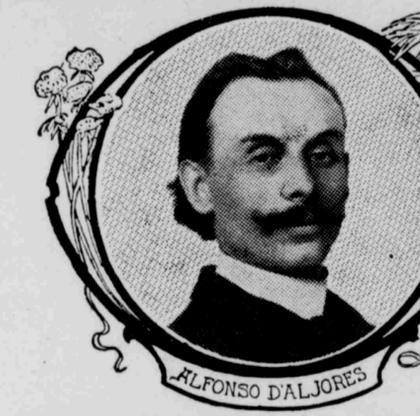

South American Cured by Pe-ru-na.

Count Alfonso d' Aljores, of 287 Plaza del Torro, Buenos Ayres, South America, while visiting in Chicago, wrote from 247 Cleveland avenue, that city, as follows:

"I used Peruna a short time ago to build up my system, which was all run down from overwork, worry and a cold which had settled in my back and kidneys, causing me serious annoyance and trouble.

"When I returned home from work at night, I was so exhausted and worn out, together with the pain in my back, that I felt I would never be able to take up the burden of life again in the morning, but when morning came I would get out somehow. This dragging through life continued for a couple of months, when I decided I would take Peruna.

"I am glad to state that I found it just the medicine for me. In a couple of months I was restored to perfect health and strength, and my work was no longer a burden. I therefore endorse your medicine as worthy of the confidence of the sick."—Alfonso d' Aljores.

Dangerous Kidney Diseases Cured.

At the appearance of the first symptom of kidney trouble, Peruna should be taken.

This remedy strikes at once the very root of the disease.

It at once relieves the catarrhal kidneys of the stagnant blood, and prevents the escape of serum from the blood.

Peruna stimulates the kidneys to excrete from the blood the accumulating poison, and thus prevents the convulsions which are sure to follow if the poisons are allowed to remain.

It gives great vigor to the heart's action and digestive system, both of which are apt to fail rapidly in this disease.

Peruna cures catarrh of the kidneys simply because it cures catarrh wherever located.

A remedy that cures all the catarrhal derangements of the kidneys should certainly be considered a household necessity. Peruna is such a remedy.

A Prominent Merchant Restored to Health By Pe-ru-na.

Mr. John Nimmo, 215 Lippincott St., Toronto, Can., a prominent merchant of that city, and also a member of the Masonic Order, writes:

"I have been in poor health generally for over four years. When I caught a bad cold last winter it settled in the bladder and kidneys, causing serious trouble. I took two greatly advertised kidney remedies without getting the desired results.

"Peruna is the only remedy which was really of any benefit to me. It

seemed to act in perfect harmony with the system, eliminating the poisons, stopping the ravages of the disease and gradually restoring me to health and strength.

We have on file many thousand testimonials like the ones given here. We can only give our readers a slight glimpse of the vast array of unsolicited endorsements we are receiving every month. No other physician in the world has received such a volume of enthusiastic letters of thanks as Dr. Hartman for Peruna.

All correspondence held strictly confidential.
