## IS THE PEACH

### CROP KILLED?

**Local Fruit Growers Differ in Their Opinions.**

Is the peach crop killed, is the question that many are asking since the cold snap of Sunday night. From the opinions of the various local fruit growers who have closely examined the young buds, but little satisfaction is gotten, as they vary widely in estimating the extent of the damage.

Mr. Wm. Ashby, who is considered an authority on all matters pertaining to fruit growing, says that his large orchard was not damaged by the freeze. His opinion is shared by Mr. Fred May, Sr., while Mr. James Mills, of near town, expresses his belief that the crop has been killed. Others who have carefully examined the buds and who have formed the same conclusions as Mr. Mills, are Mr. Clint C. Murray, of near town, and Mr. Al. Ryan, of the Indiana side. Each of these gentlemen is engaged in fruit growing.

Reports from throughout the State are as widely at variance as to the extent of the injury done as are the local fruit growers.

The News—No Pure Drug Cough Cure Laws would be needed; if all Cough Cures were like Dr. Shoop's Cough Cure is—and has been for 20 years. The national Law now requires that if any poisons enter into a cough mixture, it must be printed on the label or package.

For this reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those who know it best, a truly remarkable cough remedy. Take no chance, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop's package with others and see. No poison marks there! You can always be on the safe side by demanding Dr. Shoop's Cough Cure. Simply refuse to accept any other. Sold by Severs Drug Co.

# SPRING AND SUMMER CLOTHES TALK.

**Good Clothes may not make a man, but they make him presentable in either the social or business world. They are essential to success.**

Good clothes give you an air of prosperity. But expensive clothes are not always good clothes. What makes a good dresser is the quality of the goods, combined with the style, fit and finish, and that is not necessarily expensive. The makers of "Fitrite" Clothes have incorporated each of these essential qualities into their product, and as a consequence FITRITE IS FASHION'S MODEL. They wear longer; they look better, and are always in popular favor. The best dressers wear Fitrite. This season's demand for Fitrite clothes has been extraordinarily heavy, and you will readily see why by taking a look through our choice stock. Every conceivable cut, color and fabric in harmony with the season's style. A suit of Fitrite will fix you up for the Spring and Summer and will class you with the fashionably dressed.

## Headwear.

When you select your headwear remember that a scrutinizing public always begins at the top. If your headgear passes muster you're pretty apt to be pronounced a good dresser. You'll be right in line if you're wearing one of our hats, because we have selected the kinds and shapes that are making hits everywhere for this season's wear.

## Footwear.

Your feet must look respectable. You cannot have respectable looking feet without shoes that have both style and comfort. THE SHOES WITH A RECORD—Hamilton-Brown, Friedman Bros. and Thos. Briggs & Co. They have a reputation for quality honestly earned. They give satisfaction in service, and always look well.

## Gents' Furnishing Goods.

Here is where a man's toilet is completed. The finishing touches are very important items to the good dresser. Neckties, collars, shirts, down to the little incidentals are found in our store. Everything new. Many different styles and any one of them the latest. A prettier line of shirts or neckties never adorned the Gents' Furnishing Department of a dry goods store.
