

# AFTER SUFFERING TEN YEARS

Cured by Lydia E. Pinkham's Vegetable Compound

MARLTON, N. J.—I feel that Lydia E. Pinkham's Vegetable Compound has given me new life. I suffered for ten years with serious female troubles, inflammation, ulceration, indigestion, nervousness, and could not sleep. Doctors gave me up, as they said my troubles were chronic. I was in despair, and did not care whether I lived or died, when I read about Lydia E. Pinkham's Vegetable Compound, so I began to take it, and an well again and relieved of all my suffering."—Mrs. GEORGE JORDY, Box 40, Marlton, N. J.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and to-day holds the record for the largest number of actual cures of female diseases we know of, and thousands of voluntary testimonials are on file in the Pinkham laboratory at Lynn, Mass., from women who have been cured from almost every form of female complaints, inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration. Every suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

## Moving Pictures In Prohibition Campaign.

One of the most peculiar developments of the moving picture business is the demand for views for special purposes, according to Frank Conroy, of Chicago, who is financially interested in a number of moving picture houses.

"Manufacturers, lecturers on travel and other topics, prohibition agitators and others find the moving picture a valuable adjunct," declared Mr. Conroy. "With twentieth century enterprise the Anti-Saloon League and prohibitionist lecturers in various States have introduced moving pictures as a substitute for the 'horrible examples' exhibited by John B. Gough and his contemporaries. The modern substitute shows the supposed drunkard in the act of beating his wife or pawing his baby's shoes and later reeling down the street."—Washington Herald.

### Lived 152 Years.

Wm. Parr—England's oldest man—married the third time at 120, worked in the fields till 133 and lived 20 years longer. People should be youthful at 80. James Wright, of Shrook, Ky., shows how to remain young. "I feel just like a 16-year-old boy," he writes, "after taking six bottles of Electric Bitters. For thirty years kidney trouble made life a burden, but the first bottle of this wonderful medicine convinced me I had found the greatest cure on earth." They're a godsend to weak, sickly, run-down or old people. Try them. 50c at Severs Drug Co.

### The Oyster Crab.

Some of the most remarkable crabs in the world live at the expense of other animals. They are crustacean tramps and have no shame in sustaining existence at other animals' cost. One of these marine tramps is a little fellow that makes its home with the living oyster. In fact, it dwells in the oyster's shell and feeds on whatever is left over from the mollusk's dinners. Oddly enough, however, it is only the female that has this habit of "boarding out." The male crab has no permanent home, but spends its time swimming about at the surface of the water. Oyster crabs sometimes are big enough to have an arm stretch of an inch. Epicures consider them very good to eat. Sometimes they are cooked separately, and occasionally they are pickled. Crabs of nearly allied species, somewhat bigger, are found in the shells of mussels and scallops. In this case, again, only the female is a parasite.

## Where Lawlessness Begins.

At the last session of the Ohio Legislature an act was passed making illegal the organization or maintenance of secret societies in the public schools of the state. The law was the result of a general and growing belief that secret societies—Greek-letter fraternities, or sororities, as they are commonly called—are a menace to the wholesomeness and democracy of public-school life.

This opinion is held by the more intelligent and better informed people of all the states.

But now the pupils of the public schools who are members of secret societies, or desire to be, have revolted. They are reported as determined to fight the new law, and as having raised a fund to pay counsel.

In other states, notably in Massachusetts, there have been similar revolts against authority, in these cases the authority of the school committee rather than the legislature; and discipline has not always been maintained.

In all these cases, something is at stake which is far more important than secret societies. It is the whole question of respect for and obedience to the law. The parents who do not see this are blind to their duty.

Children in this country are too often permitted to disregard municipal laws and police regulations, and are not even rebuked for their lawlessness. But pupils in the public schools can do nothing in defiance of the laws of state, city or school committee unless they are aided and supported by their parents. It is time there was right thinking and plain speaking on this matter, and that responsibility be placed where it belongs.—Youth's Companion.

Everybody is likely to have kidney and bladder trouble. In fact nearly everybody has some trouble of this kind. That is the reason why you so often have pains in the back and groin, scalding sensation, urinary disorders, etc.—that's your kidneys. The best thing to do is to get some of DeWitt's Kidney and Bladder Pills right away. Take them for a few days or a week or so and you will feel all right. In this way, too, you will ward off dangerous and possibly serious ailments. They are perfectly harmless, and are not only antiseptic, but allay pain quickly by their healing properties. Send your name to E. C. DeWitt & Co., Chicago, for a free trial box. They are sold here by all druggists.

### Lesson in Good Roads.

The state engineer of New York in a recent report says that in 1907 New York built 311 miles of good roads.

Mrs. L. B. Moremen, after spending several days in Brandenburg the guest of Mr. and Mrs. A. Moremen, returned Tuesday.

The private school closed on last Friday.

Strongest in opposition. New Jersey and Massachusetts took up the work before New York, but now the Empire State is getting in line. By the time the \$61,000,000 shall have been spent the three states, which all join at points, will have a great system of roads. One may leave Philadelphia and reach Boston on highways smooth and solid. A good automobile may easily beat the trains on this trip, and surely the pleasure is much greater.

Highway Seven Hundred Miles Long. A highway stretching in a direct line of 700 miles from Atlanta to Washington is now the subject of promotion on the part of the Good Roads club of Georgia.

Can you believe your senses? When two of them, taste and smell, having been impaired if not utterly destroyed by Nasal Catarrh, and fully restored by Ely's Cream Salve, can you doubt that this remedy deserves all that has been said of it by the thousands who have used it? It is applied directly to the affected air-passages and begins its healing work at once. Why not get it today? All druggists or mailed by Ely Bros., 56 Warren Street, New York on receipt of fifty cents.

### Letting Him Down Easy.

A young man of very limited means after the marriage ceremony presented to the minister 27 cents, all spread out on the palm of his right hand. "This is all I've got, parson," he said. Seeing a disappointed look in the minister's face, he added, "If we have any children we will send them to your Sunday school."—Success Magazine.

## CURE YOUR KIDNEYS.

No Need To Take Any Further Risks.

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness, headaches, languor, why allow themselves to become chronic invalids, when a certain cure is offered them?

Doan's Kidney Pills is the remedy to use, because it gives to the kidneys the help they need to perform their work.

If you have any, even one, of the symptoms of kidney diseases, cure you self now, before diabetes, dropsy or Bright's disease sets in. Can Cloverport residents demand more convincing proof than the following:

Mrs. Charles Stephens, 526 Clay St., Owensboro, Ky., says: "I have used Doan's Kidney Pills, and believe they are a good remedy. I did not take them exactly as directed but they strengthened by back and relieved me of the acute pain. When I felt better, I would stop taking them instead of continuing their use until a complete cure was effected. I am now improved in many ways since using Doan's Kidney Pills and can recommend them to those suffering from kidney trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

## A GREAT RUNNER.

One of His Feats of Which He Had to Be Reminded.

"I'm the real thing as a runner," said Howard James majestically as he seated himself at the first home dinner since his return from college. His mother and sister looked at him in sheer admiration.

"Yes, mother, I wish you could have been at the university to see me run. During the football season I ran away from every one on the team. They were not in it for a minute. In the classes I took the lead, leaving them in the lurch. I always stood highest in my lectures. And then when it came to selecting a president for the class I made the race. When the voting started I ran second, but at the last, well, I ran ahead of all the other candidates. There's no doubt about it, I'm a runner. Of course, when the baseball season opened the crowd wanted me to get on the team. At first I hesitated because I realized my superiority, but persuasion succeeded. I went on the team, and the way I ran bases was a positive shame. Then I went into the track meet. I ran ten yards in ten seconds, almost equalling the world's record. Yes, I am a runner. Then—"

"Then you ran into debt," interrupted Old Man James, with a distinctive grunt, "and I have to pay you out."—St. Paul Pioneer Press.

If you expect to get the original Carbolized Witch Hazel Salve you must be sure it is DeWitt's Carbolized Witch Hazel Salve. It is good for cuts, burns and bruises, and is especially good for piles. Refuse substitutes. Sold by all druggists.

### Woman and the Jewish Talmud.

The Jewish Talmud has these sentences about women: "A good wife is heaven's noblest gift. A housewife never allows herself to be disturbed from her work. Even while conversing she is busily spinning. An old, experienced woman in a household is an ornament to it like a pearl. He who lives in an unmarried state knows no joys, none of the blessings of home, and is without support. The man who stands at the deathbed of his wife feels like those who saw the temple of Jerusalem reduced to ashes, for the wife is the temple in which each man finds repose and quiet, where he rests after the labors of the day and where he can give expression to his feelings, joyful and mournful. God has given to woman more ability of judging correctly than man."

### Kills To Stop The Flend.

The worst foe for 12 years of John Deye, of Gladwin, Mich., was a running ulcer. He paid doctors over \$400.00 without benefit. Then Bucklen's Arnica Salve killed the ulcer and cured him. Cures Fever-Spree, Boils, Felons, Eczema, Salt Rheum. Infalible for Piles, Burns, Scalds, Cuts, Corns. 25c at Severs drug store.

## NEW TYPE OF ROAD.

Combination of Brick and Concrete With Sand to Distribute Pressure.

With contract work about to begin on millions of dollars' worth of new roads in New York state there is naturally much curiosity as to whether or not any new ideas in construction will be tried. The state engineer's recent report indicates that the ordinary macadam does not last well under the impact and friction of automobile traffic, which is rapidly increasing, and roads well suited for the demands of a decade ago fail to give satisfaction proportionate with their cost under modern conditions.

It is improbable that the ideal form of construction has been discovered, although the building methods are very numerous. A Brooklyn inventor claims to have embodied scientific ideas in a form of road for which he has been granted patents and for which he makes strong claims. It has a surface of paving brick block joined with cement and supported by large blocks of concrete. Through each block run several vertical holes, and in these, according to the inventor, lies the virtue of the idea.

The holes are filled with sharp sand, and between the brick surface and the supporting blocks is placed an inch layer of sand. This road, it is held, cannot be broken down. The sand distributes pressure upon the surface against the sides of the holes instead of vertically. Drawing moisture from the ground, it will present a springy, elastic base, for which a life of many years is anticipated. The new road has many other advantages—in theory, at least. It is probable that an offer will be made to give an actual illustration of its value to those interested in the construction of new state highways.

## Smashes All Records.

An all-round laxative tonic and health builder no other pills can compare with Dr. King's New Life Pills. They tone and regulate stomach, liver and kidneys, purify the blood, strengthen the nerves; cure Constipation, Dyspepsia, Biliousness, Jaundice, Headache, Chills and Malaria. Try them. 25c at Severs drug store.

### A Severe Sneeze.

Grateful Mother—Oh, are you the noble young man who rescued my daughter from a watery grave? Noble Young Man (who is truly modest)—Yes, madam, but I assure you I only did it from a sense of duty.—Exchange.

## Children Cry FOR FLETCHER'S CASTORIA

THE WORLD'S GREATEST PARK  
Riverview—Chicago's Dazzling Fairland of Amusement Devices.

To see Chicago at play one must go to Riverview. Great cities are attractive in gay moods and "the metropolis on the lake" is never merrier than when disporting itself in this wonderful park.

The Roman hippodrome cannot be compared with this great park, either in magnitude, fabulous investment or attendance. Frequently 250,000 men, women and children are within the enclosure of the vast and beautiful resort. Instantly after one enters the white masonry of the gates and till he emerges, he is mystified, bewildered, entranced. Broad vistas lead everywhere to turreted pavilions, circuses, theaters, ballets, "Streets of Cairo," ball parks, casinos, water chutes, cascades, electric launches, miniature railways, "Wild West Shows," aerial coasters, menageries, Japanese pagodas and open air concerts by the world's finest bands.

Riverview is a festival city, with its chimes of bells, peals of organs, roar of trains, cooling swish of waters, dashing

of foaming lakes, boat whistles, stringed instruments, "tom-toms," euphonies of bagpipes, chanting of Indians, hymnals in sacred plays, yells of cowboys, reports of rifles and crash of artillery, roaring of lions, vocalizations of a million birds and animals, jubilee singing, shouts and laughter, and sounding above all, the majestic strains of Bolshuir Kryl's great band.

Its Chutes cascade, 500 feet in mid-air, spray crystals of water in continuous rainbows. Gay gondolas descend in clouds of mist, dashing downward until they skim the surface of the lake, lashing its transparent waters into foam. Laughter and shouts of delighted passengers accompany the musical murmur of the falling cascades.

In a thrilling "Wild West" cowboys and Indians exhibit feats of broncho riding. The biblical story of Babylon is enacted by 1,000 young men and women in the classical costumes.

In Big Otis's Animal Jungle, "Miss Dixie," young, pretty and fearless, enters a den of lions, jaguars, panthers and wildcats. She seizes the jaws of a Nubian lion, forces them open and thrusts her head between great teeth that gleam dangerously against her white breast.

A naval battle between the Monitor and Merrimac; the "Kyfhausen," the mountainous retreat of Emperor Barbarossa, and Paul Revere's ride are historical.

Camels and elephants bear laughing children; in the "Circus" tiny insects perform incredible feats; a pony hippodrome, living pictures, Turkish dancers, circle and waltz swings, motor and submarine boat, deep sea divers, live whales, skating rinks, velvet and aerial coasters, mechanical minstrels, "Thousand and One" waterworks, Japanese gardens, Chinese pavilions, double whirls and endless delight-imparting devices form a series of pines, palaces, courts and fountains.

Over a low, an emerald forest under an opalescent sky, glimmers with a silvery and a brilliant diamond lakes. At night this veritable fairland has myriads of lights that whirl and flash and shimmer a rainbow haze on gay throngs. A more beautiful fairy spectacle was never conceived.

# Poultry Secrets Disclosed!

THERE are secrets in the poultry business, as in any other; the best methods and newest discoveries seldom reach the amateur poultry raiser and the general public for years after they are originated. A new method of absolutely insuring the fertility of setting eggs, for example, has

## Enormous Cash Value

and its discoverer is not to be blamed for keeping it to himself. Now, for the first time, the secrets of many of the most successful poultrymen are made public. No confidence has been violated; every secret has been

## Obtained in an Honorable Way

(1) by outright purchase; (2) by free permission given the author, Michael K. Boyer; (3) by collecting old, valuable, but little known methods; (4) by Mr. Boyer's own experience covering 30 busy years. Since this book was first advertised four or five months ago, it has been necessary to print eight editions, and many new and valuable secrets have been added to the original book.

In this cock properly held "Poultry Secrets" tells you how to carry fowls, and scores of secrets far more important and hitherto unrevealed.

**Read What Purchasers Say**  
I received Farm Journal and "Poultry Secrets," and am very much pleased with both. The secrets are worth their weight in gold. Why I paid \$3 for the special oats method. You certainly give a fellow over his money's worth.  
ANDREW J. G. MORLEY, Utica, N. Y.  
Received your book of "Poultry Secrets." It's an exceptionally instructive work, and worth \$10 to any progressive poultryman. I would not care to take that for my copy if I could not get another.  
ROBT. F. KINGLAND, Montville, N. J.  
As to "Poultry Secrets," I will say, I have lectured on this subject over the greater portion of this state for the past fifteen years, and have about every book that is published on this subject in my library, and I consider this book yours the most valuable I know by far for the general public.  
L. A. RICHARDSON, Marine, Ill.  
Your book "Poultry Secrets" received, also the February and March numbers of the Farm Journal. Entirely satisfied with all three. Not more than my money's worth on any one page of other publication.  
F. L. VANDERBURG, Hereford, Texas.

## A Few of the More Important Secrets

Boyer's new system for insuring fertility of setting eggs.  
Wood's ingenious method for saving the weak incubator chicks.  
I. K. Felch's System of In-breeding without the least loss of vitality.  
Selecting the laying hens—the central thought of the so-called Hogan, Potter and Palmer Systems.  
The Philo System, a brief outline telling what it is and for what it is valuable.  
Several new food formulas, many of them the same as expensive "patented" foods.  
The "15-cent-a-bushel" method of producing green feed.  
Greiner's Corn Feeding System; and other new rules for feeding corn and grain.  
Truslow's Secret of obtaining high market prices for poultry stock.  
The Angell method, admirably adapted to the small flock in village or suburb.  
Grundy's method of obtaining bulky food at a cost of 8 cents a bushel.  
Dr. Wood's Secret of Laying Food for producing eggs.  
Professor Rice's Fat Hen Secret explaining why lean hens don't lay.

## AND MANY OTHERS, NOT ENUMERATED HERE

It would be absurd to expect every bit of this information to be unknown to everyone; I make no such claim. But to the great majority of poultrymen it will be absolutely new, and of great value.

**ABOUT FARM JOURNAL.**—Farm Journal has for thirty years made a specialty of poultry; this department is ably edited and more valuable than many specialized poultry papers. This is only one section, however, of a remarkable magazine—monthly, with 600,000 subscribers. NOT a dry, technical farm paper, badly printed on cheap paper, full of medical and trashy advertisements, but a magazine for the home—town, village or country; well printed and illustrated, clean, clever, quaint, and always cheerful; intensely practical; usually at home on a thousand-acre farm or on a suburban garden; and in a dozen ways UNLIKE ANY OTHER PAPER.
