BRIDGE WORK is a feature of Dentistry that is becoming widely known and extensively practiced. It is one of the modern methods for Replacing Lost Teeth. It gives the teeth the most natural appearance without the use of a covering to the roof of the mouth as in artificial plates. To fastidious people this is a great boon. For further particulars about this beautiful and satisfactory work see J. W. A. WALKER, Dentist Hardinsburg, Ky. Office over Bakery

ARE YOU A SALARIED MAN? Do you live on a certain allowance each month, or do you "have money to spare?" Do you have to figure close to make ends meet or do you waste money on idle pleasures? In any case you cannot afford to be without a bank account. No matter how small your salary you can and SHOULD have a little here and a little there in order to provide for the future. If you spend your money foolishly, you can soon get out of the habit by depositing a little each week or each month. Persistent saving, with the liberal interest we add, will make the account grow surprisingly fast. \$1.00 will do to start with. The Farmers Bank, Hardinsburg, Ky.

effort to get Home Economics Clubs in every county in the State and hopes for a club in every school district in the future. I hope Breckenridge county may have a number in the near future. I should be glad to hear from everyone in the county who is interested in having a Home Economics Club in their town or locality. I will freely give any information or help that I can in getting the work started.

Mrs. Chamberlain's Work For Kentucky

Back there in the kitchen is no longer a hiding place for a talent. Women are developing the most important sciences for living over the skillet and tea kettles. Here is where the work for a greater state, a greater nation is beginning. Home Economics is the most thought of subject today by women of brains who are directing their mentality in their homes—not fine clothes, cheap jewelry and lace curtains, but the substantial things for making the home comfortable, healthful and happy are woman's supreme interest. So much is the desire for instruction along these lines that the Agricultural Departments of the states are employing instructors of Home Economics to work in connection with farmers institutes. Mrs. Chas. Chamberlain, of Irvington, whose specialty is Home Economics, has been working for Kentucky. She gives lectures on home economics, organized home economics clubs and also places the work in clubs that are already organized. Mrs. Chamberlain writes of her work as follows: I have had no trouble in getting the people to take hold of the work. They readily see how much the work is needed and what it means to the future citizenship of our state. I have traveled over two thousand miles in the past month. Some of this was done in the mountains of Kentucky where only a strong pair of mules and a heavy wagon could go. In spite of the hard travel, the work is a great pleasure to me. The hospitality of those mountain folk and their expressions of appreciation, the great need of science that I saw, was compensation enough as the State could not pay me. Kentucky is making an

MANY WOMEN CARRY BANK ACCOUNTS This bank has opened a Women's Department, that is, we are delighted to have women depositors. We know that women are better financiers than men, but they have never had an opportunity to develop their talent for saving and managing the funds of the household. Men have come first in making bank deposits and looking after the cash. But the list of women who are taking advantage of the conveniences of banking facilities is growing and we are pleased to have our bank as their depository. We cordially invite all women to carry their accounts with us. FIRST STATE BANK, :: Irvington, Ky. J. C. PAYNE, Cashier

Notice To Taxpayers! I or one of my deputies will be at the following places on the dates mentioned below and one of us at our office every day.
