Epidemic of Measles in Cloverport—School Closes For Two Weeks—Children Peppered Good and Proper.

EVERYBODY RUNNING FROM IT

Thursday morning in the primary room of Miss Julia Wroe only five little tots out of fifty one regular attendants were present. The rest were home either peppered with measles or hiding from it. The school closed Monday for two weeks on account of the epidemic.

Miss Cowherd, Prof. Marshall and Prof. Meador left for their homes Friday. Superintendent McCoy seriously regrets the closing of the school, but is anxious that the children will escape any serious effects of measles. Children should be careful not to strain their eyes.

One little girl was given a doll by her big brother to look in the mirror at herself. She was completely horrified and cried herself to sleep over her ugly little face.

"If I die and then get well of the measles, could I come back?" asked little Kathrine Phelps.

Many of the children are conscious for the first time what it means to be sick a-bed.
