

PROF. V. O. GILBERT WOULD HEAD SCHOOL SYSTEM

Announces His Candidacy for Democratic
Nomination for
SUPERINTENDENT OF PUBLIC INSTRUCTION

His Life Has Been Devoted to the Work

Professor V. O. Gilbert of Franklin, assistant state superintendent, has announced himself a candidate for the Democratic nomination for state superintendent of public instruction in the August primary election.

Born and reared on a farm, experienced in the hard school of poverty, he early chose teaching for a profession and for over thirty years has faithfully and continuously worked in the public school system. Teaching in country schools, serving as county superintendent, city superintendent, being for more than six years a member of the faculty of the Western Kentucky State Normal, and having been assistant state superintendent for nearly three years and a half, has given him special training for the office he seeks.

During all these years Professor Gilbert has made a thorough study of the conditions and needs of the public schools of Kentucky. His announcement follows:

"To the People of Kentucky:
"I am a candidate for the office of superintendent of public instruction,

career at the age of sixteen in a country school, I have served as best I could as teacher in the rural schools, as county superintendent of schools, as city superintendent of schools, as instructor in one of our state normal schools and as assistant for over three years to the state superintendent of public instruction during the present administration.

"During this long career as a school man, I have never wavered in my devotion to the schools of my native state. It has been and will continue to be my life's work.

"I am familiar with all the duties of the office to which I aspire, and I am familiar with the entire field from actual experience.

"If I am nominated and elected, I pledge myself unreservedly to the following policies:

"First—To administer the office of state superintendent as economically as it can be done, consistent with efficiency.

"Second—To co-operate with the county superintendents of the state, and to aid them in every possible way

and surgeons in the state, who will operate the institution on the plan followed in the best tuberculosis sanatoria in America, particularly those of the Adirondacks and of Colorado.

Arrangements for preliminary examinations and reservations for admission to the sanatorium are already being made to the Louisville Anti-Tuberculosis Association, with whom all physicians or patients are expected to communicate.

The Court of Last Resort.

Around the stove of the cross roads grocery is the real court of last resort, for it finally overrules all others. Chamberlain's Cough Remedy has been brought before this court in almost every cross roads grocery in this country, and has always received a favorable verdict. It is in the country where man expects to receive full value for his money that this remedy is most appreciated. Obtainable everywhere.

Right or Wrong He Is a Man.

Senator Camden will reach home about next Monday, the 15th, or sooner. He has worthily worn the mantle of the distinguished men whom Woodford has furnished to the national congress in years gone by. The Washington Star of last Thursday, speaking of Senator Camden, said that no Senator had ever accomplished more in so short a time. In a few months he has made an impression on the Senate chamber which will not soon be effaced. Even those who differed most violently from him on questions of legislation must perforce respect him. He has at least stirred within them

"That stern joy which warriors feel
In foemen worthy of their steel."

As I have already stated in these columns, I have agreed with Senator Camden most thoroughly on the Ship Purchase Bill, and have taken pleasure in endorsing him absolutely. But those who think he was right, and those who think he was wrong, can all unite most heartily in agreement on one point—right or wrong, he is a MAN!—A. A. E. in Woodford Sun.

BLACK KNIGHT!

Black Knight, registry No. 20,111, is a big black Jack, white points, 15½ hands high, big bone and foot. He is one of the famous Kentucky mammoth Jacks. Plenty of colts to show.

The above Jack will make the present season at my farm 2 miles east of Stephenson and Union Star Road, and will be permitted to serve mares at \$8.00. Each season due when colt is foaled or when mare is parted with. Lion retained on colt until season is paid. Not responsible in case of accident.

A. V. WHITWORTH, Owner

PROF. V. O. GILBERT.

subject to the action of the Democratic primary, August, 1915.

"This office is one of the greatest importance to the state, and every man who offers himself as a candidate for it should be able to give satisfactory evidence of fitness for the high position.

"The best evidences of fitness for any school position are devotion to the cause of education and professional training. No man is worthy of the great office of state superintendent whose life has not shown a singleness of purpose in the work of education; and no man can be capable unless he has had a rich experience in the kinds of duties that prepare one for the state superintendency. These duties are of three kinds: Actual teaching in the public schools, supervision of public schools, and administration of public schools.

"By these standards I am willing to be judged, recognizing that it is the right and the duty of the people to select the candidate best qualified by nature and training for the position.

"In the first place, I want the position and want it intensely, because it is a high honor, because it is a promotion, because it offers a field for faithful service, because I feel that I am competent to perform the duties of the office, and because I will do my very best to merit the confidence reposed in me.

"For more than twenty-two years I have given my life to school work in this my native state. Beginning my

in the great work of building up an efficient system of schools. My policy shall always be to help, not to hinder.

"Third—To make the department of education serve the classified cities in every possible way. To this end I shall seek for ways to serve the city boards of education and city superintendents.

"Fourth—To co-operate in every helpful way with the boards of which the state superintendent may be a member.

"Fifth—To the organization of courses of study, so as to adjust the educational machinery and work of the schools to the practical living needs of the community at large, and to hold constantly before the children examples of temperance, culture and good citizenship.

"Sixth—To co-operate especially with the illiteracy commission. The state superintendent is made by law a member of this commission, and I shall most heartily co-operate with the commission in its great work of eliminating adult illiteracy and illiteracy in general.

"My whole heart, my very life, is in the work; I have had the opportunity for all this training; I have done my best wherever I have worked; and I shall redeem to the letter in good faith every promise made or implied in this announcement. Upon this platform I am earnestly seeking the suffrage of the voters.

"Yours for service,
"V. O. GILBERT."

being made from a number of counties in the state.

Extensive additions and equipment have been added and the Anti-Tuberculosis Association is devoting the greatest part of its effort and funds to the establishment of the sanatorium on a permanent basis and with a broader field for its future operations.

The cost of treatment will continue to be kept low for patients and will be at actual cost or less, the deficit being made up by the funds of the Anti-Tuberculosis Association and its contributors.

The medical conduct of the institution will be under the direction of the Medical Advisory Board, composed of twenty-five of the best known phys-
