## LOVING TRIBUTE

### PAID MRS. HENDERSON

Funeral Services Held Last Wednesday Afternoon at Irvington From the Methodist Church—Beautiful Flowers.

### INTERMENT AT CEDAR HILL.

Irvington, June 23.—(Special.)—The funeral of Mrs. L. E. Henderson was held from the Methodist church last Wednesday afternoon at 2 o'clock. The Rev. J. T. Wade conducted the service which was brief, but fraught with deep meaning and depicted the lovable characteristics of this young wife and mother. The floral offerings were beautiful and expressed the feelings of so many, especially, beautiful was the blanket of green, mingled with sweet peas, presented by her niece, Helen Board, who loved her aunt devotedly. The employees of the L., H. & St. L. R. M. sent a handsome wreath of lilies. The interment took place in Cedar Hill cemetery. The active pall-bearers were: N. B. Netherton, J. M. Herndon, C. H. Claycomb, E. H. Shellman, E. D. F. Alexander, John Galloway. The honorary pall-bearers were: Chas. Bandy, J. C. Crutcher, John Haggin, John Nevitt, Dr. Foote, Mike Lyddan. Those from a distance who attended the funeral were: Mrs. Jennie Pennington, of Louisville, Mrs. Fannie Cain, of Indianapolis, Mrs. Grace Conover and Miss Bertha Foote, of Owensboro, Miss Mary E. Alexander, of Louisville.

The death of Mrs. Henderson was a great shock and deep grief to Irvington and its community. She was operated on at noon last Monday and died at 8:30 that evening, the operation being too late to prevent death. Mrs. Henderson was loved and admired by all who knew her sweet amiable disposition. She was a favorite among the young people here and will be greatly missed. In her home she was a loving wife and mother and leaves her husband and three sons, Percival, L. E. and Harold Henderson, Mrs. Nannie Hodges, her aged and devoted mother, and two sisters and a brother are left in grief. Numerous friends extend sincere sympathy to the heart-crushed family by one who loved her.

### Frank Given Life Sentence.

Atlanta, Ga., June 21.—Leo M. Frank's death sentence for the murder of Mary Phagan, was commuted to life imprisonment today by Gov. John M. Slaton.

The governor's decision was announced barely more than twenty-four hours before the time set for Frank's execution and after he had been taken secretly from the Fulton county jail to the state prison farm at Milledgeville.

Excitement of crowds on the streets here after the governor's action became known, subsided somewhat as the day wore on. A mass meeting was held on the capitol grounds, however, starting shortly before noon. It was estimated the crowd numbered 2,500. Several speakers took exception to Gov. Slaton's action.

## REV. COTTRELL LEAVES

After Holding the Pastorate of the Baptist Church Here For Three Years.

The Rev. E. O. Cottrell has resigned as pastor of the Baptist church in this city. His resignation takes place next Sunday, and he will accept a call at the Baptist church at Guthrie, Ky. He will move his family to Guthrie August 1.

Mr. and Mrs. Cottrell regret to leave their number of good friends in Cloverport. They have been here three years and enjoyed their church and social life here. Mr. Cottrell has become well known all over the county since his coming here, and he took an active interest in all the meetings of the Baptist Association. He is an educated minister and is a most efficient man for his work.

### SHIP CANALS.

Each Has Troubles of Its Own That Require Constant Care.

Leave any ship canal alone for even a year and it would no longer be fit for navigation. Within five years a small boat would be unable to go through it.

The United States has anxieties over the Culebra cut in the Panama, but not more so than the Germans over their waterway, the Kiel canal, for the ground through which the latter is cut is in most places nothing but peat-rotten black stuff which keeps on breaking up and falling back into the canal.

Also the bottom continually "bumps up," thus lowering the depth of the passage. The craft that use the Kiel canal have to crawl along. They say that if a cruiser were to make a dash through at top speed it would take a year and several millions of money to remedy the damage done by her stern wave.

Each canal has its own special troubles. That of the Panama is landslides. Many have taken place during its construction. Many more will have to be dealt with in coming years. It is estimated that if the dredging work on the Suez were abandoned within less than ten years the Turks or any one else could cross it dryshod. On both sides of the canal stretch miles of dry desert, from which every wind that blows lifts the sand in edging spirals and carries it in great clouds. A single storm may drop a thousand tons of sand into one mile of the canal.

Of late years a great quantity of trees have been planted along the banks in order to prevent the sand from drifting into the water, yet even so great steam dredgers are always at work scooping from the bottom the sand in sand and dumping it along the shore. Another trouble of those in charge of the Suez canal is caused by fresh water springs, which burst up in its deep bed and pile the sand in ridges. —Exchange

### Robert Lansing Gets

Wm. J. Bryan's Place.

Washington, June 21.—President Wilson was understood tonight to have practically decided on the appointment of Robert Lansing as secretary of state to succeed William Jennings Bryan. It was said in well informed quarters that while the president had not finally made up his mind, it was almost a certainty Lansing would be given the portfolio.

## DROWNS SATURDAY

Roland D. Hopper, Youthful Preacher, Meets Death at Stephensport—Buried at Wilmore.

Stephensport, June 21.—(Special.)—Roland D. Hopper, one of the workers in the Adams' evangelistic party, was drowned, while he and his co-worker, Rev. W. B. Arnold, were swimming in the Ohio river Saturday afternoon. Great excitement and grief prevailed as soon as the news was flashed over town. Willing hands did all in their power to recover and revive the body, but it was found that life was extinct. He was a young man of more than ordinary intellect and possessed all the requisites of a true Christian character, having endeared himself to all with whom he came in contact.

His remains were taken to Wilmore, Ky., Monday morning for burial, accompanied by the grief stricken relatives.

### Edwin Wroe Enters Law.

Edwin Wroe, son of Judge Thomas Wroe, and formerly of this city, has been admitted to the bar of law and is practicing in the law office of Clem Huggins, of Louisville. Mr. Wroe was a successful school man, and during his educational work he prepared himself for a lawyer. Mrs. Wroe has been called to Toccoa, Georgia, to see her mother who is critically ill. Mr. and Mrs. Wroe will move their family to Louisville as soon as she returns from the South. His home people are delighted to have him close to Cloverport.

### Undergoes Operation.

Miss Natalia M. Clapham, of Falls of Rough, was operated on for appendicitis last Wednesday afternoon. The operation was successful.

### Gets Trip to Exposition.

Miss Estelle Hooper, of Nashville, who visited her sister, Mrs. W. C. Frank, got a trip to the exposition at San Francisco. She was one of the winners in a popularity contest. Miss Hooper leaves this week for a trip of twenty-one days.

### Delegates Leave.

Mrs. W. C. Frank, Miss Leonora McGavock and M. M. Denton leave today for Glasgow to attend the annual conference of the Epworth League.

### Hard Roads Made Easy.

It is surprising to see how quickly and certainly "Penslar Corn Remedy" removes corns without pain. Get a package now 10 and 25 cents at Wedding's Drug Store.

### Dennie Sheeran's Good Work.

Dennie Sheeran is getting right down to hard work since he left the sheriff's office. The editor of the Breckenridge News saw him last week in his field with hoe in hand making tobacco hills. He is a good worker, and his work shows up well. His corn and tobacco look fine. Both crops have been plowed twice, and he has the best piece of tobacco seen yet.

### Gets Start Here.

James Kissam, who resigned his position with the Allen-Catron Grocery Co., of this city, has accepted a position with the Kroger wholesale and retail grocery baling company, of Cincinnati. James got his first experience in the grocery business with J. C. Nolte & Bro., of Cloverport, Ky., leading merchants of that city. —Somerset Herald.

### Electric News Notes.

There are 366,000 telephones in the new telephone directory for New York City.

Electric ambulances are preferred for hospital work where riding comfort for the patients is essential.

An electrical alarm for open windows has been perfected to give warning in case of rain pelting into the room.

A wireless message sent from Honolulu to Japan, a distance of 3,400 miles, completes the wireless girdle of the earth.

Electric sewing machines have been installed in the schools of Cincinnati, for the public schools sewing course.

An X-ray machine is used to destroy the tiny insect commonly called the "tobacco bug" which annually destroys thousands of dollars worth of tobacco.

### District Nurse Here.

Miss Hunt, the visiting nurse, secured by the Health League, arrived Thursday evening and is staying at the home of Mr. and Mrs. T. F. Sawyer. Miss Hunt has visited several cases and is always ready to answer any call. Her services are free to any one in Breckenridge county.

### Meyer-Johnson.

Buras, June 17.—(Special.)—Miss Lena Meyer and Mr. G. D. Johnson surprised their many friends Monday evening by getting married. The bride is daughter of Mr. and Mrs. Meyer, deceased, of this place. The groom is the son of Mr. and Mrs. James D. Johnson, of Leitchfield. He is a promising blacksmith of Hudson, where they will reside for the present.

### Children's Day Services.

Mr. and Mrs. H. C. Haddock, Webster, were at Ekron Monday attending Children's Day services. Beautiful services, they said, and large crowd in attendance.

### Harrow Exhibit.

H. C. Stewart & Son, of Webster, are manufacturing one of the best harrows on earth, they claim, for all purposes. They call it the Red Wing Wood Frame Three Section Harrow. They are advertising it in the Breckenridge County Fair Catalog and the Corn and Clover Club Catalog. Samples of this harrow will be on exhibition at both of these fairs. Farmers are advised to look it up when they attend the fairs.

### HIDDEN WEALTH.

Why It is Always Wise to Analyze the Earth When Digging.

Material thrown up by burrowing animals or exposed in digging or plowing, and, of course, railway cuttings or any excavations, should be carefully examined for the presence or indications of useful minerals. Fallen stones, especially carried down by rivers, should be carefully inspected, and if any stones of a promising character such as vein rock, which are known as shode stones, be found, the inspection should be continued up the river or the valley. The main may be many miles or only a few feet away from where the stones that belong to the vein now are.

A vein rock usually is of a different degree of hardness to the surrounding rock. It is harder than the surrounding materials. In weathering the outcrop is marked by projecting masses of rocks or depressions, which may be followed by the eye for some distance marking a vein.

These outcrops should be examined to see if they contain any useful mineral or indications of them. If the outcrop presents a spongy looking mass, stained with dark and other hues of brown, it gives a favorable indication. This material is called gossan and is a favorable indication of rich minerals lying underneath. —Chicago Herald.

## All Day Missionary Meeting at Bewleyville.

Bewleyville, June 21.—(Special.)—All day Missionary Rally at Bewleyville Sunday, June 27. Rev. T. J. Wade, the pastor, will deliver a sermon at 11 a. m. on "Christian Stewardship." Mrs. H. A. Evans, of Louisville, Ky., conference president, will deliver an address in the afternoon on "Our Missionary Work." Music and recitations by the Junior Missionary Society.

### Rains Ruined Crop Prospects.

H. T. Hall, of Vanzant, reports bad condition of crops in his section on account of the rains. He said there was no tobacco set out, no plants. Low ground corn land ruined. He planned to put out eight acres of tobacco, but will do well to get two acres. Corn on high lands good.

## Breckenridge County Latest Crop Notes.

W. R. Moorman, Sr., of Glen Dean, went to Louisville Monday. He said the rain and storm of Sunday night did much damage to crops in his section. Fine crop of corn; wheat crop short and went average more than seven bushels to the acre. Less than half crop of tobacco planted and most of it set out late, which means poor quality.

William Adkisson, of New Bethel, says there are not over fifty acres of tobacco in his neighborhood where there ought to be 200.

J. F. Jolly, on the pike, reports usual crop set in his neighborhood. Plenty plants.

## HILL ITEMS

So many Gods, so many creeds; So many ways that wind and wend, While just the art of being kind, Is all this world would needs.

—Ella Wheeler Wilcox.
