

## AN OLD CITIZEN PASSES AWAY

At The Age of 84 Years, After Illness of Several Months. Funeral Held at Grave.

Stephensport, Ky., Oct. 13. (Special)—Mrs. Mary Ellen McMillen, widow of W. B. McMillen, departed this life on Saturday morning, October 11th, at seven o'clock, age eighty-four years. Her husband having preceded her several years. "Grandma Mack," as she was familiarly called, had been in feeble health for several months prior to her death, due to dropsy, but bore her affliction patiently and even until death, greeted those who called.

She leaves one daughter, Miss Ella McMillen, whose untiring labor was so carefully and tenderly given to her mother, and one son, George McMillen, of Evansville, Ind., and a number of grandchildren to lament her death, with a number of friends. One son, James McMillen, having died a few months ago.

After a short funeral services conducted at the grave by Rev. C. B. O'clock, her remains were laid beside Gentry, on Sunday afternoon, at five her husband.

Those from a distance who attended were Mr. and Mrs. J. R. McMillen, Addison, George McMillen, Evansville, and a crowd from Addison.

## MORTALITY STATISTICS 1919

(Semiannual Report January to June Inclusive) Kentucky.

|                                     |        |       |     |

**ENTERTAINED.**  
The young folks at and around Addison, were pleasantly entertained with music and games Wednesday at the home of Mr. and Mrs. L. D. Addison.

## YOUNG GIRL DIES.

Glen Dean, Ky., Oct. 13. (Special)—Miss Lydia Alice Critchelo, 17 year old daughter of Mr. John Critchelo, passed into eternal rest, Oct. 8, after a few days illness. The funeral services were conducted by Rev. Galloway and the remains laid to rest in the family grave-yard, beside that of her mother. She was greatly loved by her teacher and school mates.

The pall bearers were: Misses Alma Cannon, Lula Cannon, Cecil Mattingly, Lula Critchelo, Maggie Bowlds and Mary Poole. She leaves a father, one sister, five brothers and a host of relatives and friends to mourn their loss.

Our hearts are grieved and sad today. For dear Lydia has passed away. We will keep green the grave that lies Beneath the wide and starry skies.

Sweet be thy sleep that gives you rest  
Your dear hands folded on your breast.

A loving sister true and kind,  
No better schoolmate could we find.

A schoolmate, Josie Wheatley.

## MATT COHEN SPEAKS AT H'BURG

To A Good Crowd. He Made A Speech That Cheered The Hearts of all Democrats Present.

The Hon. Matt Cohen, Democratic Candidate for Secretary of State, was at Hardinsburg, Monday and spoke to large and enthusiastic crowd of Democrats and Republicans.

Mr. Cohen is a very clear and pointed speaker. He told his hearers a few things about the issues in the campaign that put a new phase on the charges that are being made by the Republican orators. He took up the Leaflets one by one and when he got through with them they looked like blank paper.

Mr. Cohen spoke for more than two hours and kept his audience spellbound throughout. Mr. Cohen will speak in this city today and at Irvington, tonight.

## NEW MOTOR SAFETY DEVICE

A blanket wrapped about his head to keep his ears warm saved Earl Christie of Emporia from serious injuries when the auto in which he was riding collided with another auto near Osage City. Christie's head was driven through the glass windshield, but he was not injured.—From the Topeka Daily Capital.

## CAR KILLS WAR PIGEON.

A homing pigeon which flew from Troyes in France, in 1914, a distance of 520 miles, in 13½ hours, and was in government service during the war was killed by a motor car at Blackburn, England.

## A FORMER CLOVERPORTER.

Mr. J. D. Babbage, Dear Sir: Enclosed please find post office money order for 75 cents for 6 months subscription to The Breckenridge News, and oblige, Mrs. H. W. Wendelkin, 233 Drake St., Jonesboro, Ark.

## National Railroad Accident Prevention Day

Plans are rounding into shape for the greatest "safety" movement ever undertaken—the National Railroad Accident Prevention Drive—to be staged during the last two weeks of October by all railroads throughout the country under Government Control. C. M. Anderson, Regional Supervisor of Safety, announced today that the roads of the South were well advanced in their preparations for participating in the drive, with full determination to stand at the top of the list of safe railroads when the record is made up.

Experience has proved that the majority of railroad accidents are avoidable; that a large part of the enormous toll of killed and injured reported every year is due not to the unavoidable catastrophes which attract public attention, but to the little lapses from caution which deaths or injuries here and there every day in the year. Education and constant training reduces the number of lapses, big and little, and the preaching of "safety" during the past few years has saved many a life and limb. It was to demonstrate practically what can be done that the Director General of Railroads approved the country-wide campaign about to be launched. Similar drives have been conducted previously in the different regions, resulting in convincing and gratifying demonstrations.

The general drive will be directed by A. F. Duffy, manager of the safety section, division of operations, from Washington, while Mr. Anderson, with headquarters at Atlanta, will conduct the Southern Region's campaign.

One of the first steps toward preparing railroad employees of the South for the part they are to play will be the posting of an October calendar with the dates 18th and 31st in red in all stations, offices, tool houses, shops cabooses and other places where they will attract attention. Industries along railroad lines will be asked to co-operate, especially in the way of removing unnecessary hazards and warning their own employees of the danger ever present in railroad tracks. Owners and drivers of automobiles also are to be called upon to help. Just before the drive begins, cards will be distributed among all who can be reached, urging them to be particularly careful in approaching grade crossings. In fact, the aid of the public generally is wanted, because, while the record will be made as to railroad employees only, the plan involves an intensified drive to stop accidents of any character on or about railroad property.

## REAL ESTATE CHANGING HANDS

Getting Ready For Road Work And Building of Dam 45 At Addison.

## BUILDING ON INCREASE

He who lives in a rented house in Cloverport is going to find it a hard job to keep one in the Spring as the Highway through Cloverport is going to let loose a large amount of money in this vicinity, besides it is going to put to work a large force of men and teams at good wages.

On top of this comes the building of Lock and Dam No. 45 at Addison, which will cost about two million dollars. Activities in real estate are now growing rapidly and since the previous report they have been several new deals in the last week, which are as follows: Ernest DeJarnette to B. F. May and wife one dwelling house on the Hill and a tract of ground known as the Joe Mullen farm for \$6,000. Mr. May comes from Harned and is a good farmer. He like other farmers saw the rising tide

in Cloverport real estate, and that it was a prosperous town to locate in.

G. H. Harris, of Hancock county, a prosperous farmer living near Roseville, saw a good opening for a good Feed Store in Cloverport, as a big demand for all kinds of feed stuff would be needed for teams or road work, and through J. D. Seaton, he has bought the big Livery Barn on Main St. Mr. Harris will move here and take charge of the building Nov. 1st. He will also have several teams for road work and other hauling.

Mrs. Frank Fraize has sold the house adjoining the colored Baptist church to the colored Baptist church to be used as a parsonage. One lot in upper Cloverport to Vivian Pierce.

R. O. Perkins has sold to Allen Miller the cottage across the street from him on the corner. Mr. Miller lives in Illinois, but he believes in Cloverport's future growth.

Very few people in Cloverport realize what the new Loose Leaf Tobacco House will be to Cloverport until they see the splendid building. It has the capacity to handle all the tobacco in this section, and when it is not in use—just think what a big thing it would be for a big public gathering. It will seat 5,000 people and then have some room. Take a look at it on your next walk.

L. D. Addison is having a concrete pavement laid in front of his store house in Addison. The big brick store house which has not been used for several years is now being repainted inside and out, shelving replaced, and soon as the work is completed, Mr. Addison will move from the building he is now occupying into it, and put in a big stock of goods. The old building will be used by the government.

D. S. Burke, who also owns a store house at Addison, has rented it to a party at Pilcher, who will follow the crowd down to dam 45. Mr. Burks is making arrangements to build an addition to the property.

Casper Gregory left Monday for Camp Knox, where he goes to join the survey party that will survey the Ohio River Federal Highway from Louisville to Paducah. It will take several months to complete the survey, but as soon as it is done, contracts will be let for early spring months.

## Baptists Of America Have Enormous Incomes.

Baptist Families Have Income Of \$3,000,000,000 A Year.

There is more than seven million Baptist in the United States, according to statistics compiled by the Baptist 75 Million Campaign, including these of all types and colors. Of this number, 4,285,416 are in white Missionary Baptist churches.

The income of these white Baptist families is \$3,000,000,000 a year, it has been estimated, and if only ten per cent of this income were given to the service of God it would produce a sum of \$300,000,000, or four times what is being sought for five years in the present campaign.

And if only fifty-seven per cent of this \$300,000,000 were given to missions, this being the percentage of proceeds of the 75 Million Campaign that will be devoted to missions—this would make available for missions alone the sum of \$171,000,000 a year, or enough money to provide

## MR. AND MRS. G. A. WRIGHT ENTERTAIN.

McQuady, Ky., Oct. 13. (Special)—Mr. and Mrs. G. A. Wright entertained Friday evening in honor of their nephew, Mr. John Curtis, of Texas. Those present were: Misses Nannie J. Meador, Stella Mattingly, Mary Bates, Elus Lyons, Pearl Lyons, Mildred Lyons, Cova Haycraft, Jessie Leigh Haycraft, Anna Laura Jolly, Susie Bates and Eva Wright. Messrs. John Curtis, Hubert Lyons, John Watson, Hilary Jolly, Bernard Watson, Byron Jolly, Harry Jolly, Maurice Miller, Pat Taul and Murray Lyons. All enjoyed the evening.

## VISITING RELATIVES AND FRIENDS.

Mr. Frank A. Beavin, Democratic County Court Clerk, of Roger Mill county, Oklahoma, was here last week visiting relatives and friends. Mr. Beavin is looking fine, just a little older than when he left, but age does not show on him. Everybody glad to see him.

## ROOSEVELT MEMORIAL ASS'N

W. Sherman Ball, has accepted Chairmanship of the Roosevelt Memorial Association, whose object it is to raise funds for the Roosevelt Memorial. Said funds are to be used:

(1) To erect a suitable memorial, in Washington, D. C.

(2) To purchase property adjoining Colonel Roosevelt's home at Oyster Bay, which is to be converted into a National Park, with the idea of ultimately acquiring the home at Sagamore Hill.

(3) To establish an endowment fund for the perpetuation of Colonel Roosevelt's ideals of stalwart Americanism and a "Square Deal."

Breckinridge county is asked to contribute \$800.00 for this purpose. It is the desire of the committee to have as many subscribers to the fund as possible. The drive is to be from October, 20th, to the 27th, inclusive. Some of the members of the committee are: David B. Phelps, Cloverport; R. A. Smith, Stephensport; Dr. S. P. Parks, Irvington; Geo. H. Royalty, Hudson; H. O. Bennett, Custer; R. W. Jones, Glen Dean; Joe Rebarber, Vanzant; A. R. Kincheloe, Hardinsburg; Harry Bates, McQuady; J. B. Harrison, Garfield; W. C. Pate, Hardinsburg.

\$85,000 missionaries at a salary of \$2,000 per year or one missionary for every 11,681 unsaved people in the world.

Thus it is urged by the campaign leaders that if the Baptists of the United States should give to the extent of their ability to the spread of the gospel, they alone without any assistance from any other denominations, could within the next five years carry the gospel to every man, woman and child in the world who has not heard it already.

## BIRTH ANNOUNCEMENT.

Mr. and Mrs. Frank C. English, of this city, are receiving congratulations on the arrival of a son, Monday, October 13, Lillard Franklin English.

## MRS. GEO. FETTER KILLED BY CAR

Run Over on Fourth Ave. Well Known Here. Formerly Lived At Addison.

Run down by a Fourth-street car and both feet severed, Mrs. George G. Fetter, Sr., died twenty minutes after the accident this morning at the City Hospital.

Mrs. Fetter was crossing from the west to the east side of her street in front of the Mary Anderson Theater. She had crossed the south-bound tracks and stepped directly in the path of north-bound car No. 1076, in charge of Motorman C. D. Karsner and Conductor R. S. Keith.

"She ran in front of the car when I was too close to stop it," said Karsner, who is an experienced Louisville motorman. "The front trucks had run over her ankles and both her feet were mashed off before I could stop the car. Her body fell over on the south-bound track."

## Picked Up Unconscious.

Mrs. Fetter was unconscious when picked up immediately after the accident. She did not regain consciousness. The Fifth district auto police patrol was passing at the time and the dying woman was taken to the City Hospital in this conveyance. She reached the hospital within ten minutes after the accident and died ten minutes after reaching the hospital.

The accident occurred at 10:15 o'clock and her death came at 10:35. Mr. Fetter, who was at his office, at first took his name, in accordance with an agreement with the railway company, which has pledged responsibility in such matters. Karsner was a Fourth-street motorman for six or seven years, it was said at the Fourth-street barn after the accident. He left Louisville two years ago, but returned at the company's request during the strike and took up his old work.

Karsner told the police that he considered the accident Mrs. Fetter's fault because there were no automobiles parked in front of the Mary Anderson Theater, in accordance with the ordinance against it, and consequently he said, there was nothing to obstruct her view.

Mrs. Fetter was identified after the accident by her card in her purse, which had the address, 1718 South Third street. Some confusion, however, resulted mistook the name for "Letter" and because it was not generally known that the Fetters had moved in from Pewee Valley, where they have a summer home. Mrs. Fetter had only returned to Louisville, yesterday and had not had time to have her furniture unpacked.—Louisville Times, Oct. 11.

## VISITING HIS MOTHER.

William Lindsey, of the United States Marine Hospital, of Louisville, is visiting his mother, at McQuady. Mr. Lindsey was gassed and has not fully recovered from the effects. He will go from McQuady to Rockport, Ind., to visit his wife, Mrs. Lindsey, from there to Ashville, South Carolina, for treatment in the Marine hospital there.

## "IF LEAGUE BREAKS PREPARE TO FIGHT"

Hoover Says Treaties Can't Stand Without It--Reactionary Group in Germany Gaining in Strength.

Palo Alto, Oct. 2.—"If the League of Nations is to break down, we must at once prepare to fight," Herbert Hoover, formerly Economic Director for the Supreme War Council, told the students of Stanford University in an address he delivered here tonight.

"The Peace Treaties," he said, "cannot be carried out without the League. If the league fails the treaties also fall. If the balance of power is to supplant the League of Nations, we will have torn asunder the only hope that Europe will not break into further wars of races, classes and combinations that will take civilization back to the Middle Ages."

"I am confident that if we attempt to revise the treaty we shall tread a road through European chaos. It we manage to keep our soldiers out of it we will not escape fearful economic losses."

"The Allies may themselves revise this treaty without us and then assemble a council of Nations of their own in an endeavor to solve the problems of Europe. It would be a council of Europe and in the midst of these terrible times, considering the debt they owe us, the material they must have from us or starve, I would rather that we be represented therein, less it become a league of Europe against the Western Hemisphere. A peace without us means more Army and Navy for us, the old treadmill of taxes and dangers for us."

Desperation of Europe. Mr. Hoover said that few people seem to realize the desperation to which Europe has been reduced.

"During the coming winter some of them will look with longing eyes to this rich, fat Nation, with its surplus of every human necessity," he said. "We cannot fiddle while Rome burns. If we believe we can see our neighbors return to another 30 years' war through the break down of this treaty, and we still maintain our progress, it is the egotism of insanity. Our expansion overseas has entangled us for good or ill, and I stand for an honest attempt to join with Europe's better spirits to prevent these entanglements from involving us in war. We are not dealing with perfection, we are dealing with the lesser evils."

"For us to refuse to enter into a joint attempt with the well-thinking sections of a large part of the world to establish a continuing moral conscience against war is the utmost folly in our own interests."

Pointing out the likelihood that some European Nations will again be plunged into war with their neighbors, Mr. Hoover referred to a probability of the invasion of Poland if the treaty failed.

"There are many elements in Europe," he said, "who wish to see the treaty break down and the League of Nations disappear. During the last
