PROVING POPULAR TRADING CENTER

Cow Heel Grocery Does Not Profit from Business. Sugar Not Advanced in Price.

The Cow Heel grocery, in Cloverport, one of the cleanest and most up-to-date stores on the Ohio River, is proving very popular with its customers. In all the high cost of living there has not been a one per cent raise in the price of groceries in this store, and meat having dropped some nine points.

Sugar has been scarce as everywhere but what sugar has been in stock has been sold at the old price. Sugar has never cost more than two cents raise since the scarcity of sugar. The last shipment costing \$10.50 per hundred and selling at 13 cents per pound.

The Cow Heel grocery does not use extortionate prices for any of its goods as a reasonable profit is all the proprietor wants. Without high rent and high salaried clerks, enables this store to take care of its customers with a living profit and nothing more. It has all that can be handled in the grocery line, also poultry and feed. The store's motto is, "We Never Sleep," and its slogan, "Watch us Grow!" It has delivery accommodations. In fact there is nothing short about the Cow Heel grocery.

Within the next few days this store expects a shipment of sugar which will be sold to its customers at cost. There will be a big run this week in New Orleans syrup at 35c per gallon while it lasts.

MANY ATTEND WAR HERO'S FUNERAL

James H. Lynch, Has Last Honors Paid Him in By Friends and Relatives.

The funeral service of James Homer Lynch, soldier, who died in Russia, was held at the grave in the Cloverport cemetery, Thursday afternoon at 2 o'clock. Rev. T. N. Williams, of Louisville, and pastor of the Lucile Memorial Presbyterian Church here, assisted by Rev. J. R. Randolph, conducted the service. Rev. Williams read the burial rites and then he paid a beautiful tribute to the soldier who gave his life, and to the father and sister of the deceased.

The casket was draped in the American flag, and was accompanied to the cemetery from the undertakers by a number of ex-soldiers from Cloverport and Patesville.

Lynch was a member of Company 8 of the 339th, Infantry. He was called February 26, 1918 from Hancock county to Camp Taylor. The following May he visited his father, John A. Lynch at Patesville, for the last time, and a few months after that he sailed for France.

Lynch was in Russia eight months. According to information from Red Cross headquarters, his death occurred in a Red Cross hospital at Arch Angel and was due to tuberculosis developing from a severe cold. He died May 14, 1919 and was buried in Russia until the government arranged for the soldiers who died in that country to be brought home. Lynch's body was accompanied from Hoboken, N. J., by Laurel McCool, a member of the United States regular army.

A few months before he was called into service Lynch was converted and joined the Presbyterian church at his home. He was a young man of sterling qualities, and was reared under the influence and guidance of a devoted father having been bereft of a mother's love and care at the age of three years. Rev. Williams in his tribute said of him that he first gave his heart to his Maker, and later gave his life for his country, he withheld nothing.

A hundred or more people gathered around the casket to pay the last tribute to one of America's flower of manhood, who gave his life for his country.

METHODISTS EN- TER BELGIUM

Great Memorial Church Will be Erected in Devastated Ypres.

A great Methodist Church, erected and maintained by the Methodist Episcopal Church South, will be erected amid the ruins of Ypres, in Belgium. This was stated today by Dr. W. B. Beauchamp, director-general of the Centenary Commission, who, with Bishop James Atkins, the bishop in charge of European mission fields, just returned from Belgium.

The city of Ypres, terribly devastated, will not be rebuilt in its entirety. The once magnificent Cloth Hall, the finest in the world, the Cathedral, the town hall, the churches, and other large ruins will be left as a perpetual memorial.

On these the city mayor has caused signs to be erected, reading: "This is holy ground. No stone of this fabric may be taken away. It is a heritage for all civilized peoples."

A City Of Memorials.

Ypres is a city of memorials. The British government has selected a site and will erect a great museum as a monument to her fallen heroes.

Similar buildings will be built by Canada, New Zealand, Australia and Belgium.

In the midst of these memorials the Southern Methodist Church will be erected. It will contain a library, reading room and social equipment, in addition to its auditorium and class rooms.

"Ypres will always be a mecca for travelers," said Dr. Beauchamp. "Thousands and millions will flock to that battlefield. Our Church will not only minister to the people of Ypres and the surrounding territory, but it will also serve these visitors."

THANKSGIVING SERVICE TO BE HELD IN THE METHODIST CHURCH.

All Congregations Will Unite In Giving Thanks. Special Music For The Occasion.

As it has been the custom for several years for the congregations of the Baptist and Methodist churches to unite in a Thanksgiving service, so the same custom will be carried out this year.

The services are held alternately in the two churches each year and this Thanksgiving it is to be held in the Methodist church at 10:30 o'clock, Thursday morning. Rev. J. R. Randolph, pastor of the church, will deliver the message as Rev. A. N. Couch will be out of the city. There will be several selections of Thanksgiving music by the Methodist choir, and the service is for the entire community.

It is my sincere desire to thank the good people of Patesville and Cloverport, and all others for their kindness to me in my sorrow, and for the honor and respect shown my son, James Homer Lynch, who died in the service of his country in Russia.

Especially do I want to thank the Red Cross and the Methodist church of Cloverport for the floral offerings.

NEW LOOSE LEAF FLOOR OPENS 27TH

Cloverport Has One of the Most Modern Warehouses in State. Covers 18,000 Sqft. Floor Space.

On Thursday, November 27th, Thanksgiving day, the doors of the new Cloverport Loose Leaf Tobacco warehouse will be thrown open for the receiving of tobacco. The warehouse, which is a brick structure covering 18,000 square feet of floor space, is one of the most modern tobacco loose leaf floors in the State of Kentucky, and Cloverporters have every reason to feel an exceptional pride in this new business enterprise.

The building is ideally located. It fronts Breckinridge Edition and extends back to the L. H. & St. L. R. R. tracks. It is estimated that it took 100,000 brick to build the walls, and to put down the concrete floors and walks, it took two car loads of cement and several barge loads of sand and gravel.

It is a fire-proof building and has all the modern lighting fixtures including skylights and electricity.

The north side, or the front of the building, the two main offices are located. The first room is to be used as a waiting room. Directly back of this is the office with equipments to handle the clerical work with accuracy and ease. There will be fifteen regular employees, and additional help during the rush season.

One of the conveniences the farmers will be pleased with is the chute, or load way, which runs along side of the warehouse and has been so constructed that the top of the floor comes up with the level of the wagon bed, and as fast as the tobacco is unloaded it is placed in crates on trucks and moved to its location, saving time and damage to the weed by careless handling. The warehouse has a capacity of 250,000 lbs. of tobacco.

Mr. J. W. Boyle, the manager, has wide experience in the tobacco business, and he predicts this a popular selling place for the growers from Breckinridge and Hancock counties. There will be buyers here too from various places.

We, the teachers of the Second Educational Division of Breckinridge county, believing that the future of representative government depends upon an educated public, and recognizing our public schools as the agency charged with the responsibility of reaching and teaching the masses, and further recognizing the fact that our system of public schools is handicapped by certain conditions of long standing:
