DOCTOR'S PATIENT GAINS 17 POUNDS
Prominent Physician Continues to Use Tanlac in Practice With Surprising Results.

One of the strongest and most convincing evidences of the remarkable results being accomplished by Tanlac throughout the country is the large number of letters that are now being received daily from scores of well-known men and women who have been benefited by its use.

Among the large number that have been received recently none are more interesting than the following letter from Dr. J. T. Edwards, of Fayetteville, Ga. Dr. Edwards, it will be remembered, recently gave Tanlac his unqualified indorsement in a public statement, and the testimonial published below was recently given him by one of his patients. His letter follows just as it was written:

Fayetteville, Ga.
 Mr. G. F. Willis, Atlanta, Ga.
 Dear Sir:

I am enclosing you herewith statement I have just received from Mr. T. M. McGough. He has sold out here and is moving to Turin, Ga. He was here this morning, and came in to tell me what Tanlac had done for him. He says too much cannot be said about Tanlac. It certainly has cured him.

Respectfully,
 J. T. Edwards, M. D.

Mr. McGough's Statement Follows:
 "I suffered from indigestion and could not eat anything but what would hurt me. Constipation gave me a great deal of trouble also. My symptoms were indigestion, heartburn and gas on the stomach after eating. My appetite was irregular and my food failed to nourish me. This trouble caused me to get very poor—in fact I got so thin and weak I was hardly able to go about.
 "I bought three bottles of Tanlac on Dr. Edwards recommendation, and I am now feeling all right again, and am able to attend to business. I gained seventeen pounds in weight and am doing fine. Tanlac did the work.
 "I now recommend Tanlac to everyone who is sick like I was and wishes to take something that will help them."
 Tanlac is sold in Cloverport, Ky., at Wedding's Drug Store—Advertisement.

John Deere Method of Cultivation equipment is being used successfully everywhere. We can furnish it for all new or old John Deere shovel cultivators. It is inexpensive. See us about it the first time you are in town.

First Cultivation
 John Deere Slip-Point Hoof Shovels destroy weeds effectively and pulverize the soil thoroughly, leaving it practically level.

Second Cultivation
 John Deere Slip-point Sweeps and Hoof Shovels in combination cultivate shallow near the row above the corn roots and deeper in the middle of the row. No roots are injured.

Later Cultivations
 John Deere Slip-Point Sweeps practically double-cut the surface soil, destroy weeds and make a fine mulch. No corn roots are injured. The ground is left level. Change from hoof shovels to sweeps is made quickly and easily—only the points changed.
