## DAVISS GROWERS AGREE TO HOLD THEIR TOBACCO

Sign Pledges to Hold Weed for Ten Days. Will Try and Influence Growers of Other Counties.

The tobacco growers of Daviess county met in a majority of the 120 school districts last Friday night and signed pledges agreeing to hold their tobacco off the Owensboro market for a period of ten days. They were prompted to take this step upon the refusal of the warehousemen of Owensboro to close their floors.

Not only do the majority of tobacco growers in Daviess county intend to hold their weed, but it was announced at this meeting that they would try and influence growers of McClean, Hancock, Breckinridge and Ohio counties to do likewise.

Leaders of the organization pending say that they feel sure that they can sell the better grades of tobacco at better prices. They plan to put the lower grades in hogsheads and prize. An advance of 50 per cent of the value of the tobacco will be made in warehouses to await a rise in the market.

There seem to be no indications whatsoever that the loose leaf floors in Owensboro will close their doors pending the organization.

The first week's sales on the Owensboro market with the offering of 100, 175 pounds of pryor, which brought a general average of \$7 the

100 pounds. The sales for the week totaled 647,650 pounds for which the growers received \$43,607.13, a general average of \$6.73 per hundred lbs.

Comparing last week's sales with first weeks sales of former seasons. In 1919 sale amounted to 1,139,990 pounds, which brought \$155,746.13, a general average of \$13.36 a hundred pounds. In 1918 the first week's sales amounted to 2,773,950 pounds which brought the farmers \$463,588.99 a general average of \$16.71 per one hundred pounds.

Last year the first week's sales were low in comparison to those in the two years previous.

In Friday's sales some of the good baskets brought from \$29 to \$35 per hundred. The lower grades are selling around \$1, \$2 and \$3 per hundred.

## MASONIC RITES FOR DR. LIGHTFOOT

Many Pay Last Tribute to Prominent Local Physician Who Was Buried Thursday.

The funeral of Dr. Forrest Lee Lightfoot, which was held at his late residence in the East End on Thursday afternoon at 1:30 o'clock, was very largely attended by relatives and scores of friends, who paid their last tribute to one whom they loved.

Rev. J. R. Randolph, pastor of the Methodist church, assisted by Rev. E. C. Nall, pastor of the Baptist church, officiated at the home. Members of the Masonic order said their last rites at the grave in the Cloverport cemetery where Mr. R. L. Oelze was Master of ceremonies. There were many beautiful floral offerings.

## LIME PULVER AS-SURED FARMERS

Bank of Hardinsburg & Trust Co., Will Advance Necessary Funds to Secure Shipment.

The Bank of Hardinsburg has again demonstrated its interest in the welfare of the farmers of the county by offering to advance the necessary funds to pay the freight on the state lime pulver that will arrive in the near future. The pulver will be loaned free to the farmers of the county, the state only asking that the farmers pay the freight. A small fee will be collected from each farmer using the pulver to reimburse the bank for the freight.

By careful records Breckinridge county farmers have found that they can get out rock and pulverize it for less than \$1 per ton. Considering that in some parts of the country farmers are spending as high as \$8 per ton to get lime on their farms, this is a remarkable proposition. Few farmers can afford to turn down the State's proposition.

Any farmer interested in the pulver should get in touch with the County Agent or the Bank of Hardinsburg.

## FARMERS THINK 1921 CROP SHOULD BE ELIMINATED

This Was General Opinion Expressed at Farmers Institute in Hardinsburg, Monday and Tuesday. Women Hold Conference Too.

"That the 1921 tobacco crop in Breckinridge county should be eliminated," was the general consensus of opinion among the leading farmers of the county who attended the Farmers Institute held in Hardinsburg, Monday and Tuesday of this week. The farmers vied among themselves that they would not get anything for this year's crop unless they cut out the 1921 crop, but they did not enter into any written agreement to that effect.

The Institute was considered quite a success. There was much interest manifested in the general cause of agriculture. The first day was not so well attended owing to inclement weather, but Tuesday's program brought out between two and three hundred people.

Attorney Jesse Eskridge presided at the Institute Monday and Judge H. DeHaven Moorman made the welcome address. Following him was Mr. Tate Bird, who made an excellent talk on "Dairying." Mr. Bird said that better dairying should be encouraged in the county. He urged the farmers to improve their herds by getting better producing cows.

Tuesday's meeting was presided over by Judge Henry DeHaven Moorman. At the morning session, Rev. Father J. F. Knie made a good talk along general lines of farming. Mr. James Speed addressed the meeting after Rev. Knie, and following him was H. A. Pickett, poultryman on "Care of the Home Flock."

What interested the farmers most perhaps at this time, was John N. Newman's views of the "Tobacco Situation."

While the men were holding their meeting in the Court House, the women gathered at the city hall to hear Miss Sue Bearesley on Home Economics. The children of the public school were dismissed for the purpose of being allowed to hear Miss Bearesley so that this meeting was largely attended.
