

# THE REPUBLICAN STATE CONVENTION

## Official Call Issued by Central Committee.

### Delegate Vote Based on 1908 Election and All Intend To Take Part.

Louisville, Ky., Feb. 12, 1915.

To the Republican Electors of Kentucky:

The Republican State Central Committee of Kentucky hereby directs that a State Convention of delegates and representatives of the Republican Party in Kentucky be held in the City of Lexington, Kentucky, at 12:30 p. m., standard time, on Tuesday, the 15th day of June, 1915, for the purpose of adopting a platform embodying the principles upon which the Republican party and its nominees will ask the support of the electors of Kentucky, at the November election, 1915.

The delegates to said State Convention shall be selected by county mass conventions to be held in the county seat in each county at 1 o'clock p. m., standard time, on Saturday, June 12th, 1915, except in the counties of Bell, Boyd, Campbell and Kenton, in which counties said conventions shall be held in the cities of Middlesboro, Ashland, Newport and Covington, respectively; provided that in the county of Jefferson and City of Louisville, the city and county executive committee shall provide for the holding of conventions in each ward and in the county of Jefferson, exclusive of the City of Louisville.

The form of voting in said county mass conventions on all questions, shall be viva voce except in the City of Louisville and Jefferson county, where the county executive committee shall determine the manner of voting. The county executive committees shall give not less than ten days' notice of the time, the particular place or building where said county or ward mass conventions shall be held and the manner of selecting delegates, by newspaper publication or by notices posted in conspicuous places in each voting precinct of the county.

All voters who were entitled to participate in the conventions at which delegates were elected to the Republican State Convention held in the City of Louisville on Wednesday, the 10th day of April, 1912, and those known Republicans who have attained the age of 21 since that date, shall be entitled to participate in the conventions to elect delegates to the State Convention herein called.

One delegate shall be elected for each 100 votes or fraction thereof amounting to 50 or over cast for the Republican candidates for electors in each county at the Presidential election in 1908, except in the county of McCreary (which had not been created in 1908) where the combined vote polled by the Republican and Progressive candidates for Presidential electors in 1912 is taken as the basis. On this basis, McCreary County is entitled to nine votes, and these votes shall be deducted from Whitley, Pulaski and Wayne counties, the three counties from which McCreary County was created, in the proportion that the Republican vote polled in these counties in 1908 bears to the combined Progressive and Republican vote polled in McCreary County in 1912. The votes deducted are three from Whitley, four from Pulaski, and two from Wayne. Upon the basis above fixed, the several counties of the State are entitled to representation as follows:

Edison on the War.

Mr. Edison, when in Philadelphia, to receive the Franklin medal awarded by the Franklin Institute, was interviewed on electricity in war, and said:

"Electricity will play but a minor part in this great war. The use of gas and chemicals is really the most effective, if not the most horrible, instrument yet devised. The Germans introduced it, of course, but the allies, as Lord Kitchener indicated in a recent address, will take it up. And I think they will be entirely justified in retaliating with gas for gas, chemical for chemical.

"Efficiency has played a prominent part in this war," Mr. Edison continued. "The Germans, long prepared and long trained, it must be admitted, were far the more efficient at the outset. The use of gases in warfare was either unconsidered or else unknown by the allies. In fact, I believe that it was never considered, as it was their contention that such instruments are prohibited by international laws.

"Lord Kitchener is perfectly right, however. All is fair in war. The allies can draw from America essentials necessary, if they have not got them, and with their great numbers, will be doubly powerful."

The gas principally used by the Germans at this time is chlorine, a deadly chemical formation, which vitally affects the lungs, causing either instant death if taken in quantities, or else lingering death from strangulation caused by a white froth which is formed in the chest and comes up through the nostrils.

Mr. Edison, though intimating that this would not be the only chemical or gas used in dealing death, did not permit himself to enumerate other agents or tell how they could be operated against an enemy.

"No; electricity will be superseded by chemicals," he repeated, "and chemicals, as the most destructive weapon, will probably decide this war."

Prosperity—Redfield Brand.

One day last week W. T. Littlefield the South Sixth street real estate dealer, advertised for a man to work on a farm. He stipulated in the advertisement that the man should be married. Mr. Littlefield was satisfied the good democratic times the country is now enjoying would bring him one or more applicants, but he was wholly unprepared to meet nineteen able-bodied and willing men each ready to go to work. In addition to the nineteen men in front of his door, there were half a dozen women, whose presence was quickly explained. One of the men stated to Mr. Littlefield that he needed work so badly that he had brought his wife to prove to the satisfaction of the prospective employer that he was a married man.—Terre Haute Saturday Speculator.

Cundiff Answers Tinsley.  
Hartford, Ky., R.F.D. No. 6.  
May 15, 1915.

Editors Republican:

Here is my last say to Mr. Tinsley. Definition of Socialism in sixteen words—"Collective ownership and democratic management of things collectively used, and private ownership of things privately used."

Ethics is one thing, religion is another thing. Socialism is one thing, religion is another thing.

Economic equality and identity of interests will bring peace and harmony. Our individualistic, capitalistic and competitive system causes war. Mr. Tinsley, your religion is the religion of individualism and capitalism.

Outside of Marx's "capital," Marx and Engel's "Communist manifesto" and the Socialist party platform there is no Socialism. None whatever.

Confiscation wouldn't hurt you, for you have nothing mental, moral, or material, to confiscate.

Mr. Tinsley, as a rule a church member has no acutely awakened conscience concerning the wrongs and injustices of capitalism. The most powerful moral agency bulwarking the capitalist system is the church. Read Acts 11: 44-45. Also Acts IV: 32, 34, 35, 37, 38, 39, on having "all things common. This was communism. Read XXV: 23, Leviticus, on land. Read 36, same chapter, Leviticus, on usury.

The human mind is a factor in the process of social evolution. Socialism is impossible in ignorance. It is not a system that will force itself upon us, nor one that will work automatically. We shall not have Socialism until the people think.

Mr. Tinsley, you have never learned to think. Parrot like, you repeat what you've been taught; whether it confronts reason or not.

The greatest moral resistance to the Socialist movement is the negative quality of social conscience in church members. The immoderate individualism in their moral instruction makes them indifferent to the facts of social problems. The church member has no awakened social conscience on the wrongs, robberies and injustices of the capitalist system. He is without moral fervor for Social Justice, and economic freedom for the workers.

Any religious teaching which ignores Social Justice in the means by which we live is worthless, and is a terrible menace to humanity.

The Bible is a dangerous, radical book (to masters and rulers); and the secret of the revolutionary character of this book is that it puts so great a finite value upon human life and personality. It makes human life and welfare sacred above all other things.

Mr. Tinsley, you and your church have assumed the interpretation of the oracles of God. You declare your love for souls, while you fight against that which is best for the body—freedom. You announce the eternal value of the soul, but ignore the value of the body, which must have health and sustenance in order to give value to the soul.

If a man is valuable anywhere he is valuable everywhere, whether embodied or disembodied, whether on earth or in Heaven. If a human being is the supreme value in Heaven in God's presence, he ought to be the supreme value on earth in the presence of men.

Mr. Tinsley, you are called upon to-day to overthrow the capitalist gamble in human souls and bodies and to establish Socialism and freedom.

Mr. Geo. Tinsley, I'm a member of the M. E. Church, South; and was a member of the Baptist Church for 24 years. Hence, I'm not an infidel. I'm for Social Justice.

Nor am I an anarchist. I believe in the political economy of Jesus, and in the religious principles that He enumerated. Jesus denounced the money changers (shovers and discounterers of legal paper and money), and all the horde of usurers, landlords and profit-mongers of His day.

You seem to favor them, and to desire them to lay burdens on the poor (the workers). Jesus did not. Jesus was the friend of the poor. He was one of them. And He was loyal and true to His class. You, Mr. Tinsley, are an enemy to your class—the working class. You, therefore, are not loyal and true to Jesus, the friend of the poor. Neither are you the friend and servant of God, the father, who sent us Jesus, the Son. Father and Son must certainly disown you. The one who accepts not the doctrinal teaching of Jesus is not a follower of His. He is an infidel. The man who sides with the master class against the working class is a traitor to God and humanity; for Jesus' religion was that of God and humanity.

You, Mr. Tinsley, are a traitor to your class—the working class. But you are not class-conscious. You are an enemy to God and man. Who over is the enemy of man is the enemy of God; and vice versa. Whoever does not love his brother-man

does not love God. Whoever is a mammon worshiper cannot serve God and follow Jesus. No one can serve both God and mammon. No one can love God and hate man. Everyone must love both God and man, to find acceptance with God. This is the teaching of Jesus and the Apostles, and of Socialists, too. The morals of Socialism are the same as the morals of Christianity. Jesus considered the profit system immoral, so do the Socialists consider it immoral. Jesus protested against the wrong and injustice that the master class imposed upon the working class. So do the Socialists protest against them, their wrong and injustice, and favor justice and the right.

Mr. Tinsley, you neither understood the Bible nor Socialism. Therefore, you are not qualified nor authorized to write or speak either for them or against them. You are without social conscience. Social conscience redeems mankind. Ignorance excuses you. You are neither class-consciousness nor social conscious. I'm unalterably opposed to that misinformation which renders men ignorant, bigoted, intolerant, prejudiced and presumptuous. And without social conscience.

"I will not choose what many men admire, because I will not jump with commonspirits, nor rank me with the barbarous multitude."

Loving justice, hating tyranny reverencing truth and virtue, and giving praise to character and intellect. I subscribe myself.

Yours for human brotherhood, and the liberty, fraternity and equality of man.
