

## GREECIAN DREAM ALMOST REALITY

### COUNTRY BARELY MISSED BE- ING RULING POWER IN ASIA MINOR.

Athens—A dream of empire which would have made Greece a ruling power in Asia Minor along the route to the Orient came very near being realized at the opening of the war in Europe. This has just been brought out with official exactness in the mass of diplomatic documents laid before Parliament, and in statements by Premier Venizelos and the Minister of Foreign Affairs, M. Politis. Referring to the territorial concessions which Greece could have acquired at that time, M. Venizelos said:

"I had succeeded in obtaining the recognition of the rights of Hellenism over Western Asia Minor. And I can say without exaggeration that the day I received the communication of Sir Edward Grey speaking of very important territorial concessions on the coast of Asia Minor, was a day of rejoicing as keen as that when the treaty of Bucharest was signed, giving us Saloniki, Macedonia and new Greece."

**Sees Progress in Greece.**  
"I who had known how small and feeble Greece was only three or four years ago, saw the stupifying bound she was about to make. This little Greece had now succeeded in occupying a place equal to that of the Great Powers in the settlement of the fate of Turkey which had been the apple of discord between the European Powers."

But as Asia Minor was a field of German ambition and hope, H. Venizelos said he found himself opposed not only by the then King Constantine, but also by the army General Staff, which, he declared, "served a policy purely Germanic." And with this opposition, backed by the King, the opportunity held out to Greece to become a great Power in Asia Minor was finally lost.

M. Politis, the Minister of Foreign Affairs, gave some of the details of these concessions, and told how near they came to being realized in two formal treaties.

**Beneficial Policy Desired.**  
"Such was the desire of the Western powers," he said, "to have Greece adopt a policy mutually advantageous to them and to Greece, that they declared to the Hellenic government that they were ready to assure to Greece, in return for its co-operation in the war against Turkey, Smyrna and an important part of the hinterland."

After lengthy discussion, M. Politis said a double convention was concluded. But at this point the army staff intervened and succeeded in defeating the plan.  
While these large territorial plans came to nothing, yet their definiteness indicates they may again be heard from when the final adjustment of the war takes place, for Greece is not unlikely to have the same aspirations toward Asia Minor, and the Western Powers the same willingness they have already shown to give Greece a foothold on this route to the Orient.

### GIRL BRICK MAKERS IN PLACE OF MEN

Dunbar, Pa., Oct. 20.—Girls as brick makers are being tried out here. The Eureka Fire Brick Company, hit by the draft, is employing young women. There is no fixed rule for the girls, they being employed the same as the men, by piece-work.

### MODEL MINING TOWN GROWS UP OVER NIGHT

Knoxville, Tenn., Oct. 20.—Like towns built in the West during the wild gold fever rush of the days of '49, a model mining town has literally grown up over night in the center of the virgin field in Harlan and Letcher Counties, Ky.

Sixteen hundred houses will be completed within fifteen months, say officials of the United States Coal and Coke Company subsidiary of the United States Steel Corporation, which is behind the project.

At present 160 eight-room houses are under construction. After these are completed, the building of the others will begin. Forty-eight mill-

ion feet of lumber altogether will be used.

A total of 250,000,000 feet of lumber was bought this week at a cost of approximately \$150,000.

A temporary commissary building, 240 feet long by 60 wide, is also now being erected. The permanent commissary will be constructed after the construction of the 1,600 houses is completed. It will be of brick, and will cost between \$100,000 and \$125,000.

### Chamberlain's Cough Remedy The Most Reliable.

"After many years' experience in the use of it and other cough medicines, there are many who prefer Chamberlain's to any other." Mrs. A. C. Kirstein, Greenville, Ill., writes, "Chamberlain's Cough Remedy has been used in my mother's home and mine for years, and we always found it a quick cure for colds and bronchial troubles. We find it to be the most reliable cough medicine we have used."

### STARS AND STRIPES BRING CHEERS IN PARIS

Paris, Oct. 20.—The Stars and Stripes still stir up big demonstrations of enthusiasm in the French capital, even the months have elapsed since the United States entered the war.

The grand finale at the Folies Bergere, the other night, brought out the flags and national anthems of the allied nations a la George Cohan. The British color and "God Save the King," brought a demonstration and a large number in the audience rose to their feet. The Italian, Belgian, Roumanian, Serbian, Russian and Portuguese flags all brought applause.

Uncle Sam had the big place in the tableaux. When a pretty girl strode on the stage waving the Stars and Stripes, and the orchestra swung into "The Star Spangled Banner," the house went mad. A Canadian soldier proposed three cheers for the Yanks. Uncle Sam received an ovation that would have gladdened the hearts of Americans everywhere.

### WOMAN TAKES MAN'S JOB AS HEARSE DRIVER

Pueblo, Colo., Oct. 20.—War has resulted in woman filling a new berth in this industrial city, and the old maxim that has been revised to "The hand that rocks the cradle drives the hearth."

Mrs. J. T. Brown is the new chauffeur of the hearse of a prominent undertaking concern. She says leading a cortege containing weeping relatives of the deceased was very depressing at first, "but now I just watch the road and never think what the sad occasion of the trip is."

The hearse was formerly driven by a man who enlisted in Uncle Sam's liberty army.

## AN OPERATION AVERTED

Philadelphia, Pa.—"One year ago I was very sick and I suffered with pains in my side and back until I nearly went crazy. I went to different doctors and they all said I had female trouble and would not get any relief until I would be operated on. I had suffered for four years before this time, but I kept getting worse the more medicine I took. Every month since I was a young girl I had suffered with cramps in my sides and periods and was never regular. I saw your advertisement in the newspaper and the picture of a woman who had been saved from an operation and this picture was impressed on my mind. The doctor had given me only two more days to make up my mind so I sent my husband to the drug store at once for a bottle of Lydia E. Pinkham's Vegetable Compound, and believe me, I soon noticed a change and when I had finished the third bottle I was cured and never felt better. I earned you the privilege to publish my letter and am only too glad to let other women know of my cure."—Mrs. T. J. McGowan, 1224, 5th Street, Philadelphia, Pa.

### THE BEAUTIFUL GULF COAST REAL PLAYGROUND

The beautiful thing about the Gulf Coast, between New Orleans and Pensacola is that it is a real playground, summer or winter—a playground for northern folk from November to May, and for Southern during the summer months. You can't ask for much more of placid nature than has been expended on the gulf littoral between New Orleans and Pensacola. There are pine woods, forests of live oaks, all moss hung and mysterious, long stretches of winding, shaded roads, woodland paths, quaint southern hamlets and modern resorts teeming with gaily and active life; lovely retreats where you can swing in a hammock all day and drowse in the narcotic air. And there is the sparkling water, the beach, the surf, boating, fishing—anything and everything that calls from the salt water side.

Going south on the Louisville & Nashville Railroad, after you leave Mobile, it is impossible to escape the infection of joyous living, even if you wanted to do that. At every stop thousands of people are going and coming—youth and age alike, getting on or off the trains. Laughter and breezy, sunny, fragrant air greet you. It is moreover a place of sane, natural outdoor joys in surroundings of homely comfort or of luxurious ease, whichever you prefer. It is a locality of ancient and honorable traditions and the natives are descended from holders of the soil

since the first days of the white settler. They make you welcome with a stately, southern hospitality, and have put at your disposal the best their home land affords. Every resort and every old plantation home is shaded by age-old ancestral oaks and grown over with trailing vines, roses and perennials; and they all look out over the gulf waters, at the dancing waves, the scudding sails, the beach and the surf. If you can't find happiness down there in the golden sunshine and among the countless diversions and attractions of that playground, don't go south in the winter expecting to find your "Promised Land," for you'll have only your trouble for your pains. No choicer spot exists and greater comfort is not to be found. The winter climate is ideal, not uncomfortably warm, but moderate and bracing, putting snap and ginger into the system.

Touring along the Gulf Coast is one of the ways travelers take to find their own particular choice—and for this purpose the train service of the Louisville & Nashville Railroad is convenient. You can stop everywhere, beginning at Mobile, and stay a few hours, a few days or as long as you wish. It is a fascinating vagabondage that will bring you eventually to the place of your ultimate desire. You can, also, if you choose, ship your motor car to Mobile and go in for regular touring along the gulf—the roads are all good and the country is fascinating in the extreme. History lends its background of fact to a long list of interesting traditions and romantic legends concerning this locality, and the "atmosphere," while wholly American, has the foreign flavor in sufficient degree to give it diversity and variety. Topographically, the coast lies low and curving, rising gently toward the hinterland, which is forested with pines, broken in the clearings, by rich and productive farmlands. The shore line is much indented, the numerous bays, "bayous," "sounds" and lakes giving a seemingly endless and all-surrounding watercourse. Lying off the shore is a line of islands, forming the outer bulwark of Mississippi Sound, and fronting this are the resorts that have been famous since pre-revolutionary days—the towns which began as of the French colonies, begun under the brothers de Bienville and d'Iberville.—Advertisement.

### UNITED STATES FOOD ADMINISTRATION

Washington, D. C. Oct. 17, 1917.

To All Federal Food Administrators:

A statement has appeared in Chicago papers that the United States Food Administration has the intention of reducing the hog price to \$10.00. This statement is absolutely untrue, and has caused a flood of inquiries to which the following is a sample of our reply:

Chicago advises absolutely untrue and do not represent opinion or proposed action of the Food Administration, which will take no steps to jeopardize live stock producers interests. All our power will be used to keep prices at which allied and governmental purchases are made, on a plane that gives an assured return of cost and profit to producers of meat animals. In our opinion the best market obtainable for the present corn crop of the country will be through live stock. We need increased production of beef and pork and the only way to secure this increase will be by a profit on production. Will appreciate your giving this widest publicity.

Faithfully yours,  
HERBERT HOOVER.
