

TWO OUT OF THREE FOR BEAVER DAM

Saturday, July 12 Drakesboro visited Beaver Dam with as clean and fast an aggregation of ball players as has been to our town, and beat us to the tune of 8 to 4. However, Drakesboro had to do 9 innings of real labor to carry the game home, Beaver Dam's fielding was of pretty poor class for Monroe pitched one of his best games and only allowed the visitors 7 hits while Drakesboro was touched for 11 hits.

Sunday, Beaver Dam journeyed forth to the fields of Millwood and beat everything there, beat each other to the dining table, eating, and playing ball.

Everybody likes a good meal but Halley Monroe likes his apple preserves the best and Glendon Stevens carried three pulley bones home with him, Hayward Pirtle caught ice cream like it was a 1 to nothing game while Cisell picked chicken bones like he might have been picking grounders on first. Reed, as usual, showed some class when regular home-made cake made its appearance, also disappearance there; Noble Taylor alias Dave Roger cleaned his plate as well as the bases and as for the rest of the bunch that went along, well, I am afraid they will never be able to look human beings in the face again when food is spoken of.

All of this happened at Millwood and the game was played in the evening, our boys put it over to the tune of 15 to 11.

Now comes the last but by no means the least one of the three games. We journeyed to Grayson on No 22, and stacked up against a picked team from most all over the country. A pitcher from Brownsville, a catcher from Cecilia also a shortstop, second and third baseman from Millwood, an outfielder from Letchfield, and two home boys.

Well, if we had been gamblers of money we would have left lots of them wondering where breakfast was coming from for we walked their frame for the old ball game to the tune of 5 to 4 and I can truthfully say that I have never seen 18 men work any harder for any big game.

As to pitching, it was a pitchers battle from the start and our Glendon walked in the box and had that picked team swinging at the air like they were a bunch of toys wound up.

Stevens allowed two hits and struck out 13 men on the thirteenth day of the month while his opponent allowed five hits and struck out 5 men.

Everybody played air tight ball and several of the boys told me that some one around there paid the expenses of four of our boys, seems like Grayson liked our bunch pretty well, doesn't it?

Any team that happens to read this and think that they would like to take a few healthy swings at Stevens, Monroe or Cisell's first ball, let us know and we will try to accommodate everybody.

Write to M. R. TAYLOR, Mgr. Beaver Dam, Ky.

The Joy Of Living.
To enjoy life we must have good health. No one can reasonably hope to get much real pleasure out of life when his bowels are clogged a good share of the time and the poisons that should be expelled are absorbed into the system, producing headache and indigestion. A few doses of Chamberlain's Tablets will move the bowels, strengthen the digestion and give you a chance to realize the real joy of living. Try it.

CASTORIA
For Infants and Children
In Use For Over 30 Years
Always bears the Signature of *Chas. H. Fletcher*

Le-sur-Tille, France, June 2, 1919.

To the Friends and Relatives of Jesse W. Crowe.

Dear Friends:—It is with deepest sympathy that I wish to tell you of the ceremony which took place on the 30th of May, in the little cemetery near Le-sur-Tille, France, where Jesse W. Crowe is buried with his comrades, in the A. E. F.

The services were attended by soldiers of Camp Williams and the women workers of the camp. "Nearer My God To Thee" and "America" were sung. The firing squad saluted the memories of their comrades and then taps sounded.

The most impressive feature of the occasion was the laying of flowers on the grave of each boy who had given his life for his country. This was done by the women of the Red Cross, the Y. M. C. A. and the Jewish Welfare Board.

The flowers had been given by the French people, who had liberally stripped their little gardens in appreciation of what these boys had done in France.

I will always consider it one of the greatest privileges of my life to have

been present at this Memorable Decoration Day Celebration, and to have been the representative of the nearest relative of Jesse W. Crowe, whose grave lies on the field of honor, in France.

Most Sincerely,
RUTH ADA KIMBALL,
Rep., American Red Cross.

Children Cry FOR FLETCHER'S CASTORIA

ARMY IS PROUD OF ITS RESERVE CORPS

Washington, July 12.—Army officers point to the new officers' reserve corps as one of the big assets obtained from the war.

The new corps now numbers more than 45,000 members, sufficient on the basis of one officer to twenty men to furnish the commissioned personnel for an army of 900,000. Officers in the higher grades include 68 colonels, 196 lieutenant colonels and 2,298 majors.

There are on file 24,817 applications for appointment as officers in the regular army.

SURGEONS agree that in cases of cuts, burns, bruises and wounds, the first treatment is most important. When an effective antiseptic is applied promptly, there is no danger of infection and the wound begins to heal at once. For use on man or beast, Borozone is the ideal antiseptic and healing agent. Buy it now and be ready for an emergency. Price 25c, 50c, \$1.00 and \$1.50. Sold by Ohio County Drug Co.

SOLDIER RECOVERS SPEECH RESULT OF SUDDEN PINCH
London, June 25.—A. E. Pearson, of Stratford, was struck dumb in action at Vimy Ridge in March, 1918. At a Liverpool hospital he underwent special treatment, but it was of no avail, and for fourteen months he had remained speechless.

A few days ago his mother by chance pinched him very hard. In the most natural way he cried out: "Oh don't!"

From that time his speech has come back to him, altho at present talking causes him some little pain.

When you feel lazy, out of sorts and yawn a good deal in the daytime you can charge it to a torpid liver which has allowed the system to get full of impurities. HERBINE cures all disorders produced by an inactive liver. It strengthens that organ, cleanses the bowels and puts the system in good healthy condition. Price 50c. Sold by Ohio County Drug Company.

SHORT SKIRTS ARE BAD FOR BOTH MORALS AND HEALTH
Aberdeen, Washington, July 12.—"Educate women to wear longer dresses" is the purpose of a resolution passed here by the Gray's Harbor W. C. T. U. in annual convention.

Present styles lower the standard of morals and are not conducive to health, is the attitude adopted by those in session.

Plans for the campaign of education were formulated and the workers are urging women to dress "more reasonably."

\$100 Reward, \$100
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, etc.

CARBON REMOVERS.
The market at the present time is flooded with auxiliary air and moisture injecting devices, some of which are good and some bad. The moisture injecting devices will in most cases prevent the formation of carbon on the cylinder walls, but they are not likely to remove carbon already formed, altho this claim is made for them. The air devices are practically useless, unless the owner is absolutely certain that the air range of his carburetor is insufficient. If the adjustment already on the carburetor is capable of supplying more air, an auxiliary air device is a waste of money.

TAPFY.
Rev. H. C. Ford preached at Christian church Sunday and Sunday night.

Several of the teachers attended the Institute at Hartford last week. Messrs. J. E. and Ira D. Funk have each purchased Ford touring cars.

Miss Inez Kirk visited her sister, Mrs. Lewis Masie, at Andersonville, Saturday.

Mrs. Ira Moseley, who has been ill for several months is worse at this writing.

Mr. and Mrs. Gilbert Lee Jolley were here Sunday.

QUICK WIT SAVES CASH.
St. Louis, Mo., July 12.—Two men in army uniform and carrying revolvers entered the restaurant of Charles Anderson here. While one of the men "covered" Anderson and Calvin Estes, a customer, the other started for the cash register. Anderson called out:

"Wait a minute, mister; here's some money. Go get something to eat."

The man halted a moment, then accepted the money and fled with the other robber close behind.

MAY CHRISTEN SHIPS WITH ORDINARY CIDER
Quincy, Mass., July 12.—Prohibi-

tion has created a problem for ship launching officials of the Fore River and the Squantum shipyard. Thirty-five vessels are under construction or soon to be started on, at these works and the "christening fluid" is limited to twelve half-pint bottles of champagne.

Ten submarines and eight merchant ships will soon be ready for christening at the Fore River. The Squantum works has contracts for seventeen more destroyers.

"It may be necessary to use apple cider," said an official.

WILL RAISE SUNKEN GREEN RIVER PACKET
Evansville, Ind., July 12.—Work will start at once to raise the steamer Evansville, a Green river packet, which was sunk yesterday in Green River at Aberdeen, Ky. A bulkhead will be built around the hole that was knocked in the stern of the boat and the vessel will be pumped out. The damage to the boat will not be serious. It is expected that another boat will be chartered to take the place of the Evansville temporarily in the Evansville and Bowling Green, Ky., trade.

BELIEVE DEMOCRATS WILL YIELD TO G. O. P.
Washington, July 14.—The belief that Democratic senators will yield to the Republicans in the League of Nations fight and will accept certain reservations on the league covenant in order to save the entire treaty from defeat was considerably strengthened today. It became known that Senator Swanson, of Virginia, held a three-hour conference with Senator Knox on the subject. It is believed Senator Swanson was seeking to discover a basis upon which the Democrats and Republicans might come together.

BUTTERMILK? WET!
Westerfield, N. J., July 12.—Buttermilk is to be put on the skids if a strict enforcement of the prohibition law is carried out, according to Prof. L. B. Allyn, of the State Normal School, for it seldom shows less than 1 per cent of alcohol content and rapidly gains more through fermentation.

WAYS TO SAVE GASOLINE.
Do not allow the engine to run idle except when absolutely necessary. Run car on a clean mixture. Prevent leaks in gasoline line and shut off gasoline tank whenever possible. Keep motor free of carbon. A carbonized motor is a large consumer of fuel. Change gears more frequently in order to run engine at high, economical and efficient speed. Keep moving parts well lubricated. Use kerosene for cleaning instead of gasoline. Do not drive at excessive speed. Power consumption increases at a faster rate than speed. Every car has a definite speed at which it operates well on a maximum fuel economy.—Farm Life.

QUITE A COINCIDENCE.
"Rawley Jones? Why, that's my husband's pen name," said the lady of the house.

"Ain't it funny," marveled the cook, "my husband has one too. Up in the pen they call him 'Glycerin' George."

LIVES 38 DAYS MINUS FOOD.
Hearyville, Ind., July 12.—Richard Elrod, 78, lived thirty-eight days without partaking of nourishment before his death here recently. He was stricken with paralysis and was unable to eat.

CALLED HER FAMILY TO HER BEDSIDE

Six Years Ago, Thinking She Might Die, Says Texas Lady, But Now She Is a Well, Strong Woman and Praises Cardui For Her Recovery.

Royse City, Tex.—Mrs. Mary Kilman, of this place, says: "After the birth of my little girl...my side commenced to hurt me. I had to go back to bed. We called the doctor. He treated me...but I got no better. I got worse and worse until the misery was unbearable...I was in bed for three months and suffered such agony that I was just drawn up in a knot... I told my husband if he would get me a bottle of Cardui I would try it... I commenced taking it, however, that evening I called my family about me... for I knew I could not last many days unless I had a change for

the better. That was six years ago and I am still here and am a well, strong woman, and I owe my life to Cardui. I had only taken half the bottle when I began to feel better. The misery in my side got less... I continued right on taking the Cardui until I had taken three bottles and I did not need any more for I was well and never felt better in my life... I have never had any trouble from that day to this."

Do you suffer from headache, backache, pains in sides, or other discomforts, each month? Or do you feel weak, nervous and fagged-out? If so, give Cardui, the woman's tonic, a trial.

A FEW OF THE OLD BLUE LAWS
It is rather interesting just at this time to look at some of the prohibitory laws that were in force in this country during the colonial days. The people of New Haven, prior to their incorporation with the Saybrook and Hartford colonies, were subject to the following:

"No Quaker or discenter from the established worship of the dominion shall be allowed to give vote for the election of magistrates, or any officer."

"No food or lodging shall be afforded to a Quaker or other heretic."

"No one shall run on the sabbath day, or walk in his garden, or elsewhere, except reverently to and from meeting."

"No one shall travel, cook victuals, make beds, sweep house, cut hair or shave on the sabbath day."

"No woman shall kiss her child on the sabbath day or fasting day. The sabbath shall begin at sunset on Saturday."

"Whoever brings cards or dice into this dominion shall be fined for it."

"Whoever wears cloths trimmed with gold, silver or bone lace above two ellings by the yard shall be presented by the grand jurors, and the selection shall tax the offender."

"No one shall read common-prayer, keep Christmas or saint days, make minced pies, dance, play cards, or play on any instrument of music, except the drum and Jew's harp."

"Married persons must live together, or be imprisoned. Every male shall have his hair cut round according to his cap."

CARBON REMOVERS.
The market at the present time is flooded with auxiliary air and moisture injecting devices, some of which are good and some bad. The moisture injecting devices will in most cases prevent the formation of carbon on the cylinder walls, but they are not likely to remove carbon already formed, altho this claim is made for them. The air devices are practically useless, unless the owner is absolutely certain that the air range of his carburetor is insufficient. If the adjustment already on the carburetor is capable of supplying more air, an auxiliary air device is a waste of money.

DOCTOR URGED AN OPERATION
Instead I took Lydia E. Pinkham's Vegetable Compound and Was Cured.

Baltimore, Md.—"Nearly four years I suffered from organic troubles, nervousness and headaches and every month would have to stay in bed most of the time. Treatments would relieve me for a time but my doctor was always urging me to have an operation. My sister asked me to try Lydia E. Pinkham's Vegetable Compound before consenting to an operation. I took five bottles of it and it has completely cured me and my work is a pleasure. I tell all my friends who have any trouble of this kind what Lydia E. Pinkham's Vegetable Compound has done for me."—NELLIE B. BUTTINGHAM, 609 Calverton Rd., Baltimore, Md.

It is only natural for any woman to dread the thought of an operation. So many women have been restored to health by this famous remedy, Lydia E. Pinkham's Vegetable Compound, after an operation has been advised that it will pay any woman who suffers from such ailments to consider trying it before submitting to such a trying ordeal.

WILL YOU TAKE OUR GERMINAL REMEDY
A Treatment for WEAK LUNGS or CONSUMPTION
FOR ONE MONTH
A quick relief for that tired, run-down feeling, cough, pains in chest, night sweats, hemorrhages, weak lungs or consumption. If it does not help you it costs you nothing.
