

SOCIALITIES.

Hen. John Feland was in Evansville on Friday. Miss Idella Flack, of Elkton, is visiting the family of Mr. E. M. Flack. Walter Dudley, who has been spending several weeks with friends at Paducah, has returned to the city. We regret to hear that Mr. E. H. Hopper is still suffering with an attack of rheumatism, being confined to his bed.

Judge Littell has purchased a beautiful building lot, adjoining the residence of Dr. Young, on North Main Street, and rumor has it that he intends erecting on it a handsome residence in the Spring, and then—what next?

The following gentlemen were present at our tobacco board past week: R. M. Jarvis, representing the "Jarvis Inspection," New York City; Clifton Daney, New York, and J. N. Beales, New Orleans.

Mr. Jordan Lloyd, from the southern part of the county, who has been spending several months in Florida in search of health, has returned and we are glad to say, has been very much benefited.

Squire G. M. Quarles, of south Christian, one of the most agreeable and entertaining conversationalists in the State was a visitor to our city Friday. We deem it a right royal treat to enjoy his company and trust he may favor us again at an early day. Charlie McCarrall, left yesterday for Owensboro, Ky., where he will qualify as assistant gauger and collector of the Revenue for this District. Charlie will no doubt fill the position with credit to himself and fidelity to the Union, for we know not a more reliable or gentlemanly young man can be found in the county.

We are glad to welcome back to our midst, Mr. W. J. Withers, who left for Virginia three weeks since. Mr. Withers visited Danville, Pittsylvania Co., Richmond and other tobacco points, and reports the market firmer there than with us. Money is as flushed, in Pittsylvania and other counties raising bright tobacco, as it has been in seven or eight years.

Rev. E. N. Dicken, of Bethel Church, in this county, has made a fine impression recently on the upper State people. The Times, of Georgetown, Ky., says:

"The fortieth anniversary of the organization of Tau Theta Kappa Society of Georgetown College was celebrated on Saturday evening last by an address at the Baptist church, by Rev. E. N. Dicken, of Christian county. The subject of the address was 'The Manhood,' and it abounded in valuable suggestions, which if accepted and practiced by the young gentlemen, for whom they were more particularly intended, will be unalloyed of good results. The audience was an appreciative one, but it was not as large as the speaker and the young gentlemen of the Society deserved to have. Mr. Dicken was a member of the class of 1861."

The Hopkinsville Debating Society met in the basement of the Presbyterian church last Saturday evening, and the question, "Should the Protective Tariff Policy or Free Trade Principles prevail," was discussed by Messrs. John W. Payne and S. M. Gaines on the affirmative and Messrs. F. C. Dillard and M. W. Williams on the negative. Question decided in favor of the negative. The Society will meet in the basement of the Presbyterian church next Friday evening and this question, "Resolved that a Republican form of Government is better than a limited monarchy," will be discussed by Messrs. F. M. Bufe and W. G. Wheeler on the affirmative, and W. W. Clark and W. T. Townes on the negative.

Col. John W. McPherson's lecture last Friday night, on "The Fine Arts," was well attended, and we hear on every hand that the Col. far exceeded every effort he has heretofore made. In fact the audience was carried away by "The Fine Arts," and we feel assured it could fall into no worthier hands. It is very gratifying to see what an admirable success the Col. is meeting with in his new field of generous labor. The proceeds of his lectures have been always devoted to the interests of churches, schools, &c., and we feel assured that his efforts have been duly appreciated by the good people of our town.

The Turnpike meeting at Liberty.

At a turnpike meeting, held at Liberty church, near Beverly, Ky., February 22d, 1879, Dr. J. L. Dulin was called to the chair, and E. D. Jones appointed Secretary. The Chairman stated that the object of the meeting was to consult together with respect to the feasibility of building a turnpike road from Hopkinsville to Beverly, Ky., and if determined upon, to adopt such measures as were necessary to accomplish the work. He then announced that the business of the meeting was now in order. As there was not a full attendance on account of the inclement rain, the following motions were made and adopted: Moved, that when this meeting adjourns, that it do so to meet at Liberty church on Friday, the 28th day of February, 1879, at 1 o'clock p. m. Moved, that Wm. Phillips be appointed a committee to have handbills printed and circulated, announcing the time and place of the meeting. Moved, that the proceedings of this meeting be presented to the Kentucky News Era and the South Kentucky for publication. The meeting then adjourned. J. L. DULIN, Chairman. E. D. JONES, Secretary.

Circuit and County Courts meet here next Monday.

Mr. Byron M. Harrison has been appointed by the Council, City Assessor for 1879. The Council voted \$100 to buy coal for the poor during the severe cold spell of January.

The entertainment at Casky on the night of the 22d was a success, notwithstanding the unfavorable weather. Dr. Blackburn's friends should feel very sanguine, as reports from all parts of the country point to his inevitable nomination for Governor.

It would afford us pleasure to accept the invitation of the Hopkinsville Cooking Club, No. 1, which meets at the residence of Mrs. M. A. Leavelle, on Thursday night next.

At the last Council meeting the following accounts were ordered to be paid: Jo McCarrall, Judge, (fee, in cases worked out) \$14.50 W. H. Morrell, attorney, 29.20 A. B. Long, Jailer, 17.40

The South bound passenger train, No. 3, jumped the track about three miles north of Hopkinsville yesterday evening. The baggage, and one passenger coach were damaged to some extent. No loss of life.

At the last Council meeting the following accounts were ordered to be paid: Jo McCarrall, Judge, (fee, in cases worked out) \$14.50 W. H. Morrell, attorney, 29.20 A. B. Long, Jailer, 17.40 E. L. Gouhot, City Tax Collector for several years past, presented to the City Council at its meeting last Tuesday evening, his account sales of property sold for taxes. His account and returns were referred by the board to the committee on Finance to be acted on at some future meeting.

MARRIED.—In Chattanooga, Tenn., on the 16th inst., Mr. George Knight, of Christian county, to Miss Rebecca, Shropshire, of Chattanooga. The happy couple arrived in this city on Tuesday last and went directly on to the residence of John R. Knight, near Pee Dee, where many friends enjoyed a pleasant reception tendered them that evening.

We had a pleasant little time with an agent of a mothers job printing office a few days since and we find that his prices are twenty per cent. higher than our regular rates for job work. We hope our sensible business men have not permitted themselves to be hoaxed by this cheeky specimen of gas and blarney. We ask less for job work than he did and think that on this account we ought to have the entire work of the city.

At a meeting of the Hopkinsville Shooting Club last Friday evening the following score was made at 18 Balls: Hunter Wood 4 Balls Broken. Mill. Gant 9 R. H. Holland 3 Geo. Merrell 4 P. E. Ellis 5 W. E. Bell 4 A. G. Bowles 10 M. D. Bowles 7 Jas. Brownish 11 G. H. Speck 1 Jno. Young 5 J. T. Gant 9 Wm. Cowan 6 E. B. Long 6 G. C. Long 7 Ed. Starling 7 and W. T. Townes having arrived late, broke 8 balls at 12 shots.

Mr. J. H. Bradshaw, a large agriculturist, from near Longview, was in town Saturday. He still maintains that he will never sell another pound of tobacco or buy a dollar worth of goods in Hopkinsville, until his fine is remitted. He brought to town in December last back bones and chimes (his surplus) to dispose of. Having shipped a large lot of hogs to different foreign markets and prices being unsatisfactory, he concluded to slaughter and pack his own meat. So having killed a large number he, of course, had more of certain parts than he could keep, and the only available way to dispose of them was to sell. Our butchers did not desire to buy, so he was forced to dispose of them privately. This was a violation of an ordinance of the city, and he was fined \$16. We would be very glad to see this ordinance amended so that it would not apply to such sales between 10 o'clock a. m. and 4 p. m., and further we would be glad to see Mr. Bradshaw's fine remitted entire, as the law under which it was imposed is unjust, and his good will is worth much to our city.

Quark! Quark! bang! which means that several citizens in the northern part of town have been victims to a petty thief for several months and all efforts to make a capture have proven fruitless. Mr. Bradshaw had several fine blood chickens stolen from his house one night last week and he resolved to set a close watch over those left, so he arranged a wire to run from within the hen house to his bed room, a bell being attached to that end of it, so that when the hen house was entered the wire would sound the bell over his head. About one o'clock that night

OUT ON THE FLY.

A Wretched Woman Dodges from the Grip of an Officer and sets herself at Liberty.

Her Re-capture near Trenton. Mrs. Susan Howard was sentenced in Memphis, Tennessee, on August 1877 to serve a term of three years in the penitentiary for grand larceny. She made her escape on Sept. 1877, it is thought, by the aid of false keys which her husband procured for the woman's department of the Tennessee Penitentiary, which open out on the street, in Nashville. She has not been heard from since, until a few days since she was RECAPTURED in Indiana bearing the name of Laura McGlossin. Warden Cummins, who passed here with the prisoner, bound for Nashville, on the night train of Friday, fell asleep after passing Casky and his slippery prisoner taking advantage of the situation, as a train stopped at a water tank, in company with a negro man by the name of Harry Hill, of S. S. Sulloway, Ky., she jumped from the train and officer Cummins did not learn of her escape until after the train had nearly reached Guthrie, where he stopped off and telegraphed for a detective from Indiana. This detective in company with Cummins arrived on the scene and striking the trail of the woman through that section of country West of Pembroke and Trenton, after some sharp heading off and sallying, succeeded in detecting her route and on Saturday morning last

MARRIED.—At the Christian church, Hopkinsville, on yesterday (Monday) evening at 6 o'clock, by Elder C. K. Marshall, Mr. W. S. Davison to Miss Nellie Jessup, both of this city.

It rarely befalls us to record the particulars of so happy an event. It is indeed still rare to see a couple more appropriately and handsomely matched. The audience at the church was extremely large and all seemed impressed with the importance of the occasion, for indeed it was a moment of marked importance when two hearts so spotless, two names so worthy were blended into one—such representing families of the highest honor, distinction and wealth. The ceremony was brief and pointed, and from the happy state the couple repaired to the residence of the bride's father, Mr. J. E. Jessup, where the friends of the family united in extending congratulations and hopeful wishes for a free and full realization of that happiness which is sought for by all who love the good life. The couple has our most earnest congratulations and expression of good wishes, and we feel authorized to express a like feeling of regard from the social circles of our entire city. The next feature of this happy event will be a reception to Mr. and Mrs. W. S. Davison, at the residence of Mr. B. S. Campbell, on Wednesday night, Feb. 26th, and judging from the high hospitality dispensed on several previous occasions, we may expect to be royally entertained. We again offer prayers for Will and his lovely bride.

STEAL A HORSE. From Mr. Day and conduct her to a certain point on the Ohio river, where she would meet her husband. The plan was thwarted, and although Hill is reported to have stolen the horse from Mr. Day, Mrs. Laura McGlossin, Susan Howard is no more at large to take that charming ride with him to the grand Ohio. What could have been the feelings of the officer.

CUMMINS, when he was awakened from his pleasant snooze and informed of his prisoner's escape can be illustrated by referring to that startling period in your school life when your teacher wrapped you tightly over the head with a book, to wake! wake! from pleasant dreams.

The Delegate Convention.

The following will be the number of delegates each precinct in this county will be entitled to in the convention which meets in this city Monday next, March 3rd: Hopkinsville, No. 1 8

Table listing delegates for various precincts: Fairview, No. 1 2; Fairview, No. 2 2; Seater's Mill 1; Stewart's 1; Fruit Hill 1; Wilson's 1; Mr. Vernon 1; Longview 1; Lafayette 1; Garrettsburg 1; Bennettsburg 1; Union School House 3; Newstead 1; Casky 1; Bellevue 1; Babunridge 1; Hamby's 1; Barker's Mill 1; Total 88. Necessary to a choice, 45.

Hopkinsville and Beverly Turnpike.

We noticed last week from the certificate of four prominent citizens on the Palmyra road, namely, Messrs. Redford, Tribble, Wilson and Loy Cayce, that the average daily travel past their houses into Hopkinsville aggregates 20 wagons, 10 buggies and 35 horsemen, and of course they all return in the evening. Mr. Tribble further corroborates the testimony. By his count of an ordinary travel day on the last of January, until 11 a. m., 17 wagons, besides an uncounted number of horsemen and buggies; then on the 18th of February 23 wagons one way before noon, horsemen and buggies uncounted, and he believes the average travel in the certificate underestimates. We will estimate lawful tolls on such a travel for 5 miles, which can be built for \$12,000 or less: 20 wagons, 5c round trip, \$7.00 10 buggies, 20c " " 2.00 20 horsemen, 10c " " 2.00

Each day, \$1.00 Week days in year 312. Gross tolls yearly, \$3,432.00 Gate keeper, repairs and other, \$500.00 Secretary's salary off, \$500.00 \$2,932.00 And this is a handsome, yearly, lawful interest on \$12,000, the cost of building the five miles of pike. Nearly 25 per cent. clear profit on the investment.

It seems to us that the Democracy in the Federal House ought to rise above the level of ward Democracy. To be continually shifting their compass for fear the party may be committed to something besides abuse of the Republic and a reduction of appropriation bills in the regular session to be supplemented by deficiency bills in the next session, is not exactly the sort of statesmanship required in rugged times like the present. Affirmative measures of relief, heroic ideas and an ardent regard for the distress and suffering of the people is the music to which the public heart would delight to keep step. All this should be brought out in the organization of the next House. A statesman of courage and convictions and ideas should be made speaker. Louisville Democrat.

OUR NEIGHBORS.

Mr. George W. Latham of Hopkinsville, was in town this week.

Since the 17th day of December last 68,000 fowls have been shipped from this place. This speaks well of the fowl trade, and we hope our people will pay more attention to their chickens, geese, turkeys and ducks.

Bishop Dudley was greeted by a large audience last Friday and Friday night at the Episcopal church, and his sermons were excellent. He preaches without manuscript, his style is so simple that a ten year old child can comprehend him, and yet he is forcible and impressive. All who heard him were well pleased.

MARRIED.—On Wednesday night January 22nd at the residence of the bride's father, Mr. S. L. Siler by Rev. J. Lewis, Mr. Samuel T. Evans formerly of Caldwell county to Miss Lizzie E. Siler of Christian county.

ATTENDANTS.—Mr. W. H. Elgin and Miss Maggie Harper Mr. T. L. Hurd and Miss Kate Siler.

TRAGEDY. Judge E. C. Spiceland from Liberty and L. M. Bute, Esq., Hopkinsville, Ky. are among the number of prominent attorneys from a distance attending court this week.

It is related of a countryman, who was in town Wednesday, and heard Dr. Blackburn's speech, that he was so carried away with enthusiasm that he forgot his horse and walked home on foot.

ANOTHER CANDIDATE FOR LT.-GOVERNOR.—McCracken county in mass meeting last Monday instructed her delegates to vote for Henry Burnett, Esq., of Paducah, for Lt.-Governor. Burnett is a very good man, and if he wants to be Lt.-Governor, or anything in that line, let him speak the word or give the sign and the Democracy in this neck of the woods will rally to his standard to the last man.

HOPKINSVILLE. (Times.) Mrs. F. L. Ellis, of Hopkinsville, spent several days with relatives in our town last week. She returned home last Saturday.

Will G. Bradley, the Princeton Post-master, and T. P. Ennis, of Hopkinsville, after spending a very pleasant Sunday in our town, returned to their homes on the noon train Monday.

"Dumbell" is the name of a gentleman just ordained to the ministry in Texas.

TOBACCO NEWS.

Home and Foreign.

We are glad to state that our market showed a much better feeling for the past week. Prices were from 1 to 2 cents advance on former for the season. Tobacco is coming in more freely now and we expect liberal sales for the coming week. Mr. S. G. Buckner received about fifteen hogsheads yesterday, and we think other houses received their complement, but we have not their yesterday's receipts before us.

The Western Tobacco Journal in speaking of our tobacco says: "All reports say that it is about as miserable stuff as passes under the name of Tobacco. There is no reason that farmers in your section cannot raise as good Tobacco as any section of Kentucky, and when they do they will get as good prices. Moral—Pay more attention to quality than to quantity!"

Bellevue.

The hog cholera is raging in this section.

Tramps are passing every day. Drummers have been as thick as black birds in Bellevue for a week or ten days. We hope they have had good luck, for the merchants will not buy goods unless there is a blooming prospect for selling.

Notwithstanding the impression is that all the fruit has been killed we feel flattered to think that there are a few "apple" trees near here that bear a second crop in one season.

The wheat, although a little under the weather for a few weeks past, is now looking up, the few wet, warm days having greatly improved the appearance of it.

The firm of R. M. Lipstine & Co. is here no more. Mr. R. Lipstine, we learn, will soon embark for Alaska, to accept a position in the fur business.

The Rev. A. W. Meacham, who has been quite sick with pneumonia for several weeks, we are glad to learn is improving and will soon be out again.

Mrs. W. F. Patton closed her school yesterday with usual awards. It is rumored that B. came very near following the "squares" (who have been camping near here lately) off. "Billy B." came near meeting with the same fate, and it was not without ardent persuasion that he could resist the temptation of following a roving life.

But little building is going on with us just now. All preparing to help build the Narrow Gauge Railroad from Hopkinsville to Godtz, via Bellevue, is the presumption.

Blackburn still in the lead and coming. Faculty for obtaining titles that will serve to interest causes consciousness, as the above shows. SHORT FELLOW. February 22d, 1879.
