Mary Jane Knight, wife of Tom Knight, of the Crofton neighborhood, has sued Seth Myers, Jr., for \$3,000 damages for an alleged outrage upon her person. She charges that Myers attempted to commit a rape upon her, but was prevented by the appearance of her husband, and that shortly afterwards she suffered a miscarriage from the excitement of the affair. Eq. S. H. Myers, the father of the defendant, was in the city yesterday and says the affair is an effort to blackmail his son, who is a married man of character and standing in the community. The alleged assault, it is claimed, occurred Jan. 9th and several months later the woman gave birth to a child that lived three or four hours. The whole story is a very fishy sound about it. Mr. Myers denied the charge in toto and says it has no foundation whatever on fact. TOBACCO NEWS. CREAM OF NEWS.

Dr. A. D. Sears. The exchange of clerks between Dr. A. D. Sears, of Clarksville, and Rev. J. O. Rust was effected Sunday. Two large congregations welcomed the aged divine at the Baptist church, and heard his able sermons with a delight born of long affection for him. Dr. Sears' life has been full of labor and usefulness, and now, at 85 years of age, he is in full possession of his mental faculties. His step is elastic, his body erect, his eye clear, his voice strong and musical; he throws into his discourses the vigor of youth, his disquisitions the richness of experience, and his sermons the abundance of age, and there is abundant promise of yet more years of useful labor. Our community was glad to welcome him, as his labors of past years in this city are fresh in many hearts and his noble life and work in this section command the warmest esteem and honor of the denomination and the general public. Hardly has anyone been to our city whose coming was more gratifying to those who truly feel an interest in the Lord's work. The Coroner's Matter. Dr. J. W. Lillard, the colored man recently elected coroner, was seen Saturday by a Kentuckian representative and questioned in regard to his reported ineptitude. He promptly replied: "If a residence of two years in the State is necessary, I am ineligible. I was born in Tennessee, lived there all my life excepting a few years when I was out of the State some years ago, graduated in Nashville Feb. 20, 1888, and came here four days later." The Doctor was shown the article bearing on his case in the Constitution, which he read, and remarked: "According to that I cannot hold the office, but it makes no difference whatever to me. I was not an aspirant for the nomination and did not canvassing further than to distribute a few cards." He further remarked that he had been notified officially of his election, but did not say whether or not he would attempt to qualify. Up to noon yesterday he had not taken action in the matter. Dr. Dulin to Contest. Dr. Dulin has fully decided to contest for the office and Messrs. Wood and McCarroll are his antagonists in the matter. Judge McCarroll is clearly of the opinion that there has been no election of a qualified candidate and that the course to pursue will be for the county judge to appoint a coroner until the next August election. In that event Dr. Dulin would of course be re-appointed. We Wear the Horns. According to the assessors' returns of the four staple crops raised in the State, Christian ranks first in the production of tobacco and Shively in corn. The tables show that Christian county's production of tobacco was 17,411,450 pounds of tobacco, \$2,729,729 bushels of wheat; \$32,549 bushels of corn and 96,536 bushels of oats. Number of acres in corn and wheat, 83, 676. The total for the State were 282,337,421 pounds of tobacco, 10,547,249 bushels of wheat, 51,605,546 bushels of corn and 3,740,043 bushels of oats. From a large number of answers received to a circular sent out, Messrs. Glover & Durrett, of Louisville, have compiled a table of statistics about the tobacco crop. Christian and other counties in the Clarksville district sent 1123 replies. These reported an acreage of 21,043 acres last year and only 13,824 this year. All other districts heard from showed about the same proportion of a full crop and a few made even a worse showing. Messrs. Glover & Durrett estimate the crop of 1889 at about 56 per cent. of that of 1888. No Election in Trigg. The missing poll-book came to hand in Trigg county and the vote of Ferguson's Spring was found to be as reported—19 for Wharton and 55 for Clark. These votes being counted, the result in the legislative race is a tie between Wharton and Clark, each having 932 votes. The only course to pursue in such a case is to have another election, which will undoubtedly result in the success of Mr. Wharton, as the Democrats will profit by experience and get the vote out next time. The County Wheel. The County Wheel, of Christian county, met at Sinking Fork Saturday and was largely attended. Dinner was supplied in abundance for all and public addresses were made by M. M. Hanbery and Jas. D. Brown. A Tramp Killed. A tramp was fatally hurt on the railroad at Guthrie, Thursday night. Nothing could be learned about him, as he was unconscious up to the time he died. Deafness Can't be Cured by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out of the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness, (caused by catarrh) that we cannot cure by taking Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O.

We have heard of a new applicant for the post office at this place in the person of Jonas Courtney, who lives about three miles from town. There will be a brae-dance at Blue Lick School house, on the Highland Lick road, not far from Kirksville, on next Saturday, the 17th inst. The Clarksville Progress says a son of Christian, the independent candidate in Todd county, voted for the Democratic nominee and against his own father. A delegation from Evergreen Lodge No. 38, K. of P. went to Trenton last evening to assist Allensville Lodge in organizing a lodge of the Pythian order at Trenton. J. H. Anderson & Co. have had an arch cut in the wall separating their two stores and will throw both establishments into one. The cash box system will be adopted and one cashier will also operate for both rooms. Mr. Jerome Duncan, son of Rev. T. J. Duncan, was licensed to preach by the Clarksville Conference of the M. E. Church, Friday evening last week. The young preacher is said to be bright, well educated and full of enthusiasm in his chosen work. The Latham cottages on Campbell street, between Eighth and Ninth, are going up rapidly. We understand they will be heated by steam, lighted by gas and furnished with hot and cold water. Mr. Latham will have no trouble in renting them to reliable parties. Allison, Dem., beat Roark, Rep., for county attorney in Muhlenberg county by 3 votes. The unofficial returns gave Roark one majority, but a clerical error of 4 votes was found in adding up the returns from Roggess district. Both candidates were present at the count. Nothing was done in regard to the proposed railroad at the meeting of the City Council Tuesday. Col. Clark, who is engineering the enterprise, asked for further time to prepare his proposition. In the meantime, where, oh! where is the Ohio Valley with its new proposition? The young people had a very pleasant social gathering at the country residence of Mr. W. T. Radford, near Pembroke, Thursday night. Mr. and Mrs. Radford were present, as was their son, Jim, who was the host of the occasion. A large number of couples from this city and other places attended and the dance indulged in was one of the most enjoyable of the season. Mr. L. B. Smith, a well-dressed and gentlemanly-looking young man from St. Louis, was here last week looking up the facts in regard to the killing of his brother, A. E. Smith, on the railroad a few days before. The young man killed had been railroaded for 10 years, but has been with the L. & N. only a few months. He was 27 years old and unmarried. His remains were taken to Mexico, Mo., where they were interred on the 3rd inst. Urey Woodson and wife spent last week at Crittendon Springs.

A Lodge of Knights of Pythias was organized at Trenton, Ky., last night. Another race has been arranged for Friday, at the Park, between Cleveland, Bachelor and Mollie McRev. J. W. Crawford, pastor of the First Presbyterian church, will leave for a visit to a brother in Indiana the latter part of the week, where he will spend a vacation of several weeks. The annual State convention of the Ancient Order of United Knights and Daughters will convene in this city on the 15th inst. A large number of delegates and visitors will be on hand. There will be a meeting held at the L. B. Morris place, on the Asylum pike, next Saturday at 1 o'clock to talk over the possibility and probability of establishing a creamery at that place. The amusement season will be opened at the opera house by Cleveland's minstrels on the 4th of September. The greatest man of the burlesque profession in America is Billy Emerson, who is with the troupe. Jim Bradley knocked Johnny Montgomery down Saturday afternoon in front of a 7th street saloon and in falling the old fellow struck the curb and cut a deep gash on his forehead. Bradley was arrested by Chief Campbell. A trail of blood was discovered on the streets Sunday morning. Blood was seen as far out on North Main street as the residence of Mr. M. L. Trice. Chief Campbell thinks the blood was lost by a dog, which fought with another for a considerable length of time. It is hardly probable that one of two negroes, who were engaged in a fight near the ice factory at a very late hour, could walk so far and lose so much blood. The police force have been diligently trying to find out who were engaged in the fight, but up to yesterday morning had met with no success. The engineer of a passing freight train was the only one who saw the fight. To Dispel Colds, Headaches and Fevers, to cleanse the system effectually, gently, when costive or bilious, or when the blood is impure or sluggish, to permanently cure habitual constipation, to awaken the kidneys and liver to a healthy activity, without irritating or weakening them, use Syrup of Figs.
