MATRIMONIAL.

J. W. Williams, of Nashville, and Miss Emma Bucke, of Henderson, Ky., were married at the residence of John Posey, at 9 o'clock this morning by Rev. J. W. Sullivan. The young people will remain here for a day or two and then will leave for Nashville, where they will reside. The parents of the bride objected to the match, but the young lady was not to be stopped in her love intentions and came to this city alone, falling to meet her husband as had been arranged. We know such love as this should be happy and trust the propitious gods will ever attend them.—Clarksville Chronicle.

A Warning to Our Girls.

A Bowling Green lady, whose age was becoming rather uncertain, had a mortifying experience with the use of paint and powder used to restore vanishing beauty. The cosmetic used was found to contain nitrate of silver and arsenic. After she was made sick from its use, she went to Crittenden Springs to try the effect of the water and baths. Unfortunately for her peace of mind the sulphur in the water acted upon the nitrate of silver and she became too black to pass as a mulatto. She has now gone to a New York sanitarium where she may have to remain a year until the black wears off.

Will They Never Stop Growing?

Sells Brothers, the renowned showmen, have been adding attractions until it would seem that a show of the magnitude of their last season could not be moved across the continent profitably, but they did it. This year, as if determined to test the limit of possibility, they have formed a coalition with S. H. Barrett's World's Fair, and both big shows, each fully equipped and larger than any rivals, will travel together, giving exhibitions in the "big places," day and date. Two big circus parades on our streets the same day and hour will be a novelty; two big shows to town, will be seen at the depot; two big canvas cities side by side, on adjoining grounds, and what is the most marvelous of all will be, both big shows will exhibit as one for one price of admission. Truly, Sells Brothers and Barrett are priority showmen. Hopkinsville, Wednesday, Sept. 18.

Dr. Buckner Leavelle, our leading

Dr. Buckner Leavelle, our leading Druggist, always wide awake to the interest of his patrons and general public, has just succeeded in securing the agency for Radam's Microbe Killer. Owing to the large demand for this medicine the manufacturers will not be able to ship the stock for several days. He has several orders already for the medicine, so place your order so you can receive it out of this first shipment or you may have to wait for several weeks.

CREAM OF NEWS.

Young John Gets Left. The Owensboro Messenger of Tuesday says: "Mr. Geo. W. Jolly, United States District Attorney, has written a letter to the Attorney General recommending Mr. George DuRelle, of Louisville, for Assistant District Attorney. This is equivalent to Mr. DuRelle's appointment, and the selection is an admirable one. He is a young lawyer of ten years' practice, four of which he was Assistant to District Attorney Thomas, and is, therefore, entirely familiar with the duties of the place."

This settles the hash of John Feaud, Jr. of this place, who had been promised the place, and leaves him floundering in the consummation. Mr. Feaud declines to talk about the matter, further than to repeat what has been known for some time—that he has two letters from Mr. Jolly promising him the appointment. He declines to permit the publication of these missives at the present time, and says the matter is settled now and should be allowed to drop. Since he is willing to let it drop, of course Mr. Jolly will be, and thus ends the first chapter.

Three More Elixir Patients. Dr. Geo. L. Dulin administered the Brown-Sequard elixir to three patients last Tuesday. The glands from a freshly slain lamb were secured and pounded into a pulp by Mr. Kit Wyly, the druggist, and the liquid obtained according to the usual process in a very short time after the animal was killed. The patients were all colored men aged from 50 to 60 years and sufferers from rheumatism. They were Anderson Morrison, Peyton McComb and Isaac Bradley. The elixir was injected into their arms with a hypodermic syringe. So far they have made no reports of the effect it had upon them. These cases will be watched with interest by Dr. Dulin and from them he expects to form an opinion as to the merits of the alleged discovery.

Both Were in Fault.

Last Saturday Wm. King and Henry Carter, both colored, involved themselves in a fight at Beverley, and each made strenuous efforts to exterminate his antagonist. King cut Carter with a knife and Carter thumped King's head with a rock. Both parties were more or less hurt by this battering and slashing process, but no serious wounds were inflicted and King and Carter were both able to show up for trial Tuesday before Equities Davis and Major. Attorney D. L. Johnson went down to represent the county attorney and the trial occupied a good part of the day. The magistrates very wisely adjudged both parties guilty and levied a tax of \$15 and trimmings against each of them.

Charlie Morris in the Soup.

Chas. H. Morris, a saloon keeper of this city, recently went to Madisonville and opened up a "confectiory." Last week he telegraphed to his friends here that the authorities were after him for violating the prohibition law and later it was learned that he had been put in jail.

A Madisoneville gentleman who

was here this week brought the news that the trial came up Monday and Morris was found guilty in a large number of cases and given a sentence of one year in jail and fines assessed against him aggregating \$6,000.

A Native African.

Albert Momo Thompson, a native of Western Africa, who is now in his 18th year, lectured at the colored Baptist church last night on "Western Africa." He is at present attending school in Nashville and has been in this country about 18 months. It is his intention to study medicine and return to his native country, which is in the mountainous region east of Liberia, when his education is completed. He speaks English with correctness and also speaks six African dialects fluently.

Police Court Items.

John M. Revels, drunk, fined \$5 and cost. Stephen Haynes and Tom Payne both col, breach of the peace, fined. Emma Cayce, col., breach of the peace, fined \$1 and costs. H. B. Simpson, drunk, fined \$5 and costs. Jim Jackson, breach of the peace, fined \$1 and costs.

"Is Marriage a Failure?"

Circuit Court meets next Monday. There are on the docket 112 common-law cases brought over from the last term. There are 70 new common-law and equity appearances, of which 50 are more than one-fourth, are suits for divorce from matrimonial bonds. Will any the question be asked, "Is marriage a failure?"

A Card of Gratification.

I wish to extend to the Republicans of Christian county my highest appreciation and gratitude for their able and hearty support in electing me to the office of coroner. But, after diagnosing the constitution of the State of Kentucky, I find that my prognosis is unfavorable.

Respectfully,

J. W. LILLARD, M. D. A Trip to Death.

Tom Gough, an L. & N. brakeman, who was run over by the cars at Rankin, Monday night, died in Henderson, Tuesday. His remains were brought to Earlington, his home, for interment. Gough was making his last run when killed, having arranged to go into business in Earlington on his return.
