

PERSONAL GOSSIP.

Miss Cora Poirer has returned from Monticello. Miss Lizzie Owen visited Mrs. Tom Jones this week. Miss Bettie Hopper is back from a visit to Clarksville. Miss Bettie Hanbery has returned from a visit to the country. Mrs. J. M. Frankel and children are visiting relatives in Louisville. Mr. F. H. Renshaw is quite sick at his home on South Virginia street. Messrs Polk Canaler and D. M. Canaler left Wednesday for a business trip to Kansas City. Mr. T. B. Blakey, of L. e county, is visiting his brother, Dr. T. W. Blakey. Rev. J. W. Crawford returned from a trip to Illinois and Kansas last Monday. Mr. W. R. Ely has gone to Nashville to accept a position as book-keeper with his former employer, N. B. Shyer. Miss Nannie Barbour, of this city, left a few days ago for Huntsville, Texas, to accept a position as teacher in a college at that place. Rev. A. W. Meacham returned Wednesday night from Tennessee, where he had been engaged in protracted meetings for three weeks. Miss Mary Green has returned from an extensive visit to Shelbyville and Louisville, accompanied by Miss Sallie Green, of Louisville, who will spend a month with her. Gen. R. M. Gano, of Dallas, Texas, is in the city, the guest of Mr. R. B. McElroy. Gen. Gano was attached to Gen. John H. Morgan's brigade, and has many acquaintances and friends in this city and county.

CREAM OF NEWS.

He Denies It. In its "Society Gossip" column the Owensboro Messenger gets off the following concerning Judge Grace: "It is rumored that Judge Grace, of the Hopkinsville circuit, who it will be remembered presided in the Davies circuit court at a term about eighteen months ago, will soon be married to a wealthy widow of Trigg county. Judge Grace was the administrator of her husband's estate and, at her request a few years ago to invest \$15,000 of her money, took it to Birmingham during the boom of that town and in nine weeks returned her \$75,000. The judge has a sufficient number of good qualities to excite the admiration of almost any lady, but in this matter he acquitted himself so cleverly that it would have been a fifty-headed woman, indeed, who could have failed to admire him." Judge Grace was seen by a Kentuckian man in regard to this charge and asked if he had anything to say in his defense. He appeared much amused and laughingly said: "A certain gentleman in Hopkinsville (naming him) says the editor of the Messenger couldn't tell the truth if he tried and in this case he seems to be about as far from it as usual." A Large House Moved. Mr. Schofield, of Evansville, was employed by the city council to move Mrs. M. E. Rodgers' dwelling house this week. The house, a large two-story frame building, was on a line with the pavement and when this was cut down the foundation of the house was dug under and it became necessary to roll the building back from the street. This has been done and the whole building, including the all in the rear, rolled back twelve feet. A portion of the cellar will be destroyed, but the property will be improved in appearance and made much more desirable as a residence. The expense to the city was something over \$100. A handsome wall, similar to that on the opposite side, will be built in front of the lots on the south side of the street, between Virginia and Liberty streets.

The Ninth Street Work. The work of improving Ninth street has reached a point where no further progress can be made until the necessary curbing can be secured. Contracts for curbing were made months ago with stone-cutters, but they have been slow about meeting their obligations and the work has come to a temporary standstill. The city authorities are unable to get other stone-cutters and consequently the work cannot be pushed ahead any faster. The parties who undertook to supply the curbing are irresponsible in law and there is no recourse on them. The work of leveling the north side of the street, where the curbing is down, was begun Tuesday and the south side is being put in readiness for the pavement as soon as the curbing can be obtained. It is hoped this will be ready in a few days more.

DEATHS.

Mary C. Fruit, two-year-old daughter of Capt. S. T. Fruit, of the North neighborhood, on the 9th, of fever. Miss Ellen Anderson, aged 16 years, daughter of Jas. Anderson, north of town, on the 11th, of lung trouble. COLICED. Adopted child of Albert Meers, aged five years, in the city on the 11th. Infant child of Kitty Graham, in the Antioch neighborhood, on the 10th. Luther Smith died at Mr. A. W. Pyle's, in the city, Monday morning, aged about 35 years. He died suddenly of heart trouble.

HERE AND THERE.

No police court business held last week. Call on the Citizens' Bath House when in need of a good bath. Born to the wife of E. A. Morris, on the 6th inst, a girl. Buy goods of 5—McGeehan Bros.—5 Clarksville, Tenn., and save money. The Wheelers will have a barbecue and speaking at Poe Doe to-morrow. Robt. M. Woodruff, livery and sale stable, Fritz' stand. Telephone 144. Several parties who want to rent houses are unable to find them in the city. Rev. Dr. Tygart preached two sermons at the Methodist church last Sunday. WANTED.—Objection as house-keeper; no situation to the country. M. Box 184. The race for county clerk is warming up. There are three candidates on each side. Next week the Hopkinsville Steam Laundry will have out a new list. Get one and read it. The Sox Bubble Company gave a satisfactory performance at the Opera House Wednesday night. The Grangers held a caucus in this city Monday for some purpose not made known to the public. The Ky. W. C. T. U. Convention will be held in this city Sept. 25, 26 and 27, in the C. P. church. Rev. T. E. Tiller, pastor of the Baptist church at Pembroke, has gone on a visit to Hamburg, Iowa. Willie Campbell killed a white squirrel near town Tuesday. Its tail is on exhibition at Leavell's drug store. There will be communion services at the First Presbyterian church next Sunday morning and preaching at night. Rev. Geo. F. Campbell will go to Vanderbilt University this fall to enter upon a theological course of four years. Sam Meadie has taken a position as salesman with Morris Cohen, of the proprietor, is also a clerk in the store. The three highest prizes in the Louisiana Lottery were drawn Tuesday by numbers 8,174, 39,428 and 69,159. No parts of them were held in Hopkinsville so far as heard. Prof. J. W. Rust's health is but little improved and he is still unable to be about. He has not been well for several months and for the last two or three weeks has been confined to his room. Tom Metcalfe and Geo. Colison cornered a burglar in their Laundry Wednesday night, but while Metcalfe went for the police the intruder knocked Colison senseless and escaped unscathed. The Keen Missionary Society will give a "lemon tea" at Mrs. Gant's this evening. The young lady waiters will be costumed and rich assortments of delicacies will be served. Admission 25 cents. Conductor Mullen brought the accommodation train in Wednesday night after the regular conductor's death, arriving an hour or more late. Wm. Garrity was put on temporarily yesterday morning. Mr. Jas. W. Yancey has bought the Burbridge house on City Street, paying \$3,000 for the property. He will make extensive improvements and run the house as a first class hotel and boarding house. Two tobacco bins and a stemming factory in Montgomery county, Tenn., the property of Messrs. Walton and Chiles T. Barker, were burned last week, destroying 35,000 pounds of tobacco and 1,400 bushels of wheat, besides a lot of farming implements. Loss estimated at \$5,000, without insurance. Tobacco cutting is now the order of the day everywhere and we may soon expect to hear of the usual number of tobacco barns burned through the carelessness of hired hands. There were not less than half a dozen such fires in the county last season. Officer W. R. Vinson tendered his resignation as policeman Monday and Harry McCord was on Tuesday appointed in his stead. The Frank-kin fitted the new "cop" out in a handsome uniform suit the same day and his 230 pounds of avoirdupois, in glistening brass buttons, now looms up as a terror to evil doers. Mr. McCord had previously demonstrated his fitness, by a week's service as a substitute prior to his appointment. The Latham Light Guard, commanded by Capt. Henry, gave an exhibition skirmish drill in Sharp's field W. dnesday afternoon. A good crowd had assembled and the boys did credit to themselves, as they always do. They have secured Anderson's hall as an armory, which is very small, though larger than their former one. Hopkinsville should feel proud of this organization, which bids fair to be one of the best drilled companies in the State. Some time ago three colored men of this city named Morrison, McCombs and Bradley had the Brown-Squad elite injected into their arms for rheumatic troubles. All of them had abscesses to form on their arms. Bradley is still having serious trouble with his whole arm and is badly frightened. The other two are getting better and the places are healing up. Morrison was seen yesterday and said he thought his rheumatism had been benefited somewhat, but he didn't want to experiment any further with the "lixir."

A CONDUCTOR KILLED.

WM. T. BRAME SHOOT'S JAMES F. LEMON AT BAKER'S STATION, TENN. Brame Escapes and is Still at Large. Jas. F. Lemon, conductor on train No. 56, of the L. & N. road, locally known as the Nashville accommodation, due here at 4:45 p. m., was shot and killed by Wm. T. Brame, at Baker's Station, Tenn., at sunset Wednesday evening. A representative of the KENTUCKIAN was on the train and witnessed the difficulty and the following statement of facts may be relied upon as correct: Brame first made his appearance in the rear car at Baker's, 16 miles out from Nashville. He came from the smoking car, followed by the conductor, and attempted to borrow money from an acquaintance to pay his fare to Hopkinsville, saying he didn't have the necessary amount. Not succeeding in this, Lemon told him he must get off if he could not pay. Brame then arose and went forward without a word and passed out of the door, the conductor having pulled the bell-cord and stopped the train, which was in the act of leaving the station. Instead of getting off, Brame walked across the platform and into the smoker, but Lemon followed and caught hold of him and, assisted by the brakeman, Cave Johnson, pulled him out on to the platform, where Brame scuffled violently to keep from being put off. He was, however, finally pushed down the steps and on to the ground about two feet below. Lemon followed, but stopped on the lower step. This part of the difficulty had been seen by the passengers through the doors. As Brame struck the ground, alighting on his feet, the passengers put their heads out of the windows and saw him draw a very large and bright revolver and taking a step or two forward thrust it towards Lemon's right side and fire. He then turned, ran around the rear car and up the side of Baker's hill on the east side and disappeared in the bushes. Lemon was struck just below the right nipple, the ball ranging upward and across the breast. Only one shot was fired. Lemon sank down and spoke only once saying, "Catch me before I fall." The brakeman assisted him to the ground. He was entirely unconscious by the time he was put upon the ground and never regained consciousness. He died in forty minutes and the southbound passenger train took his body back to Nashville about an hour later. Lemon was about 33 years of age and had been railroaded 22 years, 17 years of that time with the L. & N. He had only been on this train about six weeks, but was on the same run in 1882 and 1883, with headquarters in this city. He was very popular with the railroad company, but had the reputation of being very firm and exacting in the discharge of his duties as a conductor. He leaves a wife and a daughter six years, old in Nashville. Wm. T. Brame is a native of this county and was at one time watchman for the coal dealers of this city. Later he was employed as watchman for the L. & N. Company. He went over to Edgemoor Junction Wednesday morning on Lemon's train, with Jas. Holman, who had a pass for 60 workmen, seeking employment, but it is presumed failed to find work and thought Lemon would let him return to Hopkinsville without paying. Brame is the same man who killed Deputy Sheriff Hish Beaumont, of Clarksville, about 14 or 15 years ago, at Garrettsburg, in this county. Beaumont undertook to arrest him on some charge without a requisition and Brame shot him dead on his horse. He is about 41 years of age. The L. & N. Company in to-day's paper offers a reward of \$500 for his capture. He escaped bareheaded and without money and it is not probable that he can get out of the county without being detected and arrested. The killing occurred in Davidson county, Tenn., where he will be tried if captured. In the Court of Appeals Tuesday the case of Christian county &c., vs. Smith, the O. V. Railroad case, was called and a petition for a new hearing filed. A new proposition and not a new hearing is what we want. J. W. Postell, a colored man and one of the government gaugers recently appointed by Collector Feland, arrived in the city Thursday and has been stationed at Hill & Winstead's distillery. Postell is a native of Hopkinsville. He is nearly white, a young man and rather intelligent looking. His father is well off and rather a prominent man about Hopkinsville.—Henderson's Journal. Some of the other colored applicants in this city are greatly dissatisfied that Postell was appointed, claiming that he reached his majority only last April and has never yet cast a vote. The same objection has been raised against some of the young white men appointed, who are hardly old enough yet to have identified themselves with the party.

LEMON ELIXIR. A PLEASANT LEMON DRINK. For biliousness and constipation, take Lemon Elixir. For indigestion and food stomach, take Lemon Elixir. For sick and nervous headaches, take Lemon Elixir. For sleeplessness and nervousness, take Lemon Elixir. For loss of appetite and debility, take Lemon Elixir. For fevers, chills and malaria, take Lemon Elixir. Lemon Elixir will not fail you in any of the above diseases, all of which arise from a torpid or diseased liver, stomach, kidneys, bowels or blood. Prepared only by Dr. H. MEXLER, Atlanta, Ga., and \$1.00 per bottle. Sold by druggists. A Prescribed Ministerial Notice. After ten years of great suffering from indigestion, with great nervous prostration, biliousness, disordered kidneys and constipation, have been cured by Dr. H. MEXLER'S Lemon Elixir, and am now a well man. Rev. C. G. DAYTON, Ed. M. E. Church, 304 No. 12 Street S. E., Atlanta, Ga.

An Ostrich Farm.

Sells Brothers recently bought all the ostriches on the famous Santa Ana, Cal., ostrich farm, and will carry the full flock of ostriches with their big show this season, after which it is their intention to establish an ostrich farm either at Columbus, O., or Topeka, Kan.; at both of which cities they have vast real estate possessions. An experienced keeper travels with the birds and will explain the details of ostrich breeding. The feathers of these birds last year were sold to a New York firm for \$15,000, but this year they were not plucked and their beautiful plumage will attract the admiration of all who see them. This is only one feature of over 100 absolutely new things to be seen in the allied shows. Sells Brothers and Barrett's shows will exhibit in union at Hopkinsville, Sept. 18. There have been five cases of diphtheria in the city within the last few days. Four were near the gas-house and one in Gainesville. All were colored. Geo. Hubbard lost one child and another yesterday. Chas. Jessup and a man named Britt each has a child down with the disease. The Board of Health met yesterday to consider the matter and every precaution will be taken to prevent the disease from spreading. No serious trouble is apprehended. John Theobald, who was under arrest for having a personal difficulty with J. B. Crutcheff, in which the latter was severely injured, escaped from officer Neal one day last week, but was soon afterward captured at Murray. He was brought back by Sheriff Norman and Marshal McNitt, and released by giving bond in the sum of \$250.—Mayfield Monitor. Theobald was formerly an express driver of this city and Crutcheff is a native of this place, being a brother of Mrs. J. F. Pyle. He lives at Wingo, near Mayfield. People who live in new countries are liable to be prostrated by malarial fevers. Inhabitants of cities, by reason of bad drainage and unwholesome odors, suffer from similar diseases. Ayer's Ague Cure is warranted a specific for all malarial poisons. We desire to call the attention of all who wish to take lessons in drawing, painting, etc., to the very excellent advantages offered in these studies at South Kentucky College. Mrs. A. G. Kunkel will teach these branches. She has a large and successful experience, having taught in some of the best schools in Kentucky, Alabama and Tennessee. She refers to Prof. Cabell, of Potter College, Bowling Green, Ky.; to Prof. J. B. Hancock, of Ward's School, Nashville, Tenn.; and to the Athens College, for young ladies, Athens, Ala. Terms moderate and satisfaction guaranteed. JAMES E. SCORRY.

FOR THE BLOOD, Rheumatism, Indigestion and Biliousness, take HOPKINS' IRON BIPPERS. It cures all the ailments mentioned. Get the genuine.
