Mr. W. H. Smith, of Columbus, O., visited his aunt, Miss Alice Hayes, the first of the week.

Miss Beulah Whitaker has returned to her home in Frankfort after a lengthy visit to Mrs. Geo. Broadus, near Bell.
Mr. Thos. B. Brown, of Mt. Vernon, Ind., who has been on a visit to the family of his son-in-law, Mr. B. J. Mathews, left for his home this morning.

CREAM OF NEWS.
Store Burglarized.
The store house and saloon of Mr. A. G. Bowling, at Crofton, was burglarized Saturday night. The thief effected an entrance through one of the windows. Quite a lot of groceries were taken.
Broke An Arm.
W. H. Robinson, an O. V. brakeman, was caught by the bumpers while making a coupler at Princeton one day last week and one of his arms was broken. He was also pinched and badly bruised up otherwise.

Row Near Beverly.
The colored people gave a dance on the Carter place, near Beverly last Saturday night. During the festivities a row occurred in which knives and razors were freely used. Several men were gashed, and two women, Mrs. Moss and a woman named Fox, were badly cut. The dance broke up at once, and the fellows who did the slashing made their escape.

Nortonville Will Have a Church.
A union church, for all denominations, is in process of erection at Nortonville. The house of worship will be built by the people of the place and will be a credit to the village in which it is being erected. It will be a frame structure, the frame work having been completed, and the building is expected to be ready for the dedicatory sermon some time in January.

A Chance to Buy.
Jno. P. Martin, owner of the electric light franchise, has failed to come up with the money to take the Hopkinsville plant off the hands of the builders, the Western Electric Co., represented here by Mr. Geo. L. Wade. Mr. Wade is still operating the plant for his company and suits have been filed against Martin enjoining him from mortgaging or transferring the plant until debts for construction and machinery are satisfied. The plant is a first-class one in every respect. There are 8 miles of arc wires, 35 arc lights and 500 incandescent lights. It Martin fails to take the plant and it is thereby thrown upon the market, the city ought to buy and operate it. It could be made to pay a handsome revenue and if under the new constitution the debt can be assumed, it ought by all means to be taken in and owned by the city. At any rate it would be well for the Council to consider the matter seriously.

DEATHS.
McGHEE—Rufus McGhees, aged 24 years, died at the home of his wife, Mrs. M. M. Cavanaugh, near Stinking Fort Friday, of malarial fever. Young McGhees had just returned from Mississippi the day before, where he was engaged in business.

COLORED.
Withers—Jordan Withers died in the city of consumption Thursday night last, aged 82 years.
Velvet Street Coat.
Among the styles for cool-weather wraps is the model which shows a short front with wide revers, such like the very popular Blon-jackets of the main floor, but instead of the short, unbuttoned back which does not reach the waist there are long directoire coat-tails that fall to the skirt hem. A black velvet wrap made in this fashion is a good investment, for it has an elegant effect with comparatively little outlay as the short open fronts can be made of one single breadth of velvet, provided it is white, and black velvet goes well with every sort of color of skirt. Ribbed velvets are also used for these coats—plain or in the popular shadow effects produced by the underweaving of a contrasting color—37 1/2 Post.

The Henderson tobacco market has opened up quite lively. Prices rule at from \$3 to \$9 on last and lugs, and trash goes off readily at from \$1 to \$2. These prices are higher than they were last season for similar grades, and the farmers are feeling jubilant and are turning it loose as fast as priced.
The following high testimonial to Maj. Stanton is from the Washington Post: "Edward Eggleston, of Ind., Henry Stanton, of Kentucky, and Mark Twain were the celebrities at Norwood last night. The feature of the occasion was a beautiful original poem delivered by the Kentuckian, who is generally regarded at home as Post Laureate."

Miss Alice Hayes has routed of Mrs. R. T. Martin, her dwelling on Ninth street, and will open a full line of Millinery goods about January 1. Miss Hayes has been in the millinery business in the city before and enjoyed a handsome patronage, and when her new stock is ready for inspection it is safe to say that she will swiftly drop into line again and be among the most successful. Rarely do our citizens have the opportunity to hear such famous and popular artists as will appear with Heywood's Celebrities next Monday night. It is an opportunity that the lover of the beautiful, the sublime, and that which elevates can not afford to miss, while those who seek a lighter vein or the emotional can laugh and weep with Miss Gleason, the queen of impersonators.

Members of Heywood's Celebrities have appeared as soloists with the following world renowned artists: Mille Albani, Marie Rosa, Campanini, Mme. Scacchi, Sarasate, Jules Massenet, Servais, Mme. Laura Schimer-Malpleon, Miss Hope Glenna (with Patti), Arditia, (Patti's musical director), Mme. Basta Tavary, Geil Burgess, Pauline Montegriffo, Madlle. Rhea and others. Our people can expect a performance of exceptional brilliancy.

The Kentuckian knows the names of the flossers colonized in the Third and Seventh wards. It knows when they were nested there and by whom their "board" is being paid. It knows how much per week the "board" is and it knows who is supplying the provisions to feed some of these would-be violators of the law. All of these things will come out if those flossers claim to be bona fide residents of those wards and try to vote next Saturday.

On next Saturday, Dec. 10, a "Bag Fair" will be held by the young women of the Methodist Church in the vacant room on Ninth street, next door to Mrs. Hart's millinery store. They will be glad to have you call and examine the results of their work, and feel sure you will want to purchase some of the useful and ornamental "Bags" in their collection. Lunch will be served in the same room at any time after 12 o'clock. Coffee or chocolate and sandwich, 15c; full lunch 25c.

The Council will appoint election officers to-night and let us hope that good and true men may be selected, who will see that no fraudulent votes are cast next Saturday. There must be no monkeying with this election. Let the Council furthermore authorize the appointment of enough special policemen to prevent such hawls as were seen in the Seventh ward last year. With this precaution taken and the officers instructed to conduct the election as is required by the new law and keep the crowds fifty feet from the polls, there will be a quiet, orderly and honest election, in which every qualified voter can vote as he pleases.
