HERE AND THERE.

Rogers' plated spoons, high grade, at Yates'. A sum of money found. Call and get it by paying for the notice. Very best and latest style shoes made by Jeff Morris over Hooser & Ballard's. Work solicited. Spring took her departure Wed. day and real summer is upon us, if only in name. All goods sold by Yates engraved free of charge. Mrs. Sarah P. Cayce is dangerously ill at her home near Beverly and her recovery is doubtful. Gorham's solid silver spoons and forks at Yates'. Mr. John T. Long, of Crofton, aged 87 years, fell while out walking one day this week, and fractured a leg. Best white oak sewed half soles \$1.00. Same tacked 75c. All repairing neatly and promptly done by Jeff Morris. Tuesday was a legal holiday and public business was suspended in part, and the banks and post-office were closed. Lots for sale on Virginia and 17th streets by T. S. BAYAN. Dr. J. M. Phillips, of Pembroke, preached the commencement sermon of Bethel Training School, Guthrie, Sunday. FOR SALE—My house and lot on South Main St. A. W. PYLE. Paducah was visited by a tornado Wednesday morning which unroofed a great many houses and did much damage to other property. Dr. Crab, optician, will be at Dr. Stuart's office, Fairview, Thursday June 8, and at Dr. Paine's office, Pembroke, Friday, June 9. The Clarksville Progress-Democrat says there are forty-five prisoners now confined in the Montgomery county jail. Cesar, what a mob! Dr. A. J. Knapp, the optician, will be at Dr. Young's office Monday June 12. One day only. Wm. E. Ray, a young business man of Paris, Tenn., cut his throat with a razor Saturday last and is dead. It is thought he was insane. The King's Daughters will meet at the Christian church Saturday, June 3rd, at 4 p. m., after an interval of two months. A full attendance is desired. Any one wanting to buy a Buick Buick or mow, or needing repairs for the same, can get them by applying to L. L. Buckner, agent, at his stable. Hopkinsville and Clarksville crossed hats in the base ball arena on the grounds of the latter town Tuesday afternoon. At the conclusion of the game the score stood: Hopkinsville, 8; Clarksville, 11. A party of about thirty from the city went down over the Ohio Valley to Kuttawa Tuesday and spent the day quite pleasantly fishing on the lake near that place. They returned on the evening express. The strawberry crop this season was almost a failure in this section. Very few home grown berries have been offered upon the market and our fruit dealers have been supplying themselves from the Southern market mostly. Dr. Appleman, the specialist, visited our city again yesterday and a large number of the afflicted called upon him. The doctor has effected some wonderful cures since he has been visiting our city, and as a natural consequence his business is rapidly increasing. The examination for teachers for the Hopkinsville Public Schools will be held at the public school building, beginning this morning and continuing through to-day and to-morrow. This is the regular examination and all desiring to be examined should be in attendance. Decoration Day was observed by John Boyd, Past G. A. R., at Crofton, with appropriate memorial exercises, Hon. John Feland was present and delivered the memorial address. Mr. Otto Anderson, of this city, also delivered an address on the occasion. There was a large crowd present, quite a number from this city attending. A terrific wind and rain storm passed over the city about 5 o'clock Wednesday afternoon. Serious damage was done to fruit and shade trees and several roofs were taken off. One of the large plate glasses in J. H. Anderson & Co's store front was blown out and smashed, entailing a loss of a hundred dollars loss. A good deal of timber in North Christian was blown down, but no serious accidents have been reported. Little River church has been completed and will be opened for divine worship on the second Saturday in June. There will also be services on Sunday. On Saturday there will be all-day services and dinner will be spread on the grounds. Revs. C. H. Nash and T. S. McCall, of this city, and J. O. Rust, of Bardston, will be present on the occasion. Rev. J. O. Rust will preach the dedicatory sermon Sunday morning. We will have a few days of better weather, says Mr. Hicks. Disturbances will disappear eastward by the 3rd, leaving pleasant weather behind. The 7th and 8th will bring higher temperature with storms. About the 10th it will begin to grow excessively warm, which will increase during the 11th and 12th, or until general storms of rain, thunder and wind will result. A series of storms each afternoon and

CREAM OF NEWS.

A Fugitive Goes the Morphine Route. Wm. Bean, of Madisonville, a fugitive from justice, ended his life at Waco, Tex., by taking a dose of morphine. He was found in an unconscious condition in a disreputable house and died soon afterward. His crime was forgery, committed in Hopkins county, and for which he had been threatened with prosecution. Avant Set Free. The case of the State of Tennessee vs. Gen. W. Avant, charged with the murder of his wife, was called in the Montgomery county Criminal Court at Clarksville this week and dismissed. The circumstances connected with the case are familiar to our readers. Avant has been out on bond for several months and is now a free man after having been in the toils for three years. Dwelling Burglarized. On last Saturday night the dwelling house of Mr. C. S. Coleman, at Herndon, was entered by burglars and a number of valuables including jewelry and about \$20 in cash were taken. From the manner of the entrance and exit of the thieves Mr. Coleman is satisfied that they were familiar with the premises and surroundings. This is the first burglary reported in that section for some time and it is to be hoped that a clue may yet be furnished which will lead to the arrest and conviction of the thieves. Died Suddenly. Robert Lare, a tailor in the employ of Gorham & Son, died very suddenly at the home of Mr. Frank Gorham, on North Main, about 8 o'clock p. m. Wednesday. He had been complaining for several days with lung trouble, but had kept busy at work all along. After supper Wednesday evening he complained of a severe pain about his heart and left lung and laying down for a rest died in a few minutes. Deceased was about 75 years old and had been engaged in the tailoring business for a number of years. The remains were interred in Hopewell cemetery yesterday afternoon. School Girl Becomes a Mother. A Central City special to Monday's Courier-Journal contains the following: "Farmers in town to-day report a scandal at Bremer College, an old Methodist school eight miles north of here. Effie Probst, aged seventeen, of Hanson Station, Hopkins county, entered the school February 12. This week she gave birth to a bouncing boy, though she attended school the day before and her condition had been unnoticed. She claims that Henry Stewart, of Hanson, who has been married in the last two months, is the father of the child, and it is said she has produced letters from him confirming this statement." Our Market Quiet. The tobacco Exchange was well attended Wednesday and there was a full board of buyers on hand. About three hundred bushels of the weed were sold. The market was irregularly higher on leaf in good order, while lugs remained steady at last week's quotations. Very little good to fine leaf was offered. Receipts have fallen off slightly since our last report. We have had a fine season for setting and it has been general all over the tobacco district. It is now estimated that two-thirds of the crop has been put upon the hill in this district proper, and fully one-half the crop has been set in the district comprising several counties. A very large acreage will be planted. Brakeman Badly Hurt. Mike Gamon, an L. & N. brakeman, was thrown from his train, a switch bound through freight, near Crofton, Monday, and received serious injuries. Gamon was climbing a ladder of one of the box cars when he was struck by the projecting timbers of a train. One of his thighs was badly cut, and he was otherwise used up. The train was immediately stopped and he was placed in the caboose and brought to this city and the necessary medical aid rendered him. When he reached this city he was almost unconscious from the loss of blood, but soon rallied, and is now doing well. Gamon's home is in Bowling Green. Prohibitionists Will Use Switches. The recent prohibition fight in Russellville may produce something sensational yet in the near future. There are something like in a dozen "blind tiger" operators now in jail there. The Law and Order Club of the place, consisting of more than a hundred members, have banded themselves together, determined to break up the tigers, root and branch it is said. The Prohibitionists say that they are going to do everything in their power to stop the sale of whiskey in or near the town, and as the last resort, if every other effort fails, they will get switches and give the violators periodical whippings until it is effectually broken up.
