Mr. Roscoe Conkling died in New York last week.

The Senatorial candidates met in joint debate at Madisonville Saturday.

Ambassador Van Allen's nomination was confirmed Thursday by a vote of 39 to 22.

Henderson has a colored candidate for Councilman—Thomas Gaines, a plasterer—who is liable to be elected.

The Mason-Forde Co. has agreed to sell its penitentiary chair plant to Norman & Hubbard, the new contractors for the prison labor.

Wright Mims, of Evergreen, Ala. has been given a sentence of two years in the penitentiary for challenging Sam Croker to fight a duel.

If we are not mistaken in the pronunciation of his name, that Louisville Major with a grievance against Gov. Brown seems to be a rather Sohan.

In the primary in Franklin county L. J. Cox, the old member, defeated Judge Tho. H. Hines by 11 votes. Judge Ira Julian was nominated for Mayor of Frankfort.

George Jones, a colored rapist in St. Louis, was rescued by the police after a lynching party had taken him to Forest Park and roped him preparatory to driving him to a limb. The cops arrived not a minute too soon to stop the execution.

Mr. Lucy Stone-Blackwell, the well known woman suffragist, died at her home in Dorchester, Mass., on the 19th inst., aged 75 years. She married Henry B. Blackwell, a Cincinnati merchant, in 1855, and with his consent retained the name of Lucy Stone.

The Frankfort Argus gives these figures showing the number of representatives re-elected for twelve years past: In 1881, fifteen; in 1883, eighteen; in 1885, eleven; in 1887, sixteen; in 1889, twenty-three; in 1891, seventeen. This year fourteen of the old members stand a chance to be re-elected to the House.

Bill Richards and Jim Dickson, two colored prisoners charged with the murder of Constable Hall and the wounding of Marshal Murphey, were taken from the Summerville, Ga., jail on the night of Oct. 18, and put to death by a mob of 100 men. The negroes were members of a desperate gang of murderers and thieves. Their numbers are 90 and 91.

Mayor D. A. Yesser, of Paducah, is a candidate for re-election and the Standard is opposing him. One day last week the Mayor stopped Editor W. J. Dillard on the street and struck him in the face, on account of something in his paper. The parties were separated before the fight proceeded further and the Mayor was fined \$10 for the assault. The Standard is still making it hot for the Mayor.

W. A. Akers, of Hampton, Ky., and B. F. Akers, of Hot Springs, Ark., who became estranged in early life over the affections of their mutual sweetheart, met by accident at the grave of their father in Crittenden county last week. They had not seen each other for 28 years and the only former meeting was at Ft. Donelson in battle, being on opposite sides. A reconciliation followed and they are now friends as well as brothers.

In the Court of Appeals Saturday he case of Barton Vance against the Courier Journal and Times was affirmed. Vance sued the papers for \$50,000 for alleged defamation of character. The judgment of the lower court was affirmed. The decision is one that will materially change the libel laws of Kentucky on the subject of privileged criticisms. The Courier Journal's case was conducted by Capt. Frank Hagan, the best lawyer in Kentucky on this branch of his profession.

In a speech at Princeton Dr. Deboe the Republican candidate for Senator in that district, made a personal assault on Tom Hill, one of the late editors of the Banner, who was absent from the county at the time. Mr. Hill was charged with being poor and that was made the pretext for a trade of abuse that called forth a card in the Banner from Webb Watkins. Mr. Hill's late partner, Mr. Watkins, gave the doctor a currying that removed the cuticle in many places and showed him up in colors by no means creditable to his character as a man and a politician. Sam

Up to Sunday the attendance at the Fair was 19,708,614. The 20,000,000 figure will be passed by to-day.

John Gamble alias Peter Cooper, col. outraged and murdered Miss Rosa Boring, near Pikesville, Tenn., Friday. He was arrested, made a full confession and was hanged by a mob Sunday. This makes 42.

In the Goebel-Hallam contest for the Senatorial nomination in Kenton county, last week, Wm. Goebel was nominated over Theodore F. Hallam by an overwhelming majority. Mr. Goebel is the third of all Senators to make his calling and election sure.

The Republicans have at last found a couple of colored "workers" to take the field against Prof. Frogge. They started out Friday morning in a buggy and made a preliminary survey of South Christian, winding up at the Colored Institute at New Asia Church on Saturday. They had very poor success in directing that intelligent body how to vote and soon found it advisable to return to town and report their lack of progress in the work of seditious things. One of these energetic canvassers was before the Court of Claims a day or two before asking to be released from paying poll tax on account of "physical disabilities." That body wisely declined to see it that way.

The good news comes from Washington that all the Democrats have agreed upon a silver compromise, which will be passed this week as a party measure.

The compromise agreed upon provides that the repeal of the purchasing clause of the Sherman act shall take effect October 1, 1894, and that the bond question shall be eliminated entirely. All silver bullion now in the Treasury, and all that may be purchased up the time the repeal goes into effect, together with the seigniorage, is to be coined, save the amount necessary to redeem all outstanding silver certificates. All greenbacks and Treasury notes under ten dollars in value shall be retired and silver certificates or coined silver dollars shall take their place.

The retired one-dollar, two-dollar and five-dollar notes it is understood, of course, are to be converted into higher denominations, so that the present amount of these two classes of money in circulation will not be affected by the change. The amount of United States notes that will be retired if the proposed compromise goes into effect is as follows: One-dollar, \$3,629,155; two-dollar, \$2,994,802; five-dollar, \$63,958,814. Treasury notes of 1890: One dollar, \$11,679,783; two-dollar, \$12,893,592; five dollar, \$38,232,285. Silver certificates bore \$25 in circulation aggregate about \$200,000,000 and under, and including lives about \$130,000,000. The plan, as now understood, contemplates the issue of smaller denominations of silver certificates for the larger denominations now in use.

The confusion concerning the approaching city election has given place to a clear understanding of the situation. The election will be held in the several wards at the same time in the county election is being held in the precincts. The voting will be done at separate polls with a separate set of officers for each ward, and be paid by the city.

Separate ballots with the ward ticket only for each respective ward will be used and the general election law will, insofar as it does not conflict with the charter, be observed in every detail.

It is now more than likely that the threat of the Republicans to have a "ticket at large" attached to the county ticket, to be voted for in the precincts, will not be carried out. It would be so plainly in violation of the law that it is not at all likely that the County Clerk will lend himself to such a high-handed scheme. Besides the printing of any names on the county ballots except those of the County Clerk's jurisdiction, would, in the opinion of good lawyers, invalidate the ballots used and the Republicans will probably not risk the loss of their expected majority of 100 in the city precincts for the county ticket.

Every detail necessary to secure the legality of the city election has now been observed.

The City Council on Oct. 18, made a formal demand for ward ballots with the County Clerk's name thereon. This demand was given an evasive answer and the Council promptly authorized the preparation of its own ballots by the City Clerk.

On Oct. 21, the Democratic committee filed the official certificates of nomination of its candidates, with a request that their names be placed upon official ballots to be voted for by the voters of their respective wards.

Yesterday, Oct. 23, the list of officers appointed by the City Council was filed with the County Clerk by the City Clerk. At the same time an order of the County Court was filed appointing the same list of officers. This removes any doubt of the proper appointment of the officers for the ward elections.

A formal personal demand, signed by all the Democratic candidates, was yesterday filed with the County Clerk asking that the name of each be placed upon an official ballot for his own ward, and the ballots furnished to the city election officers within the time prescribed by law.

This closes the case so far as the Democrats are concerned and unless ballots are furnished by the County Clerk as directed and demanded by the City Council, the city will use the ballots to be prepared to meet the emergency of a refusal. The time for filing petitions of nomination is now open and a politician. Sam

CREAM OF NEWS.

Stung by Leaden Psa.

Bill Garrett, col., was shot in the thigh, near Gracey, on Thursday night, just after the circus performance was over. Garrett claims that he was walking through the woods when the shot was fired. The wound is only a flesh one, and it is quite likely that nothing further will ever be known of the matter.

Saloons Must Close.

The Court of Appeals has decided on all days of regular and primary elections saloons must be closed for twenty-four hours. The court holds that the law takes no account of fractions of a day, and that for the whole of the day on which any regular or primary election is held the doors of saloons must be closed. A heavy penalty attaches for the violation of the law. The test case was carried up from Marion county, the Marion county man having sold a drink at 10 o'clock at night, after the polls closed on the day of the last Presidential election.

Preparing for a Big Hunt.

The Christian County Hunting Club will leave for their annual camp office, for we very much admire her beauty of character and intellect, and think her far too good, in fact think any lady too good to become mixed up in and thereby contaminated with the filth and rottenness of modern politics, and furthermore we are satisfied that no lady can faithfully discharge all the duties of the office without compromising herself at least to some extent.

It is conceded by both parties that Prof. Frogge has made the best Supt. the county ever had, that he has devoted his time and talents toward elevating the standard of the schools, and has exerted his entire influence in the furtherance of the cause of education. It is also acknowledged by the Supt. of Public Instruction that Prof. Frogge has no superior in the State as a County Supt.

Taking these facts into consideration, why can not every lover of education support Prof. Frogge? We can not hope to get a better qualified or more faithful officer; when we rightly see a man who fills every requirement to the letter, why lay him aside for a new and untried person? Is it true, as some have said, that an officer who faithfully discharges his duty need not present himself at the second time for office in this county?

Some would have you believe, that the young men are going to support the Republican nominee, but we are glad to say that we believe while the young men of this community have a very high regard for the beauty of his and character in the fair sex, they have too much sense to be led astray by those charms.

A word to the colored voters: It may seem to some of you that Prof. Frogge has been a little too strict on some points, but he has done nothing but his duty as required by the law, and it has been for your good, and for the good of your children. He is your best friend. Are not our schools in a better and more respectable condition now than they ever were before?

The Republicans say this is an political fight, but let all honest men in work and vote for the best in interest of the county. Let every citizen see that his neighbor goes to the polls on Tuesday after the first Monday in Nov. and vote for Prof. S. L. Frogge for County Supt. Unanimous.

Teaching Judge McBeath Law.

Judge McBeath who can justly pride himself on his vast and varied knowledge of law, was compelled not long ago to listen to a case that had been appealed from a Justice of the Peace.

The young practitioner, Mr. Fair, who appeared for the appellant, was long and very brilliant; he brought in all the elementary text books and quoted the fundamental propositions of law.

At last the Judge thought it was time to make an effort to hurry him up.

"Can't we assume," said he blandly "that the Court knows a little law itself."

"That's the very mistake I made in the lower court," answered the young man, "I don't want to let it debate me twice."—Elizabethton News.

Beware of Ointments for Catarra That Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarra Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarra Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co., Testimonials free. Sold by Druggists, price 75c. per bottle.

NATIMONIAL.

MILLS-DANT—Robt. Mills, aged 20, and Annie Dant, aged 15, ran away from Marion county, near Lebanon, and were married at Jeffersonville, Ind., on the 20th.

DAVIS LONG—Mr. Geo. Davis and Miss Mary E. Long, both of North Christian, were united in marriage at the County Clerk's office in this city Thursday afternoon.

FAULKNER WHITING.—The engagement of Senator Faulkner, of West Virginia, and Miss Virginia Whiting, daughter of H. Clay Whiting, a prominent banker of Hampton, Va., is announced. The wedding will take place early in the coming year.

HENRY JESSE—Mr. M. L. Henry, of Mabon, Ga., and Miss Sallie Jesse, of Shelby county, Ky., were married in Louisville last Wednesday. They were sweethearts 30 years ago, but drifted apart. Both had remained single all these years.

HARSELL PERKINS—At 8 o'clock Thursday morning last Mr. J. T. Halsey and Miss Willie Perkins were married at the Baptist church in Trenton. Immediately after the ceremony and congratulations the happy pair left for Chicago to spend a week at the World's Fair.

SLONE-LEWIS—Capt. and Mrs. W. T. Ellis, of Owensboro, have in charge cards of invitation to the wedding of their niece, Miss Mary Lumpkin, to Mr. W. L. Stone, on Nov. 2, in the Christian church at Owensboro. Miss Lumpkin is a teacher in the Owensboro schools and Mr. Stone is a member of the Messenger Job Printing Company.

BRAND-HOLLOWELL.—Miss Ruby Hollowell, of Caldwell county, became engaged to Mr. Lewis Brandt, of Little Rock, Ark., through the suggestion of a mutual friend that the couple open a correspondence. Mr. Brandt came to Kentucky on Monday last week, and the couple were married by Rev. R. W. Morehead, never having met before. They left at once for Little Rock.

KENNER CAYCE—Last Wednesday afternoon, at the residence of Mr. C. D. Davis, at Ardee, Tenn., Mr. L. Roy Kenner, of Beverly, and Miss Pearl Cayce, of the same neighborhood, were united in the holy bonds of matrimony. Eq. Bayham, of Green Springs, Tenn., in his usual happy manner, pronounced the ceremony that made them one. Only a few of the friends of the contracting parties were present to witness the marriage of the young couple. The most intimate friends of the young people had been anticipating such an event, but were not prepared for its coming so speedily. Miss Cayce had been visiting Mrs. Davis, (formerly of Beverly), at Ardee, for several days, and the couple, thinking to ting the affair with romantic features, decided to join their hearts and hands at the above mentioned time and place.

The bride is a daughter of Mr. Ike H. Cayce, a prominent South Christian farmer, and is a most fascinating and accomplished young lady, who by her rare beauty and charming manners has won the happy distinction of being a great favorite in the society circles of the Beverly neighborhood.

The groom is the son of Dr. A. Kenner, one of the most prominent physicians in the county. He is a popular and clever gentleman and is one of our most promising young merchants, having been in business at Beverly for two years, and enjoys an excellent trade.

The Kentuckians joins a host of friends in tendering congratulations and wishes for their a happy and prosperous career.

Mr. and Mrs. Kenner have taken rooms at Dr. A. Kenner's, father of the groom, for the present.

What's in a Name?

It has been given out that, with the December number, the personal equation will be eliminated from Fetter's Southern Magazine, and that popular periodical will be known in the future as The Southern Magazine. Gen. Baell W. Duke continues as its able Editor-in-Chief, with Mr. Opie Read as Associate Editor.

The Southern Magazine is truly representative of the best culture of the entire South, and is growing in favor with each issue. It is published

From Prof. Frogge's Home. LAFAYETTE, Oct. 23, '93.

If you will allow me a small space in your excellent paper, I would like to ask a few questions and give expression to a few thoughts in regard to the coming election.

In the first place, what are the Democrats in this county doing? We hear nothing scarcely from them through the papers. We notice that in other counties they are well organized and have all their forces in good fighting trim, ready for the fray. While we seem to be lying back upon our oars and quietly floating down the stream of time, unmindful of the catarrh ahead, over which we will soon be plunged into the vortex of Republican victory, unless we very soon awake from our lethargy and be up and doing. In our opinion we have one of the most important battles to fight that we have had for a number of years, so far as the county is concerned. We refer to that for the office of County School Supt. What can be of more vital importance to the county than the education of her children, both white and colored, for therein lies her future destiny.

We have no personal fight to make against the Republican candidate for office, for we very much admire her beauty of character and intellect, and think her far too good, in fact think any lady too good to become mixed up in and thereby contaminated with the filth and rottenness of modern politics, and furthermore we are satisfied that no lady can faithfully discharge all the duties of the office without compromising herself at least to some extent.

FROM CHURCH HILL.

CHURCH HILL, Oct. 16th, 1893.—Our lively little town wants to be heard from again.

Proceeding will close at the Baptist church at this place to-morrow morning. As a result of the meeting three were added to the church, the baptizing taking place at Mr. E. D. Boyd's pond.

The fourth Sunday in this month a protracted meeting begins at Rich. The services will be conducted by Revs. Mobley and Hawkins.

The Methodists will begin a series of meetings at Hebron the fourth Sunday in this month.

The first frost of the season made its appearance Sunday night, but did little damage.

It is reported that Miss Mamie Middleton is quite sick, and her many friends will be sorry to hear of her illness.

Quite a number of young folks were the guests of Miss Barbara Adcock last Sunday eve.

Prof. H. C. Snoddy, of this place, has a very large and flourishing school.

Messrs. Eli Adams, Jim Adams, John Knight, Will Adcock and Lawrence Brodie will leave Thursday morning to attend the World's Fair.

It is said that a mighty fine Fox is seen at Mr. J. W. Fowd's very frequently, and Miss B. has for a year been trying to catch him.

Look out, Reynard, or you will get caught.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adopting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectively cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being fully informed, you will not accept any substitute if offered.

Wm. H. Hunt, of Paducah, has been elected by the Board of Public Instruction the Attorney General of the State, that the settlement of school law, including the charter for fourth class cities, approved Jan. 29, 1893, is optional with such cities as are ready to maintain a system of graded schools, and the Board of Public Instruction is provided with the schools operating under existing laws and the Board of Control is being that a change in their government at this time would be harmful to the interests of the schools for both white and colored children.

It is ordered by the Board of Council of the City of Hopkinsville:

1.—That the ordinance passed by the Board of Council Sept. 2, 1893, known as the "School Ordinance" and recorded on pages 122 and 123 of the record book of 1892-1893, accepting said provisions and electing to maintain a system of schools in accordance with the provisions of charter for fourth class cities, but that the same is hereby repealed and nullified.

2.—That the Board of Council, acting for the City of Hopkinsville, hereby declines and refuses to accept the provisions contained in sections 36 to 39 inclusive of the charter for fourth class cities, but elects to continue the said public schools of the city under the laws existing prior to the adoption of the present charter for fourth class cities, with such modifications only as are rendered necessary by the General Law for Graded Free Schools, in the matters of levying and collecting taxes sufficient to support both white and colored school, and certifying teachers.

3.—That the ordinance shall take effect, and be in full force on and after the passage and publication.

Passed Oct. 17, 1893.
