Found a Baby.

One night last week as Conductor Corbett, of the L. & N. railroad, was making his trip from St. Louis to Nashville he had the luck, or misfortune, as the case may be, to find a stray baby on his train. A woman got on the train somewhere out in Illinois, and had with her a basket, which she carried in her hand. She had a ticket to McLeansboro, where she got off, but failed to take her basket with her. Very soon Conductor Corbett noticed the parcel, and an investigation revealed the fact that the basket contained a fine young baby. It was brought to a station somewhere this side of where it was found and was turned over to some other parties.—Hustler.

Baptist General Association.

The General Association of Kentucky Baptists is in session at Bowling Green. Dr. J. S. Coleman was re-elected Moderator. Dr. Coleman was first elected to this position at Bowling Green 37 years ago and he has held it ever since with a few intermissions. Only three delegates were present who were present 37 years ago.

Dr. F. H. Kerfoot and Dr. A. C. Davidson were elected assistant Moderators and J. K. Nunnally and J. G. Bow, Secretaries.

At Saturday night's session Rev. C. H. Nash, of Hopkinsville, delivered an address on "The Relation of Roman Catholicism to Civil Liberty." Sunday the various pulpits of Bowling Green were filled by the visiting ministers.

The Association will be in session several days longer.

Braswell Children Win.

Frankfort, Ky., June 20.—The Court of Appeals this morning decided the case of Leonard vs. Braswell, from Lyon, which was a contest over the estate valued at \$100,000.

Braswell was alleged to have married years ago at Memphis. He had come to Eddyville, and while there married a young lady from Evansville, Ind. This marriage was attacked and Braswell was arrested for bigamy, but he was released, Judge Grace holding that there was not sufficient proof of his marriage formerly.

Braswell died a year or so ago and his brother-in-law, Thomas Leonard, entered suit for his estate, alleging that Braswell's will was void on the grounds that his children were illegitimate. The Court, however, decides that they are legitimate, and decrees them the property.

Three Negro Men Drowned.

Clarksville, June 21.—Three colored men, George Smith, Tansy Starkey and John Willis, were drowned in the Cumberland River just south of this city yesterday while attempting to cross the river in an unsafe skiff. They were all married, Starkey having only wedded three weeks to-day. Their bodies were recovered this forenoon and taken to their former homes at the village of Stringtown, in the Thirteenth District of this county, for burial.

Shooting Near Crofton.

A shooting affray between negroes is reported from North Christian, not far from Crofton. Jake Drake, a negro desperado, fired several shots in a crowd, wounding Earnest Jagoe and a negro named Shelton. Jagoe's brother then shot Drake, killing him instantly. No arrests have yet been made.

Children Marry.

Middlesboro, Ky., June 18.—The town of Hartsville boasts of the youngest married couple in the United States. They are Claiborne Lawson, aged fourteen, and Annie Kane, aged twelve.

They have been married four weeks and live in a small log cabin on Clinch river.

Lease Abandoned.

Frankfort, Ky., June 18.—Mason & Foard, lessees at Eddyville, have declined to continue in charge of the branch pen, and the State assumes charge there to-day. This amounts practically to an abandonment of their lease there.

Honors Were Even.

The two games of ball in this city last week between Madisonville and the local team resulted in a game for each town. On Thursday Hopkinsville won 10 to 7. Friday's game went to the visitors by 7 to 1.

Given a Hundred Days Each.

Jo and Mack Sanford were sentenced in the City court yesterday to 100 days each in the work house for breaking street lamps Saturday night.

THE TIDAL WAVE.

Estimated That 10,000 People Were Killed
at Yesso.

Yokohama, June 19.—It is now estimated that 10,000 people were drowned by the tidal wave on the Island of Yesso, in the northern part of Japan, which accompanied a succession of frightful earthquakes lasting about twenty hours. In addition to the town of Kumaishi, which was totally destroyed, many other coast towns have been washed away entirely or in part.

LIVESTOCK MARKET.

Reported by TATUM, EMBRY & CO.,
LIVE STOCK COMMISSION MERCHANTS
BOURBON STOCK YARDS.

Louisville, Ky., June 20th 1896.—

CATTLE.—During the latter part of the week the receipts of cattle have been light, but the supply on sale has fully equaled the wants of the trade, and in consequence thereof, there has been no noticeable change in the market. At the close today's prices were steady, and a fair clearance had been made. Outlook fair for Monday under moderate receipts. The bull market has been well supplied, and closed up rather dull. Calf market dull also.

In another column we give the present standing of the "great conflict" at Chicago, as the Louisville Post was wont to call it before it was forced to lower the table of figures from its mast head to keep from advertising the victory of the financial reformers. Four great States, Illinois, Texas, Ohio and Wisconsin will meet to-day and all but the last will be for silver. To-morrow and next day New York, Indiana, North Carolina and Georgia will complete the work of selecting delegates and only in the first named will the gold men "black the board." On to Chicago!

Pole McKinley was not only nominated on the anniversary of the battle of Waterloo, but on the same day a "tidal wave" destroyed 10,000 people from a disturbance opposite St. Louis on the other side of the earth. This, however, will be a mere ripple to the flood that will overwhelm Mac and his Hobby next fall. To add to this list of bad omens, the Democratic candidate will probably be from "Waterloo," Iowa, and a true representative of the "Boies in the trenches."

People are dying of starvation in Louisville. The papers of Saturday contained an account of a recent case. This is bringing the effects of the gold standard home to us. The attention of those who think times are "well enough" is called to this condition of affairs in our own state. The people are going to have a change and they are going to have it at once. It is criminal to talk about a further contraction of the currency when we have already come to this.

The Henderson Gleaner has this: "If the Gleaner is not in error Dr. Clardy will be opposed for the nomination by two gentlemen who are now engaged in making friends of the people or as the politicians put it, 'feeling the pulse of their constituents.'"

It is now less than forty days until the primaries are to be held and no new candidate could hope to make a winning race in so short a time. If any Henderson man has his finger on the trigger, will he kindly shoot or give up the gun.

Dr. Clardy is announced as a candidate for re-election to congress. So far he is the only candidate announced. His record has been that of a hardworking, conscientious public servant and it seems quite likely from present indications that he will be again elected and this time without opposition.—Henderson Journal.

TO-DAY'S SCOOPS.

Killed—A Doctor Suicides.

Did He Take Poison?

Dr. Isaac Holloway, of Lamasco, Lyon county, died suddenly last Friday night under circumstances that strongly indicate suicide. He ate dinner and after asking his daughter not to wake him up went to his room and retired about 1 o'clock. He was not disturbed until supper time and when called was found in a dying stupor and was never restored to consciousness. He died about 8 o'clock. It is believed that he committed suicide, though no inquest was held. Dr. Holloway was 56 years old and a physician in good circumstances and had a large practice. He leaves a wife, two daughters and a son, his children being all grown.

Ex-Convict Again in Trouble.

At a negro festival near Cerulean about a week ago a difficulty arose between some of the parties in attendance. Pistols were drawn and several shots were fired, one ball striking a woman inflicting a serious wound. Last Saturday at Princeton Marshall Wilson arrested John Wimbleduff, col., on a warrant charging him with the crime. He stoutly denied his identity and when asked by the officer if his name was not Smith, said "I told you my name was John Wimbleduff." Wimbleduff is an ex-convict, having recently completed a term at the Eddyville prison for house breaking.

Took a Shot at Him.

While Allen Torian and his wife were returning home from church at Gordonsville Sunday night Harry McRae, another negro, come up and got into a dispute with Torian. A few words were passed, when McRae pulled his pistol and fired at Torian, but without effect. McRae then fired. Torian swore out a warrant for his arrest yesterday. All the parties live in the Newstead neighborhood.

Two Wet Towns.

The election on the whisky question at Allensville and Hadensville last Friday resulted in a victory for the anti-prohibits. The anti-prohibitionists at Allensville gained the day by a majority of 16 votes. At Hadensville the majority in favor of a wet town stood 88 to 16.

Negro Cabin Burglarized.

The house of Jim Grubbs, a negro of the Cobb neighborhood, was broken into and robbed a few days ago while the family was away from home. The thief found less than a dollar in cash, but took all the clothing in the house and some other articles of value. It is believed that the robbery was committed by some ex-convict several of them are in that neighborhood and numerous depredations have been laid at their door of late.

He Ate a Poisonous Bug.

James Marshall, col., went out to gather blackberries near the city and while picking the fruit he ate considerably of it and was taken suddenly sick, dying in a few hours. It is supposed that he swallowed a poisonous bug, which caused his death. He was 47 years old.

Killed by Foul Gases.

Jack Smith, a well known negro well digger at Bennetts town, while cleaning out a well near Noah's Spring, was overcome by foul air and died before he could be taken out. He was 45 years old and leaves a family.

Another Tramp Killed.

An unknown negro tramp was found dead near Mannington Friday. It is not known positively how he came to his death, but it is supposed that he was beating his way on a freight train and fell off.

Mr. R. J. Cooper Dying.

Just as we went to press information was received in the city that Mr. R. J. Cooper, of Lafayette, who has been very ill for some time, was in a dying condition and would probably not live through the night.

The annual outing of the editors will be held at Georgetown and thence to Cumberland Island, Ga., this week. Secretary Gaines assures the press boys that this will be the best trip ever taken by the association. George town, "The Belle of the Bluegrass," will give royal entertainment to the visitors and a very large attendance is expected. Hopkinsville will be represented by Tom C. Underwood, A. B. Anderson, Geo. W. Metcalfe, Chas. M. Meacham and wife and W. A. Wilgus and wife.

Grant county went dry last week by a vote of 319, but it will be nearly a year before the saloons will all close.

MARRIED FIVE YEARS.

Announcement of the Marriage in 1891 of
Dr. Nanny and Miss Rhoades.

Central City, Ky., June 20.—The following announcement received here to-day has created a great sensation throughout the country: "Dr. T. Frank Nanny, Miss Alma Boyd Rhoades, married Dec 13, 1891, Athens, Ala. At home Brownwood, Tex., after June 25, 1896." The wedding has been kept a profound secret, not being known even to the immediate families of the young people. Dr. Nanny's home was at Bevier, this county, where he was railroad agent and postmaster until about two years ago, when he entered the Vanderbilt College of Dentistry at Nashville, at which he graduated with high honors about one month ago.

Mrs. Nanny is a daughter of Mr. Mort Rhoades, of Anson, Tex., who was a leading citizen of Muhlenberg until about ten years ago. She is a graduate of a female college at Nashville, at which place she was attending college at the time of the marriage.

In June, 1892, Mr. and Mrs. Nanny were the leading attendants at the marriage of Moses R. Glenn, at that time editor of the Central City Herald and now postmaster of Central City, to Miss Sadie Jennette and at the time they had been married six months.

The announcement of the marriage nearly five years after it took place comes with a great surprise to hundreds of people throughout Western Kentucky, as they had been two of the leading society young people of this part of the state.

SUICIDED.

The Girl Horse Thief Commits Suicide in
Jail at Dixon—Refused to Talk.

Tuesday's Hustler contained an account of the arrest of a girl horse thief in Webster county. She was dressed in male attire, and it was only after her arrest that the discovery of her sex was made.

She was lodged in jail at Dixon to await her examining trial, and steadfastly refused to answer any questions as to her name, identity, residence or anything.

The jailer was horrified to find on visiting her cell the other day that she was dead. Investigation shows that she had severed the artery of her left arm with a broken tumbler and had bled to death while lying on her prison bed.—Madisonville Hustler.

BUTTER IN ONE MINUTE.

Wonderful Machine That Creates a Sensation
With Dairymen.

Butter making in one minute with great economy and with many valuable safeguards from disease as compared with the old-fashioned churning system is something that United States Consul O'Neil at Stockholm tells of in a report to the State Department. This is done by a simple machine known as the radiator, invented by a Swedish engineer and described and illustrated by the Consul. It makes the butter directly from sterilized milk. The machine has been in use several months, creating a sensation among the dairymen and promising to revolutionize butter making.

WALLING.

Jackson's Partner Declared Guilty—He
Weeps.

Cincinnati, June 18.—The jury in the case of Alonzo Walling, charged with the murder of Pearl Bryan, returned a verdict this afternoon finding him "Guilty with the death penalty."

Walling's eyes filled with tears, as he learned his fate, and his brothers broke down and cried.

Walling was at once taken to the Covington jail pending a motion for a new trial which his attorneys will file.

Sam Small's Meeting.

Rev. Sam Small, the evangelist, arrived in the city last week and consented to hold a meeting of ten days at the Tabernacle. He began Friday holding services at 3 and 8 p. m. The meeting will continue throughout this week. Large crowds attend the meetings and some fine sermons are being preached by Mr. Small.

Accident to "Tom" Allen.

Mr. J. J. Allen, better known as "Tom" Allen, was thrown from his horse near Empire last Thursday, and seriously if not fatally injured. After falling Mr. Allen was kicked by the animal and two ribs were broken and he was otherwise badly bruised.

Resulted in a Mistrial.

The jury in the case of the Commonwealth against Robt. Coleman, col., charged with the murder of Ed Long, also colored, failed to agree and were discharged Friday. It is understood that the jury stood 9 to 3 for acquittal.
