It has been held that consumption is hereditary, and the fact that one person of a family had died with consumption was considered a sure sign that others of that family could not escape it. This is partly true and partly untrue. A man with weak lungs is likely to transmit that weakness to his children. But there is no reason in the world why the weakness should be allowed to develop. Keep the lungs full of rich, red, wholesome blood, and the weakness will disappear. Decaying tissues will be thrown off, and new material will be added until the lungs are well and perfectly strong again. This is the thing that Dr. Pierce's Golden Medical Discovery does. This is what makes it cure 98 per cent. of all cases of consumption where it is taken according to directions. It searches out disease germs wherever they may be in the body and forces them out of the system. It supplies the blood with rich, life-giving properties. It makes the appetite good, digestion perfect. Send 21 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1008 page "Common Sense Medical Adviser," profusely illustrated.

Another Good Man Gone Wrong.

He failed to use Foley's Kidney Cure for his kidney complaint.—For sale by C. K. Wyly.

Russia exports more wheat than any other country.

S. F. Fritz, of 677 Sedgwick street, Chicago, says: "I had a severe cough which settled on my lungs. I tried a number of advertised remedies and also placed myself under treatment of several physicians, with no benefit. I was recommended to try Foley's Honey and Tar. With little expectation of getting relief, I purchased a bottle. I had taken but few doses when I felt greatly improved; I was enabled to sleep, spitting of blood ceased, and by the time I had taken the second bottle I was entirely well. It saved my life." For sale by C. K. Wyly.

An attempted train wreck was discovered near Tampa, Fla.

Not a few who read what Mr. Robert Rowls, of Hollands, Va., has to say below, will remember their own experience under like circumstances: "Last winter I had lagrippe which left me in a low state of health. I tried numerous remedies, none of which did me any good, until I was induced to try a bottle of Chamberlain's cough remedy. The first bottle of it so far relieved me that I was enabled to attend to my work, and the second bottle effected a cure." For sale at 25 and 50 cents per bottle by R. C. Hardwick, druggist.

Gov. Taylor lectured at Chattanooga to a packed house.

Catarrh is a constitutional disease and requires a constitutional remedy like Hood's Sarsaparilla, which purifies the blood.

The Loud postal bill passed the house.

The sugar-coating, makes Ayer's Pills easy to take, it dissolves immediately on reaching the stomach, and so permits the full strength and benefit of the medicine to be promptly communicated. Ask your druggist for Ayer's almanac, just out.

Gov. David M. Clough, of Minnesota was inaugurated.

The folly of prejudice is frequently shown by people who prefer to suffer for many years rather than try an advertised remedy. The millions who have no such notions, take Ayer's Sarsaparilla for blood-diseases, and are cured. So much for common sense.

Bad health signifies bad blood. Sold by R. C. Hardwick druggist, Hopkinsville, Ky.

SAVED BY HIS HORSE.

Faithfulness and Intelligence of One Animal in Battle.

A graphic story is told by Surgeon-Capt. Grey, one of the officers who served in Rhodesia. In the attack on Mashangombi's the horses began to drop, and soon 13 lay on the ground, and it looked as if the men would all be killed. Evidently Capt. Turner thought so, for he virtually gave the order: "Suave quiete," telling every man to fight the best he could for his own hand. But though the horses continued to fall, the men escaped. Dr. Grey, to use his own words, "led towards the way out" under a raking fire at a gallop, and was closely followed by the troop.

"Very soon, however, I fell from the saddle, struck with a bullet from an elephant gun about 500 yards off. The bullet struck me on the top of the thigh, smashing the socket of the thigh-bone, breaking a vein, and otherwise wounding me. My horse was carried on at full speed with the rear-guard, which rushed at desperate speed to clear the pocket-like entrance of the drift, where the natives were rallying in the hope of killing us. As I lay on the grass, bleeding profusely, I looked up and saw two natives aiming at me at a distance of about 40 feet. At the same moment I saw my horse come thundering back from the drift. It suddenly stopped and came and stood over my prostrate body, covering me from the firing, at the same time making a peculiar noise through its nostrils. I thought it had been wounded, and that with the pain, noise and confusion it had gone mad. This notion, however, was soon dispelled, for it continued to stand over me in a kneeling posture, and I could see that the faithful animal had come back to protect me.

"I may remark here that this horse, which I myself selected, I made a pet of. The assegais from the approaching natives were now beginning to fly around me, and thinking if I could reach my horse's back I should be shot, which was preferable to being assegaied, I seized the reins, put my right foot in the stirrup, and made a supreme effort to mount. And I was successful; but how I did it I do not know, for my left side was entirely paralyzed. On finding myself in the saddle, I called: 'Go,' to my horse, which darted like an arrow towards the exit from the drift."—St. James Gazette.

INTERESTING MOSAIC.

An Ancient Tablet Representing Virgil Writing the Aeneid.

After Italy and Provence there is no country where Rome has left more monuments in every state of preservation of decay than in Tunis. The largest Roman circus after the Coliseum is El-Djem, Arles ranking next, and Nimes coming fourth. At a recent sitting of the Academy of Inscriptions in Paris, M. Boissier gave an account of a remarkable Roman discovery at Susa, in Tunis. The French, who, unlike the English in Egypt, have settled down in Tunis for good, have got a camp at that seaport which is "a mine of mosaics," where fresh discoveries are made every year. The other day a party of soldiers digging foundations unearthed a mosaic with three human figures in a perfect state of preservation, covered with only a few inches of soil. It is only three and one-half feet square, but the subject: "Virgil writing the Aeneid," will interest all. There is a front view of the poet loosely draped in the folds of a white toga with a blue fringe, sitting with his feet in sandals resting on a step. He holds on his knees a papyrus roll on which is written in cursive letters one of the verses of his poem.

With his right hand on his breast, the forefinger pointing upwards, his head erect in an inspired attitude, he listens to Clio and Melpomene, who, standing behind, dictate his cantos.—London News.

Chaperones for Hire.

One of the most extraordinary results of the present cycling craze is the formation in London of a "Chaperone Cyclists' Association," which provides companions for those who do not think it proper to ride alone and who cannot conveniently find friends to accompany them. The terms are 3s. 6d. for an hour, or 10s. 6d. by the day, and the chaperone provides her own cycle. The qualifications for a chaperone are that she should be an experienced rider, and that she should either be a married lady, a widow or an unmarried lady over 30 years of age.—San Francisco Examiner.

Secret of a Good Memory.

What we wish to remember we must thoroughly possess. If it is in the line of our work we must be master of it, not only laboring diligently, but understanding each step, being interested in each detail, seeing the relation of each part to the whole, and cultivating a passion for excellence.

It is hard to tell sometimes whether the shopper or the saleswoman feels the effect of shopping the most. Even the pleasant part of it involves standing, waiting, weariness for both of them and more or less hurry and neglect of regular meals and regular habits. This leads to dyspepsia or constipation or both; they are two links in the chain of indigestion; another link is biliousness; headache is another; then follows backache, drowsiness, dizziness, an irritable temper and the "blues," all links of one chain binding down your energies and making life a burden. The way to throw off the whole trouble at once is to put the bowels and stomach into condition again. Dr. Pierce's Pleasant Pellets do this quicker, more comfortably and more naturally than any other remedy in the world. They actually cure constipation so it stays cured; you don't become a slave to their use; they strengthen the intestines to do their own work, tone the stomach and gently stimulate the liver. They are mild but sure, like Nature it self. Don't let any druggist give you a griping pill. Insist on having Dr. Pierce's Pleasant Pellets.

The People's Common Sense Medical Adviser gives more plain useful information about the human body and all the ailments to which it is subject than any other single book in the English language. It is really a medical encyclopedia in one volume, a large heavy book of 1000 pages, with over 300 illustrations. The outlay of money, time and effort in producing this great book was paid for by the sale of the first edition of 65,000 copies at \$1.50 each; and the profit has been used in publishing the present edition of half-a-million copies to be sent absolutely without price to all who will remit the small charge of 2 cents in one-cent stamps to pay the cost of mailing only. Address, with stamps, World's Dispensary Medical Association, No. 65 Main Street, Buffalo, N. Y.

DR. BELL'S PINE TAR HONEY. Advances a new theory in the treatment of all Cough, Lung and Bronchial Troubles—It cures and cures quickly.

Absolutely harmless and pleasant to take. It cuts loose the mucous without exertion or straining and stops the cough at once by healing the inflamed parts; gives vigor and vitality to the respiratory organs and produces a condition in which all the functions are exerted with regularity and harmony.

Most druggists sell you what you ask for. Some will ask you to take something which they claim is "just as good." Sometimes a little more profit induces them to do this. Dr. Bell's Pine Tar Honey is the best cough, cold and grip cure. After you try it once you will like it too well to accept any substitute.

Quit coughing is easy enough if you know how to do it. The best way to quit is to take one dose of Dr. Bell's Pine Tar Honey. Summer coughs, lung coughs, winter coughs, bronchial coughs or any other kind of a cough or cold is speedily cured by the use of this remedy. Children love it. Old people like it.

No greater calamity can befall a person than ill health. Cough and colds in themselves are not serious maladies. The more trivial cough or cold if neglected, may lead to asthma, bronchitis or consumption. The right time to treat a cough or a cold is right way. Delay means danger. Dr. Bell's Pine Tar Honey is a quick cure, a sure cure and a safe cure. Druggist sells it.

Catarrh in the Head

Is a most dangerous disease. It may lead directly to consumption. Catarrh is caused by impure blood, and the true way to cure it is by purifying the blood. Hood's Sarsaparilla cures catarrh because it removes the causes of it by purifying the blood. Thousands testify that they have been cured by Hood's Sarsaparilla.

Hood's Pills are purely vegetable and do not purge, pain or gripe. All druggist 25c.
