SUFFERING FROM HEAT.

The Torrid Weather in the Philip-
pines Very Uncomfortable.

Manila, Feb. 20.—The American troops are suffering much discomfort from the intense and increasing heat, especially in parts of the line where it is impossible to provide shelter. The concentration of insurgents on the right flank caused a re-enforcement of Gen. Over-shine's lines. The Buffalo bombarded the Filipinos' trenches Saturday night, driving the natives further inland. The rebels still hold the country in the vicinity of Guadalupe, Pasig and Patero, in spite of the efforts of the gunboats to dislodge them. The Americans abandoned the Guadalupe church.

SCHOOL ELECTION.

Madisonville Will Try Graded
Free Schools.

The school election Tuesday resulted in a very gratifying victory for the proposition to establish a good graded school at Madisonville.

There were 383 votes cast and stood as follows: For the tax, 225; against the tax, 158, a majority of 67 for the proposition.

The following trustees were elected, there being no opposition to the board, although those opposing the tax generally did not vote for trustees: M. W. Bishop, I. Bailey, W. C. Hollinger, Sam Bassett, W. G. Johnson and C. C. Givens.

MUCH CORN OUT.

A Great Deal of Last Year's Crop
Ungathered.

A great deal of the last year's corn crop is still in the field and will have to be gathered before preparations for another crop can be made. Much of it is still hanging on the stalk and a large per cent. is in the shock. One farmer reports 300 barrels in his field, and nearly all of them have more or less ungathered. The early winter and extreme cold weather has prevented them from disposing of this part of their work.

TOOK EIGHT GRAINS

Of Bichloride of Mercury, Think-
ing it Headache Medicine.

The wife of Mr. Robt. H. Brown took eight grains of bichloride of mercury, a deadly poison, a few nights ago, mistaking it for headache medicine and it was with great difficulty that her life was saved. The mistake was discovered in a few minutes after she had swallowed the poison and emetics were administered, relieving her in a few hours. She has now fully recovered.

DEATH OF FAURE.

President of France Expires Sudden-
ly After Short Illness.

Was the Son of a Cabinet Maker
and Had Seen Long Public
Service.

Paris, Feb. 17.—M. Felix Faure, president of the republic of France, died at 10 o'clock last night after an illness of three hours, the result of a stroke of apoplexy.

Francis Felix Faure, sixth president of the third republic of France, was born Jan. 20, 1841, in Paris, and was a son of a cabinet-maker.

In August 1881, he offered himself as a Republican candidate for parliament in the Third district of Havre, and was elected. He was appointed under secretary of state for the colonies in the Gambetta administration (formed in November of that year) and held the office in the ministries of M. Jules Ferry (1883), M. Brisson (1895) and M. Tirard (1885). In May 1891 he became minister of marine in M. Dupuy's cabinet, and was appointed vice president of the chamber of deputies, a position to which he was several times elected. Naturally, his business position made him an authority on shipping, commercial and colonial questions, and during these years he compiled a valuable work on the "Comparative Budgets of European States."

On the retirement of M. Cassimir-Perier, who resigned the presidency Jan. 16, 1895, he was chosen president by 430 votes, as against 361 given to Henri Brisson, the election taking place Jan. 17, 1895.

PRESIDENT LOUBET.

Faure's Successor Chosen By The
French Assembly.

Paris, Feb. 18.—The national assembly met at Versailles at 1 o'clock this afternoon. M. Loubet, president of the senate, declared the sitting open amid the applause of the Leftists, during which M. Loubet proceeded to drawing for tellers.

M. Loubet received 483 votes against 270 votes cast for M. Meline, and it was officially announced that M. Loubet has been elected president of the French republic.

The votes not given to M. Loubet or M. Meline were divided between M. Cavaignac, Gen. Jamont, Gen. Saussier and others.

M. Meline received an ovation when he voted.

M. Loubet left the palace in a carriage, accompanied by M. Dupuy. Arriving at Paris, President Loubet was received with military honors and acclamations from the crowd.

Emile Loubet was born at Narbonne, on December 31, 1831, was educated for the bar and began his practice at Montelmar. He entered political life in the general election of 1876. After having been twice elected to the assembly he became a candidate for the senate in his old department, and was elected in 1885. He became a member of the first Tirard ministry, which only survived for three months, holding the position of minister of public works. When M. de Freycinet declined to undertake the presidency of the council, he was intrusted with the reconstruction of the ministry, and took the position of minister of the interior, from which M. Constans had retired in 1892.

A Negro Juror.

Cloverport, Ky., Feb. 17.—The circuit court at Hardinsburg is in session. The docket is light. All precedents in the court were broken this session by the appearance of a negro in the petit jury. He is Elijah Miller, of Hardinsburg, and the fact that he is serving on the jury is arousing a great deal of comment. Most citizens do not take kindly to the innovation.

FOUND DEAD.

Child of Frank Satterfield of
Trigg County.

Slept By Himself and Was Found
Lifeless In Bed Next
Morning.

News has reached the KENTUCKIAN of the death of a child of Frank Satterfield, who lives near Tuggle-leville, in Trigg county.

The death occurred several days ago, during the bitter cold weather of last week. The boy was four years old and had been in the habit of sleeping with his father, but on the night in question Mrs. Satterfield was very ill and her husband sat up with her all night and the child slept alone in the adjoining room. Next morning he was found cold in death.

Whether his death was due to the severe zero weather, or to some other cause is not definitely known to the distracted parents, who have the sympathies of all their friends.

THE NEW MAINE.

Keel of the Wrecked Battleship's
Successor Laid.

Philadelphia, Feb. 15.—The anniversary of the blowing up of the battleship Maine in Havana harbor was marked here with the beginning of work on the powerful man-of-war which will bear the name of the historic battleship, the destruction of which did much to precipitate the war with Spain.

The new Maine will be built by the Cramp-building company, and at the company's yards at 11 o'clock to-day the first piece of the keel of the vessel was laid. There was no formality in the proceedings, but the ship yard was thrown open to the public and a great cheer was given by the crowd as the group of workmen sat in place the first steel piece of the keel. Other pieces of the steel keel were immediately hoisted and placed by the side of the first, and thus was started what will be one of the most powerful fighters of the new navy.

The Maine will be a sister ship to the Ohio and Missouri, the contract price for each of which is \$2,885,000. She is to have a speed of fifteen knots, with a length on load on water line of 388 feet and a beam of 27 feet 2 1/2 inches.

FROZEN PORKERS.

Todd County Farmer Loses Fif-
teen Head of Heavy Weights.

A very sad sight greeted Mr. Ira Smith, one of our industrious farmers, on going to his hog lot last Monday morning, says the Trenton Democrat. In their bed lay dead fifteen head of his fine porkers, whose weights ranged from 300 to 500 pounds. It is supposed that their deaths were due to cholera and the severe weather, though on the previous day they ate heartily, and no sign of disease was noticeable.

REAL ESTATE DEALS.

Mr. Cooper Buys the F. L. Ellis
Residence—Other Sales.

Mrs. Lucy J. Ellis has sold to Mr. R. E. Cooper the Ellis residence property on Thirteenth and Water streets, near the Hopkinsville High School. The price paid was \$3,700. It is understood that Mrs. Ellis will build on another lot she owns in another part of the city.

Ragsdale, Cooper & Co. have also sold the Cummings-Eggleton Co. their warehouse property on Elm street. This will give the latter company considerable additional room for their rapidly growing tobacco business.

Messrs. J. H. Anderson John H. Bell and Alex. Boulware spent yesterday in Madisonville.
