

NOMINATION

Of James S. Harlan Confirmed By Senate.

Final Vote Was Reached After a Discussion of Several Hours.

Washington, Jan. 21.—The Senate in executive session today confirmed the nomination of James S. Harlan to be Attorney General of Porto Rico. The final vote was reached after a discussion of more than two hours' duration, and, when announced, stood forty-three to twenty-one in favor of confirmation. All the Republicans cast their votes in the affirmative, and two or three Democrats voted with them.

SENATOR W. E. CHANDLER, NEW HAMPSHIRE.

The session was characterized by a spirited colloquy between Senator Chandler and Hawley, in which bitter personal language was used. The controversy between them grew out of a letter written by Senator Chandler in 1867, and which was read by Senator Pettigrew, concerning the controversy over the Hayes-Tilden election, in which reference was made to the part taken by Senator Hawley and Justice Harlan (neither then occupying his present place) in the settlement of the Louisiana controversy of that time. In that letter Mr. Chandler stated that a commission, of which those two were members, had been sent to Louisiana by President Hayes to destroy the Packard State Government. This having been accomplished, Mr. Chandler said the President then undertook to "recognize" the members of the commission, giving Gen. Harlan the appointment of an Associate Justice and offering Gen. Hawley the place of Director of the Paris Exposition, which the latter had declined, Mr. Chandler said, because of the inadequacy of the salary.

ROBBED MAN'S HOUSE

While Setting up With Corpse of His Daughter.

Columbia, Tenn., Jan. 22.—Sheriff Light arrived yesterday morning from Winchester, bringing with him Jim Pitcock, a desperate character. It is charged that Pitcock, with a man named O'Neal, robbed the home of Murphy Eskew at Pt. Pleasant while the two were sitting up with the corpse of Eskew's little daughter. Twenty dollars and a gold watch were stolen. The two men were captured at Petersburg, but burned the jail there and escaped. They were later captured at Huntland, but before the Columbia officers could reach the scene Pitcock had escaped. O'Neal was brought here Saturday. Sheriff Light captured Pitcock after a chase of two days and nights. The watch, but no money, was recovered.

JOE KEITH CASE.

Bill to Change the Place of Execution.

Indianapolis, Ind., Jan. 22.—The Legislature passed a bill providing that Joseph Keith, who murdered Nora Keifer at Princeton, shall be hanged at Michigan City. There was doubt under the statutes whether he would be hanged there or at Jeffersonville. Representative Roberts, of Dearborn county, tried to have the bill amended to substitute morphine for the noose, but failed.

MUHLENBERG

Advertises To Pay Off Its Bonded Debt.

Believed That Funding Bonds Have Been Floated and the Compromise Is a Sure Go.

The following notice has been printed in the Louisville papers:

To the Holders or owners of the Compromised or Funded Bonds of Muhlenberg county:

You are hereby notified to present your bonds, coupons, or, in judgment, an attested copy of said judgment to Lewis Reno, treasurer of Muhlenberg county, at his office, in the First National bank in Greenville, Ky., within sixty days from this date for a payment of ten (10) per cent. of the amount due you on same.

The county expects to pay an additional 10 percent on and after March 10, 1901. T. J. SRARKS, Judge Muhlenberg County Court. This January 10, 1901.

This is construed to mean that arrangements have been made to pay off the whole of Muhlenberg county's bonded indebtedness. A compromise has been pending for some time whereby practically all of the bond holders agreed to settle for about 25 per cent. of the debt and interest. The time for the acceptance of this compromise expired January 1, and it was understood that the county had been unable to float the new bonds with which to pay off the debt.

Word comes from Louisville that the Muhlenberg officials expect to wipe out both the new and the old bonds and so it is believed the funding bonds have been floated and the money will be paid in installment.

The Hay-Pauncetote Treaty.

If the proper representations are made by our Government, so that the situation may be understood in England, there can be no reason to doubt the prompt acquiescence of Great Britain in the treaty as amended. It leaves the United States at perfect liberty, so far as England is concerned, to build, own, operate, and control the Nicaragua Canal, we on our part agreeing to throw it open on equal terms to the whole world, both in war and in peace, retaining, however, the right to take such measures as we may find necessary in the contingency of an attempt on the part of a naval power to use the canal in hostility to us. As it was drawn, the Hay Pauncetote treaty put the canal under the control of all the great powers, forming a concert for that purpose, in which we should have stood in a minority of one. As amended, the treaty leaves us in responsible control of our own enterprise. Mr. Hay had sacrificed the Monroe Doctrine absolutely. The Senate has, by its amendments, endeavored to safeguard our wise and traditional policy, and with tolerable success. —From "The Progress of the World," in the American Monthly Review of Reviews for January.

Kansas Losing Her Flower.

State Senator James W. Tapp, of Wichita, will introduce a bill in the state legislature this session asking the appropriation of \$10,000 to buy sunflower seed to restock the growth in Kansas. The sunflower is the State emblem, and has for years been dying out in eastern and southern Kansas. In the Western part of the State there may yet be seen a great many sunflowers, but nothing like the amount as two years ago. Mr. Tapp says the state cannot afford to let the flower die out in Kansas, so he asks an appropriation to employ men and purchase seed to cultivate the flower. It is likely that such a bill will pass.—Wichita Kan., Special Chicago Times herald.

Governor Davis Inaugurated.

Little Rock, Ark., Jan. 18.—Gov. Jefferson Davis, was inaugurated at 11 o'clock today before the Senate and House in joint session. The ceremonies were very unostentatious. The retiring Governor, Dan W. Jones, delivered his farewell message to the Legislature at 10 o'clock this morning.

Every man owes money before he gets married; but after that he is in debt.

A woman is often referred to by a man as 'doubling his joys and halving his sorrows.' That may be complimentary but it would seem to be rather hard on the woman. For in terms it means that when things are going well with a man, his wife makes them better. But when things are going wrong with him he expects his wife to take half the burden. And there is more truth than poetry in this presentation of masculine selfishness. Men don't appreciate the fact that the strain of motherhood alone is a burden bigger than all loads that rest upon male shoulders. They see the wife grow thin, pale, nervous and without a thought that she is overburdened. Among the pleasant letters received by Dr. Pierce are those from husbands who have waked up before it was too late to the crushing burdens laid upon the wife, and in the search for help has found in Dr. Pierce's Favorite Prescription a retorative which has given back to the mother the health of the maiden and the maiden's happiness. "Favorite Prescription" always helps, and almost always cures. It has cured ninety-eight out of a hundred of those who used it when afflicted with diseases peculiar to women.

TWO-CENT STAMP

On Bank Checks Will Be Retained 'Til '02.

Details of the Revenue Reduction Bill—Taxes Removed On Patent Medicine.

Washington, Jan. 22.—The Finance Committee spent all Sunday in agreeing upon the details of the Revenue Reduction Bill. The total reduction is \$42,000,000. The beer tax is reduced to \$1.50. The tax on tobacco also has a reduction of one-half of the war, leaving it at nine cents a pound.

The present two-cent stamp on bank checks will be retained until January 1, 1902, when it will be reduced to one cent. The tax is removed from all patent medicines, when the formula ingredients are printed upon the label or wrapper of the bottle. All recent compounds for medical or toilet purposes are taxed the same as now. There is a reduction of one-half the tax on perfumes, pomades and other toilet articles.

The bank tax, which is now equivalent to two dollars a thousand of capital, is reduced to one dollar per thousand of capital and surplus.

Stamps will not be required upon notes, mortgages or other evidence of indebtedness, but will be continued upon deeds and other certificates of transfer and evidences of wealth. The inheritance tax is reduced to one-half, and all bequests to libraries, educational and charitable institutions are exempt.

NO MORE HAZING.

Cadets at West Point Themselves Take Action.

At West Point Saturday night, as the Congressional investigation was nearing a close, the cadets of all four classes held a meeting in Grant Hall and unanimously decided to abolish hazing of every form as well as the practice of "calling out" fourth class men. This is exactly what Gen. Dick and the other members of the Congressional Committee have been trying to impress on the cadets who have testified before them, as the only course open to them, if they desired to see the fair name of the United States military academy unsoiled and above reproach.

The communication was addressed to Superintendent A. L. Mills, who only got back from Washington this morning, and he quickly brought it to Gen. Dick. The committee members are delighted with the action of the cadets and Gen. Dick, in a few words, said that they would all go back to the House of Representatives with the firm belief that in spirit and letter the agreement would be steadfastly adhered to by the cadets, who made it voluntarily.
