### PARTISAN DECISION.

The Four Republicans On Appellate Court Unseat Judge Robt. J. Breckenridge.

Decide in Favor of Judge Clifton J. Pratt, Republican, For Attorney General.

Frankfort, Ky., Nov. 20.—The Court of Appeals this morning reversed the judgment of the Franklin Circuit Court in the case of Clifton J. Pratt, Republican, against Robert J. Breckenridge, Democrat, the contest for the office of Attorney General, removing Judge Breckenridge from office and installing the Republican claimant.

Justice Guffy delivered the opinion of the court, Judges DuRelle, Burnam and O'Rear concurring, and Chief Justice Paynter and Judges White and Hobson dissenting.

Judge Hobson delivered a dissenting opinion, in which White and Paynter concurred.

The action was the last of the contest cases which grew out of the election of 1899. The appellant, Pratt, did not appeal his case from the judgment of the Franklin Circuit Court seating the Democratic contestants at the same time the other Republican nominees appealed, but waited the outcome of the appellate election in the Eastern Kentucky district. O'Rear, a Republican, was elected in this district, and then Pratt appealed to the higher court.

The case has been pending before the court here for several months, and it was generally conceded that the court would unseat Attorney General Breckenridge.

### OUT ON BOND.

Alleged Retailer From Hopkins County Released From Custody.

Robert Ferguson, of Hopkins county, who is under indictment for retailing beer at the Madisonville fair last summer without first having paid the special tax, was arrested and brought before commissioner Harry Ferguson, of this city, who committed the defendant to the Daviess county jail. Upon being taken to Owensboro he gave the required bond before Commissioner Lindsay. Ferguson's trial is set for next week.

### EIGHTEEN BAPTIZED.

Recent Converts Immersed at The Baptist Church.

The ordinance of baptism was administered at the Baptist church Wednesday night to eighteen of the twenty-two converts who united with the church as the result of the recent revival. Dr. C. H. Nash officiated and the converts were immersed in the new baptistry, put in when the recent changes were made in the church.

The services were attended by a large crowd. Dr. Nash before the ordinance was administered, entered into a doctrinal discussion of the subject of baptism.

### TABERNACLE SHOWS.

Five Nights Next Week With Stereopticon Views.

There will be a series of entertainments at the Union Tabernacle next week, beginning Monday night and continuing every night during the week except Wednesday.

The programs will consist of moving pictures, stereopticon views, musical selections and phonographic numbers. It will be under the direction of Messrs. J. B. Dade, and E. L. Foulks who will make an effort in this way to pay the debt on the tabernacle. Ticket are 25 cts., each or \$1.00 for the five nights.

The cause is a worthy one and the entertainments should be liberally patronized.

### MEANS BUSINESS.

County Judge Hall At Last Takes Decisive Action.

Camps of Idle Union Miners And Agitators To be Broken Up In Hopkins.

Madisonville, Ky., Nov. 21.—Judge Hall yesterday afternoon issued orders for all union miners in camp to disband within twenty-four hours and forbidding reassembling of the strikers again.

Judge Hall is determined to break up the reign of lawlessness which has disgraced this county and to disperse the bands of the invading strikers who have terrorized the community and driven non union men from their work.

### SURRENDERS ITS CHARTER.

The St. Bernard Coal Company has given up its Kentucky charter and will incorporate under the laws of Delaware. The reasons given for this is that they may receive Federal assistance, and that the State of Kentucky now affords them little.

General Murray wishes to deny the reports sent out to various newspapers that more trouble is expected at any time. He says he has the situation in Hopkins and Christian counties well in hand, and says he fears no more trouble.

There has been no sign of disorder reported from any part of the strike regions to day. A detachment of twenty men under the command of Capt. Walter Powers is stationed at the Slope mine, the scene of last Sunday's fight, and no further trouble is looked for. Morton Bush, the non-union negro miner wounded in the battle Sunday, died this morning as the result of his injuries. Cough, the union miner shot in a serious condition, dition, and cannot possibly recover. The condition of the other wounded men is as good as could be expected.

The identity of the leader of the attacking party, who was seen to fall during the battle, but was carried from the field by his companions, remains a mystery.

No effort was made to work at the Slope mines to-day. The shaft mines were at work, but with a badly crippled force. Most of the negroes are still badly frightened over Sunday's affair, and the more timid remain from work, fearing a repetition. But the military authorities are complete masters of the situation, and the management expects to have a full force at work as soon as the excitement dies down.

The civil authorities of Webster county are making determined efforts to discover the names of all the persons implicated in the attack. Many of the men implicated are already known, and a number of arrests will soon follow. Another negro who is thought to have been a member of the attacking party was arrested to-day while making for the Union county line. When arrested a rifle was found in his possession.

### CLASH TO-MORROW.

Trouble at Hand Unless Somebody Backs Down.

Yesterday's developments leave no room to doubt that a serious clash is liable to occur between the authorities and the strikers in Hopkins county.

Somebody will have to back down are the clash of arms will come to-morrow.

County Judge Hall is quoted as saying: "Your camps must be disbanded at once and forever in Hopkins county. I give you until Saturday morning, November 23, at daylight, in which to comply with this demand."

Mr. Woods, the organizer of the Union miners gives out this defiance: "You can say positively that the camp will not disband. Men may be run to their homes, but not from them."

### THE WEED.

Loose Buyers Active And Some Purchases Made.

Tobacco Out of Order—Good "Season" Needed For Handling Present Crop.

Sales of tobacco this week amounted to 81 hogsheads and receipts were 50 hogsheads. The sales were not up to those of the previous week in numbers, but the quality of the sorts sold was about the same. There was no fine tobacco disposed of, the offerings consisting of lugs and common to medium leaf. The weed in the barn is out of order, in fact so dry it cannot be handled, hence receipts continue light. With a good season for stripping there would be a marked improvement in this line in a very few days.

The receipts for the year have been 12,460 hogsheads and sales for the same period 11,863 hogsheads. Loose buyers are active in the country, and some purchases have been made, but little of the new crop has been moved.

### Miss Minnie Wood.

Death of This Popular Young Lady Near Gracey.

Miss Minnie Wood, daughter of Mr. John W. Wood, died Tuesday at the home of her parents, a few miles west of Gracey.

She had been ill only about two weeks. Death was caused by pneumonia. She was about 18 years old and a young lady loved by a large circle of friends.

She had been a member of the Baptist church for several years. The interment took place at the Brick church Wednesday.

### Pleasant Social Event.
