FRESH HOSTILITIES

Have Broken Out In The Island Of Mindanao.

The Moros, The Worst Of All Filipinos, Are On The War-path.

Washington, April 23.—The latest expeditions of the American army against the Moros of Mindanao is causing more concern than any fighting in the Philippines for two years.

The Moros are the chaps who shave their eyebrows, blacken their teeth and pray to be killed in battle. Death has no terrors for them. If the big chief waves the rug of war and sends these demons to battle there will be atrocities which will make those going before seem mild in comparison.

The President was thoroughly informed in advance and tried his best to stop Chaffee. The old Indian fighter had gone so far that he cabled back to quit would mean great loss of prestige and convince the Moros that the Americans were cowards. In fact, he had gone so far that he felt warranted in not obeying the orders from Washington unless they were given again after his explanations were understood. The President reluctantly told him to go ahead, but to be careful to cause no general war against the Moros.

AX-HANDLE FACTORY

Wants to Locate in Hopkinsville at Once.

J. W. Harned & Bro., of Adams, Tenn., Likely to Come to Hopkinsville.

J. W. Harned & Bro., whose big ax-handle factory burned at Adams, Tenn., last week, will not rebuild at that place. They have their eyes on Hopkinsville as a place to locate their plant, it being their intention to rebuild on a still larger scale.

This factory has been doing a business of \$150,000 a year at Adams, shipping ax-handles all over the United States.

Mr. Harned is anxious to locate here and will do so if the proper inducements are offered him.

He wishes to build a factory this time with a capacity for doing a \$200,000 business annually. It would give employment to from 60 to 75 men and make a permanent home market for hickory and white oak timber.

The City Council, we fell sure, will offer every inducement in their power to bring this enterprise here and the Commercial club will accord it a warm reception. Hopkinsville needs more factories and this is a most desirable one that can be easily secured.

By all means let us do all we can to secure this big enterprise.

FINE SHORTHORNS

As Bred and Sold by Mr. M. V. Dulin, of Crofton.

Mr. M. V. Dulin, of Crofton, inserts in this issue an advertisement of two shorthorn bull calves that he will offer for sale the first Monday in May.

Mr. Dulin's herd of cattle is one of the finest to be found in this part of Kentucky and will compare favorably with any in the State. In fact there are few better specimens anywhere.

He has the best blood of Mandane, Rose of Sharon, Bates and Scotch strains, all registered and the lines kept unbroken for the last twenty years.

Mr. Dulin has bred shorthorns for nearly a quarter of a century and the opportunity to buy stock bred by him should not be overlooked by the breeders of beef cattle, which are now commanding fancy prices even for beef purposes.

MAY 16.

MARKET STEADY.

Date of Old Time Fiddler's Contest in Hopkinsville.

Churches Will Appoint Committees to Assist in Work and Entertainment Will Be Big Affair.

When the Old Time Fiddlers' Contest was held here last spring the committee who had the matter in charge promised the Tabernacle management to repeat the entertainment at some future time, the proceeds to go towards liquidating the tabernacle debt.

The matter has been discussed between members of the board of tabernacle managers and the committee who had the other contest in and they have decided to have another Old Time Fiddlers' contest at the tabernacle on Friday night, May 16.

As membership of all Churches in the surrounding county is interested in reducing the debt on the tabernacle, this will afford them a rare opportunity to aid the board of manager of the tabernacle in securing a handsome sum for the purpose indicated. Each church in the city will be requested to appoint two members to compose a committee of the whole and these will be subdivided into committees to carry on the work, and no time should be lost in getting this matter under way, as there are just three weeks in which to work.

John Woodruff, Francis Drake and Burrell Wiley, three of the men under indictment for complicity in the murder of Deputy Sheriff Robt. H. Coffey near Empire last September, were arrested at Sullivan, Ind., last Monday by special agents Harland and Baker, assisted by the sheriff of the county in which the town is situated. The men refused to return to Kentucky without a requisition and were locked up. It is understood that the necessary papers were sent to Sullivan yesterday and the men will likely arrive here today.
