Frank Stockton, Sol Smith Russell and Bret Harte have all died within thirty days. There seems to be a strange fatality attending our humorists as well as our Congressmen.

Several members of the Legislature called upon Gov. Beckham Tuesday and urged him to again seek the Democratic nomination for Governor. It is not believed that he will need much persuasion.

The trustees of the Kentucky Confederate Home have organized by electing Col. Bennett H. Young President and H. P. McDonald Secretary. The trustees will advertise for proposals for a home on a site of not less than 30 acres.

Last year 6,755 persons took their own lives, and the year before only 5,340 committed suicide. Comparison with other years shows that more women killed themselves than ever before. Before this the proportion was five to one in favor of men.

Gov. Jefferson Davis, of Arkansas has pardoned a negro convict on condition that he become a citizen of Massachusetts within thirty days, where he can enjoy the sympathy expressed for the "poor oppressed negroes of the South."

During the life of the Fifty-seventh Congress eight members have died, namely: Crump, of Michigan; Polk, of Pennsylvania; Cummings, of New York; Otey, Virginia; Salmon, New Jersey; Brosius, Pennsylvania; Burk, Pennsylvania; Stokes, South Carolina. Four were Republicans and four were Democrats. Three of them—Cummings, Otey and Salmon—died within four days, since the first of May. Still there are five men in this district who want to go to Congress.

Beware of Ointments for Catarrh That Contain Mercury

Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescription from a reputable physician, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney, and Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, O., by F. J. Cheney & Co. Testimonials free. Sold by druggists, price 75c per bottle. Hall's Family Pills are the best.

Salt Rheum

It may become chronic. It may cover the body with large, inflamed, burning, itching, scaling patches and cause intense suffering. It has been known to do so. Do not delay treatment.

Thoroughly cleanse the system of the humors on which this ailment depends and prevent their return.

The medicine taken by Mrs. Ida E. Ward Cove Point, Md., was Hood's Sarsaparilla. She writes: "I had a disagreeable itching on my arms which I concluded was salt rheum. I began taking Hood's Sarsaparilla and in two days felt better. It was not long before I was cured, and I have never had any skin disease since."

Hood's Sarsaparilla

Promises to cure and keeps the promise. It is positively unequalled for all cutaneous eruptions. Take it.

Admiral Sampson was a brave and accomplished officer and a man of such a high order of ability that he headed his graduating class. He stood in with the McKinley administration and though only a captain when the Spanish war broke out, he was promoted over the heads of many ranking officers and placed in command at Santiago. Unfortunately he was temporarily absent when the battle came off and the honors of the victory fell to Schley. In reporting the fight he claimed the victory for the "forces under my command," and by so doing brought troubles upon himself that probably hastened his death. He was upheld by the administration but public opinion was all against him, in favor of Schley.

Rev. W. H. Walker, of Lynn, Mass., has received a letter from his son, J. B. Walker, a private in the 16th infantry, now at Sorsogon, in the Philippines, in which he charges that 1000 Filipino prisoners were shot in platoons over graves they had been forced to dig, and that a priest who acted as confessor and general was hanged before the slaughter of his command. The soldier says that Lieut. Burr commanded the Americans and the slaughter occurred 18 miles from Sorsogon. Private Walker enlisted at the outbreak of the Spanish war and was one of those commended for bravery at the charge of San Juan hill. From a China regiment he was ordered to the Philippines.

The Democratic Committee of the Second District, composed of nine members and the ex officio chairman, will meet in this city to-morrow evening at 7:30 o'clock to settle upon the time and method for nominating a candidate for Congress. The five candidates will appear before the Committee and it is understood that at least three of them will ask for a primary election.

President Roosevelt has refused to permit the French Government to confer the Cross of the Legion of Honor upon Admiral Dewey and Lieut.-Gen Miles. This refusal has created a sensation in diplomatic and army and navy circles. The officers directly concerned and their friends assert that the President's decision was due to a wish to further humiliate them.

The revolution in San Domingo, headed by Vice-President Vasquez, has succeeded and President Jimenez has sought safety in the French consulate. There was heavy fighting for two days preceding the capitulation of the government forces.

The President commuted from imprisonment for life to 10 years the sentence of Isaac Stone, convicted in Kentucky of murder on November 25, 1895, on the ground that circumstances show that the prisoner did not do the actual killing.

The amount estimated as necessary for the payment of our pensions for the coming fiscal year is \$138,500,000. Compared with the pension expenditures of other governments, as based on the figures of the last two years, it is more than double the total of all of them put together.

Mr. C. H. Johnson and family, of Carro, Ill., are visiting relatives here.

MARRIED HIS STEPMOTHER.

Young Georgian Weds His Father's Divorced Wife.

A marriage with unusual and embarrassing complications recently took place at Tilton, Ga., in the union of L. L. McAllister, says a special from that place. They were both married and took a train for their home at Fitzgerald, where they immediately separated on being told that their marriage was illegal.

Mr. McAllister is almost 22 years old and the bride 27. She was the groom's stepmother, being his father's fifth wife. She has two interesting children, who are now her husband's half brother and half sister.

In early girlhood Mrs. McAllister married the father of her present husband, a man then advanced in years. They came to Georgia with the Fitzgerald colony, and two years ago she obtained a divorce from her aged husband, the court giving her the care of their two young children.

Some time after the divorce L. L. McAllister came to Fitzgerald and there met the young woman, who was an expert photographer, at which profession she earned her living. A feeling of mutual esteem sprang up between the young man and woman, and they became business partners. Esteem ripened into love.

FOR WORTHY CAUSE

And Packed House Should be the Result.

Interest in the Old Time Fiddlers' contest to be given at the Tabernacle Friday night, May 16, is increasing with each day and the entertainment promises to be a huge affair. Contestants for the valuable prizes are getting in readiness and many of the best performers known in this part of the State will compete.

The Hopkinsville orchestra has kindly consented to aid in the entertainment and will render several selections during the evening.

The proceeds, after the expenses of the contest are paid, will go towards reducing the tabernacle debt, as previously stated, and this alone should guarantee a packed house.

LOWRY--EVANS.

Popular Pembroke People United in Marriage This Week.

L. N. Lowry, Jr., and Miss Alice D. Evans were married at the residence of Mr. W. J. Massie, in Pembroke, Wednesday evening at 7 o'clock, Elder J. M. Gordon officiating. Shortly after the ceremony Mr. and Mrs. Lowry, with a large party of invited guests, repaired to the home of the groom's parents, where a reception was given.

The groom, who is in the employ of the Cumberland Telephone Company as lineman, is one of Pembroke's most popular young men.

The bride has been a resident of Pembroke only a few months, but has made a host of friends by her lovable disposition and charming manner. Her former home was Arkansas. She attended school here several years.

MUSEUM FREAK

Will be Seen at The Street Fair This Month.

The freak calf mentioned in the last issue of the Kentuckian will be on exhibition at the street fair. Mr. R. S. Gary, who reported it, has sold it to Dr. C. E. Roussey and Mr. Upshaw Buckner, who have it at Cooper's stable, raising it on milk. It has no eyeballs and where the caudal appendage should be there is only a tuft of hair. It is healthy and vigorous and though blind smells its way about seeking the milk on which it is fed.

STRANGE SUBSTANCE

Fell From the Heavens and is Used For Fences.

Some time ago the inhabitants residing near Danville thought the entire heavens were falling. Mystery still surrounds the wonderful occurrence. About 9 o'clock at night a fiery mass descended from space and struck the ground on the farm of John Dreissler. Investigation proved that the substance resembled burnt rock.

A dozen wagon loads of the stuff has been hauled away and an inexhaustible supply appears to be buried for many feet in the earth. It is being used to make fences.

The only reasonable theory that has been offered so far is that the mass came from a huge meteor.

Whooping Cough.

A woman who has had experience with this disease, tells how to prevent any dangerous consequences from it. She says: Our three children took whooping cough last summer, our baby boy being only three months old, and owing to our giving them Chamberlain's Cough Remedy, they lost none of their plumpness and came out in much better health than other children whose parents did not use this remedy. Our oldest little girl would call lustily for cough syrup between whoops.—JESSIE PINKEY HALL, Springville, Ala. This Remedy is for sale by all druggists.

CLOSES MONDAY.

Queen of the Carnival Contest Nearing an End.

Miss Elizabeth Morris still leads Miss Arnie May Reynolds in the contest for Queen of the Carnival, by about 300 votes. The contest will close Monday at 9 a. m.

The Most Common Ailment.

More people suffer from rheumatism than from any other ailment. This is wholly unnecessary too, for a cure may be effected at a very small cost. G. W. Wescott, of Meadowdale, N. Y., says: "I have been afflicted with rheumatism for some time and it has caused me much suffering. I concluded to try Chamberlain's Pain Balm and am pleased to say that it has cured me." For sale by all druggists.

Threatened Raise Averted.

County Attorney O. H. Anderson, T. J. Tate and J. M. Renshaw, the committee appointed by Judge Fowler to go to Frankfort to protest against the increase in the assessment on county property, succeeded in getting the two per cent. raise on town lots removed and the three per cent on farms reduced to one per cent.
