W. C. Dismukes, ex-Speaker of the Tennessee Senate, died at Nashville of appendicitis.

The big Epworth League meeting at Detroit has ended. The next meeting goes to Denver in 1904.

Rear Admiral Silas W. Terry, who has been on a visit to his old home in Cadiz, has returned to Washington.

Superintendent H. Whittaker, of the Jeffersonville Reformatory, takes the position that it is the duty of the State to find employment for militiamen who lost their position as a result of the Evansville riots, and will give places in the Reformatory to such as are qualified.

Thirty thousand visitors are in the city of Baltimore attending the session of the Grand Lodge of Elks. Joseph T. Fanning, of Indianapolis, was elected Grand Exalted Ruler, while Robert W. Brown, of Louisville, was elected Trustee.

Every possible precaution is taken at the Postoffice Department to prevent the premature publication of developments of the postal investigation. Acting Postmaster Wynne has a placard upon his desk which reads: "I will not talk. I have nothing to say regarding the postoffice investigation."

George Wilson died, it was thought, in Rochester, New York. An undertaker was called and found Wilson cold and stiff, but while preparing him for the grave Wilson awoke and cursed the undertaker, who lost no time in departing, leaving his cooling board behind.

The special grand jury at Jackson has practically completed its work, and no more indictments are expected for any of the crimes growing out of the feud troubles. Joe Crawford and Ed Tharp, indicted on the charge of burning Ewen's hotel, have been released on bonds of \$2,000 each, and their cases have been transferred to Estill county for trial. Gardner Plummer, indicted on the same charge, has given bond in the sum of \$1,000.

One of the greatest disappointments of the day in the line of utilizing a product of the laboratory as liquid air. So soon as it was known to be possible to produce a very low temperature by compressing air to great density and liquefying it, it was supposed to be available for a great many industrial purposes, but it now appeared that the expense of producing liquid air is far greater than the methods of obtaining low temperatures now in use, and all the schemes based upon it have had to be abandoned.

Beware of Ointments For Catarrh That Contains Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co., Testimonials free.
Sold by Druggists. Price 75c per bottle.
Hall's Family Pills are the best.

Impaired Digestion

May not be all that is meant by *dyspepsia* now, but it will be if neglected. The uneasiness after eating, fits of nervous headache, sourness of the stomach, and disagreeable belching may not be very bad now, but they will be if the stomach is suffered to grow weaker.

Dyspepsia is such a miserable disease that the tendency to it should be given early attention. This is completely overcome by

Hood's Sarsaparilla
which strengthens the whole digestive system

NEED INSTRUCTION.

In his report on the Kentucky troops Major William L. Buck, of the Third Infantry, says that the officers and men will show great improvement after being in a camp of instruction with regular troops. He recommends the detail of a regular officer as instructor during the whole year, and adds that if a suitable officer is sent it will undoubtedly result in great benefit. Major Buck says there should be a thorough reorganization of the staff department and heads thereof selected for fitness and because of personal interest in the welfare of the State Guard. He says there is practically no Adjutant General's Department, no Inspector General's Department, no Judge Advocate General Department, no Quartermaster General's Department or a Medical Department.

Major Buck believes the fact that the men are paid nothing makes it impossible to exact proper discipline. He recommends that there should be on hand a sufficient supply of all equipments to put two regiments of 600 men each in the field, and if every effort on the part of the state is made to have an efficient small force, rather than one twice as large on paper, the next report cannot but show improvement.

Chairman Morrison, of the McCracken county Democratic Committee, and Chairman Edwards, of the Marshall county committee, have finally agreed on the Taylor-Lovett contest for the Democratic nomination for Commonwealth's Attorney. They will take the ballots from the boxes and canvass them. Attorney Taylor is given until July 25 to prepare proof and Attorney Lovett until August 4.

In the Circuit Court at Lexington George W. Loog, who was chairman of the Republican State Campaign Committee in 1899, has been awarded a judgement for \$1,010 against Walter Day, Republican candidate for State Treasurer in that year. Day gave a note to cover a contribution to the campaign fund. The note was lost and he refused to pay it.

A number of prominent Republican leaders took luncheon with President Roosevelt at Oyster Bay, Wednesday, among the list being Morris B. Belknap, of Louisville, nominee for governor. The question of currency reform at the next Congress was informally discussed.

It is announced from executive headquarters in Chicago that the Illinois Central contemplates extensive improvements on the division between Louisville and Memphis. All the old wooden bridges will be taken out and steel structures substituted. One of the bridges over the Tennessee river near Paducah, will cost \$1,000,000.

QUEER SUPERSTITIONS.

The following are some curious superstitions that are still extant among English people:

If you kill frogs your cow will "go dry."

Tickling a baby will cause the child to stutter.

To thank a person for combing your hair will bring bad luck.

To kill a ghost it must be shot with a bullet made of silver coin.

To dream of a live snake it means enemies at large; of a dead snake, enemies dead or powerless.

To dream of unbroken eggs signifies trouble to come; if the eggs are broken the trouble is past.

If you boast of your good health, strike wood immediately with your fist or you will become ill.

To allow a child to look into a mirror before it is a month old will cause it to have trouble in teething.

A child will have a nature and disposition similar to those of the person who first takes it out of doors.

RAIN NEEDED.

Damage to Crops by Continued Dry Weather.

Wheat Threshing About Completed in Western Section With a Very Poor Yield.

The weekly crop bulletin issued by the weather bureau at Louisville says:

The temperature averaged a little below the normal during the week. The rainfall was unevenly distributed, the western and southern portions of the state being visited with good showers, while the north central and northeastern counties received very little rain. In some localities in the western section destructive local storms occurred, doing considerable damage to crops, fencing and buildings.

In the Bluegrass region and the counties to the north and east of the Bluegrass, rain is very badly needed.

Wheat threshing is about completed in the western section and has progressed well in the central and eastern sections. As a whole, the crop is very poor, but in some of the northeastern counties it is turning out better than was expected.

Corn has made a good growth, but many fields are late.

Tobacco is doing fairly well. There has been too much rain in some portions of the dark tobacco lands of the western section, but in the burley districts it is needing more rain.

Oats are being harvested; winter oats are fairly good, but as a whole the crop will be short.

The hay crop in the western section is quite good, but it is light in the central and eastern portions.

Pastures are needing more rain except in the western portion, where they are in good condition.

Irish potatoes are a good crop and gardens are generally progressing well.

Apples are doing well in the western section, but they are dropping badly in the eastern and central portions of the state.

Hemp has been injured by the drought.

Farm work is well up.

A New Train.

A new train connecting at Henderson with both the L. & N. and I. C. railroads, should prove a great convenience to the traveling public.
