SAM E. HILL

### Once Prominent In State Politics Dead at Lexington.

Lexington, Ky., May 31.—The Hon. Samuel E. Hill, aged sixty years, died at the residence of his daughter, Mrs. A. B. Lancaster, in this city to-night at 6:30 o'clock. He has been ill for the past year and survived a long spell of pneumonia about six months ago, but was taken sick again several weeks ago, and since that time his condition had grown gradually worse until the end.

Samuel Hill was State Senator from Ohio county for twelve years, being the only Democrat who ever carried his district. He was also Adjutant General of the State under Governor Simon Bolivar Buckner, and during this time his advice was freely sought by the Chief Executive, who knew the true worth of Mr. Hill.

Mr. Hill came to this city in 1892 and began the practice of law, and since that time has been one of the most prominent figures at the Fayette bar. He was appointed United States Commissioner about seven years ago, which office he was holding at the time of his death.

## GREAT GAMES

In Hopkinsville Today and Tomorrow With Cairo.

The Local Team Won Both Games of Double Header at Vincennes Wednesday.

The Cairo Club is here for a series of three games of ball with the Hopkinsville team, the first of which was played yesterday afternoon. The score had not been announced when our forms closed. Today the second of the series will be played and Saturday the third contest will be decided. Cairo has a very strong aggregation of ball players this season and the contests on the diamond here will doubtless attract large crowds. The games will be called promptly at 3:45 each afternoon.

The Hopkinsville team went to Vincennes Sunday night to play Monday, but on account of rain there was no game that day. The game at Clarksville between the club of that place and Cairo was also postponed on account of rain.

The game at Henderson between Henderson and Paducah Monday was won by the former. Score 2 to 1.

On Tuesday the Hopkinsville boys were defeated by Vincennes in one of the fastest games of the season. It took fifteen innings to decide the contest. The score was 1 to 0. At Clarksville Cairo won from the Tennesseans by the score of 10 to 2. Paducah defeated Henderson on the latter's grounds, the score being 3 to 1.

A double header was played at Vincennes Wednesday between Hopkinsville and Vincennes and Hopkinsville won both games. The score in the first contest was 4 to 2 and in the second 2 to 1. The same day at Henderson, Paducah won from Henderson, the score being 5 to 1. At Clarksville Wednesday Cairo and Clarksville played a double header. The Egyptians were victorious in both games. The score was the same in both contests—6 to 2 and 6 to 2.

Two new players, Maender, of Little Rock, Ark., and Rogers, of Arkadelphia, Ark., have signed with the local team, and will participate in the games here this week. Maender is a crack third baseman and a safe batter, while Rogers has a fine record as a pitcher.

Forest Morris, of the local team, who was injured in the game at Henderson, is able to be up, but will not be in condition to play for some time yet.

While the attendance at all of the games in Hopkinsville has been fairly good it is not up to expectations and if the fans desire winning ball they should turn out in larger numbers. The management is under heavy expense and all lovers of the game should show their appreciation by turning out en masse.

Successful Home Treatment.

## Dr. Hartman's Cure for Female Diseases—A Generous Offer to Women.

Invalid Women are Applying by Thousands for Dr. Hartman's Free Home Treatment by Letter.

MRS. J. P. COADY, Treasurer of the Ivy Leaf Club, 1702 6th Avenue, Council Bluffs, Iowa, writes:

"Peruna is no experimental medicine. I have used it off and on now for three years. At that time I was cured of irregular and painful menstruation. Since that time I have taken it for indigestion or whenever I felt overworked and in need of a tonic, and I have always found that it was of great benefit to me. I am therefore pleased and happy to say a word in its praise and shall gladly endorse it to my friends."—Mrs. J. P. Coady.

Miss Hattie Grace, 254 West 46th St., New York, writes:

"Peruna has changed me from a fretful, irritable, nervous woman into a healthy and a happy one. Nothing seems to worry and to fret me any more. Since early womanhood I suffered with bearing down pains and nervousness. I was thin and worried, but Peruna restored me. Those who knew me before cannot understand the change, but I can sum it all up in the blessed word, Peruna."—Hattie Grace.

Mrs. Elizabeth Ferguson, No. 181 51st St., Brooklyn, N. Y., President West Brooklyn Audubon Society, writes:

"I am pleased to tell what a blessing Peruna has been to me. Several years ago my constitution seemed broken down and I cared little whether I lived or died. I had taken so much medicine that the sight of a bottle made me sick. I had read about Peruna curing women, and I thought perhaps it would help me. I bought a bottle and before it was finished I felt better. I kept on taking it, and after three months' faithful use I was a well woman and able to do the work and undergo the strain of younger days."—Elizabeth Ferguson.

In view of the great multitude of women suffering from some form of female disease and yet unable to find any cure, Dr. Hartman, the renowned gynecologist, has announced his willingness to direct the treatment of as many cases as make application to him during the summer months without charge.

The treatment will be conducted by correspondence. The doctor will prescribe all medicines, applications, hygienic and dietary regulations necessary to complete a cure. The medicines prescribed can be obtained at all drug stores. This offer will hold good only during the summer months. Any woman can become a regular patient by sending a written statement of her age, condition of life, history and symptoms of her derangements.

All cases of female diseases, including menstrual irregularities, displacements, ulcerations, inflammations, discharges, irritation of the ovaries, tumors and

dropsy of the abdomen, should apply at once and become registered as regular patients. All correspondence will be held strictly confidential.

As is well known, Dr. Hartman is the president of The Hartman Sanitarium, an institution which has a department devoted exclusively to the treatment of female diseases. He is thus brought to see thousands of cases every year, the most of whom return to their homes to be treated by correspondence. The principal remedy he relies upon in such cases is Peruna, which every woman should have who has any affection of this kind. Those wishing to become patients should address Dr. S. B. Hartman, Columbus, Ohio.

No one knows better than Dr. Hartman how much the women suffer with diseases peculiar to their sex. No one knows better than he does how many of them suffer with such diseases. Patiently, hopefully, wearily, and often silently, they eke out a miserable existence, year after year.

No martyr in poetry or heroine in romance makes a more touching appeal to human sympathy than the woman burdened with the cares of a family trying to carry the extra load of some tormenting and ever present female disease.

Dr. Hartman's sympathy for such is unbounded, and his willingness to help them limited only to his power.
