W. T. COOPER & CO.

HENRY YOUTSEY ON FUGITIVE W. S. TAYLOR.

Signed Statement Given Out
By One of Taylor's Con-
federates in Crime.

ROASTS HIS OLD FRIEND.

Glad He Has No Bogus Par-
don Signed By Fugitive
Taylor.

Frankfort, Ky., July 14.—Henry E. Youtsey, the only one of the Goebel murder conspirators to reach the walls of the State penitentiary, to-night requested publication of the following signed statement, in response to the latest attack of fugitive W. S. Taylor upon him:

"Having seen the cowardly attack upon me by the arch fugitive from justice, W. S. Taylor, I wish to answer him through the same channel.

Now that he is certain that Caleb Powers will have a fair trial, he has no longer excuse from remaining away from Kentucky, and should come and face his accusers. I learned to love him like a son, because I was with him so much, and because he was a leader of the Republican party.

Vice is a monster of such hideous mien,
That to be hated needs but to be seen;
Yet seen too oft, familiar with its face,
We first endure, then pity, then embrace.

No young man in Kentucky led a more honorable life or had a brighter future than I, until I met Taylor, and his assassins. I served him faithfully for two years without a penny, almost, and my reward for so doing is life imprisonment, in addition to personal abuse; it was like a father leading his son astray into paths of wickedness, and now he calls me a liar because I do not protect him in his crime. I did not kill Goebel, because I could not, even if I had wanted to. Although the majority of Republicans hated Goebel, none of them would have been fool enough to kill him unless Taylor and his mob wanted it done. No honest man can remember Taylorism and the ruin of Republicanism in Kentucky and say Taylor is innocent, and I am glad I have no bogus Taylor pardon to my discredit. He is a convict before God this very day for his wickedness, and Kentucky is well rid of him.

"When the righteous are in authority, the people rejoice, but when the wicked beareth rule, the people mourn."

I fail to see any comfort for Powers in Judge Cochran's decision, as nearly all the cases he cites were remanded to the State courts, but if he has the right of freedom then the 2,000 prisoners here at Eddyville have the right to liberty; State courts should be swept away, both penitentiaries razed to the ground and penal institutions in Kentucky be a thing of the past."

SURVEYING ROUTE

To Shorten Line Between
Louisville and Memphis.

It is said that the I. C. railroad company has put surveyors in the field to survey a line for a cut-off on the Louisville and Memphis line. The cut-off is to be built from Grand Rivers to Mayfield, and will shorten the distance between Louisville and Memphis about thirty-five miles. Local trains will still go through Paducah, but when the cut-off is completed through trains will use the straight line.

WHO IS RICHARD WILDER?

President Caldwell, of the
Cumberland Company Says
He Does Not Know.

KNOWN AT EVANSVILLE

President Cooper Says Cald-
well Can Find Out and De-
mands That He Do It.

In response to a letter written him a few days ago, Mr. Caldwell, President of Cumberland Telephone Company, has sent the following evasive reply:

Nashville, Tenn., July 15, 1905.
MR. R. E. COOPER,
President Hopkinsville Home
Telephone Co., Hopkinsville, Ky.

DEAR SIR:—
In reply to your letter of the 14th instant, I have to say that I know nothing whatever about Richard Wilder, or the letter you refer to. As your letter is addressed to both myself and Mr. Hume, I have to say that Mr. Hume is absent on his vacation, hence cannot reply at this time. Yours very truly,
JAMES E. CALDWELL, President.

This letter contains no information and ignores the several questions propounded. We on yesterday mailed him the following reply to his letter:

MR. JAS. E. CALDWELL, President
Cumberland Telephone & Tel-
egraph Co., Nashville, Tenn.

DEAR SIR:—
Your letter received in reply to our letter of the 14th, asking you the direct question if Richard Wilder is an employe of the Cumberland Telephone & Telegraph Company. You do not answer this question, but merely reply that you do not know Mr. Wilder. Inasmuch as Mr. Wilder has mailed to farmers of Christian county a letter containing statements intended to effect the business of the Home Telephone Company, and as the public believes the Cumberland Telephone & Telegraph Company are the beneficiaries of said letter, we INSIST that you answer the following questions:

IS RICHARD WILDER AN EMPLOYEE OF THE CUMBERLAND TELEPHONE & TELEGRAPH CO?

IF SO, HOW LONG HAS HE BEEN IN YOUR SERVICE?

WHO FURNISHED HIM THE INFORMATION CONTAINED IN HIS LETTER?

DOES YOUR COMPANY SAY THAT THE STATEMENTS IN HIS LETTER ARE TRUE?

Now we demand of you positive answers to the above questions, knowing that you can easily obtain the information. We suggest that you call up your manager at Evansville. He can tell you who Richard Wilder is. We demand that you state over your signature whether or not Richard Wilder was an employe of the Cumberland Telephone & Telegraph Company at the time his letter was mailed to the farmers of Christian county, Ky., and that your reply be given the same publicity that the letter was.

Yours Truly,
HOPKINSVILLE HOME
TELEPHONE COMPANY.
By R. E. COOPER, President.

A copy of this letter has been sent to Mr. Caldwell. We ask the patience of the public. They shall soon know who Richard Wilder is.

Nearing Completion.

The new building of Dalton Bros., Virginia and Seventh street, is rapidly nearing completion. On the lower floors will be located the office of Dalton Bros., adjoined by a good sized store room. The upper floor will be divided into offices.

THE CITY BANK.

CAPITAL - - - - - \$60,000.
Surplus and Undivided Profits, - \$70,000.

The surplus of this bank, every dollar of which has been earned, is larger than that of all other Banks in Christian county combined, and in proportion to capital, ranks among the very first in whole State of Kentucky.

LYNCHED BY NATIVES.

Fate of Negro Multi-Murder-
er on Uvilla Island.

Mobile, Ala., July 13.—Capt. Doe, of the steamship Condor, arrived here this afternoon from Ceiba, reports that the negro, McGill, who murdered the crew and eight passengers of the cattle steamer, Olympia, has been lynched. When McGill was captured at Elprovinci he was placed aboard the Honduran warship La Tumblar, and sent to Uvilla Island. The natives were greatly wrought up over the horrible murders, and, according to Capt. Doe, they first planned to burn the prisoner, but later he was taken from the officials and lynched. The laws of the island forbid capital punishment and it was this fact that caused the lynching.

SUCCESSFUL TRIP.

Sportsmen Have Good Hunt-
ing and Fishing.

The camping party composed of Messrs. M. T. Bartley, Garland Jones, Jr., Jesse Burrus, Ben Armistead, Alvin Clark and Bob Torian have returned from Trigg county, where they spent a week fishing and hunting at Buffalo Ford, near where Little River empties into the Cumberland. Fishing was fine and about 150 pounds were secured. The boys also killed 60 squirrels. All report having had an excellent trip of it. The party is indebted to Mr. Perry Cunningham for numerous courtesies extended them, in the way of milk, butter, etc.

THE HEATED TERM.

The Mercury Making a
Scramble for the 100 Mark.

Sunday and yesterday were two of the hottest days of the summer, the mercury rising to 94 Sunday by the Government thermometer. The humidity is also great, which makes the weather hard on the shocked wheat. Should the weather continue for the remainder of the week, however, probably half the harvested wheat crop will have been threshed. The price of wheat still remains unchanged with no prospect of an upward tendency, as it is impossible yet to determine the quality of the un-threshed crop.

INSULATORS

Of Home Telephone Company
Destroyed.

The Home Telephone Company has been having more serious trouble with its country lines. On the Crofton long distance line fifty or more insulators were broken by some one a day or two ago and a force of workmen were sent out yesterday to put them in repair. The insulators broken were such as threw slack in the lines so as to damage the working of the lines between Crofton and Hopkinsville. They were located far above the reach of any accidental harm and the only conclusion is that the damage was done maliciously.

The Home Company offers a reward for the apprehension of any one interfering with their lines hereafter. The penalty is the same for breaking insulators as it is for cutting wires—two to ten years in the penitentiary.

NO FUN IN IT.

Working Out Fines is Not a
Good Job Just Now.

The street cleaning brigade under the control of Officer Outlaw, is kept busy all the time. It's hard and hot work for the violators of the law, but a good thing for the city. The best way in the world to put an end to misdemeanors committed by the young negro men and boys is to make them work out their fines, no matter if the weather is hot—it is bound to have a salutary effect both as to the health of the city and the inclination to violate the law. Let the good work continue.

"Getting There."

Hester & Thompson, the contractors, have recently purchased a lot of planing mill machinery which they hope soon to put in operation. The machinery will all be run by an electric motor. They have been awarded so many contracts in the last two months that they find it absolutely necessary to put in their own plant.

In New Home.

Miss Susie Stites has moved into her new home on East Seventh street, adjoining the premises of Dr. F. M. Stites. It is one of the most attractive residences in the city.
