**FOR SALE!**

We, the undersigned, appointed to dispose of the work house and old jail property, will offer them for sale at public auction in front of the Court House on the first Monday in September. The jail building and ground will be sold separately and as a whole. The work house will be sold separately from the land enclosed around it and then sold as a whole. The right is reserved to reject any and all bids.

W. T. WILLIAMSON, } Commission-  
S. G. BUCKNER, } ers.

**For Sale, Fine Farm**

Of 200 acres, situated on Cadiz pike, three miles West of Hopkinsville. Will sell the whole tract, or 150 acres. Any one wanting to buy should apply to J. G. CHILDRRESS, Hopkinsville, K. P. F. D. No. 5.

**Notice to Drafted Men.**

All those who were drafted from Kentucky into military service of the United States in 1864 can recover for money paid for a substitute. For further information address M. M. Graves, Trenton, Ky.

**W. W. GRAY,**  
Tonsorial Artist,  
West Seventh street, Elb Building.  
Clean towels and everything fresh. Give us a call.

**AN HONEST MAN.**  
Insisted on Paying Debt Fifty Years Old.

Glasgow, Ky., Aug. 16.—W. W. Palmore, of Hunter's Valley, knows that one honest individual lives, and hereafter his faith in mankind will continue to grow.

In 1857 he loaned Martin Skaggs, of Edmonson county, \$180. Skaggs was quite a young man and at the beginning of the Civil War enlisted. Palmore heard that Skaggs was killed and gave up his \$180 as lost. He made no further investigation of the matter. Gradually the incident passed from his mind.

A day or two ago Palmore was in Brownsville and was introduced to Skaggs. The latter questioned Palmore closely and finally said he owed him \$180 and interest since 1857. So completely had Palmore lost all memory of the matter that he told Skaggs he was mistaken; that he had never seen him before, and that even if Mr. Skaggs was correct the debt had long since been canceled by the statute of limitation.

Skaggs, however, insisted that he knew what he was talking about and had the money in the bank to pay his just obligation. He finally pulled Palmore into the bank and began to calculate the interest on a basis of 10 per cent, which was legal in 1857. Palmore, however, declined to accept this and a compromise of 6 per cent. was finally reached.

Skaggs then paid Palmore \$698, principal and interest of \$180 for 48 years.

**ALLEGED DAMAGE**

**To Tobacco Growers by Trust Causes Suit.**

Legal service has been had at Clarksville, upon many of the defendants in the suit for damages against the tobacco trust by the Dark Tobacco Growers' Protective association. Boycott is alleged and damages in the sum of \$250,000 are asked for. The defendants in the case upon whom legal service has been had, are The American Snuff company, E. C. and E. H. Morrow, T. D. Lockett, Jack Crouch, R. S. Rudolph, John Rudolph, Lewis T. Gold, James Oldham, Theo. Gibon, Adolph Hach, R. W. Bogard, Norman Smith, Ed Tandy, R. G. Morton, B. K. Gold, G. H. Warneken.

With one or two exceptions these defendants are order or commission buyers from Bremen and other trades, members of the Clarksville Board of Trade.

Attorneys for the plaintiff—Farmers' association—are Leach & Ponder, Savag & Fort, Clarksville, Tenn.; Hon. A. E. Garner, Springfield, Tenn.; Hon. Joel B. Fort, Adams, Tenn.; Hon. S. W. Forgy, Elkton, Ky., and Hon. A. O. Stanley, of Henderson, Ky.

The attorneys for the defense, so far as known, are Hon. J. A. Pitts, of Nashville, Tenn., retained by the American Tobacco company; Hon. Alex Gholson and Hon. Austin Peay, of Clarksville, Tenn. retained by other defendants.

**HOME TELEPHONE**

**Has About Finished Putting in Two Miles of Cable.**

The Home Telephone Company has just about completed the work of putting in here two miles of new cable. This will greatly increase and improve their already good service. They had a call from Joplin, Mo., yesterday through St. Louis and this service to outside cities and points is working perfectly. In fact, they have extended it, until their long distance service is the very best, in fact all that could be desired.—Bowling Green News.

**Former Hopkinsville Boy.**

The San Bernadino Sun says W. S. Withers has closed out his business interests in that city and will retire. He owned 85 of the 250 shares of a land company controlling \$40,000 or \$50,000 worth of land. The reason given is the poor state of Mr. Withers' health. He retains other large private interests.

**Young Men's Bible Class.**

The program for Sunday consists of music by Mr. J. G. Cooper, Mrs. Anderson and Miss Gary; talk on Baracca Class work by Mrs. Wilhoit, and Bible Lesson by J. M. Jones.

**WATER CLEAR AS CRYSTAL FOR ALL.**

90,000 Gallons Going Through Process at One Time.

**SYSTEM IS PERFECT.**

**Large Expenditure For Benefit of The People.**

An ocular verification of the fact that the water of Little River can be made perfectly clear and pure is what has long been wished by the citizens. That this has been done can be seen by looking at two bottles of water in the window of the business office of this paper. They show the water as taken out of the river last Thursday in its unfiltered state and after going through the filtering process. It will gladden the hearts of all who use hydrant water to know that hereafter the water, no matter for what purpose it may be used, will be perfectly clear and pure. After an examination physicians have pronounced it free from all foreign substances and odor.

The Hopkinsville Water Co., always desiring to furnish its patrons with the best, has already spent a great deal of money on different devices and systems, but has not succeeded fully in what it has sought to do. That the water furnished in the past was better than most other cities is an admitted fact; but it was not what the people wanted and what the company desired to furnish. Still the company has done its very best.

At last Mr. Thomas W. Morris, the manager, has adopted a system that will please every consumer of water. The method is not altogether original with Mr. Morris—only partially so. The water, after being pumped from the river, passes through a large perforated pipe and being forced out into a small stream, falls into a large vat. This aeration removes any odor that the water may contain. The aerated water is then passed into a succession of large vats, flowing alternately from one side to the other until it reaches the final one, where it is forced into the filter. There are sixteen of the vats with a combined capacity of 90,000 gallons. After the water passes through the filter it is forced into the city. It thus reaches consumers in a perfectly pure state. The people using water furnished by the company will rejoice to learn this. Of course it will take a little time to get rid of the water in the mains and pipes, but all will patiently wait. Water was turned on last Wednesday afternoon and by this time nearly all have realized the advantages of the new system.

But few cities have yet adopted the new system, but in a short time most of them will abandon the old and put in the new. The change has forced the company to furnish a quality of water that was not as good as it could have been, but that is done away with now, and what is furnished in the future will be perfectly pure and sweet. The change necessary to produce this has cost the company over \$1,000, but they consider it money well spent.

When one remembers that one of the hotels in New York has a way of purifying every bit of air that goes into the building, and that a barrel of dust is obtained thereby each day, the necessity of pure water for every imaginable purpose is more apparent. The people generally will fully appreciate the successful efforts of the water company in this direction.

**ONE MORE SUIT.**

**Filed By Revenue Agent Lucas While on Last Visit.**

During Mr. Lucas' stay of two days more he found time from his attention to the Cumberland Telephone Co. case to delve into the records and find one more victim. He brought suit against Mrs. Mary E. Bronaugh for taxes and penalty of 20 per cent. on \$12,000 worth of property.

**FARMERS ORGANIZED.**  
Farmer's Club Organized With Large Membership.

R. C. Crenshaw, assistant commissioner of agriculture of Kentucky, was in Marion Monday per engagement to organize a farmers' club. He spoke to a large and enthusiastic audience composed mostly of farmers at the court house at 1:30 p. m. and his hearers gave him a respectful hearing and seemed to enjoy and appreciate his remarks. He advocated progressive farming and said Kentucky was naturally the favored spot of all creation. Farmers should study how to get the best results at the least outlay. He regretted to see Kentucky drop back from the leading place she formerly held on general products to the 17th in the procession and that, too, on such natural products as corn, wheat, cattle, hogs and horses.

Alfalfa was given a lengthy discussion by Mr. Crenshaw who said from actual experience and what he had seen illustrated, it was the cheapest feed for all stock raised on the farm. He compared it to corn and said at 50 cents per bushel corn was just doubly as high as alfalfa. While not generally used here alfalfa has been known twenty-five centuries. Ancient Rome used it for the cavalry, for her legions, and books describing it and telling of its merits were written 1,500 years ago. It was first introduced into America in California from Peru in 1854, and now covers the entire Pacific slope. Ten years ago Kansas had 35,000 acres, now has 400,000.

He described it as the richest in nutriment of all known farm products for blood and bone of animal life. He spoke at length on the custom in the south of running down land, wearing out the farm, robbing it of its richness and giving it nothing in return, and all this should be stopped and nutriment taken from it restored in some form so as to make land gradually better. Horticulture should be studied and encouraged and all diseases of trees treated and cured. He also advocated the raising of Angora goats and mules, and said nothing paid better than mules.—Crittenden Press.

**PATIENT RUNS AWAY.**

**While at Home on a Visit to His Brother.**

Lloyd Nelson, who had been an inmate of the Asylum 2 years, and who, on account of his mild form of insanity, was allowed to go to the home of his brother, J. B. Nelson, 5 miles from the city, on the Palmyra road, is at large. He left last Thursday and nothing is known of his whereabouts. He is about 6 feet tall and weighs about 165 or 170 pounds; light hair and moustache and blue eyes. He is about 30 years old. He is not inclined to talk more than other people and no one would take him to be of unsound mind. Any information will be gladly received by his two brothers, C. B. and J. B. Nelson. Or information can sent to the asylum authorities.

**SOCIAL SENSATION**

**In Colored High Life at Pembroke.**

Somewhat of a sensation has been sprung in colored society circles in this city by the filing of a damage suit by Lee Grady against Morris Cason. The suit is for \$3,000, and the alienation of the affections of Grady's wife by Cason is the ground upon which the action is based. All the parties to the case are well-to-do negroes. Cason being one of the wealthiest colored men in this section of the county. James B. Allensworth is the attorney for Grady.—Pembroke Journal.

**GOODBYE GRANDSTAND.**

**Baseball Park Under Process of Demolition.**

Knight Brothers have sold the grandstand at the baseball park to Judge Joe McCarroll, who is having it torn down and the lumber moved to his farm. The fence is also to be sold. The American Snuff Co., the new owners, bought the lot without its improvements.

E. B. LONG, Prest. W. T. TANDY, Cashier. JAS. A. YOUNG, Jr., Asst. Cashier

**THE CITY BANK.**

CAPITAL - - - \$60,000.  
Surplus and Undivided Profits, - \$70,000.

The surplus of this bank, every dollar of which has been earned, is larger than that of all other Banks in Christian county combined, and in proportion to capital, ranks among the very first in whole State of Kentucky.

**DRAUGHON'S**
